Follow your passion. Discover your purpose.

Bethel’s a place where we challenge each other and support each other. Where we’re committed to spreading Christ’s love and serving the people around us. Where we work side-by-side with brilliant professors on projects that reach far beyond the classroom. Where we have a lot of fun and make friends and memories to last a lifetime.

College of Arts & Sciences

The College of Arts & Sciences (CAS) is Bethel’s undergraduate college for nearly 2,500 recent high school graduates and transfer students. We take a whole-person approach to education—encouraging each person to achieve academic goals, grow deeper in faith, and engage in a lively community, all with Christ at the center. Distinctives include more than 100 majors in inviting fields—such as the arts, humanities, business, natural sciences, and social sciences—small class sizes, and a robust study abroad program. Highly credentialed faculty members are dedicated to teaching, integration of faith and learning, and the translation of Christian belief into global service. The college consistently ranks among top Midwestern Universities in the “America’s Best Colleges” issue of U.S. News & World Report, and is listed in “Top Colleges for Top Students” in Peterson’s Competitive Colleges.

General Information

The College of Arts and Sciences is Bethel’s undergraduate college for recent high school graduates and transfer students.

This academic catalog relates to academic programs and communicates academic requirements, policies, and procedures. The student handbook outlines university procedures and expectations of students.

Every student is to be familiar with and will be held responsible for conforming to the expectations contained in “A Covenant for Life Together at Bethel,” academic regulations, and campus procedures as stated in these two publications, as well as information published in the Bethel E-Announcements, which are distributed electronically three times per week during the academic year.

It is the official policy and commitment of Bethel University not to discriminate on the basis of race, color, national or ethnic origin, age, gender, or disability in its educational programs, admissions, or employment practices. The president of Bethel University has designated the director of people & culture as the compliance officer for the institution. Inquiries regarding compliance may be directed to:

The Compliance Officer, Bethel University
3900 Bethel Drive
St. Paul, MN 55112
Phone: 651.638.6119

Bethel University has been continuously accredited by the Higher Learning Commission (https://www.hlcommission.org/) since 1959. This "regional accreditation," recognized by the United States Department of Education, demonstrates that the university meets quality educational standards. Bethel is also accredited by the Teacher Education Accreditation Council; the Council on Social Work Education (at the undergraduate level); and The Commission on Collegiate Nursing Education (at the undergraduate and graduate levels) which can be reached at, One Dupont Circle NW 530 Washington, D.C. 20036-1120 or by phone at 202.887.6791.

Undergraduate teacher preparation programs leading to licensure for pre-kindergarten, kindergarten, elementary, and secondary teaching, as well as graduate programs leading to licensure in special education and middle school teaching, are approved by the Minnesota Board of Teaching. The nursing program is approved by the Minnesota Board of Nursing. The Department of Chemistry is approved by the American Chemical Society, and programs in the department are certified. The Business Department is accredited by the Accreditation Council for Business Schools & Programs.

The academic program at Bethel University is enriched by its membership and participation in programs of the Christian College Consortium, the Council for Christian Colleges and Universities, the Upper Midwest Association for Intercultural Education, the Jerusalem University College, and the Ausable Institute of Environmental Studies.

Bethel University is registered with the Minnesota Office of Higher Education pursuant to Minnesota Statues sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

Information in this catalog is descriptive only and not contractual. All listed courses and programs are current at the time of printing, but are subject to change without notice based on enrollment, faculty availability, and other considerations. Bethel reserves the right to withdraw a course or program or to limit its enrollment. Bethel reserves the right to add a new program and related courses to this catalog after publication, upon approval from the related state and/or accrediting organizations. In this event, the new program and courses will be provided, with their effective terms, at https://www.bethel.edu/undergrad/academics/.

While Bethel publishes program information and materials and assigns advisors, the student is ultimately responsible to ensure that he or she has fulfilled all graduation requirements. Bethel reserves the right to withdraw a previously awarded degree if it subsequently determines that the student did not complete degree requirements.
ACADEMIC CALENDAR

Bethel operates on an early semester calendar with two 15-week semesters and a three-week interim in January. Bethel offers five summer sessions.

Bethel University Schools

Bethel University
Bethel University is a leader in Christ-centered higher education with nearly 4,500 students from 47 states and 22 countries enrolled in undergraduate, graduate, seminary, and adult education programs. Based in St. Paul, Minnesota, Bethel offers bachelor's and advanced degrees in nearly 100 fields. Educationally excellent classroom-based and online programs equip graduates to make exceptional contributions in lifelong service to God and the world.

College of Arts & Sciences
The College of Arts & Sciences (CAS) is Bethel's undergraduate college for nearly 2,500 recent high school graduates and transfer students. We take a whole-person approach to education—encouraging each person to achieve academic goals, grow deeper in faith, and engage in a lively community, all with Christ at the center. Distinctives include nearly 100 majors in inviting fields—such as the arts, humanities, business, natural sciences, and social sciences—small class sizes, and a robust study abroad program. Highly credentialed faculty members are dedicated to teaching, integration of faith and learning, and the translation of Christian belief into global service. The college consistently ranks among top Midwestern Universities in the “America’s Best Colleges” issue of U.S. News & World Report, and is listed in “Top Colleges for Top Students” in Peterson’s Competitive Colleges.

College of Adult & Professional Studies
For more than 25 years, the College of Adult & Professional Studies (CAPS) has helped adults beginning or returning to school to earn their bachelor’s or associate's degree. Bethel's academic programs are accessible and supportive for busy students and grounded in ethics and personal development. We offer 12 associate and bachelor's degree-completion programs taught from a Christian worldview in the areas of business and leadership, healthcare and human services, Christian ministries, and special education, along with three certificate programs in addiction studies, alcohol and drug counseling, and senior care leadership. Nearly 400 students are enrolled in the Twin Cities or online.

Bethel Seminary
Founded in 1871, Bethel Seminary is among the 20 largest accredited seminaries in the U.S., with students pursuing coursework on campus in St. Paul, Minnesota, and in robust online degree programs. Offering a doctor of ministry degree (with four concentrations), seven master's degrees, and two certificates, its programs focus on many aspects of ministry preparation, including leadership, marriage and family therapy, and ministry practice. Bethel Seminary is orthodox and evangelical, with roots in pietism and characterized by an irenic spirit. Our passion is to prepare men and women to lead with excellence who will advance the gospel of Jesus Christ among all people in culturally sensitive ways.

Graduate School
The Graduate School provides rigorous graduate education in a supportive Christian environment. Our adult students come from many backgrounds, experience levels, and career fields with the common goal of developing as whole professionals. Specialties include relevant degree programs in business and leadership, health and human services, and education. The school offers 12 graduate programs, including master's programs, a doctoral program in educational leadership with two majors, a doctor of nursing practice program, and numerous certificates and licensures. Courses are taught by experienced full-time faculty or working professionals, whose recent experience focuses on principles that students can apply directly to their careers, and class schedules are convenient for working adults.
Center for Access and Integration

The Center for Access and Integration includes Bethel’s BUILD program. The BUILD program, an integrated two-year postsecondary residential program for students with intellectual disabilities, provides opportunities for inclusive academic, vocational, residential, spiritual, and social learning experiences. Students who complete the requirements of the BUILD program, including a selected career pathway in Arts and Communication, Business, or Human Services, earn a Certificate in Applied Studies. The program incorporates the skills and education necessary to live more independently, maintain meaningful employment, and value lifelong learning. Students in the BUILD program contribute their own diverse experiences and strengths to the Bethel community.
Bethel University Commitments

Mission
Boldly informed and motivated by the Christian faith, Bethel University educates and energizes men and women for excellence in leadership, scholarship, and service. We prepare graduates to serve in strategic capacities to renew minds, live out biblical truth, transform culture, and advance the gospel.

Vision
Bethel will be the Christ-centered university of choice for this century.

Rooted in faith. Committed to excellence. Bethel will become the leader in Christian higher education by building stronger communities, equipping confident leaders and gracious servants, and preparing passionate world-changers. Through our thoughts, words, and actions, we’ll demonstrate what it means for a university to be centered on Jesus Christ.

Values
We are Christ-followers - orthodox, conversionist, and evangelical; rooted in the authority of Scripture.

We are character-builders - concerned with personal and spiritual formation and therefore committed to the development of whole and holy persons.

We are truth-seekers - recognizing that all truth has its source in God as revealed in creation and Scripture, and personified in Christ.

We are learners - committed to academic excellence within a community characterized by teaching, scholarship, and service.

We are reconcilers - honoring the worth and dignity of people from all races and purposely seeking to create a community that reflects the diversity of the body of Christ.

We are salt and light - relating to the world and society in culturally relevant ways while being informed by our pietistic denominational heritage and characterized by an irenic spirit.

We are world-changers - driven to prepare graduates who will shape and change the world through exemplary leadership in the church and throughout society.
An Affirmation of Our Faith

1. **The Word of God.** We believe that the Bible is the Word of God, fully inspired and without error in the original manuscripts, written under the inspiration of the Holy Spirit, and that it has supreme authority in all matters of faith and conduct.

2. **The Trinity.** We believe that there is one living and true God, eternally existing in three persons, that these are equal in every divine perfection, and that they execute distinct but harmonious offices in the work of creation, providence, and redemption.

3. **God the Father.** We believe in God the Father, an infinite, personal spirit, perfect in holiness, wisdom, power, and love. We believe that He concerns Himself mercifully in the affairs of each person, that He hears and answers prayer, and that He saves from sin and death all who come to Him through Jesus Christ.

4. **Jesus Christ.** We believe in Jesus Christ, God's only begotten Son, conceived by the Holy Spirit. We believe in His virgin birth, sinless life, miracles, and teachings. We believe in His substitutionary atoning death, bodily resurrection, ascension into heaven, perpetual intercession for His people, and personal visible return to earth.

5. **The Holy Spirit.** We believe in the Holy Spirit who came forth from the Father and Son to convict the world of sin, righteousness, and judgment, and to regenerate, sanctify, and empower all who believe in Jesus Christ. We believe that the Holy Spirit indwells every believer in Christ, and that He is an abiding helper, teacher, and guide.

6. **Regeneration.** We believe that all people are sinners by nature and by choice and are, therefore, under condemnation. We believe that those who repent of their sins and trust in Jesus Christ as Savior are regenerated by the Holy Spirit.

7. **The Church.** We believe in the universal church, a living spiritual body of which Christ is the head and all regenerated persons are members. We believe in the local church, consisting of a company of believers in Jesus Christ, baptized on a credible profession of faith, and associated for worship, work, and fellowship. We believe that God has laid upon the members of the local church the primary task of giving the gospel of Jesus Christ to a lost world.

8. **Christian Conduct.** We believe that Christians should live for the glory of God and the well-being of others; that their conduct should be blameless before the world; that they should be faithful stewards of their possessions; and that they should seek to realize for themselves and others the full stature of maturity in Christ.

9. **The Ordinances.** We believe that the Lord Jesus Christ has committed two ordinances to the local church: baptism and the Lord's Supper. We believe that Christian baptism is the immersion of a believer in water into the name of the triune God. We believe that the Lord's Supper was instituted by Christ for commemoration of His death. We believe that these two ordinances should be observed and administered until the return of the Lord Jesus Christ.

10. **Religious Liberty.** We believe that every human being has direct relations with God, and is responsible to God alone in all matters of faith; that each church is independent and must be free from interference by any ecclesiastical or political authority; that therefore church and State must be kept separate as having different functions, each fulfilling its duties free from dictation or patronage of the other.

11. **Church Cooperation.** We believe that local churches can best promote the cause of Jesus Christ by cooperating with one another in a denominational organization. Such an organization, whether a regional or district conference, exists and functions by the will of the churches. Cooperation in a conference is voluntary and may be terminated at any time. Churches may likewise cooperate with interdenominational fellowships on a voluntary, independent basis.

12. **The Last Things.** We believe in the personal and visible return of the Lord Jesus Christ to earth and the establishment of His kingdom. We believe in the resurrection of the body, the final judgment, the eternal felicity of the righteous, and the endless suffering of the wicked.
Becoming Whole and Holy Persons: A Covenant for Life Together at Bethel

Introduction

Bethel University is an educational community committed to integrating evangelical Christian faith with learning and life. As people created in the image of the covenant-making God, we covenant together to discover the mind of Christ and to become like Christ. We pursue this mission as people called by Jesus to live holy lives according to the values, expectations, and goals of the kingdom of God. A crucial part of our mission is to develop whole and holy persons who will go into the world to serve others.

To be whole and holy means to be dedicated to God with purity of thought and action. It means that we are to serve God using the gifts and abilities we have been given. Our community has a special calling to discover, teach, learn, and live what is true. We strive to understand the world in light of the life, death, and resurrection of Christ. This gives us a distinctive worldview, educational mission, and calling.

Our calling includes a commitment to nurture one another. We strive to elevate kingdom values over personal agendas. We attempt to measure every decision and priority in terms of our loving submission to the lordship of Christ and our commitment to one another. Christ's power within us and a clear sense of our calling give us a joyful freedom to do God's will.

Jesus taught us that right motives and loving relationships are at the core of whole and holy living. His two greatest commands are to love God with all of our hearts, souls, and minds and to love our neighbors as ourselves. These commands connect serving God with serving others. In grace, Scripture also gives us specific rules to guide us in living. Jesus taught that keeping these rules is an expression of love for God. The Bible condemns legalistic rule-keeping. It emphasizes loving relationships and pure motives in living out these rules.

Living a Biblical Lifestyle

The Bible frequently speaks about a holy lifestyle. Such passages are found throughout the Old and New Testaments. The Bible describes character qualities and actions that should be present in the lives of believers. These include prayer, kindness, humility, compassion, forgiveness, hospitality, personal integrity, generosity to the poor, care for the oppressed, study of God's Word, accountability to one another, sharing our faith with others, recognition of the rights of others, commitment to justice, regular gathering for worship, and living in harmony.

The Bible also identifies character qualities and actions that should not be present in the lives of believers. For example: destructive anger, malice, rage, sexual immorality, impurity, adultery, evil desires, greed, idolatry, slander, profanity, lying, homosexual behavior, drunkenness, thievery, and dishonesty.

Special Expectations for the Bethel Community

Because of Bethel's commitment to Christ, our unique calling as an educational community, and our understanding of what it means to live in today's world, we want to state clearly some of Bethel's rules and expectations. These are based on:

- our understanding of the Bible and its authority for our faith and life;
- our desire to promote wellness and health in all areas: social, emotional, mental, physical, and spiritual;
- our theological and cultural heritage;
- our understanding of our mission and calling.
We recognize that not all devout Christians share these rules and expectations. However, certain issues are important for our educational mission and our life together at Bethel. They are designed to facilitate our growth, development, and learning as a community.

We view learning and the pursuit of truth as a special calling.

- We commit ourselves to integrity, excellence, consideration of different points of view, and collegiality in all of our academic work.
- We will not tolerate plagiarism and other forms of academic dishonesty.\(^6\)

We believe that life is sacred and people have worth because they are created in God’s image.\(^7\)

- We will value human life in all its diversity and fullness, recognizing that women and men of all races, ages, and ability levels reflect the creative genius of our Maker.
- We view racism and sexism as sinful and reflective of some of the most harmful aspects of our culture. We will abstain from discrimination based on race, ethnicity, gender, age, and disability. We will also abstain from gossip, deliberate divisiveness, and malicious humor.

We believe that our relationships should reflect our connection in the body of Christ.\(^8\)

- We affirm mutual respect and promise keeping in relationships among students, colleagues, teachers and learners, spouses, and friends.
- We grieve the hurt and destructiveness of broken relationships, especially those involving divorce and abuse. We will strive to be a community where healing occurs.

We believe our minds and bodies should be used in God-honoring ways.\(^9\)

- We will promote the health of our bodies, minds, and emotions.
- We will abstain from illicit or nonmedical use of drugs, narcotics, and other substances.
- We will also abstain from use or possession of tobacco in any form.

We view sexuality as one of God’s good gifts.\(^10\)

- We believe that sexual intercourse and other forms of intensely interpersonal sexual activity are reserved for monogamous, heterosexual marriage. We recognize that sexual purity involves right motives as well as right behaviors.
- We prohibit the possession and use of pornographic material. In addition, we condemn sexually exploitive or abusive behavior and sexual harassment in any form.

We value the wise stewardship of resources.\(^11\)

- We believe all human and natural resources are a trust from God. We value work; creative expression; and wise use of time, ability, and money. We believe in wise use of natural resources. We will use them to do God’s work and to benefit God’s creation.
- We prohibit gambling and vandalism. In addition, we reject materialism and harmful exploitation of natural resources.

We believe that maturity calls for us to exercise discretion in our behaviors.

- We believe that God is honored by careful thinking and joyful use of our creativity and imagination. While the media and the arts can be valuable forms of recreation, our commitment to learning calls us to think critically about them and to see them as empowering and liberating ways to understand truth and beauty.
- We believe that certain forms of leisure, entertainment, and recreation are not congruent with holy living. We will make choices that are consistent with our pursuit of holiness in activities such as
At times we will need to follow the biblical mandate to sacrifice our individual liberty for the good of the community. When differences arise, we will choose the course that demands greater personal restraint and self-discipline. We will strive to resolve those differences in a gracious and just manner.

**Conclusions about Community Life**

Community life at Bethel should be marked by mutual encouragement, sensitivity, and consideration for others. This is particularly important when dealing with our differences. One of the special values of this community is the opportunity to learn from one another, including those within other Christian faith traditions. We celebrate our diversity as well as what we hold in common.

Within committed Christian communities there are diverse views regarding the use of alcohol. Some choose a testimony of abstinence for a variety of legitimate and honorable reasons while others believe they can use alcohol occasionally and moderately without harm to body, spirit, or relationships with others. As a community that honors Holy Spirit-led diversity among Christians, Bethel University employees and students in the Seminary, Graduate School, and College of Adult & Professional Studies are not prohibited from using alcohol in moderation when away from campus and not engaged in official Bethel University activities. Further, employees are expected not to drink alcohol in the presence of Bethel students. Because of the special community nature of the College of Arts & Sciences and the ages of the majority of its students, students in the College of Arts & Sciences will abstain from the use or possession of alcoholic beverages during the school year or while participating in any Bethel-sponsored activity.

Living out the call to whole and holy living is challenging. No one does it perfectly. Community members who struggle to follow Bethel’s lifestyle expectations and who would like help in living within them are encouraged to talk with appropriate Bethel personnel to seek help in changing.

As a community we recognize that worship, fellowship, spiritual nurture, and Christian service are all essential to our growth in holiness. As members of the Bethel community we are expected to participate in these types of activities regularly. Chapel stands out among these opportunities because it is a unifying spiritual experience for our Christian community. All students, faculty members, and administrative leaders are expected to attend chapel regularly. Chapel is a learning experience that is enriched by the diversity of background and worship styles within the community.

As we join the Bethel community we accept these responsibilities and conditions of membership. We agree to live according to this document and other stated expectations as they are applied to us in the student and employee handbooks. If we find ourselves unable to honor these commitments, withdrawal may be in order. We recognize that we have an obligation to hold each other accountable to biblical standards and to the commitments we have made. Appropriate action will be taken to teach, influence, discipline, or even dismiss those who disregard these community expectations. We will strive to have all disciplinary procedures characterized by Christian love and a redemptive spirit.

As we celebrate this covenant calling to whole and holy living, we encourage and challenge each other with these three verses.

*Let the peace of Christ rule in your hearts, to which indeed you were called in the one body. And be thankful. Let the word of Christ dwell in you richly; teach and admonish one another in all wisdom; and with gratitude in your hearts sing psalms, hymns, and spiritual songs to God. And whatever you do, in word or deed, do everything in the name of the Lord Jesus, giving thanks to God the Father through Him.*

Because of its crucial role in influencing the ethos of the school, this statement of expectations is subject to change only by action of the Board of Trustees. The board holds these standards to be binding for all who voluntarily choose to become a part of the Bethel community.
Matthew 22:37–40
John 14:15, 21
Micah 6:8; Matthew 23:23–24
Examples of such passages are: Exodus 20; Proverbs 6:16–19; Matthew 5–7; Galatians 5:13–25; Ephesians 4:22–5:21; Colossians 3:1–17
Colossians 3:5–8; 1 Corinthians 6:9–10. Employees will not practice, advocate, or affirm these and other biblically proscribed behaviors.
Exodus 20:15; Romans 13:9; 1 Corinthians 13:5–6; 1 Peter 1:22
Genesis 1:27; Ephesians 4:1–7, 15–16; James 2:1–13
Romans 12:3–21; 1 Corinthians 12:12–31; Ephesians 4
Romans 12:1–2; 1 Corinthians 6:14–15; 1 Timothy 4:8
Genesis 1:28–31
Romans 14:1–23; 1 Corinthians 6:12, 10:23–24
Ephesians 5:18
See the Bethel University Student Handbook for information on Bethel’s Non-Disciplinary Policy. College students may find the staff in the Office of Student Life, the Office of Christian Formation and Church Relations, and the Counseling Center to be particularly helpful. Seminary students may find help in the Office of Student Life. In addition, many faculty are willing and able to assist.
Employees may find help from peers, the Office of Human Resources, and administrative staff.
Colossians 3:15–17
College of Arts & Sciences Philosophy of Higher Education

The College of Arts & Sciences (https://www.bethel.edu/undergrad/) at Bethel University (https://www.bethel.edu/) is a Christian learning community committed to pursue and practice what is true, to excel in its educational programs, to collaborate as partners in learning, to integrate faith into every area of life, and to nurture every person toward Christian maturity in scholarship, leadership, and service.

As a Christian learning community, we honor God in the way we work together at our calling and vocations. We rejoice in discovering the character and glory of our Creator as we explore creation. As people who bear God’s image, we pursue the truth of God’s revelation. That revelation comes to us in the person of Christ, the wonder and beauty of creation, and the Spirit-directed words of scripture. We are called to live with hope, faith, love, mercy, humility, and justice, which put truth into practice. We believe Christian faith is relevant to every area of life—the integrative principle for the entire curriculum—and a foundational area of study for all of us as learners.

We pursue not only knowledge—through breadth and depth of insight—but wisdom.

We pursue not only skill—through competence and expertise—but service.

We pursue not only clarity—through speaking, writing, and listening—but community.

We pursue not only achievement—through excellence and maturity—but flourishing.

With this vision of the Christian liberal arts, we equip graduates for lives of active, professional doing and vibrant, thriving being. Each class, program, theme, field, and major cultivates the harmony of skills, insights, and motivations that empower our graduates to live abundantly—whole in soul and doing good.

Emphasizing Bethel’s commitment to integrated, Christian learning, our approach to General Education ensures students are equipped to do the following:

- Emphasize the interdependence of knowledge
- Seek wholeness
- Understand diversity and commonality
- Interact with other cultures; and
- Explore the past and look to the future

Our General Education curriculum has been organized in four themes each of these themes; includes a variety of courses designed to develop specific knowledge, skills, and values. The four themes of Personal Development; Biblical Foundations; Math, Science, and Technology; and Global Perspectives are complemented by an off-campus cross-cultural experience and a capstone course in Contemporary Christian Issues.

The four General Education themes comprise both specific courses that all students take and categories from which students choose courses. General Education courses are arranged in a unified and developmental sequence spread through all four years of study and culminate in a capstone course.

(For visual representations of our General Education curriculum, see our CWILT (p. 28) and Humanities (p. 29) curriculum maps.)
The R.E.A.L. Experience - Relevant, Experiential, Applied Learning

One way we accomplish this vision is by engaging students in a wide range of hands-on learning activities, beginning in foundational courses and continuing into their majors of choice, that equip them with skills employers seek, offer an edge in the job market, and ensure success in a rapidly changing world.

We prepare students to adapt what they learn and apply it in new ways to solve problems in jobs that don’t even yet exist. Through the R.E.A.L. Experience, students track and demonstrate their development of skills in

- artistic understanding and practice
- communication
- creativity and innovation
- critical thinking and complex problem solving
- data analysis, interpretation and application
- valuing difference
- emotional intelligence
- ethical reasoning and decision making
- faith integration
- leadership
- teamwork and collaboration
- technological literacy

These skills empower students to continue learning through life—becoming more curious, more thoughtful, more open-minded, more culturally responsive, more interested in other people, more appreciative of beauty, more humble, and more comfortable with complexity and mystery.

For more information on the R.E.A.L. Experience, visit https://www.bethel.edu/undergrad/academics/real-experience/
General Education

The primary goal of the General Education curriculum is to integrate the Christian faith with all areas of learning and to serve as a foundational area of study for all learners. Our mission further includes the integration of several elements that are often separated in contemporary academia:

- the great fields of learning—humanities, social and natural sciences, the arts, and pre-professional studies—to emphasize the interdependence of knowledge;
- the many aspects of being human as individual persons and members of societies—to seek wholeness in one's development and maturation;
- Western and non-Western cultural perspectives—to communicate both the differences and similarities in their histories and worldviews and the understanding of diversity amid commonality;
- the study of the dominant ideas of many cultures with the firsthand experience of interacting with those cultures—to cultivate empathy and depth of understanding; and
- the perspectives of history with the shaping of the present and near future—to cultivate a sense of an "extended present" with the grasp of the movement of time and the impact of human choices on the generations that follow.

To enhance such integration the General Education curriculum has been organized in four themes, each of which includes a variety of courses designed to develop specific knowledge, skills, and values. The four themes of Personal Development; Biblical Foundations; Math, Science, and Technology; and Global Perspectives are complemented by an off-campus cross-cultural experience and a capstone course in Contemporary Christian Issues.

The four General Education themes comprise both specific courses that all students take and categories from which students choose courses. General Education courses are arranged in a unified and developmental sequence spread through all four years of study and culminate in a capstone course. First-year students at Bethel choose between 2 options to start their general education:

- CWILT (https://www.bethel.edu/undergrad/academics/general-education/first-year-options/cwilt/) takes a modular approach to general education, consisting of 5 courses (https://www.bethel.edu/undergrad/academics/general-education/first-year-options/cwilt/program-details/) each covering different areas of study.
  - Creative Arts (GES 125; ICA)
  - Western Culture (GES 130; CWC)
  - Inquiry Seminar (GES 160; IQ)
  - L course (your choice of a Contemporary Western Life and Thought (https://www.bethel.edu/undergrad/academics/general-education/courses-categories/#l-course) course)
  - Theology (THE 201; Christian Theology)
- Humanities (https://www.bethel.edu/undergrad/academics/general-education/first-year-options/humanities/) is an integrated sequence of 4 courses (https://www.bethel.edu/undergrad/academics/general-education/first-year-options/humanities/program-details/) that explores how great writers and artists of western civilization have tried to answer life's deepest questions concerning God, the self, and society.

Students may choose to complete their off-campus cross-cultural experience through a designated course or off-campus program or through an approved non-credit experience at any time during their course of study at Bethel. A limited number of courses can be used to meet both General Education requirements and the requirements for a major or minor. (See list of requirements for each major or minor in the appropriate departmental section of the catalog.)

