1. Students must complete through the second semester of a first year language course or equivalent (Check the catalog for details of this option.)

2. [Strongly recommended that students take PSY230M Introduction to Statistical Methods and Experimental Design to meet the general education requirement in Mathematics.](#)

3. At least three courses must be 300-level or above

This program assumes a student will use [ENS104/ENS104D](#), [ENS205L](#), and a K category elective to meet the general education requirements for Laboratory Science, Contemporary Western Life and Thought, and Science, Technology, and Society.

Most financial aid packages stipulate 12 credits/semester; Minnesota state grants are reduced when credit load falls below 15 credits/semester. (Interim credits may be split between fall and spring for state grant purposes only.)
