Total Credits: 123-126				
1. Students must complete through the second semester of a first year language course or equivalent.				
2. Prerequisite course for entry into the Nursing program.				
3. A statistics course must be included within the total program. Students must take either PSY 230M or HAS 250M to fulfill the Math-M requirement.				
4. A course in ethical decision making must be included within the total program. Recommended: PHI 110 Contemporary Moral Issues. Approved alternates: ENS 335K and PHI 335K Environmental Ethics, GES 340K Healthcare Informatics: Merging Data,				
5. One general education biblical studies course is required as a prerequisite course for entry into the Nursing Program. Choices include BIB 101 Introduction to the Bible, THE 201 Christian Theology, or Interpreting Biblical Themes (J) course.				
This program assumes a student will use CHE 101/CHE 101D and NUR 425GZ to meet the general education Laboratory Science and Comparative systems requirements.				
Most financial aid packages stipulate 12 credits/semester; Minnesota state grants reduced when credit load falls below 15 credits/semester. (Interim credits may be split between fall and spring for state grant purposes only.)