Course and category names listed below, as well as their descriptions, reflect the requirements of the General Education curriculum. General Education category names are followed by category designator letters (e.g., D, M, P). These same designator letters are used throughout the catalog to identify courses
meeting General Education category requirements. The following suffix code is used for General Education categories:

<table>
<thead>
<tr>
<th>Suffix</th>

</table>

**General Education Policies**

1. All General Education courses must be approved through the normal curriculum review and approval process. No petitions to substitute a non-General Education Bethel course for a General Education requirement will be approved.

2. General Education courses, with the exception of Cross-cultural Experience (Z) courses, may not be taken as a Directed Study. General Education courses may be taken as a Course by Arrangement only when they meet all requirements in the policy on Course by Arrangement.

3. Students may not register for more than one Contemporary Christian Issues (P) course per semester. Students who have completed one Contemporary Christian Issues (P) course must obtain the consent of the instructor to take an additional course in this category.

Themes of the General Education Curriculum

Personal Development Theme

Facilitates a broad understanding of the richness inherent in humans and their relationships. Orient students to higher education, builds communication skills, enhances creative thought and expression, promotes physical well-being, and increases understanding of human nature. The integration of these facets yields whole and healthy persons.

Introduction to Wellbeing (GES 140)

Explores the following dimensions that influence Wellbeing: Spiritual, Cognitive, Emotional, Physical, Relational, and Meaning. Examines the dynamic interconnection between the dimensions. Students integrate foundational knowledge, experiences, and strategies to become successful whole and holy individuals not only in college, but also throughout adult life.

TRANSFER INFORMATION:

Must be taken at Bethel. May not be transferred to Bethel.

Inquiry Seminar (GES 160)

While exploring a specific topic of interest, students develop and understand the meaning and value of a liberal arts education in the Christian tradition. The seminar promotes the establishment of community among students and with faculty, and broader connections in the university. The seminar provides students with instruction and practice in writing as well as in preparing and delivering oral presentations. Supplemental assignments and activities outside the traditional classroom are required.

TRANSFER INFORMATION:

Common Necessary Features

- Academic research and writing
- Practice of the writing process (i.e., planning, drafting, revision, editing)
- Research paper, including correct documentation, of seven or more pages of text
- Planning and delivery of at least two oral presentations, one of which must be delivered in front of an audience.

NOTE: GES 160 Inquiry Seminar includes both speaking and writing components. GES 160 can be fulfilled by transferring in courses that fulfill the writing component (GES161 Inquiry: Writing) and the speaking component (GES162 Inquiry: Speaking). Students may also transfer a course that meets the writing component (GES161 Inquiry: Writing) and take one of the following Speaking courses: COM 110 Basic
Communication, COM 318 Argumentation and Debate, COM 324 Professional and Technical Communication, COM 386 Advanced Public Speaking, or COM 387 Speaking in Ministry Contexts at Bethel.

**Introduction to the Creative Arts (GES 125)**
Introduces the creative arts and highlights their crucial role in human experience. Art forms included each semester are chosen from music, visual arts, theatre, dance, literature, or film. Creative works spanning stylistic, social, and historical contexts are examined in light of such issues as relationships, religion, death/despair, and humor. Students experience and critically interact with creative works and reflect on them from a Christian worldview, with the goal of developing literacy in artistic language as a tool for exploration and aesthetic interpretation and evaluation.

**TRANSFER INFORMATION:**

**Common Necessary Features:** (*minimum content & skills required for transfer courses*)
- Study of one or more art form(s)
- Skills in evaluating art work
- Vocabulary to communicate about art

**Transfer Course Level:** 100 or higher

**Transfer Course Credits:** 3 or more

**Leisure and Lifetime Sport - Category of Courses (Q)**
Requires participation in a leisure/lifetime sport intended to expand students’ exposure to movement, enjoyment of physical activity, and stewardship of the body through physical activity. Concentrated time participating in leisure/lifetime sport is required, along with selected readings and exam(s). Topics include understanding of movement and sport rules and strategies.

**TRANSFER INFORMATION:**

May not be fulfilled by taking a lesson or participating in an activity that does not take place at an accredited college or university. Taking ski lessons at a resort, taking aerobics at the YMCA, etc. do not meet this requirement.

**Common Necessary Features:** (*minimum content & skills required for transfer courses*)
- Concentrated participation in sport or leisure activity that includes movement and physical activity
- Includes readings and exams
- Study of movement, sports rules, and statistics

**Transfer Course Level:** 100 or higher

**Transfer Course Credits:** ½ credit or more

**Artistic Experience - Category of Courses (A)**
Students gain hands-on experience with creating/performing (engaging with materials, instruments, creative writing, etc.) that is planned, supervised, and evaluated by a faculty member. An in-studio experience/performance (individual or group) is critiqued in some form. The Artistic Experience course may be taken before, during, or after Introduction to the Creative Arts or Western Humanity in Christian Perspective I-II.

**TRANSFER INFORMATION:**
Students have the option of fulfilling the requirement by participating in an artistic experience that is not at a college or university. This can only be done with prior approval of the General Education point person responsible for the “A” category.

**Common Necessary Features:** *(minimum content & skills required for transfer courses)*

- Hands on artistic experience (dance, theatre, art, music)
- Planned, supervised, and evaluated by a faculty member
- Critique of art form

**Transfer Course Level:** 100 or higher.

**Transfer Course Credits:** 1 or more.

## Biblical Foundations Theme

Biblical and theological competence consists of attaining scriptural knowledge, understanding theology based on Scripture, and responding to new situations in an authentically Christian manner. Such competence requires a foundational grasp of the Bible and theology, together with the skills for understanding and interpreting the Bible and Christian faith for new situations.

**Introduction to the Bible (BIB 101)**

Traces the journey of God’s people from Abraham and Sarah through the New Testament church, highlighting the unifying self-disclosure of God in the various cultures and types of writing of the Old and New Testaments. A holistic approach is used to introduce students to both historical and thematic content as well as broad, but basic, exegetical principles.

**TRANSFER INFORMATION:**

**Common Necessary Features:** *(minimum content & skills required for transfer courses)*

- God’s people from Abraham and Sarah through the New Testament church.
- God as seen in and communicated through various cultures and types of writing in the Old and New Testament.
- Introduction to the historical context of the Bible.
- Introduction to the theoretical context of the Bible.

**Transfer Course Level:** 100 or higher.

**Transfer Course Credits:** 2 or more.

**Residency Requirement:** At least one course in the Biblical Foundations Theme must be taken at Bethel.

**Christian Theology (THE 201)**

Investigates central themes of the Christian faith from a primarily systematic perspective. These themes are discussed both individually and in terms of the role each plays in worldview formation. Topics include Scripture (inspiration and inerrancy), God (Trinity), the person and work of Jesus Christ (incarnation and atonement), salvation (justification and sanctification), and last things (heaven and hell). Emphasis is placed on the unity and diversity of theological beliefs within Christianity, both past and present, and on the interrelationships between theological understanding, culture, and discipleship.

**TRANSFER INFORMATION:**

**Common Necessary Features:** *(minimum content & skills required for transfer courses)*
• Study the essentials of Christian Theology.
• Theology is taught primarily from a systematic perspective.
• Unity and diversity of theological beliefs.

Transfer Course Level: 100 or higher.

Transfer Course Credits: 2 or more.

Residency Requirement: At least one course in the Biblical Foundations Theme must be taken at Bethel.

Interpreting Biblical Themes - Category of Courses (J)
Investigates a significant biblical theme in a manner that emphasizes the development of exegetical skills, the use of interpretive tools, and the hermeneutical task of moving from the situation(s) and worldview(s) in which the writings are expressed to those in which the reader makes application. The chosen theme must have contemporary relevance, span both the Old and New Testaments, and be found in at least two literary genres in each testament. Students gain “hands-on” experience in research, interpretation, application, and written communication through the writing of a major exegesis paper.

TRANSFER INFORMATION:

Common Necessary Features: (minimum content & skills required for transfer courses)

• Study of a biblical theme.
• Development of hermeneutical task of moving from situation of world views of writer and reader, Hands-on experience writing a major exegesis paper which must 1) explain original meaning(s), 2) include a transition or “bridging” section in which the student reflects on the challenges of moving from the ancient culture to the contemporary (for example, does the text offer nothing, one-to-one relations, or abstract principles, etc.?), which 3) leads to responsible contemporary application(s) of the passage.

Transfer Course Level: 200 or higher.

Transfer Course Credits: 2 or more.

Residency Requirement: At least one course in the Biblical Foundations Theme must be taken at Bethel.

Math, Science, and Technology Theme
Introduces students to the basic concepts, processes, ways of thinking, and applications in math and natural science, and promotes an understanding of central issues related to the impacts of science and technology on society.

Mathematics - Category of Courses (M)
Introduces foundational mathematical concepts; reviews and reinforces quantitative skills. Demonstrates pure mathematics as the foundation for the models in use. Students apply appropriate mathematical models and techniques to real-life quantitative problems in order to develop problem-solving skills. Topics addressed include: (a) proportional thinking with ratios, percentages, and decimals; (b) graphs and tables that illustrate trends, rates of change, slopes, and continuous and discrete data; (c) single variable problems, simple algebraic expressions with one unknown; and (d) elementary data analysis, such as unit and unit conversion, data reliability and meaning, significant figures, and basic probability.
TRANSFER INFORMATION:

Common Necessary Features: (minimum content & skills required for transfer courses)

- Proportional thinking (ratios, percentages, decimals graphs and tables) that illustrate single variable problems and data analysis.
- Application of math knowledge and concepts to real world problems from more than one discipline.
- Development of problem solving skills.

Transfer Course Level: 100 or higher.

Transfer Course Credits: 2 or more.

Laboratory Science - Category of Courses (D)
Introduces the process and concepts of modern science by focusing on one specific discipline. Provides a broad perspective on scientifically acquired knowledge, inductive methods, and experimental procedures. Laboratory forms a central experiential component of each course, and the analytical procedures used there build and reinforce the student's mathematical competence. Provides a basis for considering implications for Christian stewardship of the natural world.

TRANSFER INFORMATION:

Common Necessary Features: (minimum content & skills required for transfer courses)

- Concepts and process of modern science focused on one discipline
- Relate discipline to modern life
- Apply methods in investigating, quantifying, and reasoning from scientific evidence
- Lab required

Transfer Course Level: 100 or higher.

Transfer Course Credits: 2 or more.

Science, Technology, and Society - Category of Courses (K)
Addresses the linkage of science and technology with other aspects of contemporary society and the natural environment. Focuses on a technological issue that poses current and emerging choices and rests on a body of scientific understanding. At least one-third of the course addresses the scientific and technological content, and at least one-third integrates it with contemporary issues. Addresses the means and criteria by which society decides how to use and regulate the technology. Gives attention to historical perspectives, the relevant ethical and theological principles, and the mandates for Christian stewardship in response to future challenges. Applies and reinforces at least one of the topics of the mathematics category description.

TRANSFER INFORMATION:

Common Necessary Features: (minimum content & skills required for transfer courses)

- Links science and technology with contemporary society
- Focuses on technological issues
- At least 1/3 of course addresses scientific and technological context
- At least 1/3 of integrates science with contemporary issues
- Applies and reinforces at least one mathematical concept/skill
- Gives attention to historical perspective
**Transfer Course Level:** 200 or higher.

**Transfer Course Credits:** 2 or more.

### Global Perspectives Theme

Students first explore Western traditions and their Christian influences, and build the skills to communicate in a foreign language. They move on to a deeper understanding of modern American and European cultures. This background provides a context for the study of other cultures, and the analysis of selected systems that are based upon these diverse cultures.

**Christianity and Western Culture (GES 130)**

Seeks to help students understand the key movements that have influenced the lives of people in Europe and North America up through the Enlightenment. Students read with insight and empathy the writings and lives of those who have influenced the course of world societies. Prepares students to appreciate and evaluate the diverse ways in which Christians have interacted with Western culture by shaping, absorbing, and criticizing the culture of the West.

**TRANSFER INFORMATION:**

Must be taken at Bethel. May not be transferred to Bethel.

### Second Language - Category of Courses (S)

Equips students to understand and communicate with people of other cultures at the Novice-High level on the American Council on the Teaching of Foreign Languages (ACTFL) proficiency scale. In the case of an ancient language (Biblical Greek), students are able to use the language to engage the ideas of that culture. Documented proficiency in languages not offered at Bethel also serves to meet the requirement of this category. Learning experiences are focused on the use of the language for communication purposes within a broader cultural context. Provides opportunities for students to compare, contrast, and analyze their culture with other cultures.

**TRANSFER INFORMATION:**

Common Necessary Features: *(minimum content & skills required for transfer courses)*

- Students use language for communication
- Learn aspects of culture(s)
- Understand grammatical structures at basic level (grammar is not the only focus)
- Equivalent of 2nd semester of first language at the college level (e.g. Elementary, Introductory, Beginning ...II/2) or a language course at a higher level

**Transfer Course Level:** 100 or higher.

**Transfer Course Credits:** 3 or more.

Students may fulfill Bethel’s language requirement by:

1. Completing the second semester of the first year of a (beginning or introductory) college-level language class or higher with a passing grade at Bethel University (e.g., FRE 102S Introductory French II).
2. Completing the second semester of a first-year (introductory or beginning) college-level language class or higher with grade of C or higher at another college/university (any language other than English).
3. Earning a score of 3 or better on an Advanced Placement language exam or a score of 50 or better on a language CLEP test.
Themes of the General Education Curriculum  24

Note: Students who are native speakers of a language other than English, or who have studied languages other than French or Spanish, should contact the Language Testing Coordinator.

Contemporary Western Life and Thought - Category of Courses (L)
The main focus of courses in this category is exploring contemporary American life, culture, and thought within the broad context of Western culture and thought. The courses build on the critical historical events, persons, movements, institutions, and worldviews of the Enlightenment that have had phenomenal impact on the direction and evolution of Western life and culture. They address the question, “What does it mean to live in a Western culture in the 21st century, given the influences of the past 200 years?” Courses explore some of the key historical and contemporary persons, events, movements, institutions, and worldviews that have shaped Western culture, with significant emphasis on the United States. While they may be taught primarily from the perspective of one academic discipline, they use readings, materials, and insights from at least three disciplines. Although Contemporary Western Life and Thought courses might explore the European heritage, the core emphasis of the courses is the unique nature of the American experience.

TRANSFER INFORMATION:

Common Necessary Features:  (minimum content & skills required for transfer courses)

- Contemporary American Life (last 200 years) (No more than 1/3 of course may be about historical periods prior to the 19th Century)
- Study of influence of last 200 years on American culture today
- Core emphasis of the course is the unique nature of the American experience

Transfer Course Level: 100 or higher.
Transfer Course Credits: 2 or more.

World Cultures - Category of Courses (U)
Focuses primarily on one historical or contemporary cultural group whose ways of thinking and living are substantially different than the dominant cultures of Europe and North America. Generally this is an Asian, African, Latin American, Middle Eastern, or Native American culture. The culture's religious/philosophical traditions, economic and political structures, and socio-cultural frameworks are examined, along with the various influences that have acted upon the culture's history and development. Writings by and about the lives of those who have influenced the course of contemporary cultures and societies are included.

TRANSFER INFORMATION:

Common Necessary Features:  (minimum content & skills required for transfer courses)

- Study of one cultural group
- Cultural group, such as Asian, African, Latin American, Middle Eastern, or Native American, different from the dominant culture in US or Europe
- Religious/philosophical, economic/political and sociocultural frameworks
- Writings by and about the lives of people of the culture

Transfer Course Level: 100 or higher
Transfer Course Credits: 2 or more

Cross-cultural Experience - Category of Courses (Z)
Students experience an off-campus person-to-person intercultural engagement of at least 25 hours with a specific cultural group that supports the development of awareness of the student’s own culture and the culture with which the student is interacting. Students develop an increased understanding
of the complexity and tension cultural difference has on interaction with others. The Z-tag experience places students in an experiential learning environment (domestic or abroad) that includes faculty guided pre-experience preparation and post-experience processing.

The Cross-cultural Experience requirement can be met by passing an approved cross-cultural course indicated by a Z in the course number, completing a semester abroad while a student at Bethel, or completing an approved non-credit experience when undertaken in conjunction with Bethel's pre and post cross-cultural experience courses (GES 101 and GES 102Z). Registration in GES 101 is required the semester before the experience. Approval of the experience takes place in GES 101. However, students may consult with the professors teaching GES 101 prior to registering for the class to discuss an experience they are considering proposing for this option. Registration in GES 102Z is required the semester after the experience. These courses are described in the General Information section of this catalog under General Studies. Courses with a Z in their number can be found in the course listings of many different academic departments.

TRANSFER INFORMATION:

Common Necessary Features: (minimum content & skills required for transfer courses)

- Must be part of a credit bearing course. Regular transfer policies apply (e.g. grade of C or better, cannot be S/U)
- Minimum 25 hours person to person (preferably one on one) with someone from another culture
- Develops awareness of one's own culture
- Identification of values, beliefs, behaviors of a culture different from their own
- Pre-experience preparation
- Guided reflection
- Method for understanding another culture
- Post-experience processing

Addition transfer information:

- Students may use a semester abroad program completed while attending Bethel or another accredited college or university.
- Students who have completed YWAM's Discipleship Training School may use this experience to fulfill the Cross-cultural (Z) requirement.
- Students may not use a previous experience, such as a missions trip, that was not taken for credit at another accredited college or university for the Z-tag requirement.
- Students may transfer in a college course they have taken that includes the elements above, passed with a grade of C or better, and for which they have received college credit.
- Military Veterans may fulfill the Cross-cultural Experience (Z) course requirement using their overseas assignment and successfully completing GES 102Z: Post-intercultural Engagement Processing.

Comparative Systems - Category of Courses (G)

Compares and contrasts how societies in their large and small-scale manifestation develop mechanisms and strategies for dealing with numerous fundamental problems those individuals, groups, and institutions must resolve in order to progressively reproduce themselves. Engages students in the comparative examination of ideas, themes, processes, structures, institutions, or contemporary social, political, economic, religious, national, or international issues. Focuses on at least two distinctly different units of analysis, regions, or historical epochs. Deliberate attention is paid to the impact on different groups of the subject matter under consideration in a particular social and historical context. Students interact with “voices” (readings, materials, and insights) from the societies, regions, or the historical epoch being studied.
Themes of the General Education Curriculum

TRANSFER INFORMATION:

Common Necessary Features:  (minimum content & skills required for transfer courses)

- Compares and contrasts societies or compares culture and subculture
- Writing demonstrating synthesis of perspectives

Transfer Course Level: 200 or higher

Transfer Course Credits: 2 or more

Modular and Integrated Options for First- and Second-Year Courses

Bethel offers two options for completing some of the first- and second-year General Education requirements in the Personal Development, Biblical Foundations, and Global Perspective themes.

Option 1: CWILT (Modular)

Courses offered in the CWILT (pronounced “quilt”) option are described in the Academic Programs section under General Studies (GES 125, GES 130, and GES 160), Biblical and Theological Studies (THE 201), and in the various departments offering Contemporary Western Life and Thought (L) courses. The first two courses, taught by an interdisciplinary team of faculty, introduce students to Western cultural heritage and the fine arts. Lectures are supplemented by small-group discussions in both classes. Understanding and appreciation of the arts are enhanced through visits to galleries and attendance at concerts and plays. Inquiry Seminar is designed to introduce students to researching and writing in the college setting. In the second year of courses, Christian Theology undertakes the investigation of central themes of the Christian faith. A course from the Contemporary Western Life and Thought (L) category engages students with the history of the past two centuries of Western life and thought so that they have a more complete understanding of how Western culture is related to other global perspectives.

Option 2: The Humanities Program (Integrated)

This integrated, interdisciplinary program examines Western humanity's attempt to answer the deepest questions in life regarding God, the self, and society. The Humanities courses emphasize direct experience with great works of literature, theology, philosophy, art, music, and drama. Lectures provide historical background and a model of expertise by faculty specialists. In addition, significant class time is devoted to small-group seminars, where textual analysis, writing instruction, and discussion can occur. Students examine texts in class and experience works of art in Twin Cities galleries, theatres, and concert halls. Because the courses in this option build on each other chronologically and thematically, the four courses in this program must be taken in sequence. Students who complete the Humanities Program replace the requirements of the five courses in Option 1. Courses in the Humanities Program are described in the Academic Programs section of this catalog under General Studies (GES 145, GES 147, GES 244, GES 246).

TRANSFER INFORMATION:

Because of the integrated nature of the Humanities Program, these courses may not be transferred to Bethel without the permission of the Humanities Program Director.

General Education Capstone

Contemporary Christian Issues - Category of Courses (P)

This senior capstone course explores selected topics that challenge Christians to make personal and collective choices in light of their Christian values, education, and personal experience. It emphasizes deeper levels of self-understanding or a sharpened sense of some of the complex issues present in our contemporary society. The primary goals of this capstone course are to cultivate holistic and biblically
based views of oneself and the world and to facilitate ethical decision-making when faced with these issues. Students explore alternative Christian worldviews that can define and guide decision-making and/or developing oneself. They examine a theme pertaining to one's personhood and/or relationship to a facet of contemporary society in order to personalize and integrate varied approaches to that issue as part of the process of formulating a personal ethic. Contemporary Christian Issues (P) courses must be taken at Bethel. This requirement cannot be fulfilled through transfer courses.

TRANSFER INFORMATION:

Must be taken at Bethel. May not be transferred to Bethel.
Academic Honesty

Since Bethel University is a Christian academic community, its fundamental purpose is the pursuit of knowledge and the development of growing Christian persons. Essential to the success of this educational mission is a commitment to principles of ethical academic integrity. Every member of the university community is responsible for upholding the highest standards of honesty at all times. Students, as members of this community, are also responsible for adhering to the principles and spirit of academic honesty. There are several ways in which these principles and spirit can be violated:

Academic Honesty Violation Definitions

Activities that have the effect or intention of interfering with education, pursuit of knowledge, or fair evaluation of a student’s performance are prohibited. Examples of such activities include, but are not limited to, the following definitions:

1. **Cheating** - Using or attempting to use unauthorized assistance, material, or study aids in examinations or other academic work. *Example:* using a cheat sheet on a quiz or exam.

2. **Plagiarism** - Using the ideas, data, or language of another without specific and proper acknowledgement. *Examples:* misrepresenting another’s work (paper, lab report, article, or computer work) as one’s own original creation and submitting it for an assignment; using someone else’s ideas without attribution; failing to cite a reference or to use quotation marks where appropriate.

3. **Fabrication** - Submitting contrived or altered information in any academic exercise. *Examples:* making up data for an experiment; fudging data, citing nonexistent resources, or padding bibliography.

4. **Multiple submission** - Submitting, without prior permission, any work submitted to fulfill another academic requirement. *Example:* submitting the same paper for two different classes.

5. **Misrepresentation of academic records** - Misrepresenting, tampering with, or attempting to tamper with any portion of a student’s academic record, either before or after coming to Bethel University. *Example:* entering an unauthorized change to a grade.

6. **Unfair advantage** - Attempting to gain unauthorized advantage over fellow students in an academic exercise. *Examples:* gaining unauthorized access to examination materials (either past or present); obstructing or interfering with another student’s efforts in an academic exercise; misrepresenting the need for an absence or extension; continuing an exam beyond the prescribed time limit; destroying, hiding, removing, or keeping academic resources.

7. **Digital offenses** - Unauthorized destruction, modification or duplication of digital assets. *Examples:* software piracy; hacking; constructing or utilizing viruses; knowingly introducing viruses into a system; copying programs and data belonging to others.

8. **Facilitating academic dishonesty** - Knowingly helping or attempting to help another violate any provision of this code. *Example:* unauthorized working together on a take-home exam or other individual assignment; sharing exam content with someone who has not yet taken the exam.

Addressing Academic Dishonesty

While violating honesty standards is primarily an academic offense addressed by faculty and other academic officers, it is also a behavior inconsistent with Bethel’s Covenant for Life Together, which states that “We will not tolerate plagiarism and other forms of academic dishonesty.” As a result, academic dishonesty is dealt with by two separate and parallel processes.

Academic Penalties for Academic Dishonesty

When academic dishonesty occurs, penalties are given at the discretion of the faculty member, as described in the course syllabus. Such penalties can range from failure on an assignment to denial of credit (U or F) in a course.
Appeals of Academic Penalties

Students charged with a violation have the right to appeal any disciplinary action. The appeals process is as follows:

1. As soon as possible following the disciplinary action in question, the student will seek to resolve the matter first with the instructor or with the party directly responsible for the decision, and then with the department chair or program director. (If the instructor is the department chair/program director, the student should contact the Dean of Academic Programs.)

2. If after talking with the instructor and the department chair/program director, the matter is not resolved, the student may appeal in writing to the Associate Provost of the College of Arts and Sciences. This written appeal must be received within three weeks of the decision or incident in question.

Institutional Intervention in Addressing Habitual Academic Dishonesty

Because Bethel is committed to developing “whole and holy persons,” repeated or habitual violations of academic honesty are causes for concern and, potentially, disciplinary action. Because Bethel’s Covenant for Life Together urges us to “nurture one another” and “to elevate kingdom values over personal agendas,” the Associate Provost of the College of Arts & Sciences will be notified of all academic honesty violations. The faculty member reporting the academic honesty violation provides the student’s name, describes the violation, identifies the date of the violation, and describes the response by the faculty member. The Office of Academic Affairs (https://www.bethel.edu/undergrad/academic-affairs/) keeps a record of instances of academic dishonesty so that inappropriate behavior can then be reported to, and addressed by, the Office of Student Life (https://www.bethel.edu/undergrad/student-life/). While each offense is handled individually, the policy addresses the cumulative effect of all violations. This procedure involves the following:

First Violation

Written notification will be sent from the Associate Provost of the College of Arts and Sciences to the student indicating notification of this violation and the procedure that would be followed in the event of future occurrences. No further disciplinary action is taken beyond the penalty as assigned by the faculty member.

Second Violation

When a student has committed a second violation of the Academic Honesty policy, the Associate Provost of the College of Arts and Sciences will refer the student to the Dean of Student Life, who will meet with the student to clarify the next steps. The Dean will then make written recommendations to the student and the student’s academic advisor (or a faculty mentor chosen by the student) in order to address the student’s pattern of behavior. This letter will also describe the consequences of additional violations. These recommendations may include, but not be limited to:

- Meeting (or meetings) with the advisor
- Meeting with the instructor(s) involved
- Appointments with the Academic Enrichment and Support Center
- Involvement with a counselor

The advisor or mentor will monitor the student’s progress in acting on the recommendations and submit a report to the Dean of Student Life at the end of the academic year.

Third and Subsequent Violations

When a third (and subsequent) violation occurs, the Dean of Student Life will review the case and, in consultation with the Associate Provost for the College of Arts and Sciences, take appropriate action, which can include, but is not limited to, probation, suspension, or dismissal.
**Appeals of Disciplinary Action**

Students charged with habitual academic dishonesty have the right to appeal any disciplinary action. Appeals should be submitted in writing within three weeks of the decision to the Associate Vice President for Student Life.

