STUDY THE WORD & BE DISCIPLED

Take advantage of residence life staff and volunteers who are committed to walking alongside students at every stage of the college experience.

“Shift” for First-Year Students

Shift leaders are like big siblings to Bethel students who are just starting out. Bible study groups are tailored to dorm floors or commuters, giving students a time and place to study the Word and build intentional relationships.

Small Groups for Upper Class Students

Small groups are available to help returning students continue building solid, faith-centered relationships.

BE MENTORED

Students can get connected and walk alongside a staff or faculty member who's committed to checking in with them, helping them navigate life on campus and plan for the future.
