Bethel University 2022-23 All Year Student Enrollment

Stef Holm, Institutional Data & Research Senior Lead
January 29, 2024

Enrollment:

A total of 4,533 unduplicated students registered for classes at Bethel University during the 2022-23 academic year (fall 2022 through summer 2023), a decrease in enrollment of 3.7% from the prior year's enrollment. The decrease was due to decreases in enrollment experienced by the College of Adult and Professional Studies (CAPS, down 13.2%), the Graduate School (GS, down 8.1%), and the St. Paul seminary (BSSP, down 11.3%). In contrast, the College of Arts and Sciences (CAS, up 4.2%) experienced an increase in enrollment due to the expanded PSEO program, as well as increased recruitment efforts.

College in the Schools (CIS) enrollment has fluctuated between 147 and 185 over the last 8 years and increased to 388 during the 2021-22 academic year. During the 2022-23 academic year, CIS enrollment experienced a decrease to 346 (-10.8%). Given that these students are not a part of the CAS population (they are taught by high school teachers in high schools for Bethel credit), they continue to be reported separately from CAS enrollment figures.

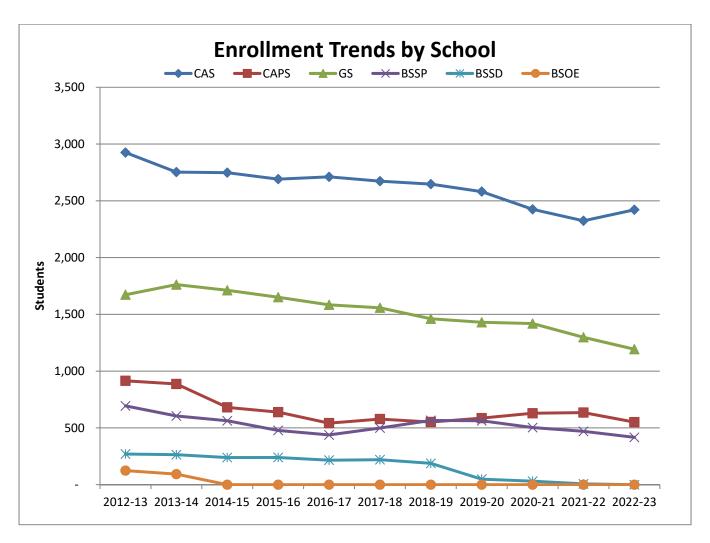

Bethel University All-Year Enrollment	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23	1 year % Change
College of Arts & Sciences (CAS)	2,673	2,647	2,581	2,425	2,324	2,421	4.2%
College of Adult & Professional Studies (CAPS)	578	552	586	629	635	551	-13.2%
Graduate School (GS)	1,558	1,461	1,430	1,419	1,298	1,193	-8.1%
Bethel Seminary St. Paul (BSSP)	499	566	563	503	470	417	-11.3%
Bethel Seminary San Diego (BSSD)	220	188	49	31	7	-	-100.0%
Bethel Seminary of the East (BSOE)	-	-	-	-	-	-	
DUPLICATED TOTAL	5,528	5,414	5,209	5,007	4,734	4,582	-3.2%
Unduplicated Total	5,462	5,325	5,151	4,966	4,707	4,533	-3.7%

College in the Schools (CIS; formerly included in CAS above)	127	134	185	183	388	346	-10.8%
DUPLICATED TOTAL (with CIS)	5,655	5,548	5,394	5,190	5,095	4,928	-3.3%
Unduplicated Total (with CIS)	5,562	5,459	5,336	5,149	5,068	4,830	-4.7%
BUILD	27	28	30	24	28	24	-14.3%

Forty-nine students were enrolled in more than one school, as follows. These students could be enrolled concurrently in more than one school (e.g. "dual enrollment") or sequentially (e.g. finish an undergraduate degree in the fall, and continue to graduate school in the spring). This metric has declined during the pandemic.

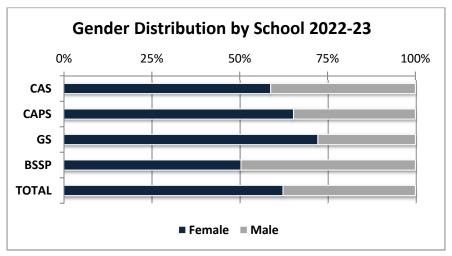

- 18 students in CAPS and GS
- 24 students in CAS and CAPS
- 4 students in CAS and GS
- 2 students in CAPS, BSSP
- 1 student in GS, BSSP

Total duplicated enrollment at Bethel University for 2022-23 was 4,582. (This counts each student once for each school in which they were enrolled).

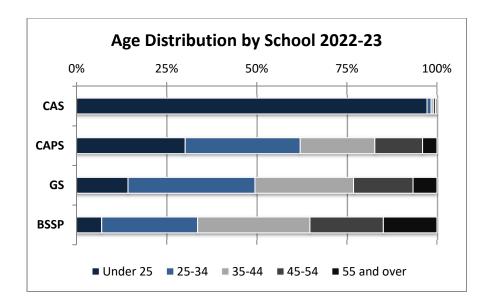

Gender:

Gender balance for 2022-23 was 62.3% female, down slightly from the 63.0% female the year before. While CAS showed a slight decrease from 59.0% to 58.8%, in female enrollment, CAPS and GS showed larger decreases in the percentage of enrolled females. In contrast, BSSP displayed a large increase in enrolled females from 47.2% to 49.6%.