The policies and procedures that address habitual academic dishonesty are not intended to be punitive but to be positively developmental in helping the student deal with a pattern of behavior that is harmful to both the individual and the community. Keeping a record of all violations is a way to identify and help students who have made an unfortunate habit of academic dishonesty, for whatever reason. Without this record, individual faculty members and the Office of Student Life (https://www.bethel.edu/undergrad/student-life/) will not be able to identify a pattern of offenses and will be unable to take the necessary, restorative action.

**Academic Progress**

**Grade Point Average**

The grade point average (GPA) is determined by dividing the number of grade points by the number of credits the student has attempted. Courses with the following grades are not included in the GPA calculation: AU, I, IN, S, U, W, WZ.

The GPA is calculated only on the basis of credits attempted at Bethel. In order to receive a degree, a student must have earned at least a 2.00 cumulative overall GPA and the required GPA in the major. Most departments require a 2.25 GPA in the major, but some departments require a higher GPA. See requirements for majors in this catalog.

When a student who has not yet received a degree from Bethel University's College of Arts & Sciences repeats a course, both grades for the course will remain on the transcript if the original and the repeated course were both taken at Bethel. The most recent grade will replace the previous course grade in the student's GPA. If the repeated course was taken at a different institution, the Bethel course will be excluded from the student's GPA but remain on the student's transcript. Transfer credit is not figured into a student's GPA.

**Provisionally Admitted Students**

Students whose past academic performance falls below Bethel's requirements for admission may be admitted on a provisional basis. These students must attain a cumulative GPA of 2.0 or better at the end of their first year in order to continue at Bethel. To support these students, Bethel requires all provisionally admitted students to participate in the Fresh Start program. This program includes GES 109 Orientation to College Studies (for first-time college students) and GES 119 Introduction to Bethel, (for transfer students), and is taken the first Fall semester of the student's enrollment at Bethel, GES 130 Christianity and Western Culture their first semester at Bethel, group tutoring sessions for GES 130 Christianity and Western Culture, and a specialized academic advisor who will monitor students' progress.

**Academic Progress, Probation, and Dismissal**

Academic standing is calculated at the end of fall and spring terms. Students and advisors are notified by the Office of the Registrar (https://www.bethel.edu/registrar/) if they are placed on Academic Alert, Academic Warning, Academic Probation, and Academic Dismissal.

1. **Good Academic Standing:** Students who are not on academic probation or academic dismissal are considered to be in good academic standing.
2. **Academic Alert:** Students receive an academic alert whenever their term GPA is below 2.00.
3. **Academic Warning:** Students whose cumulative GPA falls below 2.00 for the first time receive an academic warning for one term. After receiving an academic warning, students receive a warning for one additional term if their cumulative GPA remains below 2.00, but their term GPA is 2.25 or higher.
4. **Academic Probation:** Students whose cumulative GPA is below 2.00 and who do not meet the requirements for an academic warning are placed on academic probation. After being placed on academic probation, students whose cumulative GPA is below 2.00 and whose term GPA is 2.25 or higher move to academic warning. Students remain on academic probation for one additional term if their cumulative GPA is below 2.00 and their term GPA is 1.75 to 2.24. Students can remain on probation for a maximum of two consecutive terms. At that point students must progress to good academic standing or move to academic dismissal. Students who have a term GPA below 1.75 while on academic probation are placed on academic dismissal.

5. **Academic Dismissal:** The following students may be subject to academic dismissal:
   a. regularly admitted students whose cumulative GPA is below 2.00 at the end of their second semester;
   b. provisionally admitted students whose cumulative GPA is below 1.00 at the end of their first semester;
   c. all other students whose cumulative GPA is below 2.00 for two consecutive semesters; and
   d. students who do not meet the stipulations set by the Registrar at the time of being placed on academic probation. Patterns of poor performance not listed in items (a)-(d) above may also lead to academic dismissal.

   *Academic dismissal of any student is the decision of the Bethel University Registrar. Academic warning and academic probation may not always immediately precede academic dismissal.*

6. **Appeal of Academic Dismissal:** Students who have been dismissed may appeal to the Academic Appeals Committee. Instructions for the appeals process are provided by the Registrar when students are notified they have been dismissed.

7. **Academic standing is determined upon initial submission of final grades for Fall and Spring semesters.**
   a. Students who have received a change in final grade or who have repeated a course may petition the Office of the Registrar (https://www.bethel.edu/registrar/) to have their current academic standing reassessed.
   b. Students who have completed Interim or Summer credits may petition the Office of the Registrar (https://www.bethel.edu/registrar/) to have their current academic standing reassessed.

---

**Academic Appeals**

**Appeals of Academic Dismissal**

Students who have been academically dismissed are notified by the Registrar. They may appeal the academic dismissal to the Academic Appeals Committee by submitting a written appeal to the Office of Academic Affairs (https://www.bethel.edu/undergrad/academic-affairs/). Students may choose to be present at a hearing for the purpose of responding to specific requests for information from committee members. Written notification of the committee’s decision will be sent to students via their Bethel email address. Complete instructions and forms for the appeal process are sent by the Registrar when the students are notified of their dismissal; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c).

**Appeals of Grades and Other Academic Policies for a Course, Major, or Minor**

Appeals related to grades and decisions of the registrar in applying academic policies to a course or requirements for a major or a minor should be made as soon as possible following the decision in question; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). The student will seek to resolve the matter first with the instructor or with the party directly responsible for the decision, and then with the department chair. (If the instructor is the
department chair, the student should contact the dean of academic programs.) If after talking with the instructor and the department chair the matter is not resolved, the student may appeal in writing to the dean of academic programs. This written appeal must be received within three weeks of the decision.

Concerns about course content and procedures should be addressed first to the instructor and then to the department chair. If after talking with the instructor and the department chair, the issue has not been resolved, the student should contact the dean of academic programs.

**Appeals of General Education Requirements**

Appeals related to transfer of a course to fulfill a general education requirement should be made to the general education committee member responsible for the course or category in question. If the matter is not resolved, an appeal may be made to the associate provost of the college of arts and sciences within three weeks of the decision. A list of the general education committee members can be obtained in the Office of the Registrar (https://www.bethel.edu/registrar/) or the Office of Academic Affairs (https://www.bethel.edu/undergrad/academic-affairs/).

**Appeals of Graduation Requirements and Other Academic Policies**

Appeals related to graduation requirements and decisions of the registrar applying policies that are not related to a particular course or to a major or minor should be made as soon as possible after the registrar’s decision; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). Students should use the form found on the registrar’s website and submit the form to the associate provost of the college of arts and sciences.

**Appeals of Disciplinary Action Related to Academic Honesty**

Students charged with a violation have the right to appeal any disciplinary action; the appeals process complies with the Minnesota Statutes, section 122A.09, subdivision 4, paragraph (c). As soon as possible following the disciplinary action in question, the student will seek to resolve the matter first with the instructor or with the party directly responsible for the decision, and then with the department chair. (If the instructor is the department chair, the student should contact the dean of academic programs.) If after talking with the instructor and the department chair, the matter is not resolved, the student may appeal in writing to the associate provost of the college of arts and sciences. This written appeal must be received within three weeks of the decision or incident in question.

**Classification of Students**

The official classification of students (class standing) for each academic year is made at the beginning of the fall semester on the basis of a student’s having completed credits according to the following schedule:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>fewer than 30 credits</td>
</tr>
<tr>
<td>Sophomore</td>
<td>at least 30 credits</td>
</tr>
<tr>
<td>Junior</td>
<td>at least 60 credits</td>
</tr>
<tr>
<td>Senior</td>
<td>at least 90 credits</td>
</tr>
</tbody>
</table>
Course Policies and Grades

Accommodations Policy
Disability-related accommodations are determined by the Office of Accessibility Resources and Services (https://www.bethel.edu/disability/) (OARS). Students are responsible to contact the Office of Accessibility Resources and Services (https://www.bethel.edu/disability/). Once OARS determines that accommodations are to be made, it will notify the student and the instructor via e-mail. Students choosing to use the disability-related accommodations must contact the instructor no later than five business days before accommodations are needed. The instructor will provide accommodations, but the student is required to initiate the process for the accommodations.

Adding a Course
During any term (full term, half term, interim), students may add courses prior to the deadline listed in the academic calendar published in the academic catalog. Though not required, it is recommended that students consult their advisor before adding a course. Course adds are official on the date students make the change online or written notice is received by the Office of the Registrar (https://www.bethel.edu/registrar/).

Attending Classes
Students are accountable for all required work in each of their courses. They must assume full responsibility for class attendance in a way satisfactory to the instructor and for work missed because of absence. Since class sessions function not merely for individual learning but also for group interaction, absences can become a serious problem for both the individual and for the group.

For information on dropping a course see "Dropping a Course" below. For information on withdrawing from a course, including Administrative Academic Withdrawal, see "Withdrawing From a Course" and "Withdrawal (Academic Administrative)" below.

Auditing a Course
Students wishing to audit a course must secure the consent of the instructor. A student may change to or from audit status with the instructor’s approval only during the first five weeks of the semester. Auditing at Bethel is defined as observation in the classroom setting. Auditors are required to meet the attendance requirements set by the instructor. Participation beyond attendance in class activities is at the instructor’s discretion. The grade AU is given when a student audits the course. Students who do not meet the attendance requirements will be graded WZ. PSEO students are not eligible to audit courses.

Course by Arrangement
In special circumstances (e.g., a course has not been offered the terms indicated in the catalog or on academic plans) students may request to take a course by arrangement. To be eligible to take a course by arrangement, a student must have a cumulative GPA of 3.25 or higher and have junior or senior standing. Only courses that are requirements for a major or minor can be taken by arrangement. Students may take only one course by arrangement while completing their undergraduate degree in the College of Arts and Sciences. A course by arrangement is graded on an A/F or S/U basis.

A completed course by arrangement form must be submitted to the Office of the Registrar (https://www.bethel.edu/registrar/) by the add/drop day of the term in which the course is taken. The form must be approved by the faculty supervisor, academic advisor, the department chair of the department offering the course, and by the registrar. If the course by arrangement is at an international site, the student must complete required activities in the Office of International Studies and Off Campus Programs (https://www.bethel.edu/international-studies/) and obtain approval from the Associate Dean of International and Off Campus Programs. The Associate Dean of International and Off Campus Program’s signature on the course by arrangement form indicates approval. For
an international summer or fall course by arrangement, the deadline date for the submission of the completed form to the Office of the Registrar (https://www.bethel.edu/registrar/) is March 1. For an international interim or spring course by arrangement, the deadline date for the submission of the completed form to the Office of the Registrar (https://www.bethel.edu/registrar/) is November 1.

Course Time/Conflict
A course time conflict is a partial overlap of two academic courses. The partial overlap needs to be less than half the scheduled time of either course. If the time conflict is greater than 50% for either course, students must pursue a Course by Arrangement. Both courses must be requirements in the student’s major(s) or minor(s) or for the Honors Program (https://www.bethel.edu/undergrad/academics/honors/), with the exception of music ensembles and performance groups. Both instructors must sign off on the course time conflict form. This form needs to be returned to the Registrar’s Office (https://www.bethel.edu/registrar/) by the add/drop date for the term.

Disenrollment from a Course
Students who do not meet requirements may be administratively dropped from future course(s) in a program at the request of the department chair.

Dropping a Course
There are two ways for a student to drop a course.

Administrative Drop
Any student with no documented academic activity in a course (according to the course requirements) by the semester’s drop date may be dropped from the course.

Student Initiated Drop
During any term (full term, half term, interim), students may drop courses prior to the deadline listed in the academic calendar published in the academic catalog. Though not required, it is recommended that students consult their advisor before dropping a course. Dropped courses do not appear on the transcript. Course drops are official on the date students make the change online or written notice is received by the Office of the Registrar (https://www.bethel.edu/registrar/).

Dual Enrollment
Dual enrollment provides an opportunity for students enrolled in one Bethel school (CAS, CAPS, Seminary, or GS) to take specific courses in another Bethel school with a guest status. Students must consult their Academic Advisors in CAS or Student Success Advisors in CAPS, Seminary, or GS before undertaking the dual enrollment process. Requests are subject to approval by advisors, department chairs or program directors, and deans. Limitations may include prerequisites, available space, and program restrictions. Students are also limited to the number of courses for which they may dual enroll.

Grades and Grading
The scale below is used to define letter grades as well as the grade points assigned. The scores or points required in a course to earn a particular letter grade are determined by the instructor. All grades are considered final and are not subject to change except for errors in calculation, or as a result of a formal grade appeal process (see the Academic Appeals section of this catalog):

<table>
<thead>
<tr>

</tr>
<tr>
<td>C+</td>
<td></td>
<td>2.3</td>
</tr>
</tbody>
</table>
Grades for Music Components

For the sake of consistency among instructors, the grading of private lessons, performance groups, and artistic experiences (in all departments) will be graded as follows: credits will be assigned letter grades, non-credits are assigned grades on an S/U basis.

Grade Replacement

When a student repeats a course the grade and credits for the earlier course are excluded from the student’s GPA. If the repeated course is taken at Bethel, the new grade and credits are included in the GPA. If the repeated course is taken at a different institution, the new grade and credits are not included in the GPA. Grades for all courses remain on the student’s transcript.

Incompletes

If a student has been regular in class attendance and submission of assignments, but is unable to complete requirements for a course in the regular time due to causes that are beyond the student’s control, the student may petition to receive a grade of Incomplete. A petition for a grade of Incomplete is only considered after the last day to withdraw. All remaining work must be of a kind that can be done largely through the independent efforts of the student. The student must submit the Petition for Incomplete form to the course instructor for approval. If approved, the instructor indicates on the petition the work that must be completed and also the grade to be assigned if the work is not completed by the deadline set by the instructor. This deadline can be no later than eight weeks after the start of the next full semester (fall or spring). For courses with letter grades, the instructor submits a grade of I. For courses graded on an S/U basis, the instructor submits a grade of IN. Both the student and the instructor sign and keep a copy of the petition. If the student completes all requirements specified on the petition before the deadline, the newly earned grade replaces the grade of I or IN. Otherwise, the grade on the petition replaces the grade of I or IN. (See the Office of the Registrar (https://www.bethel.edu/registrar/) for petition forms.)

Prerequisites

Many courses have prerequisites in order to ensure that students have the appropriate academic preparation and experience for the course. Course prerequisites are listed with each course description. In some instances, the prerequisite may be waived by consent of the instructor.

Registration Changes

Full Term Course
Students may not add courses after the 8th calendar day of the term without the consent of the registrar. Courses dropped after the 8th day and through the end of the 12th week will be graded “W.” No full term course may be dropped after the 12th week of class.

**Half Term Course**

Students may not add a new course after the 8th calendar day of the start of the half-term without the consent of the registrar. Courses dropped after the first and through the end of the 6th week of a half-term class will be graded “W.” No half term course may be dropped after the 6th week of classes. Course registrations, drops and adds are official on the date written notice is received by the Office of the Registrar (https://www.bethel.edu/registrar/).

**S/U Grading**

The S/U grading option is used in student teaching and internships as well as music performance organizations and private lessons taken without credit. Other courses are graded on an A-F basis unless the S/U option is indicated in this catalog. The S grade indicates at least D level achievement.

**Transferring S/U Courses to Bethel**

With the exception of satisfactory or passing grades awarded during the COVID-19 pandemic of Spring and Summer of 2020, satisfactory or passing grades must be defined as equivalent to a C or higher in order to receive transfer credit. For credits taken during Spring and Summer 2020 only, all Satisfactory or Passing grades awarded will be awarded transfer credit, even if the other institution does not define satisfactory or passing grades as equivalent to a C or higher.

**Withdrawing from a Course**

Students may withdraw from a full-term course after the drop deadline and before the end of the 12th week of class. A grade of “W” is assigned for course withdrawals. Course withdrawals are official on the date students withdraw from the course online or written notice is received by the Office of the Registrar (https://www.bethel.edu/registrar/).

Students may withdraw from a half-term course after the drop deadline and before the end of the 6th week of class. A grade of “W” is assigned for course withdrawals. Course withdrawals are official on the date students withdraw from the course online or written notice is received by the Office of the Registrar (https://www.bethel.edu/registrar/).

Students may withdraw from an interim course or other course less than five weeks in length after the drop deadline and before the end of the 17th day of the term. A grade of “W” is assigned for course withdrawals. Course withdrawals are official on the date students withdraw from the course online or written notice is received by the Office of the Registrar (https://www.bethel.edu/registrar/).

**Note: Special Education Courses**

With the exception of interim, the add, drop, and withdrawal deadlines follow the College of Adult and Professional Studies calendar (https://catalog.bethel.edu/adult-professional-studies/academic-calendar/) published in the catalog.

**Withdrawal (Academic Administrative)**

Any student with no documented activity in a course (according to the course requirements) for a period of three weeks during fall or spring or one week during interim, where the last date of documented activity is prior to the course withdrawal deadline date, may be administratively withdrawn from the course.
Any student with no documented activity in all courses (according to the course requirements) for a period of three weeks during fall or spring, when the last date of documented activity is prior to the course withdrawal deadline date, may be administratively withdrawn from Bethel.

**Non-Z Companion Course**

With approval of the instructor, students may fulfill the Cross-cultural (Z) Experience requirement through an independent cross-cultural experience connected to a non-Z companion course. This may be done during the academic year or during summer school. In addition to registering for the non-Z companion course students must also register for, and successfully complete, two half-credit courses designed to help them gain the most benefit from the experience as well as future cross-cultural experiences (GES 101 and GES 102Z). (See the chart below for terms when courses should be taken.)

A non-Z companion class is an already existing course that has not been approved as a Z course, but which includes some cross-cultural interaction as part of a required or optional assignment. (These courses do not have a Z as part of their course number.) The faculty member teaching the course must approve a student's request to use the course as a non-Z companion class, but will not be responsible for overseeing or evaluating Z-related activities and assignments beyond any assignments and activities already required for the class.

The chart below may help determine when to enroll in GES 101 and GES 102Z based on when a student participates in an independent cross-cultural experience in conjunction with a non-Z companion course.

**Graduation Requirements and Program of Study**

For the associate's degree, a student's program of study includes the graduation requirements for an associate's degree (listed below).

For the bachelor's degree, a student's program of study includes the graduation requirements for a bachelor's degree (listed below) as well as additional majors, minors, endorsements, and certificates declared by the student.

Students are required to meet the graduation requirements of the printed version (or pdf version) of the catalog that is published for the academic year in which they enter Bethel. If new majors or minors are added to the catalog after the publication of the printed version of the catalog, currently enrolled students may choose to enroll in a newly added major or minor. They must meet the requirements of that major or minor as it is first published.

Each student is assigned an academic advisor to assist with academic and career planning. Students may also work with the Office of Career Development and Calling (https://www.bethel.edu/career-development/) to explore career options. Students are responsible to ensure that they have fulfilled graduation requirements and should use their Degree Works evaluation to do so.

**Majors**

All students choose a major from an academic department or multidisciplinary program. They may also choose to develop an individualized major designed to meet their needs and interests. Majors at Bethel range between 30-93 semester credit hours. It is possible to complete a second or third major by using elective credits or increasing the total number of credits taken. At least half of the credits
used to meet the requirements of a major must be taken at Bethel. A 2.25 GPA in the major is required unless otherwise noted in the Academic Programs section of this catalog.

**Double Majors**

The overlapping of requirements in any combination of majors chosen by a students is permitted as long as the student meets the requirements listed for each major. All completed programs (e.g., Bachelor of Arts [B.A.], Bachelor of Science [B.S.], Bachelor of Music [B.Mus.], Bachelor of Music Education [B.Mus.Ed.], Bachelor of Fine Arts [B.F.A.]) will be indicated on the transcript, regardless of overlapping course requirements and without the addition of extra required hours. The senior seminar in both majors is required of students unless the student receives written approval from one of the departments to waive that seminar. Students should have an official advisor in one of the two majors, but they should regularly check with an advisor in the second major to make sure they are on track with their second major.

**Minors**

Though not required, many students choose to complete one or more minors in order to pursue areas of interest or to complement their major. Students may choose from the minors in this catalog and may not create an individualized minor. Minors range between 18-24 semester credit hours. Students may choose to take additional credits toward the minor or use their elective credits. Students may not earn a minor in a program in which they will receive or have received a major except where specifically noted in the Academic Program section of this catalog. At least nine (9) credits of any minor must be completed at Bethel.

**Program Overlap Policy**

Students may not earn a minor that has the identical name as their major. Some minors and secondary majors are not allowed with particular majors. Consult the major/minor requirements listed in this catalog for further information.

**Endorsements**

Though not required, students may choose to complete one or more endorsements in order to pursue areas of interest, or to complement their major. Students may choose from the endorsements in this catalog and may not create an individualized endorsement. Endorsements range between 6-39 semester credit hours. Endorsements may have additional non-credit requirements. Students may choose to take additional credits toward the endorsement or use their elective credits. Upon completion of a degree, an endorsement is listed as a comment on the academic transcript.

**Certificates**

Though not required, students may choose to complete a certificate in order to pursue a specific area of interest or to complement their major. Students may choose from the certificates in this catalog and may not create an individualized certificate. Certificates range between 18-34 semester credit hours. Certificates may have additional non-credit requirements. Students may choose to take additional credits toward the certificate or use their elective credits. Upon completion of a degree, a certificate is listed as a comment on the academic transcript.

**General Requirements for a Baccalaureate Degree**

Degrees Offered: Bachelor of Arts (B.A.), Bachelor of Science (B.S.), Bachelor of Music (B.Mus.), Bachelor of Music Education (B.Mus.Ed.), Bachelor of Fine Arts (B.F.A.)  
*NOTE:* Degree Works identifies each degree separately, and related majors, minors, and endorsements are listed in the evaluation for that degree.
After students declare majors, minors, certificates, and endorsements, Degree Works identifies each degree separately.

1. A cumulative overall grade point average (GPA) of 2.00. The cumulative GPA includes only courses taken at Bethel.
2. A 2.25 GPA in one’s major, unless otherwise noted. The major GPA includes all courses required in the major and all electives taken for the major at Bethel.
3. A minimum of 122 semester credit hours.
4. The following must be taken in programs that meet Bethel residency requirements or at Bethel (see Office of the Registrar (https://www.bethel.edu/registrar/) or Office of International and Off-Campus Programs (https://www.bethel.edu/off-campus-programs/)):
   • at least 28 of the last 35 credits,
   • at least half of the credits used to meet the requirements of the major,
   • GES 130 Christianity and Western Culture or GES 145 through GES 244 in the Humanities Program (must be taken at Bethel; cannot be brought in through any other programs),
   • a Contemporary Christian Issues (P) course (must be taken at Bethel; cannot be brought in through any other programs).
   • GES 140 Introduction to Wellbeing must be taken at Bethel except by students who are exempt from this requirement because of their entry level.
5. A minimum of three (3) semester credit hours in General Education Biblical Foundations courses.
6. A minimum of 37 credits at the upper-division level (300 and 400).
7. All General Education required courses and experiences listed on the General Education Entry Standing chart (p. 59) that are indicated by a “Yes” for their entry level.
8. Completion of interim courses as indicated on the General Education Entry/Transfer Level chart (p. 59) on the following pages (minimum of three (3) credits, maximum of five (5) credits per interim).
9. Completion of the requirements of a major (listed by department in this catalog).
10. Demonstration of basic competencies in:
   • Writing: One course is designated in each major, in addition to the required GES 160 Inquiry Seminar course and a writing emphasis in Contemporary Western Life and Thought (L) course, Comparative Systems (G) course, Interpreting Biblical Themes (J) course, and Contemporary Christian Issues (P) course.
   • Speaking: One upper-division course is designated in each major, in addition to required speaking assignments in the GES 160 Inquiry Seminar course, the Humanities Program, and Contemporary Christian Issues (P) courses.
   • Computing: As Bethel faculty increase the applications of computing to regular courses in each major, student knowledge of basic uses in their fields will be required. Students are encouraged to bring their laptops with them to campus.
11. In order for multiple majors and minors to be considered as one degree program, they must be taken simultaneously and completed within one academic year of each other. Bethel University will award a student’s degree when a student’s degree program requirements have been completed, whether or not the student applies to graduate. Students typically maintain eligibility for financial aid while completing their degree program provided that their total credits do not exceed 150% of the credits required for their degree program. Exceptions will be reviewed on a case-by-case basis.
12. Completion of any departmental and institutional assessment activities.
13. Upon completion of program, participation in commencement ceremonies is expected.

**Additional Baccalaureate Degree**

An additional Bethel University Baccalaureate Degree (e.g., Bachelor of Arts [B.A.], Bachelor of Science [B.S.], Bachelor of Music [B.Mus.], Bachelor of Music Education [B.Mus.Ed.], Bachelor of Fine Arts [B.F.A.]) may be awarded, upon request, when a student has met all requirements of the additional
degree and earned, in residence, a minimum of twenty-seven (27) unduplicated semester credits from the department in which the additional degree is earned. Unduplicated semester credits are those that are not used to meet the requirements of any other Bethel University Baccalaureate Degree. Transfer students who hold a Baccalaureate Degree from another institution may earn a Bethel University Baccalaureate Degree if they meet all the requirements of the degree program including the general education requirement and the residency requirements.

Commencement Ceremony Participation
Students who have not completed all required courses for graduation may participate in the commencement ceremony provided that they have no more than a total of seven (7) credits remaining. For May commencement, students must plan to complete their courses by the end of the Fall term of the next academic year. For December commencement, courses must be completed by the end of the Spring term of the same academic year.

Policies regarding residency requirements, as well as any departmental residency requirements, apply.

General Requirements for an Associate of Arts Degree
The Associate of Arts degree contains a balanced program of liberal arts education without orientation to a particular major or minor. Requirements for the degree include 61 semester credit hours and the designated competencies as listed below. These requirements can usually be met in two years of full-time study. General Education Entry/Transfer levels (p. 59) apply to students seeking an Associate of Arts degree.

General Education Courses: 31-33 credits

Introduction to Wellbeing (GES 140)
Inquiry Seminar (GES 160) or Western Humanity in Christian Perspective I-III (GES 145, GES 147, and GES 244)

Introduction to the Bible (BIB 101)

Christianity & Western Culture (GES 130) or Western Humanity in Christian Perspective I-III (GES 145, GES 147, and GES 244)

Artistic Experience (A)
Mathematics course (M)
Laboratory Science course (D)

Introduction to the Creative Arts (GES 125) or Western Humanity in Christian Perspective I-III (GES 145, GES 147, and GES 244)

World Cultures course (U)

Contemporary Western Life and Thought course (L) (prerequisite: GES 130 or GES 145 and GES 147) or Western Humanity in Christian Perspective I-IV (GES 145, GES 147, GES 244, and GES 246)

Leisure and Lifetime Sports course (Q)

Students entering Bethel with credits may be exempted from some of the General Education requirements (p. 15) based on their General Education Entry Standing (p. 59). See the Transfer of Credits section (p. 55) of this catalog.
Arts, Humanities, and Science: 5 credits
Choose courses from: humanities, social science, communication studies, natural sciences, or mathematics

Electives: 23-25 credits as needed to complete the required 61 credits for the Associate of Arts degree.

