This Partnership Program Handbook is designed to be used by pastors and church scholarship committees. Additional copies of this handbook can be downloaded at [www.bethel.edu/financial-plan/faforms.html](http://www.bethel.edu/financial-plan/faforms.html). Questions about the Partnership Program should be addressed to the Bethel University financial aid office. Call 651.638.6241, email [finplan@bethel.edu](mailto:finplan@bethel.edu), or write to the address below.

Office of University Financial Aid  
3900 Bethel Drive  
St. Paul, MN 55112-6999

Dear Pastor:

I have a matter of utmost importance to share with you regarding your young people.

Sometimes we feel that if we can just get our young people through their high school years, our primary responsibility has been fulfilled. Such is not the case. The greatest decisions they will ever make lie just ahead. What vocation will I pursue? What lifestyle will I adopt? Who will my marriage partner be? What will be the basis for my values?

It is at this point that Christian higher education can play its most valuable role, for it can best provide the kind of environment for making the right decisions. It is also at this point that your church can join us here at Bethel in the Partnership Program to assist your students in being part of such an environment.

My travels take me to many churches, large and small, across the nation. Increasingly I am convinced that one of the most significant aspects of a church's youth ministry can be a scholarship program. With church support, matched by Bethel, your young people will be able to receive a Christ-centered college education. They will be prepared to serve the Lord in a multitude of occupations including ministry, missions, and evangelism around the world.

It is my earnest prayer that you will consider establishing a scholarship program for the youth of your church; by doing so, you will have a continuing effect on their futures and the cause of Christ.

Sincerely in Christ,

A handwritten signature in cursive script that reads "George K. Brushaber". The signature is written in black ink and is positioned below the typed name.

George K. Brushaber  
President  
Bethel University

# What is the Partnership Program?

The Partnership Program is a student aid program at Bethel University in St. Paul, Minn. By participating in the program, your church enters a “partnership” with Bethel to provide financial assistance to your students who attend Bethel. **Bethel will match qualifying church scholarships with an equal Partnership Matching Grant, to a maximum match of \$1,000 each year (\$500 each semester) for each full-time student enrolled in the College of Arts & Sciences.**

The Partnership Program began at Bethel in 1974. Initially, only certain students qualified for matching funds through a process of demonstrating financial

need. In 1984 this restriction was removed. In the 2004-2005 school year, 160 students received more than \$85,000 in Partnership Matching Grants from Bethel!

The Partnership Program has three objectives:

- To encourage Christian young men and women to consider the possibility of a quality Christian college education at Bethel
- To create new sources of financial support for Bethel students
- To involve local churches in the exciting ministry of encouraging their youth to pursue an education at Bethel

## How Does the Partnership Program Work?

It all begins at your church. Perhaps a student in your congregation asks your youth pastor about scholarships for college. Or perhaps a parent who has concerns about paying private college tuition costs is searching for some additional help. Whatever the source of interest, developing a church scholarship program should include the following steps:

- The church establishes a scholarship program approved by appropriate governance (see page 7).
- A scholarship committee is formed or an existing committee (e.g., the Christian Education Committee) is assigned the task of selecting scholarship recipients.

- A method of funding your church scholarships is established (see page 5).

The scholarship committee will collect applications and award scholarships within the guidelines established by the church. A Partnership Agreement Form is sent to the Office of University Financial Aid, along with the scholarship check from the church.

After verifying each student's eligibility, Bethel will apply the church scholarship and the Partnership Matching Grant to the student's account. All awards are divided evenly between the fall and spring semesters.

## Program Deadlines

Students begin the college planning process a year or more in advance of their actual enrollment. The critical decision time, however, comes in the spring of the year of enrollment when students make commitments to the colleges they will attend. Ideally, churches will notify scholarship recipients during the spring so these students can include the scholarship in their financial planning.

The Partnership Agreement Form and a check for the annual scholarship are due **August 1**. Checks should be sent directly to the Office of University Financial Aid with the Partnership Agreement Form to ensure that funds are applied to the appropriate students. Bethel will not match church scholarships that are paid directly to the student, submitted without the signed Partnership Agreement Form, or postmarked after August 1.

# Eligibility for Matching Grants

Church scholarships and matching grants are generally awarded in addition to any other financial aid for which a student may qualify. In certain cases, the addition of these awards may reduce a student's eligibility for government loans and/or work-study funds. In very rare cases, when a student already has very substantial grants, including government grants, the addition of the church and matching grants will cause the reduction of other grant aid. In these cases Bethel will notify the student and the church before proceeding.

If a student leaves school before the end of the year, a portion of the church scholarships will be refunded to the church if called for by the Bethel refund policy. Full-time, degree-seeking students enrolled in the College of Arts & Sciences are eligible for Partnership Matching Grants unless they are already receiving a full-tuition remission (such as dependents of Bethel employees, Postsecondary Enrollment Option Students, and ROTC recipients) or have already earned their first baccalaureate degree.