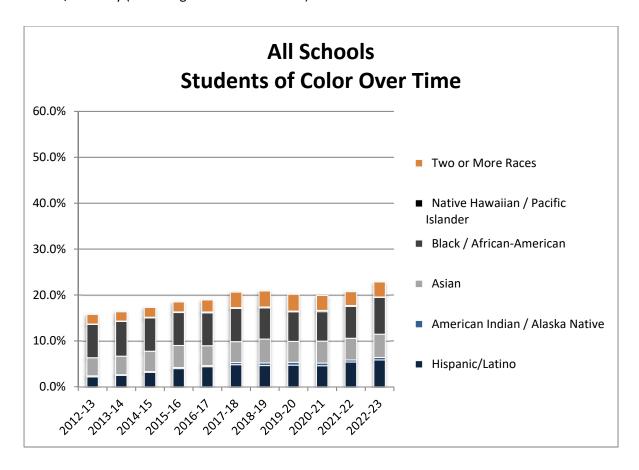

Age:

CAS continues to maintain a median age of 20, with 97% of students aged under 25. Median ages for the remainder of the schools are in the 30's and early 40's. At a median age of 30 (up from 28 in the previous year), CAPS remains the site with the youngest population after CAS.

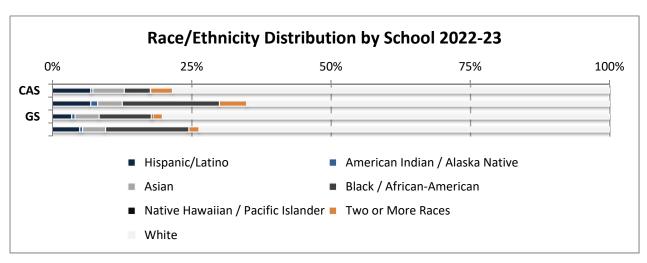

Race/Ethnicity:

The percent of students of color at all Bethel schools increased from 20.7% in 2021-22 to 22.8% of students with a known race/ethnicity (excluding non-resident aliens) in 2022-23.

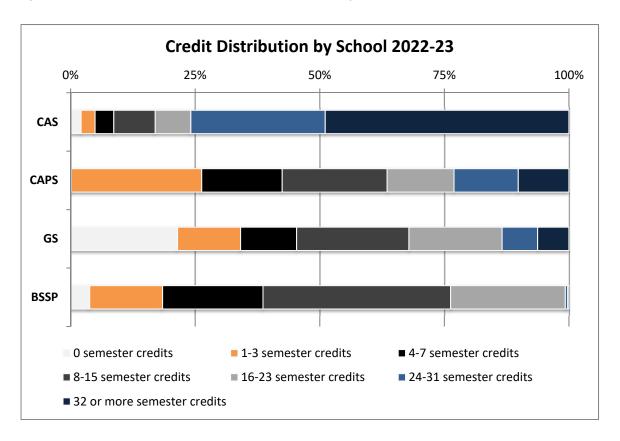

The overall increase in racial and ethnic diversity at the university (excluding non-resident aliens) was driven by increases in CAPS (up from 32.9% to 34.9%) and GS (up from 17.9% to 19.7%). CAS diversity displayed another increase, growing from 18.1% to 21.5% largely attributed to the continuation of the ActSix program, the strong retention of its participants as well as an increased focus on overall enrollment of students of color.

Credit Levels:

Total registered credits for the entire university fell 2% from the prior year. In CAS, the 1% increase in registered credits was driven primarily by an increase in PSEO student enrollment. CAPS experienced a 27% decrease in credits. GS experienced a 4% decrease in credits and BSSP's overall registered credits were 12% lower than the previous year. The decrease in credits in CAPS, GS and Seminary were due to lower overall enrollment.

Please note that zero credit students are most often SMEP (music) students in CAS and either master's thesis or doctoral dissertation continuation students in GS and BSSP.

State and Country:

In 2022-23, Bethel University enrolled students from all 50 states and 32 foreign countries. The state with the largest contingent of Bethel students continues to be Minnesota (75.1% of all enrollment), followed by Wisconsin (4.3%), Iowa (1.7%), South Dakota (1.5%), California (1.4%) and Illinois (1.3%) with similar percentages to prior years in these states.

18 5 3442 71 NH: 2 2 MA: 11 RI: 2 16 CT: 7 9 60 15 NJ:6 3 31 DE: 2 10 11 12 MD: 21 DC: 3 17 33 2 6 25 6 1 23 2 15 35

Number of Students Enrolled by State - All Schools

Marital Status:

Marital status is no longer thoroughly collected and recorded for a majority of Bethel University students with increasing unknown statuses in CAS, CAPS and GS. Detail can be found in the appendix of this report.

Denomination:

Currently less than 20% of Bethel University students report a denomination. The percentage of Bethel University students who reported an affiliation with Converge Worldwide among those who reported any denomination at all, increased from 10.6% in 2021-22 to 11.2% in 2022-23. While there has been a 10-year trend downward from nearly 25% in 2007-08, there is some evidence we have reached a plateau, however, the lack of students reporting denomination impacts the comparison. Some of the drop in reporting may be attributed to the fact students do not necessarily know the denomination of the church they attend. Affiliation with Lutheran and Catholic denominations have surpassed that of Converge Worldwide, with 17.7% identifying as Lutheran and 10.3% identifying as Catholic. The total number of students who identify as "Baptist" is 24.7%.

Note:

Additional data and graphs for all of the above categories, including longitudinal data back to the 2003-04 academic year, is in a separate Excel document, available upon request.

Appendix – Data Detail for 2022-23:

The Left-hand (Visa) columns indicate students who are not US citizens and have visas to be in the US for a temporary time period (includes Visa statuses of F-1, B-2, J-2, etc.)

The Right-hand (Other) columns indicate students who are not US citizens but are permanent residents, presumed permanent residents, or other eligible non-citizens (such as refugees). This column also includes US citizens who have a foreign address (this would include many M.K.'s)