Additional Requirements
1. A cumulative GPA of at least 2.00.
2. At least 28 of the last 35 credits must be taken at Bethel.
3. One interim course.
4. Taken at Bethel:
   a. A minimum of 3 semester credit hours in General Education Biblical Foundations courses.
   b. GES 130 Christianity and Western Culture or GES 145 through GES 244 in the Humanities Program.
5. Upon completion of program, participation in commencement ceremonies is expected.
6. Participation in commencement ceremonies is permitted for students who have not completed all graduation requirements provided they have no more than seven (7) credits by the end of the fall term of the next academic year. For December commencement, courses must be completed by the end of the spring term of the same academic year. Policies regarding residency for particular courses apply.

Final Examinations
At the close of the Fall and Spring semesters, one week is provided for final examinations. Two hours are allowed for each examination. The examination schedule is prepared by the registrar and published at the time of registration. Students are required to take examinations at the indicated time. Exceptions necessitated by conflicts with an established work schedule, severe personal hardship(s), or academic hardship (in the form of having three examinations on one day) must be approved by the faculty member. Faculty approval must be obtained at least two weeks prior to the date of the exam in cases where the hardship is known in advance. Exams will not be rescheduled merely for the economy and/or convenience of the student.

Final examinations are usually given in Interim and Summer school courses, but no special days are specifically set aside for this purpose.

Bethel’s policy on final exams is that every regular academic course must include a final exam or other final appropriate academic exercise within the final exam schedule. In lieu of a final exam that covers the entire course, the following have been declared to be appropriate academic exercises: a paper due at the time of the regularly scheduled final exam period; a unit test similar to others given during the term which covers only a part of the course; or a required class meeting or academic exercise during the regularly scheduled final exam period. Final exams should not be advanced into the last week of classes because doing so negatively affects student performance in other classes.

Interim
Interim courses take place during three weeks in January and sometimes differ from those taught in the fall and spring semesters. Some are offered at locations away from the campus. Most interim courses are listed in this catalog. Description of interim courses not listed are provided as part of the interim and spring schedule. Students are strongly encouraged to take an interim course each of their first three years, so as to retain maximum flexibility for completing all requirements in the senior year. See General Education Entry Standing level (p. 59) for the number of interims required.
Students are allowed to add/drop a class on or before the third interim class day. They will not be allowed to enroll in a different interim class if they drop a class after the third interim class day.

**Summer School**

By taking courses in Bethel's Summer School (https://www.bethel.edu/undergrad/academics/summer-school/), students may be able to take a lighter load during the academic year, make room for a study abroad program, or perhaps even graduate earlier. Courses are offered for many different majors and most General Education requirements can be met by taking summer school courses. Bethel conducts six summer school sessions. The first, fourth, and full summer terms start shortly after spring commencement. The second, third, and fifth summer terms start mid-June. The end dates vary by course. Summer school registration starts in April. Most courses are offered online.

**Honors**

**Bachelor's Degree Honors**

Honors at graduation for bachelor's degrees are awarded on the basis of a student's cumulative grade point average (GPA) and are indicated on the transcript at the time the degree is awarded. The GPA used for the award of honors is truncated (not rounded) at the hundredths.

Students who complete at least 68 credits at Bethel receive honors based on the following cumulative GPA criteria:

<table>
<thead>
<tr>
<th>Honors Degree</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>3.90</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.75</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>3.60</td>
</tr>
</tbody>
</table>

Transfer students who complete fewer than 68 credits at Bethel receive honors based on the following cumulative GPA criteria:

<table>
<thead>
<tr>
<th>Honors Degree</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>3.92</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.80</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>3.68</td>
</tr>
</tbody>
</table>

For commencement ceremonies, decisions concerning honors cords and honors annotations in the program are based on the GPA at the end of Interim for May commencement ceremonies and on the GPA at the end of the previous Summer term for December commencement ceremonies.

**Dean's List Honors**

Students receive Dean's List honors for each semester in which they earn at least 12 semester credit hours that carry grades used in the calculation of the grade point average (GPA) and earn a cumulative grade point average of 3.6 or better. The Dean's List is final as of 10 days after the last day of final examinations. Students completing work after this date do not become eligible.

**Pietas Honors Program**

The Pietas Honors Program (https://www.bethel.edu/undergrad/academics/honors/) is designed to encourage and serve students desiring a challenging academic program that pursues Bethel's long-standing commitment to the integration of faith and learning. See the Pietas Honors (p. 225) section of this catalog for specifics on this program. Students do not need to participate in the Pietas Honors Program (p. 225) to receive honors status at graduation.
Individualized Study
Directed Studies

Juniors and seniors with a cumulative grade point average (GPA) of 3.25 or higher may request to take a directed study course in their major or minor for academic credit. Students must design the directed study course in cooperation with their academic advisor and a faculty member who will supervise the study. A directed study course may not be used to meet General Education requirements (p. 17). An application for directed study must be submitted to the registrar no later than one week before the beginning of the semester in which it is to take place. The policies below apply to all directed study courses:

1. The proposed study must embody significant academic purpose and content, equal in quality to a regular course, yet be of such a nature that it cannot be obtained within an existing course. The amount and distribution of work should be similar to that of a regularly offered course of comparable credit.

2. It may be used only for advanced course credit in a student's major or minor field.

3. The student must be a junior or above and have demonstrated in departmental course work that he or she has the capability and background to study independently. The academic advisor's signature certifies this ability.

4. The student must have a cumulative GPA of 3.25 or higher.

5. A student may take only one Directed Study per term and no more than a total of two courses toward graduation. A faculty supervisor may direct no more than two Directed Studies per term.

The procedures to be followed in obtaining approval of a Directed Study proposal are:

1. The student obtains application form and instructions from the Office of the Registrar (https://www.bethel.edu/registrar/).

2. The student meets with the faculty member who will supervise the study, and they jointly prepare an agreement, listing the objectives of the study, its relationship to the student's overall program, the specific content and procedures of the study, the definition of student and faculty roles, and the product or response to be made by the student on which his or her learning will be evaluated. The number and frequency of regular contacts between the student and supervisor will be indicated. Students doing research off-campus will contact their supervisor at regular intervals.

3. This agreement is then approved by the student's academic advisor, if different from the supervisor of the study.

4. The agreement must also be approved by the chair of the department offering the study. The student then submits the completed and signed application to the Office of the Registrar (https://www.bethel.edu/registrar/) no later than one week before the beginning of the term in which the directed study will take place, with the exception of international directed studies.

5. If the directed study is at an international site, the student must complete required activities in the Office of International and Off Campus Programs (https://www.bethel.edu/international-studies/) and obtain approval from the Associate Dean of International and Off-Campus Programs. The Associate Dean of International and Off Campus Programs's signature on the directed study, or course by arrangement form indicates approval. For an international interim or spring Directed Study, the deadline for submission of the completed form is November 1. For a fall international Directed Study, the deadline for submission of the completed form is March 1.

6. The approval of the Registrar validates the agreement.

7. Should the student wish to appeal a rejection by the Registrar, the proposed agreement will be reviewed by the Committee for Academic Affairs (CAA).
Upon fulfilling the agreement, the student receives credit on the transcript for the course as titled. A copy of the agreement will be placed in his or her permanent file. Directed Studies are graded on an A/F basis, not S/U.

**Individualized Major**

Students may choose to develop an individualized major designed to meet their needs and interests. Any such program should have a coherent organizing principle that differs significantly from those underlying standard majors. The program must be developed in consultation with an academic advisor and must be submitted and approved by the end of the first semester of students’ junior year. Students wishing to consider such a possibility must discuss it with their academic advisor. Any such programs must meet all of the following conditions:

1. The proposal must contain a block of 48-60 credits chosen according to a coherent organizing principle based on the student’s needs and interests. That principle must differ significantly from those underlying standard majors. The proposal must make a clear, explicit, and convincing case for the theoretical and/or practical interconnectedness between the departmental disciplines. It is recommended that proposals also specify why, on balance, it is worth sacrificing more depth in each discipline in order to gain the particular individualized perspective proposed.

2. When two disciplines or fields are included, the proposal must show why the need met by the proposed individualized major cannot be met by any other single major, double major (two stand-alone majors), or multi-disciplinary major.

3. The proposal must contain junior level (300) courses from at least two standard disciplines or fields. In at least one of these disciplines or fields, work at the senior level (400) must be selected.

4. The proposed major must show how all other requirements for majors are met (e.g., the speaking, writing, and computing competencies). The requirements of the major must include the required upper division hours.

5. The proposal must include a culminating experience at the senior level (400), focused upon the organizing principles of the major and in the form of a senior seminar, internship, or directed study.

6. All general education provisions of the curriculum must be observed. No more than three (3) courses may be used to fulfill both a major and a G (p. 17)eneral Education requirement (p. 17).

*The following procedures shall be observed in preparing and obtaining approval for Individualized Majors:*

1. The student obtains application forms and instructions in the Office of the Registrar (https://www.bethel.edu/registrar/) or its website.

2. The student and the advisor shall jointly prepare an application, expressing the organizing principle and listing the courses that will make up the major. Students should have an advisor from each department from which they are taking nine (9) or more credits toward their individualized major program.

3. If nine (9) or more credits are to be taken from any single department, the chair of that department must approve the proposal.

4. A review committee composed of three faculty members, the registrar, and the dean of academic programs will evaluate the proposal. The dean of academic programs is responsible for forming this committee and calling the meeting. (If the proposal follows a previously approved program, the registrar will approve it and place it on file.)

5. The student submits the application with two additional photocopies to the Office of the Registrar (https://www.bethel.edu/registrar/). All proposals must be submitted and approved by the end of the first regular semester of the student’s junior year. When the proposal has been approved, one copy will be filed in the Office of the Registrar (https://www.bethel.edu/registrar/), one copy will be sent the student, and one to the advisor.

6. Programs that are rejected may be, upon appeal, reviewed by the Committee for Academic Affairs (CAA).
An approved program may subsequently be amended with the approval of the student's advisor(s) and the registrar.

**Internships**

An academic internship is a learning/practicing experience, preferably taken in an off-campus setting, in which students explore and/or apply a body of knowledge and skill in a structured non-classroom setting. It can take place in many settings and may make use of almost every knowledge and skill area in Bethel's curriculum. Credit is available through some departments to qualified students in their majors. Inquiries should be directed to department chairs. The internship may be part-time or full-time and may be salaried or non-salaried. Routine jobs or work that repeats previous experience do not qualify for an academic-credit internship. The work must provide an opportunity to meet academic/educational objectives.

An acceptable internship is one that expects students to explore career aspirations and make a deliberate application of their academic knowledge and skills; continue to learn as stimulated by the problems and issues encountered; grow in their personal maturity and confidence in one's abilities; and develop empathy with and understanding of persons, groups, and settings typically not encountered on campus. An internship must embody significant academic purpose and content, equal in quality to a regular course, yet be of such a nature that it cannot be obtained within the existing course structure.

Students may register for an internship in either a course-based internship through an academic department or as an individual internship. An internship is conducted under joint supervision of a Bethel faculty member and an on-site supervisor. Both parties agree on the specific objectives by the end of the first 1/3 of the term of the internship. Both parties stay in touch during the internship, if required, and at the end of the internship experience. There should be a plan for on-going processing of the experience (log, weekly meetings, etc.). If the internship is completed as an individual internship, it is expected that the Bethel faculty supervisor will interact at least bi-weekly with the student.

If the internship is to be completed in the context of a course, students must register for the internship course through the standard registration process. To remain enrolled in the internship class, all required paperwork is due to the faculty member no later than:

- October 1 for fall term internships
- The interim add/drop deadline for interim internships
- March 1 for spring term internships
- June 15 for summer term internships

*A faculty member may set an earlier deadline in her/his course.*

If the internship is at an international site, students must complete required activities in the Office of International and Off Campus Programs (https://www.bethel.edu/international-studies/) office and obtain approval from the associate dean of international and off campus programs. The associate dean of international and off campus programs signature on the internship form indicates approval.

Application for Internship due in the Office of the Registrar (https://www.bethel.edu/registrar/):

Requirements for students: The student must meet the following criteria:
Leaving the University Prior to Graduation

- Declared major or minor in the department of the internship being proposed;
- Junior or senior standing.
- Minimum of 10 credit hours completed in the department;
- Minimum cumulative GPA of 2.00 and a 2.25 GPA in the major (individual departments may require a higher GPA)
- Meet additional criteria as established by each department.

Requirements for course:

- An internship may earn from 1 to 4 credits.
- Each internship credit requires a minimum of 45 on site hours at the internship site. (3 credits = 135 hours, 4 credits = 180 hours)
- A maximum of 9 credits in internships may be taken within the 122 credits required for graduation.
- Each separate internship must have goals and objectives different than the prior ones taken for credit.
- Internships are graded S/U (See Grading).
- These policies identify minimum university-wide requirements. Departments may choose to supplement with additional requirements.

Leaving the University Prior to Graduation

Withdrawal

Students who decide to discontinue their studies prior to completing their program must officially withdraw. To officially withdraw from Bethel University, a student should complete the appropriate forms available from the Office of Student Life (https://www.bethel.edu/undergrad/student-life/), or call the office at 651.638.6300 and schedule an appointment for an exit interview. Failure to notify the institution of an intent to withdraw may result in loss of financial aid and housing deposit.

Stop Out

On occasion, it may become necessary for a student to leave school for a semester for a variety of reasons. Students who find it necessary to discontinue their studies for only one semester, with the intent to return to Bethel after that semester, may be eligible for a stop-out status rather than officially withdrawing from the university. A student interested in receiving a stop-out status should inquire about eligibility with a dean in the Office of Student Life (https://www.bethel.edu/undergrad/student-life/). To be granted a stop-out, a student must be in good standing academically and financially, must have been at Bethel at least one full semester, and must plan to be away no more than one full semester.

A stop-out status allows a student to return to Bethel after one semester away without reapplying for admission. Students also retain their class-level status for housing sign-up and academic registration. The stop-out procedure may only be utilized once by students during the course of their academic studies, unless special approval is granted by the university.

Readmission

Students who have officially withdrawn from the university must apply to be readmitted if more than one semester has passed since their last enrollment. Requirements for students who re-enter Bethel within two years of the time of last enrollment are based on the catalog of the year they originally entered Bethel.

If more than two years have passed since they last enrolled in a course at Bethel, they must meet the requirements of the catalog for the year they re-enter. However, students who have three or fewer
courses to complete may choose to stay on the most recent catalog under which they were enrolled or move to the current catalog. Students who are in programs that lead to licensure are responsible for meeting current licensure standards.

Students who have been academically dismissed may apply to be readmitted no sooner than one semester after their dismissal. Readmission requires evidence of academic success at another college or university. This is usually demonstrated by completing a semester as a full-time student and earning a GPA of 2.5. Readmission of students who have been academically dismissed is reviewed by the Office of Student Life (https://www.bethel.edu/undergrad/student-life/), the Office of the Registrar (https://www.bethel.edu/registrar/), the Office of Academic Affairs (https://www.bethel.edu/undergrad/academic-affairs/), and the Business Office (https://www.bethel.edu/business-office/). Students readmitted after being academically dismissed will be provisionally readmitted.

Military and Veteran Information

At Bethel, we honor those who are currently serving and have previously served our country. The Office of Military and Veteran Services offers a number of services to active military members and veterans. Through this office, military-affiliated students and their families receive support in the admissions process, study space, financial aid, veteran benefits, spiritual formation, healthcare resources, and career services.

See the following list of Military and Veterans’ programs and resources for more information on what Bethel offers to military-affiliated students and their families:

**Office of Military and Veteran Services:**
bethel.edu/military-veteran-services/ (https://delivery.bethel.edu/t/r-l-tdhhlh-kdputjhth-hk/)

651-635-2422/2470

**2021-2022 Military Benefits Verification Form:**
Students who will receive military benefits for tuition and fees and/or books and supplies should use this form (https://www.bethel.edu/financial-aid/forms/military-benefits-form-1920/) to report these amounts. At Bethel, students are required to submit a written request to use entitlement for military benefits, and the submission of this form completes this requirement.

Students are also required to submit a certificate of eligibility for entitlement to educational assistance before the second term of certification.

**Bethel Military Scholarship:** https://www.bethel.edu/military-veteran-services/resources

**Bethel Military Tuition Discount:** https://www.bethel.edu/military-veteran-services/tuition-rate

**Military Partnerships:**
- Membership in the Yellow Ribbon Program
- Acceptance of many AARTS credits

For more information on Bethel’s military partnerships, visit: https://www.bethel.edu/academics/partnerships/military (https://www.bethel.edu/academics/partnerships/military/)

**Financial Aid and Military Benefits:**
Beyond Bethel’s membership in the Yellow Ribbon Program, there are a number of other sources of aid given to military-affiliated students. A few examples of military benefits given to Bethel students are listed below:

- Federal Tuition Assistance (FTA) – Air Force
- Federal Tuition Assistance (FTA) – Army
• Federal Tuition Assistance (FTA) – Coast Guard
• Federal Tuition Assistance (FTA) – Marine Corps
• Federal Tuition Assistance (FTA) – Navy
• Federal Tuition Assistance (FTA) and Top Up
• Minnesota GI Bill
• Minnesota State Tuition Reimbursement (STR)
• VA Chapter 1606 – Montgomery GI Bill Selected Reserve (MGIB – SR)
• VA Chapter 30: Montgomery GI Bill (MGIB)
• VA Chapter 31 - Vocational Rehabilitation and Employment (VR & E)
• VA Chapter 33 - Post 9/11 GI Bill
• VA Chapter 35 - Dependents’ Educational Assistance Program (DEAP)
• VA National Call to Service

If students are awarded military benefits, Bethel-controlled grants and scholarships will be reduced if students' total military benefits, grants and scholarships exceed the financial aid budget for tuition, fees, room, board, books and supplies. For more information on military benefits, visit: https://www.bethel.edu/undergrad/financial-aid/types/military-benefits/

ROTC:
The resources and programs of ROTC are available to Bethel University students. These resources include scholarships and other forms of financial aid. All credits earned in the program will transfer to Bethel. For full information contact:

Off-Campus Programs

Bethel University has long recognized the importance of offering its students a wide range of off-campus educational opportunities in both domestic and international locations. Such experiences are a significant part of the academic program at Bethel, providing an opportunity for expanded understanding of the world. Bethel sponsors a wide variety of programs of its own as well as several in collaboration with host organizations, consortiums, and universities around the globe. Students must attend Bethel at least one semester before participating in an off-campus studies program.

The Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) offers information and assistance to all students interested in studying abroad and in other off-campus locations, either short-term or for a semester. For a complete listing of program offerings and application information, visit Bethel's study abroad website (https://study-abroad.bethel.edu/).
Several components of the General Education curriculum are intended to prepare graduates for life in the interconnected, mutually dependent global community. The off-campus, cross-cultural experience (Z) course requirement can be met by successfully completing a semester abroad. In addition, off-campus interim courses that incorporate interaction with people from another culture and have been pre-approved by the General Education committee also fulfill this requirement. Cross-cultural experience courses include a Z in the course number.

Enrollment Requirements for Students
All students participating in Bethel University’s off-campus programs must register for the course(s) for academic credit. Students on non-Bethel programs will bring in their courses as transfer credits and must receive a grade of C in a course for Bethel to accept the credit. Students participating in Bethel University-run programs can expect their credits and grades to impact their Bethel GPA. Students on non-Bethel programs will typically bring in their courses as transfer credits and must receive a grade of C in a course for Bethel to accept the credit. There are a few exceptions, so students should verify with the study abroad office in advance.

International Programs
Please contact the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) for more information regarding program options, eligibility, application processes and billing policies. The programs listed in the catalog are a sampling of offerings and locations, not an exhaustive list. For a complete listing of program offerings and application information, visit Bethel’s study abroad website (https://study-abroad.bethel.edu/).

Semester Programs
To participate in a semester program, students must have at least sophomore status (second year or minimum of 30 credits). Seniors interested in a semester abroad must participate in a program meeting the Bethel residency requirement or receive special permission to pursue admission to a different program. Bethel requires a minimum 2.5 grade point average, with some programs having higher requirements. With the exception of LCC International University, the program described in the catalog offers courses that will count toward the Bethel GPA as they would during a semester on-campus. Students must complete the approval process through the Office of International Studies and Off-Campus Programs (https://www.bethel.edu/international-studies/).

Bethel Programs

England Term
Bethel University offers a biennial (fall of even-numbered years) academic program of residential study and travel in Great Britain, Ireland, Northern Ireland, and France. Led by a faculty member from the Department of English and Journalism (https://www.bethel.edu/undergrad/academics/english-journalism/), England Term emphasizes serious academic study, the building of Christian community, and the experience of other cultures in ways that are not possible in on-campus programs. Students are abroad for an entire semester, alternating between extended stays at home bases and travels throughout England, Scotland, Wales, Ireland, Northern Ireland, and France. Sites are chosen for their literary, historical, and cultural significance, and usually include such places as Edinburgh, the Lake District, Oxford, Cambridge, Stratford, London, and Dublin. The program offers opportunities for deeper cultural contact (e.g., home stays with British or Irish families) and approximately two weeks for independent travel in Europe. Students complete the Z-tag cross-cultural component and take courses in literature, drama, and travel writing.
Europe Term: Communication

Europe Term is a semester-long study experience (fall of odd-numbered years) based in Austria with significant study travel to numerous European countries (often Italy, Germany, France, Ireland, and Poland). The program is led by Bethel faculty and utilizes an intercultural communication perspective to analyze communication and cultures of Europe. Students live and study in small but cosmopolitan European cities, building relationships with individuals from all over the world. The program is sponsored by the Department of Communication Studies (https://www.bethel.edu/undergrad/academics/communication/) and is open to students of any major. Students typically take 14 credits and complete the Cross-cultural Experience (Z), Comparative Systems (G) and Science, Technology, and Society (K) requirements of Bethel’s General Education curriculum.

Spain Term

Bethel University offers a fall semester academic program in Segovia, Spain. An hour from the capital city of Madrid, Segovia is a town rich in history, architecture, and cultural sites. This program is primarily directed toward students interested in furthering their proficiency in the Spanish language and knowledge of culture. All classes are taught in Spanish at the Center for Hispanic Studies. Students have the opportunity to interact with native Spanish speakers and university students through organized culture and language exchanges at the center. More cultural interaction takes place with Spanish host families. Though geared toward Spanish majors, Spain Term is open to students who have completed the equivalent of two years of college-level Spanish courses or the equivalent.

Third Party Programs

LCC International University (Lithuania)

LCC is a four-year educational institution with a North American style of education focused on liberal arts and leadership development. LCC is noted for having an international campus community, with students and staff from all over Eastern Europe and faculty from Europe, the United States, and Canada. The campus is located in Klaipeda, a port city on the Baltic Sea and a major Eastern European cultural center. Courses are taught in English in the core areas of theology, psychology, sociology, writing, and business. Students live in dorms with European students and have the opportunity to travel to Russia, Latvia, Estonia, and other Eastern European destinations. Students generally enroll in 15 semester hours of transfer credit.

Middle East Studies Program (MESP)

MESP, based in Amman, Jordan, allows students to explore and interact with the complex and strategic world of the modern Middle East. Interdisciplinary seminars give students the opportunity to explore the diverse religious, social, cultural, and political traditions of Middle Eastern people. In addition to seminars, students study the Arabic language and work as volunteers with various organizations. Through travel to other Middle Eastern nations, students are exposed to the diversity and dynamism of the region. MESP encourages and equips students to relate to the Muslim world in an informed, constructive, and Christ-centered manner at a time of tension and change. Students enroll in 15-18 semester hours of credit.

Scholars’ Semester in Oxford

Honors and other highly qualified students have the opportunity to study in England through an interdisciplinary semester at one of the colleges of Oxford University. This rigorous academic program, aimed at increasing critical thinking skills and scholarship from a Christian perspective, allows participants to choose from a wide variety of tutorial study programs in religious studies, history, English, history of science, and philosophy. In addition to two Oxford tutorials, students participate in a seminar and an integrative course through which they produce a scholarly project or term paper. Field trips provide opportunities for experiential learning in England’s rich historical setting. Students enroll in 17 semester hours of credit.
Other International Study Opportunities

Other study abroad programs approved by Bethel are available during interim or semester terms. These programs can be arranged for students through the Office of International Studies and Off-Campus Programs (https://www.bethel.edu/international-studies/).

Approved Semester Provider Programs

The Office of International Studies and Off-Campus Programs (https://www.bethel.edu/international-studies/) maintains a list of approved organizations assisting students in their study abroad endeavors. Typically open to sophomores and juniors, these programs provide options in numerous locations and disciplines. Students can stay enrolled at Bethel and utilize most forms of financial aid while participating in an approved provider program.

Bethel Interim Programs

Bethel faculty members often teach interim courses in international settings. These classes are offered in a variety of subject areas. Courses vary from year to year. All students must have a minimum 2.2 grade point average and complete the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) approval process. Open to any undergraduate students, assuming prerequisites are met.

Outside Interim Programs

Several study abroad programs offer January Term courses in a variety of locations and subject matter. Information is available in the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/). All students must meet Bethel’s minimum standards (minimum 2.2 grade point average and clear disciplinary record) and complete the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) approval process as well as the application process of their chosen program including petitioning the coursework for transfer credit.

Summer Programs

All students must have a minimum 2.2 grade point average (or higher, depending on the program) and complete the standard study abroad approval process. Seniors must meet residency requirements. Contact the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) for a complete list of summer options.

Oxford Summer Programme

The Oxford Summer Programme (OSP) is a program of the Council for Christian Colleges and Universities (CCCU) and Wycliffe Hall, Oxford. The program is designed for students wishing to gain a more comprehensive understanding of the relationship between Christianity and the development of the West and who wish to do specialized work under expert Oxford academics in the areas of history, religious studies, political theory, philosophy, English, and the history of science. The Programme is structured for rising college sophomores, juniors, and seniors; graduate and seminary students; nontraditional students; teachers; and those enrolled in continuing education programs.

Programs Within the United States

Semester Programs

Students must have completed a minimum of 30 credits and seniors must meet residency requirements in order to participate in semester off-campus programs. All students must have a minimum 2.5 grade point average and must complete the off-campus studies approval process. Unless otherwise noted, the following programs will be counted in the Bethel University GPA.
Consortium Visitor Program
The Christian College Consortium Visitor Program is designed to give students an opportunity to take advantage of course offerings and varied experiences on other Christian college and university campuses for a semester while maintaining regular standing at Bethel. Further information on the Consortium Visitor Program may be obtained from the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/). The courses taken at a consortium school should be petitioned to count for Bethel requirements and will be counted as transfer credits.

The Oregon Extension
The Oregon Extension is a fall semester program of intensive interdisciplinary studies in the Southern Oregon Cascade Mountains for juniors and seniors. It provides an opportunity to grapple seriously with ideas, Christian commitment, and life together in a small community of five faculty and 30 students. Students enroll in 16 semester hours of credit.

HECUA Twin Cities
HECUA (Higher Education Consortium for Urban Affairs) is a collection of off-campus, academic programs based in the Twin Cities for juniors and seniors. The semester programs are comprised of experiential, collaborative experiences with local communities such as internships, workshops, field visits, and community engagement, providing opportunities to make connections between theory and practice. With program topics in the field of environmental justice, art and inequality, and reconciliation, students enroll in 16 semester hours of credit.

