

Posthumous Degree

Eligibility

1. The student was currently enrolled at the time of his or her death or at the time when attendance ceased due to circumstances that were connected with or led to death.
2. The successful completion of classes in the remainder of the senior year would have satisfied all course requirements for the Bachelor degree.
3. The student had already met or was expected to meet all other graduation requirements including those for GPA, course distribution, physical education, interim, and residency.

Procedure

The student should be formally recommended for this award by the academic department(s) in which the student majored and must be certified by the Registrar. The recommendation must be approved by the Provost and the President.
