

## Top 5 things about CLICsearch, the new CLIC shared catalog

1

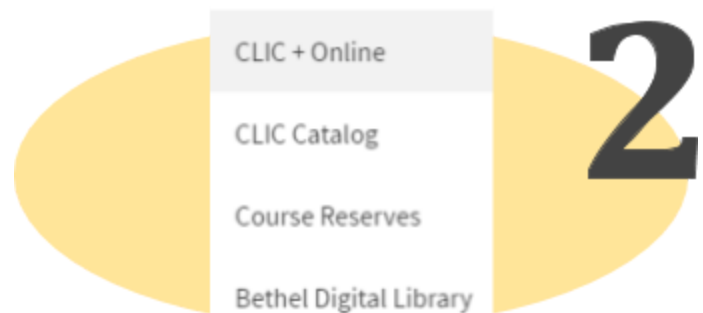

### Where's CLICnet?

CLICnet and Summon have been replaced with CLICsearch, a powerful discovery tool that allows users to search for physical and online resources, place requests, manage their library account, and more!

### Scopes

Use the scopes to broaden or narrow your results. The default search will pull results that are available through CLIC or online.

2

3

### Expand My Results

Check the box to expand your results to items that we may not have full text access to currently but that can be requested through Interlibrary Loan.

### Your Account / Sign In

Login into your library account for expanded search results and to access account functions like creating folders, saving searches, renewing items, and more.