Summer Program
Au Sable Institute of Environmental Studies
Bethel participates in the Environmental Studies extension program available at the Au Sable Institute with campuses in northern Lower Michigan or Washington state in the Pacific Rim. Students can do one summer session or back-to-back summer terms. Interested students should obtain information from the Department of Biological Sciences (https://www.bethel.edu/undergrad/academics/biology/).

For a complete listing of program offerings and application information, visit Bethel's study abroad website (https://study-abroad.bethel.edu/).
Post Secondary Enrollment Options (PSEO)

The Postsecondary Enrollment Options (PSEO) program (https://www.bethel.edu/advising-center/prospective-students/pseo/) is a Minnesota program allowing high school students to enroll in courses at local cooperating colleges and universities. Through the program, students do not have to pay for college tuition, textbooks, or support services, and cooperating postsecondary institutions receive partial expense reimbursement from the Minnesota Department of Education (https://education.mn.gov/mde/).

Each year, Bethel admits a limited number of high school seniors through the PSEO program. PSEO students enrolled at Bethel must follow the policies and guidelines outlined below until graduating from high school. Bethel does not necessarily seek state reimbursement for all courses that PSEO students take.

Advising

PSEO students are assigned an academic advisor in the department of a major in which they may be interested. If they have not identified a major they are interested in, they will be assigned an advisor who works with Exploratory students. While Bethel works with students and their high school counselors to ensure that courses taken at Bethel meet high school graduation requirements, responsibility for completing those requirements rests on the student.

General Requirements and Policies for PSEO Student Registration

Within the limits and exceptions outlined below, students can take 100-level and 200-level classes for which they have met the prerequisites. Students can be registered for no more than 16 credits in a semester and no more than 4 credits in interim.

Required Courses

PSEO students are required to complete at least one of the following courses during their first academic year in the PSEO program at Bethel: COM 110 Basic Communication, GES 130 Christianity and Western Culture, GES 145 Humanities I: Greco-Roman through Middle Ages, GES 160 Inquiry Seminar, or HON 160 Pietas Seminar I.

Excluded Courses

Students cannot be registered for courses that focus on the Bible or Theological issues (with the exception of BIB 102, this includes courses with the prefix BIB, THE, or MIN). PSEO students cannot be registered for sports courses that have fees of $30 or greater. All courses taken in PSEO must meet graduation requirements at the high school, so non-credit bearing and audited courses are not available for PSEO registration.

Additional Notes

A limited number of online courses are available to PSEO students. General Education Entry Standing (http://catalog.bethel.edu/arts-sciences/general-information/transfer-credits-bethel/transfer-entry-level/) is determined at the beginning of the PSEO year and cannot be changed by earning additional credits if the student continues at Bethel beyond the Bethel PSEO year.

For some courses, Bethel does not receive reimbursement from the state, but students may be registered for these courses while they are a PSEO student at Bethel. These courses are listed below.

Tuition
Students do not pay tuition nor academic fees, with the exception of music lessons or trip expenses.

Summer Courses
Tuition and fees for summer school courses are not covered by the PSEO program, though PSEO students may choose to take summer school courses and cover the cost of tuition and fees themselves.

Student Load
Student load for Fall and Spring semesters is 12 to 18 credits for full-time students and fewer than 12 credits for part-time students. To enroll for more than 18 credits, a student must have a GPA of at least 3.25 in each of the two preceding semesters, complete a petition explaining the reason(s) for the overload, and receive the approval of the advisor and the Office of the Registrar. (https://www.bethel.edu/registrar/)

Student load for interim is 3 to 5 credits. Most students take 3 credits. If a student is registered above the maximum credit load for interim (five credits) on the day before interim classes begin, the Registrar's Office (https://www.bethel.edu/registrar/) will drop the most recent course(s) for which the student had registered until the student is no longer above the maximum credit load for interim.

Student load for summer may not exceed 12 credits.

Under the Code of Federal Regulations [8 C.F.R. § 214.2 (f)(6)(i)(G)], for F–1 students enrolled in classes for credit or classroom hours, no more than the equivalent of one class or three credits per session, term, semester, trimester, or quarter may be counted toward the full course of study requirement if the class is taken online or through distance education and does not require the student's physical attendance for classes, examination, or other purposes integral to completion of the class. An online or distance education course is a course that is offered principally through the use of television, audio, or computer transmission including open broadcast, closed circuit, cable, microwave, satellite, audio conferencing, or computer conferencing. If the F–1 student’s course of study is in a language study program, no online or distance education classes may be considered to count toward a student’s full course of study requirement.

Transferring Credits
Bethel welcomes transfer students from regionally accredited colleges and universities, both public and private and both two-year and four-year universities. To recognize the academic work completed elsewhere Bethel has developed entry standings based on the number of credits completed prior to entering Bethel. Students at the various standing levels, students who have completed the Minnesota Transfer Curriculum (http://www.mntransfer.org/transfer/mntc/t_mntc.php), or students who have completed an Associate of Arts or Bachelors degree are exempt from some General Education requirements. For more information see the Entry Standing Tables. (p. 59)

Transfer Evaluation System (TES)
The Transfer Evaluation System (TES (https://www.bethel.edu/undergrad/admissions/explore/transferring-credits/)) can be used by transfer students, other students entering Bethel with college credits, and current Bethel students who wish to take some courses elsewhere so that they see how
Courses taken at another institution will transfer to Bethel. Courses not found in TES will be reviewed by the Office of the Registrar (https://www.bethel.edu/registrar/) in consultation with the faculty. For incoming students, transfer credit evaluations are valid for the student's anticipated semester of enrollment and the following semester. If enrollment is deferred for additional semesters, transfer work must be re-evaluated.

**Transfer Policies**

Bethel accepts transfer credits in accordance with the policies below:

1. Courses must have been taken at a regionally accredited college or university or at an institution accredited by the Association of Biblical Higher Education (https://www.abhe.org/).
   a. Unless there is an approved articulation agreement with the ABHE school, no more than 12 credits may be transferred to Bethel. Credits transferred from ABHE schools are limited to bible or theology courses and these courses are brought in as no more than twelve 100-level elective credits in biblical studies.
   b. Bethel enters into articulation agreements with ABHE schools after review by the Registrar, the Associate Provost, and the General Education committee for general education courses or the department chair for departmental courses.

2. Only courses at the 100-level (1000-level for colleges using a four-digit numbering system) and higher are accepted for transfer. Remedial courses are not accepted for transfer.

3. Vocational/Technical courses (e.g., Massage Therapy, Auto Mechanics) may not be transferred to Bethel.

4. Only courses in which students earn a grade of C or better may be transferred to Bethel. Courses taken pass/fail, credit/no credit, satisfactory/unsatisfactory do not transfer unless the official transcript indicates that a pass/fail, credit/no credit, satisfactory/unsatisfactory is equivalent to a grade of C or higher. For satisfactory or passing grades on other schools' transcripts that are not defined as equivalent to a C or higher, transfer credits will be awarded for the class if the instructor of record submits a letter on letterhead that indicates the student earned the equivalent letter grade of a C or higher. The transfer credits could be awarded as elective, general education, major, or minor credits, depending on the equivalency of the course. The student is responsible to arrange for the course instructor to send documentation to the Registrar’s Office (https://www.bethel.edu/registrar/).
   a. **COVID-19 Information:** With the exception of satisfactory or passing grades awarded during the COVID-19 pandemic of Spring and Summer 2020, satisfactory or passing grades must be defined as equivalent to a C or higher in order to receive transfer credit. For credits taken during Spring and Summer 2020 only, all Satisfactory or Passing grades awarded will be awarded transfer credit, even if the other institution does not define satisfactory or passing grades as equivalent to a C or higher.

5. Audited courses are not accepted for transfer to Bethel.

6. Official transcripts for all courses completed at colleges outside of the United States must be evaluated (and translated, if needed) by an approved evaluation agency or U.S. college or university. Examples of evaluation agencies include, but are not limited to, World Evaluation Services, AACRAO International Education Services, and Educational Credential Evaluators Inc.

7. Grades earned in transfer courses are not included in calculating the cumulative GPA or the GPA for the major at Bethel.

8. Official transcripts from the college, university, or institution offering the transfer course are required.

9. The Office of the Registrar (https://www.bethel.edu/registrar/) consults departments and the General Education Committee to determine which Bethel requirements may be fulfilled by transfer courses. Final decisions are made by the Office of the Registrar (https://www.bethel.edu/registrar/). The Office of the Registrar (https://www.bethel.edu/registrar/) evaluates official transcripts only.
a. In order for a transfer course to fulfill a requirement for majors and minors it must be approved by the department offering the course and the Office of the Registrar (https://www.bethel.edu/registrar/).

b. Approval for a course to fulfill a General Education requirement must be obtained from the General Education Committee member overseeing the course or General Education category and the Office of the Registrar (https://www.bethel.edu/registrar/).

10. In order for a transfer course to fulfill a specific Bethel requirement:
   a. the credits of the transfer course must be greater than 50% of the credits of the Bethel requirement (e.g., a 2-credit transfer course may not be used to fulfill a 4-credit Bethel requirement but a 3- or 4-credit transfer course may fulfill either a 3- or 4-credit Bethel requirement).
   b. the level of the transfer course must not be more than one level lower than the Bethel requirement it fulfills (e.g., a 100-level course may replace a 200-level course, but may not replace a 300-level course.)

11. Transfer courses that do not fulfill specific courses or requirements may be brought in as electives and counted toward the total credits required for graduation.

12. Students are responsible for ensuring that official transcripts from other colleges and universities are sent to Bethel and for monitoring their academic records to verify which Bethel requirements the transfer courses fulfill.

13. Students studying abroad should obtain approval of courses to be taken abroad prior to their departure. Petition forms are available through the Office of the Registrar (https://www.bethel.edu/registrar/).

14. Current Bethel students who wish to take courses at another college or university for transfer to Bethel should obtain approval prior to taking the course. Upon completion of the course, they should ensure that official transcripts are sent to the Office of the Registrar (https://www.bethel.edu/registrar/).

15. Of the last 35 credits taken to complete a degree at Bethel, at least 28 must be taken at Bethel.

16. Articulation agreements may include exceptions to transfer credit, course requirement, and degree requirement policies.

Credits by Examination

Within the structures outlined below, Bethel University awards advanced placement in recognition of learning that has been achieved apart from a college classroom situation. A maximum of 30 credits in advanced placement can be applied toward a degree program.

1. Credit may be awarded to a student who receives a qualifying score on:
   a. an Advanced Placement Examination (AP). A minimum score of 3 is required in order for the exam to replace most Bethel requirements. A score of 4 or higher is required to fulfill the Inquiry Seminar requirement as well as requirements for some majors. The Office of the Registrar (https://www.bethel.edu/registrar/) maintains information about AP exams and General Education requirements. Students should consult departments for information about AP courses that may be used to fulfill requirements in the major.
   b. either a General Examination or a Subject Examination of the College-Level Examination Program (CLEP). Consult the Office of the Registrar (https://www.bethel.edu/registrar/) for details.
   c. an International Baccalaureate (IB) exam. Bethel awards 3 credits for Standard Level Examinations with a score of 5 or higher. A student with a score of 4 or higher on a Higher Level Examination is awarded 6 credits. Consult the Office of the Registrar (https://www.bethel.edu/registrar/) for details.
defense-activity-for-non-traditional-education-support-dantes.html#text=The%20Defense%20Activity%20for%20Non-continuing%20to%20serve%20their%20country), which is equivalent to a college course. Consult the Office of the Registrar (https://www.bethel.edu/registrar/) for details.

2. Exemption from certain first-level courses may be granted on the basis of an adequate score on special placement examinations devised by the respective departments.

3. Students who complete high school outside the U.S. may be eligible to receive credit for some first-year courses.

General Education Entry Standing

Entry Standing Level

The Entry Standing:

- Determines which General Education requirements a student must fulfill and the number of interims that must be completed
- Is assigned at the time of entry to Bethel
- Is based on semester credit hours that are accepted in transfer to Bethel and completed prior to enrolling at Bethel
- Is assigned at the beginning of the Postsecondary Enrollment Options (PSEO) year for students participating in the PSEO program
- Will not be changed from the original level assigned unless a student leaves Bethel and returns after a period of two or more years, during which they earned credits at another college or university and did not complete any courses at Bethel.

In 2017, Bethel updated the General Education program to require all students take GES 140 Introduction to Wellbeing and GES 160 Inquiry Seminar. All incoming Freshmen and transfer students are required, based on their entry standing level, to successfully complete these two courses to earn their degree.

Students who already have a Bethel Bachelor’s degree and who are completing a second degree or major are considered to have met all General Education requirements. They need only meet the requirements for the major, including the major residency requirement.

Helpful Notes:

- Entries of 'Yes' mean students must take the course to complete their chosen degree
- Entries of 'No' mean students are exempt from taking the course to complete their chosen degree
- Students can meet the GES 125, GES 130, GES 160, THE 201, and L course requirement through the Humanities program, (courses: GES 145, GES 147, GES 244, and GES 246)
Entry Standing Charts for students who entered prior to Fall 2019 can be found on the General Education Curriculum Policies webpage (https://www.bethel.edu/undergrad/academic-affairs/curriculum/general-education/)

* Must be taken at Bethel

** GES 160 Inquiry Seminar includes both speaking and writing components. GES 160 can be fulfilled by transferring in courses that fulfill the writing component (GES161 Inquiry: Writing) and the speaking component (GES162 Inquiry: Speaking). Students may also transfer a course that meets the writing component (GES161 Inquiry: Writing) and take one of the following Speaking courses: COM 110 Basic Communication, COM 318 Argumentation and Debate, COM 324 Professional and Technical Communication, COM 386 Advanced Public Speaking, or COM 387 Speaking in Ministry Contexts at Bethel.
The Family Educational Rights and Privacy Act (FERPA)

PURPOSE AND APPLICABILITY

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended ("The Act"), is a federal law enacted to establish procedures for disclosing information contained in student records and to protect the privacy of these records.

The Act applies to currently enrolled students, beginning on the first day of attendance, and former students.

The Act does not apply to individuals who have applied for admission but never attended Bethel University or applicants for admission who are denied enrollment.

Information obtained on a former student subsequent to graduation or termination of enrollment is not covered under The Act (e.g., data accumulated on alumni).

All rights under The Act cease when a person dies; Bethel will decide on a case by case basis what records of deceased students can be released and to whom they will be released.

DEFINITIONS

Eligible Student: A student who has reached 18 years of age or is attending an institution of postsecondary education.

School Official:

• A person employed by Bethel University in an administrative, supervisory, academic or research, or support staff position including security and safety personnel and health services staff.
• A person or company with whom Bethel University has contracted, such as auditors, attorneys, or the National Student Clearinghouse.
• A person serving on the Board of Trustees.
• A student serving on an official committee or assisting another University official in performing his or her tasks.

Education Records: Records that directly relate to a student and are maintained by an educational institution.

Education records may include:

• class lists;
• grade rosters;
• student schedules;
• correspondence; and
• data in an electronic database.

Education records do NOT include:

• records about students made by instructors, professors, and administrators for their own use and not shown to others (sole possession records);
• Office of Security and Safety records maintained solely for law enforcement purposes and kept separate from the education records described above;
The Family Educational Rights and Privacy Act (FERPA)

- employment records, except where a currently enrolled student is employed as a result of his or her status as a student;
- records of a physician, psychologist, or other recognized professional made or used only for treatment purposes and available only to persons providing treatment (while not education records, these records are subject to FERPA);
- records that contain only information relating to a person's activities after that person is no longer a student at the University;
- financial information submitted by parents(s)/guardian(s);
- directory information not restricted by the student; and
- confidential letters and recommendations placed in the student's record if the student has waived in writing his or her right to inspect those letters and recommendations. Students may revoke such a waiver at a later time, but the revocation must be in writing and is only effective with respect to actions occurring after the revocation.

Personally Identifiable Information: All information that is directly related to a student. This information includes both “directory information” and “non-directory information.”

Directory Information: Information contained in a record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. At Bethel University, directory information includes:

- student’s name;
- address;
- telephone listing;
- electronic mail address;
- photograph or digital image;
- date and place of birth;
- major field of study;
- grade level (freshman, sophomore, etc.);
- enrollment status (e.g.; undergraduate or graduate; full time or part time);
- dates of attendance;
- participation in officially recognized activities and sports;
- weight and height of members of athletic teams;
- degrees, honors, and awards received;
- most recent educational agency or institution attended; and
- Bethel Community Account username, which is used by the student for purposes of accessing or communicating in electronic systems, since this identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a personal identification number (PIN), password, or other factor known or possessed only by the authorized user.

Non-Directory Information: Any personally identifiable student information that is not directory information. At Bethel University, non-directory information includes, but is not limited to, a student’s Social Security number or student identification (ID) number.

Legitimate Educational Interest: An educationally related purpose, which has an identifiable educational relationship to the student involved and underlies a request for the disclosure of education records.

STUDENT RIGHTS
Currently enrolled and former students have the right to:

- inspect and review information contained in education records within 45 days after Bethel receives a request for access;
- request the amendment of the student’s education records that a student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights;
- consent to disclosure, subject to certain exceptions specified in The Act, of personally identifiable information from education records; and
- file a complaint with the Department of Education concerning an alleged failure by Bethel to comply with The Act.

Procedure for Inspecting Records

Students must request permission in writing to inspect their records and must present that request to the Registrar’s Office, who will coordinate the inspection of records.

- The records will be made available to the student for inspection not more than 45 days following the receipt of the request.
- A Bethel employee must be present while the student inspects his or her records.
- Students may request copies of available records when failure to provide a copy of the record would effectively prevent the student from inspecting and reviewing the record. Students may be required to pay a per copy fee. A copy may be refused, but only if, in doing so, the institution does not limit the student’s right to inspect and review that record.

A student may inspect records of disclosure, which will be kept by the office in which the record is maintained unless such inspection is prohibited under the terms of a court order or lawfully issued subpoena.

Procedure for Requesting the Amendment of Records

With the exception of grades or disciplinary actions, if a student believes that information in his or her record is inaccurate, misleading, or otherwise in violation of his or her privacy rights, he or she may request that a change in the record be made.

- Such a request must be in writing, clearly identify the part of the record the student wants changed, and submit the request to the appropriate University official in whose office the record in question is located.
- If Bethel decides not to amend the record as requested, Bethel will notify the student in writing that he or she may make a written request to that official for a hearing to contest the record.
- A hearing will be conducted within 30 days of the written request (or as soon thereafter as is practical) with the student having an opportunity to present all relevant evidence. The hearing panel will consist of the University official in charge of the record in question and two other officials selected by the official in charge.
- The student will be notified within two weeks of the hearing (or as soon thereafter as is practical) as to the decision of the official or hearing panel. The decision of the hearing panel is final.
- If the student disagrees with the action taken by the hearing panel, he or she may place a statement in his or her educational record giving the reasons for disagreeing with the decision.

NOTE: An appeal of grades or disciplinary action should follow the processes outlined in the student handbook and/or academic catalog.

Procedure to Request Withholding of Directory Information

- In the fall semester, students will be notified about the opportunity to request that Directory Information be withheld.
The Family Educational Rights and Privacy Act (FERPA)

Students may request to withhold disclosure of Directory Information by completing a form online or in the Registrar’s Office.

Bethel will continue to honor a student’s last request with regard to the disclosure or non-disclosure of Directory Information made while the student was in attendance at Bethel. Bethel cannot assume the responsibility to contact the student for subsequent permission to release Directory Information. Regardless of the effect upon the student, Bethel assumes no liability for honoring an instruction to restrict/withhold Directory Information.

A student who is no longer enrolled cannot request that Directory Information be withheld. A student who is no longer enrolled can rescind their request to withhold Directory Information.

PARENT RIGHTS

The Act generally does not guarantee any rights to parents or guardians of students who are attending post-secondary institutions.

However, at Bethel's discretion, The Act does allow Bethel to provide parents with access to their student's educational records provided the parents claim the student as a dependent on their federal income tax return. If a student is claimed as a dependent for federal income tax purposes by either parent (regardless of the parents’ current marital status), then, at Bethel's discretion, Bethel may disclose information in the student’s education records without the student’s consent.

As a matter of general practice, Bethel does not release student education records to parents of dependent students without the student’s written authorization. Bethel does provide all students with the ability to give parents and other third parties online proxy access to their education records.

OFFICES THAT MAINTAIN RECORDS

For information about records, contact the Registrar’s office, or the office in which the records are maintained. Types of records maintained by Bethel University are as follows:

- Office of the Registrar—Personal information data, course registration, records of all courses taken including grades, documents related to degree completion requirements, and other related information.
- Business Office—Records related to charges, payments, emergency contact information, and Perkins loans for educational services rendered by Bethel.
- Office of Career Development and Calling—Placement data completed by the student, resumés, information on courses taken toward degree, letters of recommendation from faculty and/or employers
- Academic Departments—Student applications to program, copies of grades, notes from student interviews, faculty recommendations, department recommendations, records of field experiences, clinicals, practica, internships, and other related documents.
- Health Services—Student medical forms, copies of athletic physicals, and records of medical services rendered to the student through the university.
- Office of Student Life—Photograph, ID card information, evaluations from residence hall personnel, interest test results, housing applications, Covenant for Life Together and miscellaneous correspondence, disciplinary information.
- Office of Development—Personal data on alumni of the university and records of financial giving.
- Faculty Advisors—Notes from advising sessions; copies of various communications to and from advisee, faculty, and other offices; and related advising material.

DISCLOSURE OF EDUCATION RECORDS

• Students may request to withhold disclosure of Directory Information by completing a form online or in the Registrar’s Office.
• Bethel will continue to honor a student’s last request with regard to the disclosure or non-disclosure of Directory Information made while the student was in attendance at Bethel. Bethel cannot assume the responsibility to contact the student for subsequent permission to release Directory Information. Regardless of the effect upon the student, Bethel assumes no liability for honoring an instruction to restrict/withhold Directory Information.
• A student who is no longer enrolled cannot request that Directory Information be withheld. A student who is no longer enrolled can rescind their request to withhold Directory Information.

PARENT RIGHTS

The Act generally does not guarantee any rights to parents or guardians of students who are attending post-secondary institutions.

However, at Bethel's discretion, The Act does allow Bethel to provide parents with access to their student's educational records provided the parents claim the student as a dependent on their federal income tax return. If a student is claimed as a dependent for federal income tax purposes by either parent (regardless of the parents’ current marital status), then, at Bethel's discretion, Bethel may disclose information in the student’s education records without the student’s consent.

As a matter of general practice, Bethel does not release student education records to parents of dependent students without the student’s written authorization. Bethel does provide all students with the ability to give parents and other third parties online proxy access to their education records.

OFFICES THAT MAINTAIN RECORDS

For information about records, contact the Registrar’s office, or the office in which the records are maintained. Types of records maintained by Bethel University are as follows:

• Office of the Registrar—Personal information data, course registration, records of all courses taken including grades, documents related to degree completion requirements, and other related information.
• Business Office—Records related to charges, payments, emergency contact information, and Perkins loans for educational services rendered by Bethel.

• Office of Development—Personal data on alumni of the university and records of financial giving.
• Faculty Advisors—Notes from advising sessions; copies of various communications to and from advisee, faculty, and other offices; and related advising material.

DISCLOSURE OF EDUCATION RECORDS
Conditions Under Which Directory Information May Be Released

Directory Information may be released at the discretion of University officials without the written permission of the student, unless the student has requested that directory information be withheld. If the student has requested that directory information be withheld, the information will not be released without their written consent.

Conditions Under Which Directory and Non-Directory Information May Be Released

Directory and Non-Directory Information may be released without the written consent of the student to:

- Authorized representatives of the Comptroller General of the United States.
- The Attorney General of the United States.
- The Secretary of Education.
- State or local educational authorities, for audit and evaluation of federal- and state-supported education programs, or for the enforcement of or compliance with federal legal requirements that related to those programs.
- Bethel University personnel or other school officials who have a legitimate educational interest in the records. This category includes a person or organization retained to be an agent for, or under contract with, Bethel University, such as financial auditors, attorneys, or National Student Clearinghouse. It also includes personnel from other institutions with whom Bethel University has made consortium arrangements. Disclosure to a school official having a legitimate educational interest does not constitute institutional authorization to transmit, share, or disclose any or all information received to a third party.
- Officials of another school in which the student seeks to enroll.
- Persons or organizations involving financial aid in order to determine the student's eligibility for financial aid; to determine the amount of financial aid; to determine conditions to be imposed regarding financial aid; and to enforce conditions of financial aid.
- State and local officials as allowed by state statutes concerning the juvenile justice system.
- Organizations that are conducting studies to develop, validate, and administer predictive tests; administer student aid programs; and improve instruction. Those organizations cannot redisclose personally identifiable information of students.
- Accrediting agencies carrying out their accrediting functions.
- Parents of dependent students (that is, students who are claimed as dependents on their parents’/guardians’ most recent federal tax return). However, as a matter of general practice, Bethel does not release student education records to parents of dependent students without the student’s written authorization. Instead, Bethel provides all students with the ability to give parents and other third parties online proxy access to their education records.
- To comply with a judicial order or lawfully issued subpoena. The University will notify the student when such a request occurs without the student’s knowledge unless prohibited by law.
- Appropriate persons in a health or safety emergency. If Bethel determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from educational records to any person whose knowledge of the information is necessary to protect the health or safety of the student or others, provided that Bethel will only exercise this authority for the duration of the emergency.

The University can release information related to a student contained in law enforcement records so long as such records are created by a law enforcement unit, created for a law enforcement purpose, and maintained by a law enforcement unit in a manner that segregates them from records maintained by other components of the University.

Conditions Under Which Education Records Will Not Be Released
Unless otherwise required by law, Bethel University official transcripts will not be issued to students who are delinquent in paying University charges for educational services or who are behind in financial loan repayments.

Copies will not be provided of education records (e.g., transcripts) that were issued by other educational institutions unless authorized by the Registrar.

Unauthorized disclosure of personally identifiable information from the education record of any student is prohibited.

Criteria Used to Determine the Legitimate Educational Interest of School Officials

The following criteria shall be taken into account in determining whether a school official has a legitimate educational interest in the disclosure of student education records:

• The official must seek the information within the context of the responsibilities that he or she has been assigned;
• The information sought must be used within the context of official University business and not for purposes extraneous to the official's area of responsibility or to the University;
• The information requested must be relevant and necessary to the accomplishment of some task or to making some determination within the scope of University employment;
• The task must be determined to be consistent with the purposes for which the data are maintained. Requests related to institutional research and studies are subject to this criterion;

Other Faculty and Staff Responsibilities

Bethel University will notify students annually of their rights under The Act by publishing such information in the University catalog and E-Announcements. A complete policy is available from the Office of the Registrar.

Bethel University will maintain a record of requests for access to and disclosure of a student’s Non-Directory Information to anyone other than:

• the student;
• University officials with a legitimate educational interest;
• a party with the student's written consent; and
• a party seeking or receiving the records as directed by a court order or lawfully issued subpoena that directs the University to refrain from disclosing the contents of the subpoena or the information furnished in response to the subpoena.