## Which Church Scholarship Programs Qualify for Partnership Program Matching Grants?

### Selection Criteria

Your church has great flexibility in establishing a scholarship program that will qualify for matching grants under the Partnership Program. Criteria for student selection may be as general or as specific as the church desires. You may restrict your awards to students who obtain a certain grade point average or students who plan to enter church vocations. Or you may divide your church scholarships among all qualifying students. Some churches only make scholarships available to students who will attend Bethel, while others may open the program to students attending any Christian college or Bible college, or any college that offers to match the church scholarship. Church scholarship amounts may be the same for each student, or a church may award higher amounts to certain students reflecting either need or merit. Bethel requires that the church scholarship is a true scholarship, meaning the student recipient need not work for or repay the church scholarship.

### Formal Church Approval

To qualify for matching funds from Bethel, a church scholarship program must be approved by either the church governing board or by the membership in a business session. This prohibits an individual from simply giving a gift that passes through the church books. Your church's approval of a scholarship program will enhance the visibility of the program and lead to increased awareness, support, and prayer commitment for your students at Bethel.

### Funding Sources

Ideally, funding for scholarships should be provided by a line item in the church budget. Another excellent funding source is earnings from endowed funds. Some churches have decided that all memorial money received by the church that is not otherwise designated will go into the scholarship endowment. Each year, earnings from the fund provide the money for scholarships.

A special scholarship fund may be established outside the church budget as long as care is taken to ensure that such a fund is handled properly. To keep the program within government (IRS) regulations and to maintain its integrity, we ask that churches observe three restrictions:

- If a special fund is used, gifts from individuals must be made to the fund and not to specific individual students. This protects the deductibility of the donor's gift for tax purposes. It should be the responsibility of the scholarship committee to select the recipients and determine the amount of the awards within church-approved guidelines.
- Students and their parents should not benefit from their own giving. Thus, if a special scholarship fund is established, a student may not receive a scholarship from the fund in a year when that student or his/her parents have given to the fund.

- A church scholarship may not be a redirection of other funds already in the church budget. Specifically, a portion of the pastor's salary may not be designated a scholarship for his/her children in order to gain matching funds. Nor may payment to a student for work on a sum-

mer ministry project be redirected as a scholarship to obtain matching grants.

Questions about the appropriateness of a particular church scholarship program should be addressed to the Office of University Financial Aid at Bethel University.

## **How Can Our Church Establish an Ongoing Scholarship Program?**

The church should establish a scholarship program by official action of the governing board or by the membership in a business meeting. The motion should be somewhat general, but should specify the source of funds (budget, memorial funds, or special scholarship fund), the group that is to administer the program, and the general intent of the program. At a small church, scholarship administration responsibilities could be added to the tasks of the Christian

Education Board or Committee. At a larger church, a separate scholarship committee should be appointed.

The scholarship committee should develop two documents: a description of the requirements of the scholarship program and an application form. The following samples are offered as a starting point for your church. You, of course, may select other criteria for your church's program.

## Church Scholarship Fund Description

1. Applicants must have been a member in good standing of \_\_\_\_\_ Church for at least two years.
2. This scholarship program receives funds from the annual budget of the church and also accepts special gifts. Direct gifts must be made to the fund and not to individual students. Students and/or their parents may not contribute to the fund in the same year they receive a scholarship from the fund.
3. The financial situation of the parents is not a criterion when awarding scholarships from this fund.
4. Year or grade in college is not considered, but this scholarship is only available to full-time undergraduate students.
5. First priority is given to applicants attending Bethel University in St. Paul, Minn. Second priority is given to students attending other Christian colleges or Bible colleges, especially those that will match our church scholarship.
6. Applicants should meet the following requirements:
  - maintain at least a 2.00 (“C”) grade point average
  - be involved in youth service activities
  - write a statement of faith, describing what Christ is doing in their lives and why they are going to college
  - complete and submit the application by March 1
7. The committee will meet in late March or early April to award scholarships for the upcoming school year. Scholarships will be announced by May 1.
8. Scholarships are not to be repaid.

# Church Scholarship Application

Application to the \_\_\_\_\_ Church Scholarship Fund

Applicant's name (first, m.i., last) \_\_\_\_\_

Applicant's home address \_\_\_\_\_

Please list your church scholarship recipient(s) for the 20\_\_\_\_ - 20\_\_\_\_ academic year.

Name	Bethel ID#	Fall Award	Spring Award	Annual Award

Bethel University agrees to provide a Partnership Matching Grant of up to \$1,000 (up to \$500 per semester) for the above named student(s) provided:

The student ...

- is enrolled full time and in good standing in the College of Arts & Sciences
- does not have an enrollment status of credential, special, or post-baccalaureate
- is not already receiving a full-tuition remission (such as dependents of Bethel employees, Postsecondary Enrollment Option students, and ROTC recipients)

The church...

- submits the Partnership Agreement Form to the Office of University Financial Aid by **August 1**
- submits the scholarship funds for the entire year by **August 1**

By signing this agreement, the church representatives attest to the following:

- The church scholarship program has been established and approved by the church governing board or the congregation.
- Funds from this scholarship come from either the annual church budget, endowed sources, or a special scholarship fund. If a special fund is created, contributions are given to the fund and not to individual students. Students and/or students' parents will not contribute to the special fund (and thus benefit from their personal giving).
- This award has been made by a scholarship committee (or equivalent) within the guidelines established and approved by the church.

**Pastor or Financial Secretary**

**Scholarship Committee Chair (or equivalent)**
