

Getting Started With Nice

Our mission is simple, make
getting amazing everyday care
easy and affordable.

Why? Because healthcare isn't always Nice.

Inconvenient

Wasted time due to long drive times, waiting in germ-filled waiting rooms, and visits that always start late.

Expensive

Healthcare costs are rising, and so are claims payments and premiums.

Reactive

Inconvenient and costly care lead us to be reactive to most of our healthcare needs.

What is Nice?

Nice is an integrated primary care clinic that brings FREE medical visits, medications, labs, imaging, physical therapy, and mental health therapy to you.

We're here for you.

Healthy

Manage prescriptions, physical therapy, and wellness support

Sick

Treat colds, flu, strep, ear infections, pink eye, rashes, sinus infections, etc.

Chronic

Type 2 diabetes, hypertension, mental health, asthma, high cholesterol, etc.

How Much Does it Cost?

Nice's in-home and virtual visits come with no out-of-pocket costs, as do all services included in your treatment plan.

\$0

Fee Per Visit

\$0

Cost of Treatment

Who's Covered

All of Nice's services, including primary care, mental health, physical therapy, and prescriptions are available to employees and their benefit-eligible dependents.

550+
Free Medications

We deliver medications to your
home or your pharmacy

Mental Health Therapy

SHORT-TERM MENTAL HEALTH SUPPORT

This program helps patients self-manage their mild to moderate mental health needs. *It is not intended to address serious mental illness or be long-term in nature.**

A good fit for:

- Parenthood or other life transitions
- Relationship and family issues
- Maternal mental health
- Work related stress
- Grief and loss
- Depression
- Anxiety

*If you are having a mental health crisis, call the three-digit Suicide and Crisis Lifeline at 9-8-8

Virtual Physical Therapy

LICENSED PHYSICAL THERAPISTS

If you're needing physical therapy due to an injury, rehab or strenuous activity, Nice gives you access to a licensed physical therapist through the Nice app. Our Nice PTs utilize MedBridge to give patient treatment plan exercises.

A good fit for:

- Discomfort from sitting at a desk all day
- Soreness from lifting heavy objects
- Issues from a recent driving accident
- A recent injury that's still recovering
- Desire to prevent future injuries

Every Point of Care, and Everything In Between

Scheduling Support

99% of visits happen within a day, and Care Support Team members personally guide patients at every step.

Specialist Referral

For specialized needs, we'll refer patients to the appropriate next step and provide any relevant documents and clear, step-by-step instructions.