Enforcement

Enforcement of this Act is the responsibility of the Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, D.C. 20202-5920.

Academic Programs and Departments

Majors

• Studio Art (p. 84)
• Teaching English to Speakers of Other Languages (TESOL) (p. 245)
• Theatre (p. 266)

Endorsements
• Healthcare Endorsement (p. 212)
• Senior Care Leadership and Administration Certificate* (p. 212)

*These Healthcare programs are offered in addition to Bethel's traditional minors through our dual enrollment program with the College of Adult & Professional Studies to provide students opportunities to supplement their primary degrees with courses that well suit careers in Healthcare.
An overview of how to use this catalog

Course Numbers, Levels, Credits, and Prerequisites

The primary purpose of Bethel’s course number system is to identify the intended participant in of each course, its level of content and material, and any necessary course background. Courses are designed primarily for students at the levels indicated below.

<table>
<thead>
<tr>
<th>Subject Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>100s</td>
<td>Freshman</td>
</tr>
<tr>
<td>200s</td>
<td>Sophomore</td>
</tr>
<tr>
<td>300s</td>
<td>Junior</td>
</tr>
<tr>
<td>400s</td>
<td>Senior</td>
</tr>
</tbody>
</table>

The subject code indicates the academic subject being studied. The suffix code indicates the General Education requirement(s), if any, that can be met by completing the course.

Prerequisites

Prerequisites are courses or other requirements (e.g., sophomore standing, consent of instructor, placement exam) that must be met before enrolling in a particular course. In this catalog, a comma between items in a list of prerequisites indicates that students may choose any of the items on the list to meet the prerequisites. A semicolon between items indicates that each item in the list is required before enrolling in the course.

1. P course and Christianity and Western Culture requirements cannot be fulfilled through transfer courses.
2. May be taken concurrently.

Letters (e.g., A, D) indicate a General Education category from which students select a course of their choice.
Art and Design

The Department of Art and Design (https://www.bethel.edu/undergrad/academics/art/) emphasizes holistic creativity and prepares students to engage with the diverse society in which they will be makers. We stress hands-on creative action, where materials, ideas and expressive experimentation collide, forming new possibilities that equip students as they become emerging artists and designers. We emphasize engagement with materials and media of every kind, from bronze, paint, ink and clay to design platforms, video, and darkroom photography. Students gain the technical skills and processes needed for freedom of expression in any medium, alongside learning the ideas, culture, art history and theory that make art and design complete as human, spiritual and meaningful vocations. We thrive on this unified platform where art informs design, design informs art, and ideas and the spiritual informs the whole.

The Department serves students through four degree options: for those pursuing studio art alongside their broad liberal arts education, the Bachelor of Arts major; for those pursuing the studio arts as a profession, the Bachelor of Fine Arts; for those preparing for a career helping others through artmaking and expression, the Bachelor of Arts in Art Therapy; and for those pursuing a career in design, the Bachelor of Arts in Graphic Design. In addition to these majors, the department offers minors in Photojournalism, Art History, Studio Art and Graphic Design.

ART 100A • Foundations: Color, Composition, and Ideation 3 Credits
An exploration of foundational aspects of visual expression, including the elements and principles of design, color theory, experimentation, and critique. Students gain experience in a variety of materials and processes through both solo and collaborative projects.
Offered: Fall, Interim, Spring, Occasionally summer.

ART 101A • Foundations: Materials, Space, and Meaning 3 Credits
An introductory level investigation of three-dimensional form and making. Diverse materials and media are explored and applied to both formal and expressive studio problems. Developmental approaches to artmaking are emphasized.
Offered: Fall, Occasionally interim, Spring.

ART 103A • Foundations: Drawing 3 Credits
Development of visual perception through observation, drawing, and a study of structural form and space relationships. Experiences in line, value, texture, basic perspective, and composition using various materials and techniques.
Offered: Fall, Spring.

ART 106A • Screen Printing 3 Credits
Screen printing as a means of creating hand-printed, multi-color fine art prints. Methods include handmade and photo emulsion stenciling and studio art practice.
Offered: Occasionally interim.
ART 107A • Clay Forms 3 Credits
Explores hand building and wheel throwing techniques in the formation of archetypal ceramic forms and processes.
Offered: Fall, Occasionally interim, Occasionally spring.

ART 108A • Ceramic Design 3 Credits
Explores two-dimensional and three-dimensional design strategies in the creation of ceramic forms and surfaces. The relationship between the ceramics and new technologies as they relate to prototyping, mold-making, and slip-casting is explored.
Offered: Occasionally.

ART 203 • Advanced Drawing 3 Credits
Advanced work in drawing medium with emphasis on individual, conceptual development and material exploration.
Prerequisites: ART 103A. Offered: Spring, even # years. Special Notes: This course is repeatable for credit.

ART 206 • Sculpture 4 Credits
Sculptural concepts, processes, and materials are used within a guided studio experience that includes an introduction to public art. Students are not required to have specific fabrication skills.
Offered: Fall, Occasionally spring.

ART 208 • Advanced Ceramics 4 Credits
Use of clay as a medium for art forms. Instruction includes glaze formulation and study of kiln and firing techniques.
Prerequisites: ART 107A or ART 108A. Offered: Occasionally. Special Notes: This course is repeatable for credit.

ART 210A • Painting 4 Credits
An introduction to the fundamentals of painting and personal painting practices. Students develop subject matter as well as the ability to organize pictorial space and compositional ideas.
Offered: Fall, Spring.

ART 211 • Printmaking 3 Credits
Hand-printing processes with an emphasis on drawing and composition. Experience in such media as etching, lithography, woodcut, linocut, collagraphy, monotype and color printing.
Prerequisites: ART 100A or ART 103A. Offered: Fall, Spring.

ART 240 • Creative Practices 3 Credits
Exploration of creative processes that moves past introductory ways of generating visual ideas to developing self-sustaining and self-directed investigation and enriching techniques for the artist.
Corequisites: Another 200-level or above ART or DES course, recommended course be taken sophomore year. Offered: Spring.

ART 250A • Introduction to Photography 3 Credits
Photography as a means of aesthetic and conceptual ideas within the fine arts, rather than for family and vacation snapshots, through both digital and analog forms. Includes technical instruction in camera operation, black and white film developing, printing, and basic Adobe Photoshop. Introduction to photo history and contemporary theory.
Offered: Fall, Occasionally interim, Spring.

ART 306 • Advanced Sculpture 4 Credits
Self-directed studio projects are pursued with particular focus on individual growth and development. Art for public spaces is more fully engaged, with students making works for specific audiences and locations.
Prerequisites: ART 206. Offered: Occasionally fall, Occasionally spring. Special Notes: This course is repeatable for credit.

ART 310 • Advanced Painting 4 Credits
A continued exploration of painting, including various material experiments and exposure to new processes. Emphasis on the development of visual vocabulary and understanding of contemporary issues in painting. Invention and investigation are stressed.
Prerequisites: ART 210A. Offered: Spring. Special Notes: This course is repeatable for credit.

ART 311 • Advanced Printmaking 4 Credits
Advanced work in selected media with emphasis on individual research and development.
Prerequisites: ART 211. Offered: Fall, Spring. Special Notes: This course is repeatable for credit.

ART 315 • Artist Books and Publications 3 Credits
Various book forms are explored (hardcover, softcover, newspaper, magazine, and sculptural forms) as an artistic medium engaging sequence, narrative, time, text, and image. Engages the history of artists’ books as artworks. Students learn a number of forms for making one-of-a-kind and large edition books.
Prerequisites: ART 100A or DES 105. Offered: Spring, even # years.
ART 334 • Photo Manipulation 3 Credits
Introduction to use and manipulation of photography in contemporary art practice. Utilizing photographs for conceptual ends, examining process, materiality, and the truth value of photography. Advanced skills developed with the camera, scanners, Adobe Photoshop, and ink jet printers. Software used to alter, manipulate, and composite photographs. Offered: Spring, odd # years.

ART 335 • Time-Based Media: Performance and Video Art 4 Credits
Investigate performance art and actions from the 20th and 21st century as well as a variety of video works, including experimental film from the 1920's through artists working in video now. Produce original performances, video artworks, and their installations both individually and collaboratively. Prerequisites: ART 100A, ART 250A, or Consent of instructor. Offered: Occasionally.

ART 336 • Advanced Photography 4 Credits
Individual aesthetic and conceptual development within the photographic medium, advanced skills in digital or black and white wet photography processes, and investigation of photo history and critical theory (as it relates to photography). Prerequisites: ART 250A. Offered: Spring, odd # years. Special Notes: This course is repeatable for credit.

ART 419 • Photography Portfolio 4 Credits
Individual aesthetic and conceptual development of personal vision into a professional portfolio and investigation of photo history and critical theory (as it relates to individual student's portfolio). Prerequisites: ART 334, ART 336, or Consent of instructor. Offered: Spring, odd # years.

ART 496 • Senior Art & Design Exhibition 0 Credit
Installation and completion of Senior thesis work in an exhibit with other seniors. Activities include preparing work for the exhibit, installation, lighting, didactics, hosting an opening, participating in the Art Matrix, and deinstalling work. Prerequisites: ART 499. Offered: Spring.

ART 498 • Professional Practices: Making Art Your Career 3 Credits
Prepares students to continue their own studio practice after graduation and graduate school, exhibitions, grants, and residencies. Teaches students the skills for presenting their work in a professional and compelling manner within the forms and procedures expected from the art world. Prerequisites: major in the Department of Art and Design, Consent of department. Offered: Spring.

ART 499 • Senior Seminar/Thesis Exhibition 3 Credits
Development of creative independence, culminating in the senior exhibition program or portfolio. Prerequisites: ART 240; major in the Department of Art and Design; Consent of department. Offered: Fall.

ATH 200 • Introduction to Art Therapy 3 Credits
Introduces the field of art therapy through theory, history, principles, and practices. Engages these topics through reading, writing, lecture, discussion, and experiential exercises. Explores the various techniques and qualities of various art media, and how they impact the healing process. Offered: Spring, even # years.

ATH 481 • Internship in Art Therapy 3-4 Credits
Students will do internships in approved settings arranged with museums, galleries, libraries, hospitals, clinics and therapy centers in order to gain first-hand knowledge, experience and basics skills in the practice of art therapy. Internship sites are with approved professional settings, and are supervised by Bethel faculty and site supervisor. Prerequisites: ATH 200. Offered: Fall, Spring.
**DES 105 • Introduction to Digital Media** 3 Credits
Understand the tools and concepts of digital art-making and graphic design with an emphasis on foundational proficiency in industry standard software and hardware. Utilize and combine digital tools to solve visual and technical problems as part of a growing design and studio art practice.
*Offered: Fall, Occasionally interim, Spring.*

**DES 150 • Typography** 3 Credits
Typography—the visual presentation of language—is a foundational component of graphic design. Identify and investigate basic principles and communicative potential through project-based exploration of the following topics: terminology, letterforms, readability, hierarchy, structure, visual syntax, history, and context.
*Offered: Spring.*

**DES 212 • Graphic Design I** 3 Credits
Explore the foundational visual components of design and their communicative and creative potential through visual experiments, isolated studies, and careful observation. Develop original content through a design process that includes idea generation, material experimentation, evaluation, and iteration.
*Prerequisites: DES 105. Offered: Fall, Spring.*

**DES 312 • Graphic Design II** 3 Credits
Combine and extend basic design and typography principles through a range of real-world project scenarios. Engage with clients and manage projects from initial ideation through production stages. Special attention to strategizing, problem-defining and solving, collaboration, client interaction, and production.
*Prerequisites: DES 150 and DES 212. Offered: Fall.*

**DES 322 • Digital Image Making** 3 Credits
Develop advanced methods for brainstorming and creating engaging, communicative, professional images, through exposure to a broad range of techniques, collaboration, critique, and revision. Work is advanced and personal image making processes are established.
*Prerequisites: DES 212. Offered: Interim, odd # years.*

**DES 324 • Interactive Design** 3 Credits
Develop and maintain a variety of interactive projects including websites, digital publishing, interactive documents, and applications. Work collaboratively to strategize solutions for complex projects that identify and respond to users' needs. Understand and adapt to the rapid evolution of technology through research and self-teaching.
*Prerequisites: DES 312 or Consent of instructor. Offered: Fall.*

**DES 412 • Graphic Design III** 3 Credits
Engage complex open-ended design problems in a collaborative environment. Utilize research, prototyping, and user interaction to develop efficient and scalable solutions. Develop personal design approach, values, ethical convictions, and portfolio materials.
*Prerequisites: DES 312 or Consent of instructor. Offered: Spring.*

**DES 481 • Internship in Design** 1-4 Credits
Educational and practical experience in applying understanding and skill in a professional setting. An internship can be arranged in a design studio, advertising firm, non-profit organization, or other appropriate workplace. Supervised by a design faculty member.
*Prerequisites: Five DES courses or Consent of instructor; Major in graphic design. Offered: Fall, Spring.*

**ARH 222 • Survey of Art History** 4 Credits
Survey of history from prehistoric painting to the contemporary period, examining major developments, artists, aesthetic concepts, stylistic practices, and use of materials. Compares the way material use and thematic ideas are addressed in different historical and geographic regions around the globe.
*Offered: Spring.*

**ARH 305 • History of Design** 3 Credits
Examination of the history of design from the invention of writing to interactive digital spaces. Looking at the development of aesthetics, materials, style, and function in design as it develops in response to cultural and historical changes.
*Offered: Fall.*
ARH 440 • Topics in Art History 3 Credits
Art history investigation focused on a specific
time period, culture, medium, or theme designed
to provide students with a deep knowledge
of the major features, artists, and contexts of
the designated topic. Specific topics will be
announced prior to registration.
Offered: Occasionally fall, Occasionally interim,
Occasionally spring.

While an undergraduate degree in Art Therapy equips students for a variety of career opportunities, a Master's degree is necessary for licensure as an Art Therapist. The major in Art Therapy (non-licensure) provides students with the foundational coursework and internship experience necessary to prepare them well for successful graduate study in this field.

Biblical and Theological Studies

Biblical and Theological Studies (https://www.bethel.edu/undergrad/academics/biblical-theological/) form an essential part of a liberal arts education. They put students into contact with the historical foundations of the Christian faith in the Old and New Testaments and introduce the great doctrines of Christianity, which have been formulated in the church and have been expounded and debated by theologians past and present. They provide a forum in which the foundation and content of students' faith can be examined and an opportunity for students to understand the teachings of the most significant world religions. Students in biblical and theological studies are also encouraged to see the value of learning Greek, one of the languages in which the Christian Scriptures were written.

Besides its service to students within the liberal arts curriculum, the Biblical and Theological Studies (https://www.bethel.edu/undergrad/academics/biblical-theological/) aims to prepare students for seminary or other graduate studies in fields related to theology, to provide biblical and theological background for other ministries that students may enter without a graduate degree, and to enrich the life and ministry of the church by equipping educated laypeople with the tools for lifelong Bible study.

Majors in Biblical and Theological Studies

- B.A. in Biblical and Theological Studies (p. 93)
- B.A. in Missional Ministries (p. 95)

Minor in Biblical and Theological Studies

- Biblical and Theological Studies (p. 96)

BIB 101 • Introduction to the Bible 3 Credits
Traces the journey of God’s people from Abraham and Sarah through the New Testament church, highlighting the unifying self-disclosure of God in the various cultures and types of writing of the Old and New Testaments. A holistic approach is used to introduce students to both historical and thematic content as well as broad but basic exegetical principles.
Offered: Fall, Interim, Spring.

BIB 102 • Introducción a la Biblia 3 Credits
Traces the journey of God’s people from Abraham and Sarah through the New Testament church, highlighting the unifying self-disclosure of God in the various cultures and types of writing of the Old and New Testaments. A holistic approach is used to introduce students to both historical and thematic content as well as broad but basic exegetical principles.
Prerequisites: SPA290 or Consent of instructor.
Offered: Fall, Spring. Special Notes: Instruction is in Spanish.

BIB 205 • Introduction to Spiritual Formation 3 Credits
Examines key Old and New Testament texts undergirding Christian spirituality, differentiating it from other forms of spirituality. The study and practice of historic spiritual disciplines and readings of classic and contemporary works in Christian spirituality, including African, Asian, Hispanic, and European perspectives.
Prerequisites: BIB 101. Offered: Spring, even # years

BIB 210 • History of Ancient Israel 3 Credits
Focus on the history of the coastlands along the southern half of the eastern Mediterranean from the Early Bronze through the Maccabean eras, with an emphasis on the rise and history of ancient Israel.
Prerequisites: BIB 101. Offered: Fall or Spring.

BIB 212 • Reading the Hebrew Bible 3 Credits
Study of select foundational themes and difficult areas for Christians reading the Hebrew Bible today, with an introduction to a range of methods in interpretation. Topics discussed may include: creation, capital punishment, social justice, violence and holy war, and the status of women.
Prerequisites: BIB 101. Offered: Fall or Spring.
BIB 220 • The Pentateuch 3 Credits
Study of mosaic books of the Old Testament, with particular interest in the Genesis account of world beginnings, the Patriarchs, the Exodus and founding of the nation of Israel, and the faith and religion of the Hebrews.
Prerequisites: BIB 101. Offered: Occasionally.

BIB 230Z • Israel Study Tour 3 Credits
Historical geography and onsite investigation of the Holy Land with emphasis on sites from the Early Bronze through Byzantine eras. Particular emphasis on sites that underlie the Hebrew Bible, the intertestamental period, and the New Testament.
Prerequisites: BIB 101. Offered: Occasionally.

BIB 236 • Archaeology of the Southern Levant 3 Credits
Explores the objectives, history, methodology, and results of archaeology of the coastlands along the southern half of the eastern Mediterranean from the Early Bronze through Early Roman eras.
Prerequisites: BIB 101. Offered: Occasionally.

BIB 240 • Topics in Biblical Studies 3 Credits
Study of a biblical area or topic. The specific subject is announced when the course is offered.
Prerequisites: BIB 101. Offered: Occasionally.

BIB 260 • The Life and Teachings of Jesus 3 Credits
Main events of the life of Jesus and the form and message of His teaching in the light of first century Jewish culture. Use of the Old Testament in the gospels, the structure of the gospels, and their literary genre.
Prerequisites: BIB 101. Offered: Fall or Spring.

BIB 264Z • Greece-Italy Study Tour 3 Credits
Onsite investigation of the sites and regions that underlie the people, movements, and events of the Early Christian era. The area is examined in light of the historical, geographical, and rich cultural context of the classical Greek and Roman worlds.
Prerequisites: BIB 101. Offered: Occasionally.

BIB 265 • The Life and Teachings of Paul 3 Credits
Life of Paul, his strategic role in the expansion of Christianity, and the contribution of his theology and thought as reflected in his writings.
Prerequisites: BIB 101. Offered: Fall or Spring.

BIB 301J • The Faith of Abraham in Genesis, Paul and James 3 Credits
The faith of Abraham as reflected in biblical and extra-canonical traditions, with emphasis on Genesis, Romans, Galatians, and the book of James. Attention to the theological and exegetical perspectives of the various documents, unity and diversity within the canon, and contemporary application.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.

BIB 302J • Biblical Law in Christian Belief and Practice 3 Credits
Biblical law as an expression of the character and will of God; the form, content, and use of law throughout Scripture, and the relationship of law and grace. Modern viewpoints on the abiding relevance of biblical law for individuals and societies.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.

BIB 304J • Messianic Concepts 3 Credits
Development of such terms as “Son of Man,” “Son of God,” and “Messiah” is traced from origins in Old Testament texts of poetry and prophecy to New Testament fulfillment in the Gospels and Epistles.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.

BIB 305J • Sleep, Surrender, and Sabbath 3 Credits
The theology and ethics of rest from a biblical perspective. Focus on key passages in Scripture regarding sleep, dreams, and Sabbath. Explores topics such as creation, the human condition, divine relationality, human dependency, prayer, and social responsibility. Interdisciplinary approach, utilizing historical records of Sabbath practices, scientific research, and sociological analyses.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.

BIB 306J • Covenant, Promise, and Fulfillment 3 Credits
Major covenants between God and humans in both the Old and New Testaments. Relationships between these covenants, especially regarding the theme of promise and fulfillment.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.
BIB 307J • Jerusalem: Earthly City and Spiritual Symbol 3 Credits
Jerusalem as the means of studying God's plans for worldwide redemption. The city where much of biblical history took place and its symbolism as God's earthly and heavenly kingdoms: its geography, history, and relationship to the Biblical covenants.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 308J • Biblical Theology of Reconciliation 3 Credits
The goal of reconciliation in personal and socio-political conflicts is examined in light of biblical texts relating to liberation from oppression, establishment of justice, practice of forgiveness, and promotion of peace.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 309J • A Biblical Theology of Poverty 3 Credits
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 310J • Holiness in Biblical Perspective 3 Credits
Exegetical and theological foundations underlying the biblical notion of holiness in both the Old and New Testaments. Biblical texts in their historical-cultural context, with a view to uncovering biblical understandings of holiness and integrating them into a Christian worldview.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 311J • Worship in Biblical Perspective 3 Credits
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 312J • Female and Male in Biblical Perspective 3 Credits
Significant Old and New Testament passages related to past and current discussions of gender, roles, and ministry in the church.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 313J • A Biblical Theology of Justice 3 Credits
Justice, in the full biblical sense, is employed as an integrating focus for the task of God on earth for restoring humankind. Elements of continuity and discontinuity between the Old Testament and New Testament. Location of each major block of biblical data in historical, literary, and social context.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 314J • The "Word" in Biblical Tradition 3 Credits
“Word” in its creative, redemptive, active, prophetic, and prescriptive significance in the Christian canon. Beginning with the concept of “word” in creation through “The Word as Law” and “The Prophetic Word,” and ending with emphasis on “The Incarnate Word” and the words of the cross, the preacher, and the sacraments.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 315J • God, Evil, and Spiritual Warfare 3 Credits
Study of God’s ongoing battle with spiritual forces from Genesis to Revelation. Origin, power, activity, and end of Satan and evil angels are traced throughout Scripture. Discussion of implications of these concepts for the problem of evil, a theology of providence, and spiritual formation.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*

BIB 316J • Vocation and Calling: A Biblical Perspective 3 Credits
An investigation of the biblical understandings of vocation and calling in both Old and New Testaments. Examination of foundational issues such as definitions of ministry, personal and spiritual gifting, the role of the church in contemporary context, and calling and vocation as they relate to being Christ-followers.
*Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.*
BIB 317J • Family in Biblical Perspective 3 Credits
Biblical perspective of family developed through an examination of family in ancient biblical cultures and a study of family in the Old and New Testaments. A biblical perspective integrated with an exploration of the cultural and historical influences on our contemporary understanding of family.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.

BIB 319J • Eschatology: The Last Things in the Church’s Scriptures 3 Credits
Examines “the last things” in the Pentateuch, historical works, poetry, gospels, letters, and apocalypse. Exegesis of the Bible’s statements regarding the last things in order to learn how they functioned in their original setting, how they function in Scripture, and how they function in living out a Christian worldview today.
Prerequisites: BIB 101; GES 160 or GES 244; Sophomore standing. Offered: Occasionally.

BIB 321 • Issues in Biblical Studies 3 Credits
Theoretical and practical introduction to academic study in biblical disciplines. Major theories that influence current study along with methods for research and investigation in these fields.
Prerequisites: 200-level course in biblical studies; THE 201; Interpreting Biblical Themes (J) course. Offered: Fall.

BIB 326 • The Prophets of Israel 3 Credits
The basic meaning of prophecy and the function of the prophets in Israel; analysis of the context and message of the great Hebrew prophets. Inductive studies bring out theological truths and relate them to the New Testament as well as Christian life as experienced today.
Prerequisites: Interpreting Biblical Themes (J) course or a 200-level biblical studies course. Offered: Occasionally.

BIB 331G • Cultural World of the New Testament 3 Credits
Historical and cultural backgrounds of the New Testament in their Jewish, Greek, and Roman contexts.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Occasionally.

BIB 334G • Cultural World of the Old Testament 3 Credits
Historical, cultural, and archaeological backgrounds of the Old Testament in their Ancient Near Eastern contexts.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Occasionally.

BIB 336 • Poetic Books of the Old Testament 3 Credits
Doctrinal and devotional themes of Job, Psalms, Proverbs, Ecclesiastes, and Song of Songs. The literary structure of these books and of individual psalms, the nature of Hebrew poetry, and its use in the New Testament and the church.
Prerequisites: Interpreting Biblical Themes (J) course or a 200-level biblical studies course. Offered: Occasionally.

BIB 370 • Romans 3 Credits
A widely influential letter of Paul with emphasis on the themes of justification by faith, ethics (good works), and life in the Spirit. Discussion of the letter’s significance for original and contemporary readers.
Prerequisites: Interpreting Biblical Themes (J) course or a 200-level biblical studies course. Offered: Spring, odd # years.

BIB 375 • First Corinthians 3 Credits
Paul’s letter to the Corinthian church in its first century setting. Topics include sexuality, divorce, spiritual gifts, the Christian ministry, resurrection, and the contemporary application of these.
Prerequisites: Interpreting Biblical Themes (J) course or a 200-level biblical studies course. Offered: Spring, even # years.

BIB 440 • Topics in Biblical Studies 3 Credits
Advanced course on a biblical area or topic. The specific subject is announced when the course is offered.
Prerequisites: Interpreting Biblical Themes (J) course or a 200-level biblical studies course. Offered: Occasionally.

BIB 499 • Seminar: Biblical Studies 3 Credits
A selected topic in biblical studies related to a course theme. A major research project is followed by an oral and written presentation of its results.
Prerequisites: BIB 321; Interpreting Biblical Themes (J) course; Major in biblical and theological studies. Offered: Spring. Special Notes: Carries cross-credit with theological studies.
GRK 101 • Introductory Biblical Greek I 4 Credits
Study of New Testament Greek for beginning students. Use of the New Testament to build a basic vocabulary and understand the elements of grammar and syntax.
Offered: Fall, Spring.

GRK 102S • Introductory Biblical Greek II 4 Credits
Continuation of the study of New Testament Greek for beginning students. Use of the New Testament to build a basic vocabulary and understand the elements of grammar and syntax.
Prerequisites: GRK 101. Offered: Fall, Spring.

GRK 103 • Introduction to Biblical Greek I for Spanish Speakers 2 Credits
Provides Spanish-speaking students (or non-native speakers or Spanish majors who have gained proficiency in the language) with a basic introduction to New Testament (Koine) Greek. Focus on vocabulary building, the comprehension of basic grammatical concepts and practice in translating passages from the Greek New Testament.
Prerequisites: Consent of instructor. Offered: Occasionally.

GRK 104 • Introduction to Biblical Greek II for Spanish Speakers 2 Credits
Provides Spanish-speaking students (or non-native speakers or Spanish majors who have gained proficiency in the language) with a basic introduction to New Testament (Koine) Greek. Focus on vocabulary building, the comprehension of basic grammatical concepts and practice in translating passages from the Greek New Testament.
Prerequisites: GRK 103 or Consent of instructor. Offered: Occasionally.

