

## 2017-2018 BUILD Resource/Benefits Verification Form

All students applying to, or enrolling in, the Bethel University Inclusive Learning and Development (BUILD) Program are asked to document the type and amount of third-party grants, scholarships and waivers students receive to help pay their college expenses. Resources paid directly to Bethel reduce the amount students need to pay out of pocket. Resources paid directly to the student may be used to help pay their portion of the school bill.

**Instructions.** Please complete this form and return it to the Financial Aid Office via mail, email or fax. List the type and amount of educational benefits you will receive from each program for the 2017-18 academic year. Remember, if the benefit amounts change after you submit this form, your financial aid and billing information may need to be revised.
