

The total cost of the BUILD program matches the cost of typical college expenses at Bethel University and includes the annual cost for all BUILD core courses and support fees, which are designed to meet students needs related to their disability as well as fees that in are in place for all students living on campus including room, meal plan, and activity fees. The direct cost to students/families for courses and supports could be lessened through funding sources often available to students with intellectual disabilities such as Medicaid waivers (also known as DD or CADI Waivers [CDCS option]), Federal Pell Grant, MN State Grant, Vocational Rehabilitation Services (VRS), and scholarships. More information about BUILD Financial Aid including options, processes, and deadlines can be found at: <https://www.bethel.edu/undergrad/financial-aid/overview-build-2324>

The prices listed on this document are for the 2023-2024 academic year.