GRK 105 • Introduction to Biblical Greek IIA for Spanish Speakers 2 Credits
Second half of a two-part introduction to NT (Koine) Greek. Greek II focuses on vocabulary building, the comprehension of basic grammatical concepts, and practice in translating passages from the Greek New Testament, with special focus on the latter.
Prerequisites: GRK 104 or Consent of instructor. Offered: Occasionally.

GRK 106 • Introduction to Biblical Greek IIB for Spanish Speakers 2 Credits
Second half of a two-part introduction to NT (Koine) Greek. Greek II focuses on vocabulary building, the comprehension of basic grammatical concepts, and practice in translating passages from the Greek New Testament, with special focus on the latter.
Prerequisites: GRK 105 or Consent of instructor. Offered: Occasionally.

HEB 101 • Introductory Biblical Hebrew I 4 Credits
Study of the Hebrew of the Old Testament. Designed for the beginning student. The Old Testament is used to build a basic vocabulary and to understand the language's phonology, morphology, basic syntax, and semantics.
Offered: Occasionally.

HEB 102S • Introductory Biblical Hebrew II 4 Credits
Further study of the Hebrew of the Old Testament. Designed for the beginning student. The Old Testament is used to build a basic vocabulary and to understand the language's phonology, morphology, basic syntax, and semantics.
Prerequisites: HEB 101. Offered: Occasionally.

MIN 200 • Foundations of Ministry 3 Credits
Introduction to the theology and practice of ministry. Presents a conceptual, theological, and biblical understanding of ministry. Opportunity to develop a usable, working philosophy of ministry and a model for critical thinking about the practice of contemporary ministry.
Prerequisites: BIB 101 (may be taken concurrently). Offered: Fall.

MIN 210 • Adolescent Development and the Family 3 Credits
Understanding child/adolescent development in the physical, cognitive, moral, psycho-social, cultural, and spiritual arenas, along with examining family social systems and family dynamics. Focus on application to practical ministry.
Prerequisites: MIN 200. Offered: Fall, odd # years.
MIN 310Z • Conflict, Reconciliation, and the Church 3 Credits
Ministry in an urban, multicultural context. Emphasizes biblical, theological, and historical themes of reconciliation, diversity, poverty, and justice. Experiences include homeless shelters, youth ministry centers, spiritually formative practices, and the religious and cultural life of a major city.
Prerequisites: THE 201; Junior standing. Special Notes: Carries cross listing in Biblical and Theological Studies. Offered: Interim.

MIN 320 • Spiritual and Faith Formation 3 Credits
Dynamics of spiritual development and faith formation. Review of biblical, historical, and theological models as well as contemporary social science research. Emphasizes the spiritual and faith formation of both ministers and those to whom they minister, and the interrelatedness of evangelism and discipleship as well as counseling and referral.
Prerequisites: MIN 200. Offered: Spring.

MIN 328 • Missional Theology 3 Credits
Explores the doctrine of the Trinity and its connections to the missio Dei (mission of God) and how God’s mission influences our thinking and practice as the church, with a special emphasis on the context of North America.
Prerequisites: BIB 101 or THE 201; Junior standing. Offered: Spring.

MIN 330 • Teaching in Ministry Contexts 3 Credits
Preparation and delivery of presentations enabling students to teach effectively in various settings. Students develop their theology and philosophy of teaching and learning. Improving skills in teaching small and large groups, facilitating discussion, adapting curriculum to audiences and contexts, and self-analysis. Emphasis on biblical themes of reconciliation, diversity, and justice.
Prerequisites: MIN 200. Offered: Fall, even # years.

MIN 350 • Ministry Practicum I 1 Credit
Explores ministry as a career through discipleship and job shadowing. Development as a disciple, and reflection on personal call to ministry as a career.
Prerequisites: MIN 200. Grade exceptions: Graded on an S/U basis. Offered: Fall.

MIN 355 • Ministry Practicum II 1 Credit
Explores ministry as a career through discipleship and job shadowing. Development as a discipler, and reflection on personal call to ministry as a career.
Prerequisites: MIN 200 and MIN 350. Grade exceptions: Graded on an S/U basis. Offered: Spring.

MIN 483 • Ministry Internship I 3 Credits
Explores ministry as a career through a supervised ministry internship, seminars, readings, and reflections. Students reflect especially on defining their current sense of calling.
Prerequisites: MIN 200; MIN 350; MIN 355. Grade exceptions: Graded on an S/U basis. Offered: Fall.

MIN 484 • Ministry Internship II 3 Credits
Explores ministry as a career through a supervised ministry internship, seminars, readings, and reflections. Students integrate various components of their missional ministries major.
Prerequisites: MIN 200; MIN 350; MIN 355; MIN 483. Grade exceptions: Graded on an S/U basis. Offered: Spring.

MIN 499 • Senior Seminar 3 Credits
Selected topics in ministry leadership with emphasis on preparation for ministry, culminating with a professional portfolio. A major research project is followed by an oral presentation of its results.
Prerequisites: Interpreting Biblical Themes (J) course; MIN 200; missional ministries major; Senior standing. Offered: Spring.

REL 201 • Religion and Art in Asia 3 Credits
Examination of artistic expressions of the major religious traditions of India, China, Japan, and Southeast Asia. Definitions of “religion” and “art” provide a guide for identifying and understanding Asian architecture, statuary, and paintings. Doctrinal and ritual elements of the major traditions are explained, and art that symbolizes and expresses these elements is analyzed.
Offered: Spring, even # years.
REL 202 • Introduction to Religious Studies 3 Credits
An introduction to the world’s religious traditions and to the history and methods of religious studies as a discipline. Using primary and secondary sources, this course focuses on affirmations regarding ultimate reality as it relates to the meaning and purpose of human existence within various religious and cultural contexts.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall or Spring.

REL 205U • Religions of India, China and Japan 3 Credits
Introduction to the study of religion and its application to religions of India, China, and Japan. The origin, development, and diversity of major and minor religions including Hindu, Buddhist, Confucian, and Shinto traditions through reading primary and secondary literature. The spread and importance of these traditions in America is demonstrated.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall.

REL 212U • History of Islam 3 Credits
Islam from its inception and development to Islam as it is practiced today. Students interact with members of the Islamic community in Minnesota in an attempt to understand Islam from the personal experiences of Muslims. Contemporary issues and controversies are examined through the lens of the Muslim experience throughout history.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Spring. Special Notes: Carries cross-credit in history.

REL 225L • New Religious Movements 3 Credits
History, beliefs, and practices of the major alternative religions active in America today, including Mormonism, Jehovah’s Witnesses, offshoots of Eastern religious traditions, and the New Age movement. Relationships of these movements to their parent traditions are discussed and comparative analyses drawn.
Prerequisites: BIB 101; GES 130; GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

REL 230L • Politics and Religion in the United States 3 Credits
Examines the historical and contemporary relationship between religion and politics in the United States. Divisions and political affiliations of various religious communities are considered alongside discussion of secularism, pluralism, and civil religion in America.
Prerequisites: GES 130; GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Interim. Special Notes: Carries cross-credit in political science.

REL 328G • Muslim Women in History 3 Credits
Global survey of the lives of Muslim women from the 7th century to the present. Examination of how Muslim women’s lives have historically been shaped by their social context, with particular attention to religious interpretation and expression, culture, ethnicity, and geographic location.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Interim. Special Notes: Carries cross-credit in history.

REL 356 • Judaism 3 Credits
Exploration of the diverse political, religious, and social expressions of Judaism through study of the significance of the Jewish liturgical year in original contexts, medieval and modern European contexts, and American contexts.
Prerequisites: BIB 101 and GES 130 (may be taken concurrently). Offered: Occasionally.

REL 401 • Christianity and the World’s Religions 3 Credits
Exploration of the historical and contemporary relationships of Christianity and various world religions, specifically focused at the theological level. Focus rotates from year to year, emphasizing the interfaith dialogue between Christianity and one other world religious tradition.
Prerequisites: BIB 101 and THE 201. Offered: Occasionally. Special Notes: Carries cross-credit in biblical and theological studies.
THE 201 • Christian Theology 3 Credits
Investigates central themes of the Christian faith from a primarily systematic perspective. Topics include Scripture, God, the person and work of Jesus Christ, salvation, and last things. Emphasis on the unity and diversity of theological beliefs within Christianity, and on the interrelationships among theological understanding, culture, and discipleship.
Prerequisites: BIB 101; Sophomore standing. Offered: Fall, Interim, Spring.

THE 235 • Current Theological Controversies 3 Credits
Study of a number of theological topics of contemporary interest or debate such as the Calvinism/Arminianism debate, the inerrancy of Scripture, the nature of divine foreknowledge, spiritual gifts, and end times controversies.
Prerequisites: THE 201. Offered: Occasionally.

THE 240 • Topics in Theology 3 Credits
Study of a theological area or topic. The specific topic is announced when the course is offered.
Prerequisites: THE 201. Offered: Occasionally.

THE 256L • Christian Apologetics 3 Credits
Study of the intellectual viability of the Christian faith. Topics include the nature of apologetics and apologetic method, theological and philosophical arguments for and against the existence of God, and historical and philosophical arguments for and against the central beliefs of Christianity.
Prerequisites: THE 201 or GES 246; GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall, Interim, Spring.

THE 263 • Christian Social Ethics 3 Credits
Christian approaches to ethical problems within today’s society, such as the morality of war, poverty and welfare, homelessness, racism, and human sexuality. Roles of Christians and churches in response to these issues. Classical ethical approaches of utilitarianism, Kant, and social contract ethics.
Prerequisites: BIB 101; THE 201. Offered: Fall.

THE 310Z • Conflict, Reconciliation, and the Church 3 Credits
Ministry in an urban, multicultural context. Emphasizes biblical, theological, and historical themes of reconciliation, diversity, poverty, and justice. Experiences include homeless shelters, youth ministry centers, spiritually formative practices, and the religious and cultural life of a major city.
Prerequisites: THE 201; Junior standing. Special Notes: Carries cross listing in Biblical and Theological Studies. Offered: Interim.

THE 311 • Early Church to Reformation Theology in Global Perspective 3 Credits
Explores the global historical development of Christian thought from the Early Church to the Reformation. Includes assessment of major figures such as Augustine and Aquinas, and developments such as early North African, Syriac, Byzantine, medieval Asian, and European theologies.
Prerequisites: BIB 101; THE 201 or Consent of instructor. Offered: Fall.

THE 312L • Post-Reformation to Contemporary Theology in Trans-Atlantic Perspective 3 Credits
Explores the global historical development of Christian thought from the Post-Reformation era to the present. Includes assessment of major figures such as Barth, Bonhoeffer, Schleiermacher, and Wesley and developments including African American, Feminist and Womanist theology, and Pietism.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Spring.

THE 315 • Contemporary Theological Issues 3 Credits
Theoretical and practical engagement with the academic disciplines of theology. Considers contemporary theological issues facing the 21st century church and explores current research and writing in the fields of theology.
Prerequisites: THE 201 or Consent of the instructor. Offered: Spring.
THE 326G • Christian Theology in Africa, Asia, and Latin America 3 Credits
Introduces major theological themes and theories that have emerged in the socio-political and cultural contexts of sub-Saharan Africa, Asia, and Latin America. Offers critical and constructive dialogue with key theological themes and issues in Black, Feminist, Liberation, Dalit, and African theologies.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Occasionally fall.

THE 401 • Christianity and the World’s Religions 3 Credits
Exploration of the historical and contemporary relationships of Christianity and various world religions, specifically focused at the theological level. Focus rotates from year to year, emphasizing the interfaith dialogue between Christianity and one other world religious tradition.
Prerequisites: BIB 101 and THE 201. Offered: Occasionally. Special Notes: Carries cross-credit in religious studies.

THE 431 • Advanced Topics in Systematic Theology 3 Credits
Research on a topic in the area of systematic theology. The specific topic will be announced when the course is offered. Past offerings include Doctrine of God, Christology, Ecclesiology, and Pneumatology.
Prerequisites: THE 201 or Consent of instructor. Offered: Fall.

THE 432 • Advanced Topics in Historical Theology 3 Credits
Research on a topic in the area of historical theology. The specific topic will be announced when the course is offered. Past offerings include Barth and Bonhoeffer and History and Theology of Pietism.
Prerequisites: THE 201 or Consent of instructor. Offered: Occasionally.

THE 433 • Advanced Topics in Philosophical Theology 3 Credits
Research on a topic in the area of philosophical theology. The specific topic will be announced when the course is offered. Potential topics include Arguments for God’s Existence, The Problems of Evil and Hell, and Science and Theology.
Prerequisites: THE 201 or Consent of instructor. Offered: Occasionally.

THE 440 • Topics in Theology 3 Credits
Research course in a topic in theology. Content determined by the professor in conjunction with students majoring in biblical and theological studies. Usually, the course entails an advanced study of one of the major doctrines of the Christian faith.
Prerequisites: THE 201 or Consent of instructor. Offered: Occasionally.

THE 499 • Seminar: Theology 3 Credits
A selected topic in theology related to a course theme. A major research project is followed by an oral and written presentation of its results.
Prerequisites: BIB 321; THE 315; Interpreting Biblical Themes (J) course; or Consent of instructor. Offered: Fall. Special Notes: Carries cross credit with biblical studies.

Courses may be used in this category only when the topic is relevant.

In addition to BIB 321, students must take at least one of the biblical studies required courses at the 300-400 level.

A student may use HEB 102S to meet one of the OT course requirements.

Course may only be applied in one category.

Students may not declare a B.A. in Biblical and Theological Studies and a Minor in Biblical and Theological Studies.

1. Not including Biblical Themes (J) course.
2. Not including THE 201.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Biblical and Theological Studies and a Minor in Biblical and Theological Studies.
The Biochemistry/Molecular Biology major is the in-depth study of the chemical processes that underlie all living systems in the world. As a collaborative program of the Biological Sciences (https://www.bethel.edu/undergrad/academics/biology/) and Chemistry (https://www.bethel.edu/undergrad/academics/chemistry/) Departments, it is an ideal choice for students in the health sciences and in pre-professional programs such as medicine, dentistry, law, and pharmacy.

1. BIO 234 is recommended.
2. Biochemistry/Molecular Biology students who select Chemistry Seminar will qualify for the ACS-accredited degree by completing CHE 364/CHE 365 in addition to those required by the major. Completing any additional 300-level chemistry course (including CHE 364/CHE 365) also completes the requirements for a Chemistry B.A.
3. This is a designated research course.
4. BIO 218 or BIO 120/BIO 120D is a prerequisite for this course.
5. Prerequisites for this course include: BIO 218, a declared major in one of the following: B.A. in biology, B.S. in biology, or B.S. in biochemistry/molecular biology and Junior standing.
6. Students may test out of this course based on their performance on the Math and Computer Science department placement exam.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.S. in Biochemistry/Molecular Biology and a Minor in Biology.

Students may not declare a B.S. in Biochemistry/Molecular Biology and a Minor in Chemistry.
Biological Sciences

The programs in Biology (https://www.bethel.edu/undergrad/academics/biology/) provide a broad background in the biological sciences with opportunity for greater depth of study and experience in selected areas. The upper level curriculum is organized into environmental, organismic, and cell-molecular areas of study, while the 100-level courses are integrated across these three sub-disciplines. Lectures and laboratories are designed to coordinate closely in content and provide meaningful laboratory experiences, especially in experimentation.

Students are prepared for a variety of graduate or career opportunities. Upon graduation, students majoring in biology typically attend graduate, medical, or dental schools, pursue careers in medical technology, or allied health areas, do laboratory research, or perform environmental science duties in government and private industry.

Advanced Placement: The biological sciences programs require a score of 4 or better on the AP exam in order for the exam to be used to fulfill course requirements in the majors it offers. Students with a score of 3 will receive elective credit or credit toward General Education requirements. Students should consult the program personnel with questions on AP exams and requirements for majors.

Majors in Biological Sciences

• B.A. in Biology (p. 106)
• B.S. in Biochemistry/Molecular Biology (p. 97)
• B.S. in Biology (p. 108)
• B.S. in Environmental Science (p. 195)
• B.S. in Neuroscience (p. 270)

Minor in Biological Sciences

• Biology (p. 110)

BIO 100 • Principles of Biology 3 Credits
Basic principles of modern biology. Topics include the scientific method, biology of the cell, genetic principles, anatomy and physiology of humans, plant biology, and environmental biology. Corequisites: Registration in BIO 100D is required. Offered: Occasionally.

BIO 100D • Principles of Biology Lab 1 Credit
Laboratory experience accompanying BIO 100. Corequisites: Registration in BIO 100 is required. Offered: Occasionally.

BIO 104 • Human Biology 3 Credits
Study of the biological aspects of the human species. Includes basic molecules of life, human cell biology, tissue types, anatomy and physiology of the 10 systems, human embryology and development, human genetics, nutrition, disease, and health. Corequisites: Registration in BIO 104D is required. Offered: Fall, Spring.

BIO 104D • Human Biology Lab 1 Credit
Laboratory experience accompanying BIO 104. Corequisites: Registration in BIO 104 is required. Offered: Fall, Spring.

BIO 105 • Medical Terminology 2 Credits
Study of medical terms. Students study material independently and take proctored examination to demonstrate knowledge of medical language. Prerequisites: Consent of instructor. Offered: Fall, Spring.

BIO 114D • Introduction to Biodiversity, Ecology, and Adaptation 4 Credits
An introduction to the diversity, interrelationships, and origins of living organisms. Focuses on three themes: an overview of kinds and diversity of organisms found in six kingdoms, the interaction of organisms with each other and their environment, and the change of organisms through time. Offered: Occasionally.

BIO 120 • Introduction to Molecular and Cellular Biology 3 Credits
An introduction to cellular and subcellular aspects of living organisms. Includes a study of basic chemistry, biological molecules, cells, enzymes, metabolism, classical genetics, and molecular genetics. Corequisites: Registration in BIO 120D is required. Offered: Fall, Spring. Special Notes: This course is intended for nursing and other science related majors.
BIO 120D • Introduction to Molecular and Cellular Biology Lab 1 Credit
Laboratory experience accompanying BIO 120. Corequisites: Registration in BIO 120 is required. Offered: Fall, Spring.

BIO 122 • Introduction to Organismic Biology 3 Credits
An introduction to how living things work. Focuses on two main themes: the correlation between structure and function, and the capacity of organisms to adjust their internal environment in response to short-term and long-term fluctuations in the external environment. Corequisites: Registration in BIO 122D is required. Offered: Fall, Spring.

BIO 122D • Introduction to Organismic Biology Lab 1 Credit
Laboratory experience accompanying BIO 122. Corequisites: Registration in BIO 122 is required. Offered: Fall, Spring.

BIO 124 • Integrative Biology: Genes, Cells, Change 3 Credits
In a complex world, understanding challenges like infectious disease or environmental change requires a fundamental knowledge of biology. Using relevant examples, students will explore molecules, DNA, biotechnology, evolution, populations, ecosystems, disease, and human systems (e.g. digestive, immune) to gain a perspective on global health and personal responsibility to life. Prerequisites: Major in biology, environmental science, biochemistry/molecular biology, neuroscience, OR a Minor in biology. Corequisites: Registration in BIO 124D is required. Offered: Fall, Spring.

BIO 124D • Integrative Biology: Genes, Cells, Change Lab 1 Credit
Laboratory experience accompanying BIO 124. Corequisites: BIO 124. Offered: Fall, Spring.

BIO 128 • Integrative Biology: Metabolism, Energy, Biodiversity 3 Credits
Living organisms face challenges requiring them to either adapt, move, acclimate or perish. Through real-world examples, students will gain a fundamental understanding of homeostasis, enzymes, metabolism, energy flow, movement, human systems (e.g., circulatory, nervous, excretory), photosynthesis, cellular respiration, extinction, biodiversity, transformation of matter and acclimation. Prerequisites: Major in biology, environmental science, biochemistry/molecular biology, neuroscience, OR a Minor in biology. Corequisites: Registration in BIO 128D is required. Offered: Fall, Spring.

BIO 128D • Integrative Biology: Metabolism, Energy, Biodiversity Lab 1 Credit
Laboratory experience accompanying BIO 128. Corequisites: BIO 128. Offered: Fall, Spring.

BIO 132 • The Science of Birds 3 Credits
An overview of the Minnesota avifauna and bird biology. Bird identification is discussed and practiced in the field. Selected topics from bird biology (migration, flight, reproduction, behavior, food, and conservation) are presented through lectures, numerous slide shows, and videos. These topics provide an introduction to the prevailing themes in modern biology. Corequisites: Registration in BIO 132D is required. Offered: Occasionally spring.

BIO 132D • The Science of Birds Lab 1 Credit
Laboratory experience accompanying BIO 132. Corequisites: Registration in BIO 132 is required. Offered: Occasionally spring.

BIO 214 • Human Anatomy 3 Credits
Detailed study of the anatomy and histology of the human body in relation to its functional systems. Laboratory includes human cadaver prosections. Prerequisites: One of the following: BIO 104/BIO 104D, BIO 120/BIO 120D, BIO 122/BIO 122D, BIO 124/BIO 124D, BIO 128/BIO 128D. Corequisites: Registration in BIO 215 is required. Special Notes: Not open to students who have taken BIO 238/BIO 239 except by department consent. Offered: Fall, Spring.

BIO 215 • Human Anatomy Lab 1 Credit
Laboratory experience accompanying BIO 214. Corequisites: Registration in BIO 214 is required. Offered: Fall, Spring.
BIO 216 • Human Physiology 3 Credits
Integration of basic principles of cell biology and mechanisms of physiology to the functions of the major organ systems of the human body; centered around the theme of homeostasis.
Prerequisites: BIO 214/BIO 215 and one of the following: BIO 104/BIO 104D, BIO 120/BIO 120D, BIO 218. Corequisites: Registration in BIO 217 is required. Special Notes: Not open to students who have taken BIO 238/BIO 239 except by department consent. (A course in chemistry is a recommended prerequisite.) Offered: Fall, Spring.

BIO 217 • Human Physiology Lab 1 Credit
Laboratory experience accompanying BIO 216. Corequisites: Registration in BIO 216 is required. Offered: Fall, Spring.

BIO 218 • Biology in a Changing World 3 Credits
Through the exploration of interactions between genes and their environments, students articulate integrative topics (e.g., evolution, transformation of matter, and energy, information flow, systems and structure/function), identify career options and desired skill sets, make a growth plan and articulate an intellectual autobiography, including faith integration.
Prerequisites: BIO 124/BIO 124D and BIO 128/BIO 128D. Offered: Fall, Spring.

BIO 234 • Microbiology 3 Credits
Microorganisms and viruses with respect to their structure, physiology, genetics, identification, control, host-microbe relationships, and exploitation by humans. Topics include pathogenic organisms, the infectious diseases they cause, and the events and products of vertebrate immune responses.
Prerequisites: One of the following: BIO 218 (may be taken concurrently), BIO 120/BIO 120D; One course in chemistry (A second course in chemistry is recommended). Corequisites: Registration in BIO 235 is required. Offered: Fall, Spring.

BIO 235 • Microbiology Lab 1 Credit
Laboratory experience accompanying BIO 234. Corequisites: Registration in BIO 234 is required. Offered: Fall, Spring.

BIO 238 • Human Anatomy and Physiology 3 Credits
Anatomy and physiology of the human body, with a major emphasis on the principle of homeostasis.
Prerequisites: One of the following: BIO 104/BIO 104D, BIO 120/BIO 120D, BIO 218, (may be taken concurrently). Corequisites: Registration in BIO 239 is required. Special Notes: A course in chemistry is a recommended prerequisite. Not open to students who have taken BIO 214/BIO 215 or BIO 216/BIO 217. Offered: Spring.

BIO 239 • Human Anatomy and Physiology Lab 1 Credit
Laboratory experience accompanying BIO 238. Corequisites: Registration in BIO 238 is required. Offered: Spring.

BIO 248 • Clinical Pathophysiology and Pharmacology 3 Credits
An integrated exploration of disease processes and the drugs used to treat them. The functional and structural changes that accompany a particular injury, disease, or syndrome are correlated with the study of drugs and their actions on the body.
Prerequisites: Acceptance into the Nursing program or Consent of instructor. Corequisites: Registration in BIO 249 is required. Offered: Spring. Special Notes: Not open to students who have taken BIO244/245.

BIO 249 • Clinical Pathophysiology and Pharmacology Lab 1 Credit
Laboratory experience accompanying BIO 248. Corequisites: Registration in BIO 248 is required. Offered: Spring.

BIO 316 • Wildlife Ecology and Management 3 Credits
Analysis of terrestrial vertebrate populations, communities, and habitats. Exploration of how these analyses are applied to the manipulation, exploitation, protection, and restoration of animal populations and communities.
Prerequisites: BIO 218 (may be taken concurrently) or (two of: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D) and Junior or senior standing. Corequisites: Concurrent registration in BIO 317 is required. Special Notes: Carries cross-credit in environmental science. Offered: Spring, even # years.
BIO 317 • Wildlife Ecology and Management Lab 1 Credit
Laboratory experience accompanying BIO 316. Includes some outdoor and off-campus investigations.
Corequisites: Registration in BIO 316 is required. Offered: Spring, even # years.

BIO 318KZ • Ecology in the Tropics: Natural History and Future Prospects 4 Credits
Travel in Kenya or Ecuador surveying the land, climate, plants, animals, homes, transportation, and industries, noting especially the impact of human presence. Ecuador includes the Amazon rainforest, Andean cloud forests, volcanic mountains, highlands, towns, cities, and the Galapagos Islands. Kenya includes Nairobi, African savanna, the Rift valley, and Masai Mara.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Interim. Special Notes: Carries cross-credit in environmental science and general studies.

BIO 324 • Human Ecology 3 Credits
Interrelationships between humans and the natural environment. Overpopulation, resource use, and pollution studied from biological, social, and economic standpoints, and skill development in the critical examination of the impacts of humans and our technology on the natural world.
Prerequisites: One year of chemistry; BIO 218 (may be taken concurrently) or both BIO 122/BIO 122D and ENS 104/ENS 104D; Junior or senior standing.
Corequisites: Registration in BIO 325 is required. Offered: Occasionally.

BIO 325 • Human Ecology Lab 1 Credit
Laboratory experience accompanying BIO 324.
Corequisites: Registration in BIO 324 is required. Offered: Occasionally.

BIO 326 • Vertebrate Histology 3 Credits
Microscopic structure of cells, tissues, and organs in vertebrate animals, with special emphasis on the way structural units are integrated. At all times efforts are made to correlate structure with specific physiological functions.
Prerequisites: BIO 218. Corequisites: Registration in BIO 327 is required. Offered: Occasionally.

BIO 327 • Vertebrate Histology Lab 1 Credit
Laboratory experience accompanying BIO 326.
Corequisites: Registration in BIO 326 is required. Offered: Occasionally.

BIO 328 • Invertebrate Biology 3 Credits
A survey of invertebrate groups from protozoa to chordates with emphasis on organizational, functional, and ecological significance. Special attention is given to the morphology, life histories, and physiology of invertebrates within the context of survival in specialized environments.
Prerequisites: BIO 218 (may be taken concurrently) or two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D. Corequisites: Registration in BIO 329 is required. Offered: Spring, odd # years.

BIO 329 • Invertebrate Biology Lab 1 Credit
Laboratory experience accompanying BIO 328.
Corequisites: Registration in BIO 328 is required. Offered: Spring, odd # years.

BIO 330 • Ecology 3 Credits
Structure and function of wild nature. Topics include interrelationships of organisms with their environments, factors that regulate such interrelationships, and various roles that humans play in modifying patterns and processes of nature at organism, community, and ecosystem levels.
Prerequisites: BIO 218 (may be taken concurrently) or two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D. Corequisites: Registration in BIO 331 is required. Special Notes: This is a designated research course. Offered: Fall, odd # years.

BIO 331 • Ecology Lab 1 Credit
Laboratory experience accompanying BIO 330.
Corequisites: Registration in BIO 330 is required. Offered: Fall, odd # years.

BIO 332 • Genetics 3 Credits
Principles that control inheritance, with examples chosen from plant and animal research, population genetics, cytogenetics, molecular genetics, and current work on human genetics.
Prerequisites: BIO 218 (may be taken concurrently) or BIO 120/BIO 120D and Two courses in chemistry. Corequisites: Registration in BIO 333 is required. Offered: Fall.

BIO 333 • Genetics Lab 1 Credit
Laboratory experience accompanying BIO 332.
Corequisites: Registration in BIO 332 is required. Offered: Fall.
BIO 338 • Endocrinology 3 Credits
Processes by which hormones exert control over many aspects of reproduction, development, growth, metabolism, and behavior. Topics include the chemical nature of hormones, receptors and signaling pathways, morphology and histology of endocrine organs, regulation of hormone synthesis and secretion, and mechanism of action in target tissues.
Prerequisites: BIO 218 (may be taken concurrently) or NSC 130/NSC 130D, BIO 120/BIO 120D and BIO 122/BIO 122D. Corequisites: Registration in BIO 339 is required. Offered: Fall, even years. Special Notes: A course in physiology is a recommended prerequisite.

BIO 339 • Endocrinology Lab 1 Credit
Laboratory experience accompanying BIO 338. Work is largely experimental, using bioassay procedures.
Corequisites: Registration in BIO 338 is required. Offered: Fall, even years.

BIO 342 • Aquatic Biology 3 Credits
Biological and physical aspects of natural, freshwater ecosystems, including fish and other aquatic animals, aquatic plants, algae, and their interrelationships with each other and the unique aqueous environment in which they live.
Prerequisites: BIO 218 (may be taken concurrently) or two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D. Corequisites: Registration in BIO 343 is required. Offered: Fall, even years.

BIO 343 • Aquatic Biology Lab 1 Credit
Laboratory experience accompanying BIO 342. Includes some outdoor and off-campus investigations.
Corequisites: Registration in BIO 342 is required. Offered: Fall, even years.

BIO 346 • Animal Behavior 3 Credits
Behavior from primitive invertebrates to advanced mammals, highlighting trends in behavior systems. Natural setting studies in the ethology tradition, comparative psychology studies, and biosociological principles with their implications for human social systems.
Prerequisites: PSY 100 or BIO 218 (may be taken concurrently); Junior or senior standing.
Corequisites: Registration in BIO 347 is required. Special Notes: Carries cross-credit in psychology. Offered: Fall, even years.

BIO 347 • Animal Behavior Lab 1 Credit
Laboratory experience accompanying BIO 346. Corequisites: Registration in BIO 346 is required. Offered: Fall, even years.

BIO 349 • Pharmacology 2 Credits
Examination of pharmacotherapeutic agents used in the treatment of illness and the promotion, maintenance, and restoration of wellness in diverse individuals across the lifespan. Explores the principles of pharmacology with an emphasis on pharmacokinetics, pharmacodynamics, pharmacogenetics, and adverse drug reactions of selected pharmacotherapeutic agents, with a focus on concepts of safe use and monitoring the effects of pharmacotherapeutic agents.
Prerequisites: Acceptance into the nursing program or Consent of instructor. Corequisites: NUR 202, BIO 350. Offered: Spring.

BIO 350 • Clinical Pathophysiology 3 Credits
An exploration of disease processes exploring the functional and structural changes that accompany a particular injury, disease, or syndrome, as well as explores the differences in physiologic response to health and illness in diverse populations across the lifespan from a healthcare perspective.
Prerequisites: Acceptance into the nursing program or Consent of instructor. Corequisites: NUR 202 or BIO 349. Offered: Spring.

BIO 354 • Cell Biology 3 Credits
The molecular organization and function of cells and their organelles. Understanding how cell biology information is obtained experimentally.
Prerequisites: CHE 224/CHE 225; BIO 218 (may be taken concurrently) or BIO 332/BIO 333 or both PSY 100 and NSC 130/NSC 130D. Corequisites: Registration in BIO 355 is required. Special Notes: This is a designated research course. Offered: Spring.

BIO 355 • Cell Biology Lab 1 Credit
Laboratory experience accompanying BIO 354. Corequisites: Registration in BIO 354 is required. Offered: Spring. Special Notes: This is a designated research course.
BIO 358 • Neurobiology 3 Credits
Nervous system of animals and humans from the sub cellular to organismic and behavioral levels. Includes significant attention to the senses as well as mechanisms of neuronal communication, plasticity, and memory.
Prerequisites: BIO 218 (may be taken concurrently) or PSY 100 and NSC 130/NSC 130D; Junior or senior standing. Corequisites: Registration in BIO 359 is required. Offered: Fall. Special Notes: Carries cross-credit in neuroscience.

BIO 359 • Neurobiology Lab 1 Credit
Laboratory experience accompanying BIO 358. Corequisites: Registration in BIO 358 is required. Offered: Fall. Special Notes: Carries cross-credit in neuroscience.

BIO 362 • Developmental Biology 3 Credits
Developmental biology asks “How does a single fertilized egg give rise to all the different cell, tissue, and organ types of the adult organism?” Developmental processes resulting in different cell, organ, and tissue types and the mechanisms underlying those processes studied at the cellular, genetic, molecular, and biochemical levels.
Prerequisites: BIO 120/BIO 120D or BIO 124/BIO 124D; BIO 218 (may be taken concurrently) or 8 credits of BIO courses not including BIO 124/BIO 124D and BIO 128/BIO 128D; Two courses in chemistry. Corequisites: Registration in BIO 363 is required. Special Notes: This is a designated research course. Offered: Spring, even # years.

BIO 363 • Developmental Biology Lab 1 Credit
Laboratory experience accompanying BIO 362. Includes surgical manipulation of living organisms to elucidate developmental principles. Corequisites: Registration in BIO 362 is required. Offered: Spring, even # years. Special Notes: This is a designated research course.

BIO 368 • Structure and Development of Vertebrates 3 Credits
An integrated and systematic approach to descriptive embryology and comparative anatomy of vertebrate species.
Prerequisites: BIO 218 (may be taken concurrently). Corequisites: Registration in BIO 369 is required. Offered: Fall, odd # years.

BIO 369 • Structure and Development of Vertebrates Lab 1 Credit
Laboratory experience accompanying BIO 368. Corequisites: Registration in BIO 368 is required. Offered: Fall, odd # years.

BIO 372 • Plant Taxonomy and Ecology 3 Credits
Identification and distribution of flowering plants, including field work, keying, and laboratory preservation. Biogeography and factors important in plant distribution.
Prerequisites: BIO 218 (may be taken concurrently) or two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D. Corequisites: Registration in BIO 373 is required. Offered: Fall, odd # years.

BIO 373 • Plant Taxonomy and Ecology Lab 1 Credit
Laboratory experience accompanying BIO 372. Corequisites: Registration in BIO 372 is required. Offered: Fall, odd # years.

BIO 376 • Animal Physiology 3 Credits
Comparative physiology of animal nerves, muscles, hormones, circulation, respiration, excretion, digestion, and the way those systems function intact with processes of feeding, energetics, osmoregulation, metabolism, locomotion, biomechanics, and temperature regulation necessary for an organism's survival.
Prerequisites: Two courses in chemistry and BIO 218 (may be taken concurrently) or both PSY 100 and NSC 130/NSC 130D. Corequisites: Registration in BIO 377 is required. Offered: Spring, even # years.

BIO 377 • Animal Physiology Lab 1 Credit
Laboratory experience accompanying BIO 376. Corequisites: Registration in BIO 376 is required. Offered: Spring, even # years.

BIO 380 • Environmental Plant Biology 3 Credits
Explores the significant roles plants play in the environment: driving and responding to carbon, water availability, nutrient levels and light. The influence of abiotic factors on photosynthetic pathways, productivity, and the movement of matter and energy reveal how plants respond to rapid environmental changes. Includes work with data and statistics.
Prerequisites: BIO 218 (may be taken concurrently) or two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D; one semester of chemistry. Corequisites: Registration in BIO 383 is required. Special Notes: This is a designated research course. Offered: Spring, odd # years.
BIO 383 • Environmental Plant Biology Lab 1 Credit
Laboratory experience accompanying BIO 380. Includes some outdoor and off-campus investigations. 
Corequisites: Registration in BIO 380 is required. 
Offered: Spring, odd # years. Special Notes: This is a designated research course.

BIO 384 • Immunology 3 Credits
Study of the molecular and cellular mechanisms that allow organisms to recognize, control, and eliminate “nonself” entities such as bacterial pathogens, foreign tissue grafts, and even transformed (cancerous) cells. 
Prerequisites: Two semesters of chemistry and either BIO 218 (may be taken concurrently) or BIO 120/BIO 120D and BIO 122/BIO 122D. (One of the following: BIO 234/BIO 235, BIO 332/BIO 333, BIO 354/BIO 355 is strongly recommended). 
Corequisites: Registration in BIO 387 is required. 
Special Notes: This is a designated research course. 
Offered: Fall, odd # years.

BIO 387 • Immunology Lab 1 Credit
Laboratory experience accompanying BIO 384. 
Corequisites: Registration in BIO 384 is required. 
Offered: Fall, odd # years. Special Notes: This is a designated research course.

BIO 388 • Biochemistry I 3 Credits
Physical and chemical properties of living systems with an emphasis on macromolecular interaction, structure, and function. Structure, classification, purification, and function of nucleic acids, proteins, carbohydrates, and lipids, including membrane transport and enzymology. 
Prerequisites: BIO 120/BIO 120D or BIO 124/ BIO 124D; CHE 226/CHE 227 (BIO 128/BIO 128D recommended). 
Corequisites: Registration in BIO 389 is required. Special Notes: Not open to students who have taken CHE 304/CHE 305, Carries cross-credit in chemistry. 
Offered: Fall.

BIO 389 • Biochemistry I Lab 1 Credit
Laboratory experience accompanying BIO 388. Techniques include spectroscopy, chromatography, centrifugation, electrophoresis, and enzyme kinetics. 
Corequisites: Registration in BIO 388 is required. 
Offered: Fall.

BIO 396 • Molecular Biology 3 Credits
Modern advanced molecular genetic research. Topics covered include regulation of gene expression during development, molecular biology of cancer, animal virology, eukaryotic gene organization, and methods in gene manipulation. 
Prerequisites: BIO 332/BIO 333; one additional biology course; CHE 224/CHE 225; CHE 226/CHE 227. 
Corequisites: Registration in BIO 397 is required. 
Special Notes: This is a designated research course. 
Offered: Spring.

BIO 397 • Molecular Biology Lab 1 Credit
Laboratory experience accompanying BIO 396. Consists of research projects utilizing recombinant DNA/genetic engineering techniques. 
Prerequisites: Registration in BIO 396 is required. 
Offered: Spring. Special Notes: This is a designated research course.

BIO 399 • Introduction to Research 1 Credit
An introduction to research methodology in the biological sciences, with experience in the use of biological literature and an examination of how to distinguish and evaluate different types of scientific writing and presentations. Experience in the development of a research proposal. 
Prerequisites: BIO 218 and major in biology or biochemistry/molecular biology; Junior standing. 
Special Notes: Carries cross-credit in environmental studies. 
Offered: Fall, Spring.

BIO 409 • Advanced Human Gross Anatomy 4 Credits
For the undergraduate pre-health professions student. A regional approach to the study of anatomy through the supervised and directed student dissection of human cadavers. Identification of detailed structures and understanding of their significance to the body. 
Prerequisites: BIO 214/BIO 215 or Consent of instructor. 
Offered: Interim.

BIO 481 • Internship in Biology 3 Credits
A learning/practicing experience in which the student applies biological understanding and skills in an off-campus professional setting. 
Prerequisites: Major or minor in biology and Junior or senior standing. 
Offered: Fall, Spring.

BIO 495 • Biology Seminar 2 Credits
Readings and discussions of topics that relate biology to one's Christian faith. 
Prerequisites: BIO 399; Senior standing. 
Offered: Fall, Spring.
BIO 496 • Biology Research 1 Credit
Students collect original data through independent laboratory research or field research under the supervision of a faculty member.
Prerequisites: BIO 399; Completion or co-completion of a tagged research course; Consent of instructor.
Special Notes: May be repeated once for credit.
Offered: Fall, Spring.

BIO 497 • Advanced Biology Research 1 Credit
Working under the supervision of a faculty mentor, students analyze the results of their original research completed in BIO 496 and write up their findings in a formal scientific paper. Results will be presented in class and possibly outside venues.
Prerequisites: BIO 496 and Consent of instructor.
Offered: Fall, Spring.

BIO 499 • Biology Symposium 0 Credit
The presentation of scientific research and literature. Culminates in departmental symposium in which students present their original research or literature review.
Prerequisites: BIO 481 or BIO 496. Special Notes: Carries cross-credit in environmental studies.
Offered: Fall, Spring.

Choose five (5) Biology courses, excluding BIO 481 (of which 3 courses must be 200-level or above)  

Total Credits 19-20

Students may not declare a B.A. in Biology and a Minor in Biology.

Students may not declare a B.S. in Biology and a Minor in Biology.

Students may not declare a B.S. in Biochemistry/Molecular Biology and a Minor in Biology.

Courses whose number is followed by a letter fulfill a General Education requirement.
Business

The purpose of the Department of Business (https://www.bethel.edu/undergrad/academics/business/) is to engage students, staff, and faculty in the learning, teaching, and application of business knowledge to increase the well-being of humankind. This goal is achieved by serving, being creatively involved with God and His creation, and pursuing the principles of love and justice in a diverse and complex world. As such, the department offers two majors:

1. Business, which builds on a core of courses and is completed with emphases in Accounting, Business Analysis and Analytics, Finance, Human Resource Management, Innovation and Entrepreneurship, and Marketing

2. Accounting and Finance

In addition to the prescribed coursework, students are required to complete an internship in their area of interest. The minors in Business and Leadership Studies also complement majors chosen from other departments.

Studies prepare students for careers in business, government, and the not-for-profit sectors of the economy, as well as for graduate work in business, economics, public policy, and law.

Majors in Business

- B.A. in Business (p. 117)
- B.S. in Accounting and Finance (p. 120)

Minors in Business

- Business (p. 121)
- Leadership Studies (p. 246)

BUS 100M • Business Calculus 3 Credits
A non-trigonometric-based introduction to the concepts of the derivative and the integral with a focus on applications in business and economics.
Prerequisites: At least two years of high school algebra. Offered: Fall, Interim.

BUS 106 • Introduction to Business Applications 1 Credit
A basic understanding of business applications software. Students gain a working knowledge of word processing, presentation software, spreadsheets, desktop publishing, and Internet Research.
Offered: Fall, Interim, Spring.

BUS 130 • Business Problem Solving 3 Credits
A foundation for understanding and solving business and economic problems. Introduction to business and economic concepts, terminology, and problems along with the mathematical skills needed to solve problems. Emphasis on understanding problems, solutions, and decision making, as well as developing critical-thinking skills needed for success in business and economics.
Offered: Fall, Spring.

BUS 200 • Individual Tax Preparation 3 Credits
A practical study of taxation through the eyes of the poor, elderly, and recent immigrants. Students gain an understanding of an urban community and barriers that keep residents from filing tax returns. Tax return preparation for the poor, elderly, and recent immigrants is studied.
Prerequisites: BUS 210. Offered: Interim.

BUS 202Z • Introduction to International Business 3 Credits
An introduction to international business involving off-campus study to expose students to critical concepts and the day-to-day practice of global business. Students interact with a culture through a series of activities. The countries under study vary from year to year.
Offered: Interim.

BUS 210 • Financial Accounting 4 Credits
Basic financial accounting concepts and their application to the recording and reporting of business events.
Prerequisites: BUS 100M, BUS 130, or MAT 124M. Offered: Fall, Spring.

BUS 212 • Personal Finance 3 Credits
Management and planning of personal and family finances. Emphasis given to budgeting, investments, individual income tax, and insurance.
Offered: Interim.
BUS 220 • Principles of Marketing 4 Credits
Role of marketing in society and the economy. The business firm as a marketing system. Management of the firm’s marketing effort. 
Prerequisites: Sophomore standing or prior approval of course instructor. Offered: Fall, Spring.

BUS 230 • Principles of Management 4 Credits
Fundamentals of managerial activities: planning, organizing, leading, and controlling organizational activity.
Offered: Fall, Spring.

BUS 231 • Human Resource Management 3 Credits
Role of human resource management within organizations. Overview of human resource planning, job analysis, staffing and selection, training, development, compensation and benefits, and employee relations. Understanding how employment and discrimination law affects the workplace.
Prerequisites: BUS 230 or (COM 248 if a non-Business department student). Offered: Fall, Spring.

BUS 232 • Innovation and Entrepreneurship 3 Credits
Practical problems associated with starting and operating a small business, including feasibility analysis, innovation, entrepreneurship, legal and financial aspects, accounting, marketing, and personnel management.
Prerequisites: BUS 220 and BUS 230. Offered: Spring.

BUS 300 • Topics in Business and Administration 3 Credits
Special topics in business, particularly as they relate to current issues and contemporary developments. Specific topics and prerequisites announced in advance of registration.
Prerequisites: Related courses as specified. Offered: Occasionally.

BUS 306 • Public Administration 3 Credits
How public policy is put into effect through the administrative agencies of government, the management problems of such agencies, and their relations with the public.
Prerequisites: POS 100 recommended. Offered: Spring. Special Notes: Carries cross-credit in political science.

BUS 309 • Brand Management 3 Credits
Theoretical and practical knowledge necessary for successful management of brands and the creation of strategies that build and preserve brand equity. Introduces qualitative and quantitative methods of evaluating brand equity, brand strategy at different stages of the product life cycle, developing brand positioning, managing total brand experience and brand relevancy.
Prerequisites: BUS 220. Offered: Fall, Spring.

BUS 310 • Intermediate Accounting I 4 Credits
Theories of accounting, accounting practice related to current asset measurement, and reporting. Analysis and evaluation of the measurement and reporting on noncurrent assets and current liabilities.
Prerequisites: BUS 210. Offered: Fall.

BUS 311 • Intermediate Accounting II 4 Credits
Current and alternative accounting theories relating to long-term liabilities, stockholders’ equity, special income determination problems, and other accounting topics of current interest.
Prerequisites: BUS 310. Offered: Spring.

BUS 312Z • Federal Income Taxes 3 Credits
Current federal income tax law as it pertains to individuals, corporations, and partnerships. Includes the concept of taxable income and covers tax planning and tax determination within the provisions of the law.
Prerequisites: BUS 200. Offered: Spring.

BUS 313 • Strategic Managerial Accounting 3 Credits
Compilation and utilization of internal accounting information for managerial decision making.
Prerequisites: BUS 210. Offered: Fall, Spring.

BUS 315 • Sales and Sales Management 3 Credits
Emphasizes the concepts and practices of selling and sales management. Provides a guide for preparing sales presentations, one-on-one selling techniques, persuasive communication, oral and verbal presentation skills useful for one-to-one presentations, and the unique concepts of managing a sales team.
Prerequisites: BUS 220. Offered: Fall.
BUS 317 • Business Analytics 4 Credits
Applies descriptive and predictive analytics of data and facts to decision-making in business. Covers techniques of advanced data visualization, use of excel in analytics, hypothesis testing, and machine learning methods like multiple regression analysis, classification methods and cluster analysis. Uses a variety of business analytics software.
Prerequisites: Junior standing; MAT 207M or MAT 330. Offered: Fall, Spring.

BUS 318G • Global Marketing 3 Credits
Study of marketing concepts and decision-making processes relative to individuals and firms engaged in the global marketplace. An examination of key strategies of global marketing and mission-critical variables including cultural distinctives, role of language and values, politics and laws, pricing norms, product values, and promotional environment.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course] and BUS 220. One business course recommended. Offered: Fall, Interim, Spring.

BUS 319 • Advertising and Promotion 3 Credits
Principles and techniques of advertising, sales promotion, and public relations. Considers customer motivation, ad copy, physical layout of ads and promotional pieces, media selection, advertising budgets, and coordination of advertising and sales promotion campaigns.
Prerequisites: BUS 220. Offered: Fall, Interim.

BUS 321 • Marketing Research 3 Credits
Marketing research methods, including design, sampling, data collection, and report writing. A research design project is an integral part of the course.
Prerequisites: BUS 220 and MAT 207M. Offered: Fall, Spring.

BUS 324 • Consumer Behavior 3 Credits
A systematic examination of the behavioral, economic, cultural, and systemic factors that influence the behavior of the consumer. Students read relevant research in consumer behavior and design and complete a series of projects exploring the major course topics.
Prerequisites: BUS 220. Offered: Fall, Spring.

BUS 325 • Business Analysis 3 Credits
An understanding of business analysis principles, practices, tools, and techniques. Real-world applications involving the use of Enterprise Business Applications and an Agile project management approach.
Prerequisites: BUS 106 or successful completion of the Business Application Competency Assessment; BUS 230. Offered: Fall.

BUS 326 • Business Information Systems 3 Credits
Business information systems and their role in today's organizations. Explores computing hardware, security, networking, databases, enterprise application software, business analysis, project management, and other technology necessary for effective organizations. Strengthens proficiency in business applications.
Prerequisites: BUS 106 or successful completion of the Business Application Competency Assessment. Offered: Fall.

BUS 327 • Marketing and Management in Spain 3 Credits
Theoretical and practical concepts of marketing and management in the semi-globalized world. Understand the significant challenges globalization presents to management and marketing, specifically in the context of Spain. Business terminology and reality in a Spanish business environment.
Prerequisites: SPA 202UZ. Offered: Spain Term, Fall. Special Notes: Carries cross listing in languages and cultures. This class is taught and assignments are completed in Spanish.

BUS 329 • Student Managed Investment Fund 1 Credit
Students develop investment-related skills, including but not limited to wealth management, relationship management, marketing, operations, performance reporting, quantitative analysis, and economic analysis. These skills are applied as part of the student-managed investment fund, the Royals Investment Fund, LLC (the Fund).
Prerequisites: BUS 210; BUS 344 (May be taken concurrently), and selection by the faculty advisor through an application and interview process; Additional prerequisite for Chief Investment Officer and Fund Managers: BUS 390. Offered: Fall, Spring.
BUS 330 • Compensation Theory and Practice 3 Credits
Compensation and reward practices in organizations’ wage and salary administration. Theories of design and implementation of pay programs using job evaluation, salary surveys, job and skill-based pay, incentive pay, and other compensation systems.
Prerequisites: BUS 231; BUS 344 (may be taken concurrently). Offered: Fall.

BUS 331 • Staffing, Training and Development 3 Credits
Theories and strategies for maximizing the potential of an organization’s workforce. Explores methods for recruiting and selecting employees, orienting them to an organization, using training to properly equip them for their positions, and facilitating career development. Hands-on approach to designing and analyzing surveys, selection tests, and needs assessments.
Prerequisites: BUS 231. Offered: Spring.

BUS 333 • Entrepreneurship Strategies and Tools 3 Credits
Strategic and tactical tools associated with starting and operating a small or entrepreneurial business. Students develop an understanding of how to move from the development of a business plan to actually financing and running a small business.
Prerequisites: BUS 210; BUS 232; ECO 201. Offered: Fall.

BUS 334 • Principles of Project Management 3 Credits
Theory and practice of effective project management, including project planning, risk analysis, execution/implementation, and control. Explores project management styles, critical success factors, organizational support systems, project authority and politics, and ethics in project execution. Uses project management software to develop and track project plans for case studies and project simulations.
Prerequisites: BUS 230, COM 248, or COS 216. Offered: Spring.

BUS 335 • Organization Development 3 Credits
Factors that influence the effectiveness of organizations. Explores methods for diagnosing organizational health and designing interventions for the individual (motivation; diversity, equity and inclusion; work-related attitudes), group (teamwork, conflict, cooperation, collaboration), and organizational (culture, change, leadership) levels in order to implement planned organizational change.
Prerequisites: BUS 230. Offered: Spring.

BUS 342GZ • International Market Issues 3 Credits
Intensive study of economics and marketing in an international context. Students study the dynamics of the economy and markets through site visits, thereby developing cross-cultural competencies for the global marketplace.
Prerequisites: [GES 130; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 246; World Cultures (U) course]; Consent of instructor. Offered: Occasionally interim.

BUS 344 • Managerial Finance 4 Credits
Principles of financial management, including financial analysis, capital structures, working capital management, and investment decisions.
Prerequisites: BUS 210. Offered: Fall, Spring.

BUS 352 • Financial Modeling & Valuation 3 Credits
Builds on principles of finance through the use of case studies and Excel modeling to identify, quantify, and manage business risks. Includes developing and utilizing intermediate-level financial analysis skills, critical-thinking objectives, and demonstration of an ability to synthesize material into a defined model of financial valuation.
Prerequisites: BUS 344. Offered: Fall, Spring.

BUS 357 • Principles of Digital Marketing 3 Credits
Study of digital marketing strategy, content development, and media channels to help students leverage digital techniques and understand how they integrate with the marketing plan as a whole. Students will design and analyze digital campaigns within a team environment. Best practices are leveraged as the digital marketplace evolves. Hands on work emphasized.
Prerequisites: BUS 220. Offered: Interim. Special Notes: This course carries cross credit in communication studies.
BUS 361 • Business Law 3 Credits
An introduction to the legal aspects and general structure of business dealings. Topics include an overview of the American legal system, general contract law, pertinent parts of the Uniform Commercial Code, and various forms of business organizations. Some aspects of employment and real estate law are also covered.
Prerequisites: BUS 230 and one other 200-level business course. Offered: Fall, Spring.

BUS 371G • International Business 4 Credits
International business as a bridge between diverse social systems. A panorama of the most important activities in international business and a framework for thinking about them from the perspective of the company manager.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]; enrollment in the Europe Term. One business course recommended. Offered: Occasionally.

BUS 390 • Investments 4 Credits
Characteristics and interrelationships of investments, the operation and regulation of the markets, analysis of risk and return, valuation of speculative assets, portfolio planning, and timing and trading strategies.
Prerequisites: BUS 344. Offered: Fall, Spring.

BUS 410 • Advanced Accounting 3 Credits
Principles and problems relating to partnerships, international accounting, consolidated financial statements, corporate mergers, and governmental accounting.
Prerequisites: BUS 311 and all business core courses except BUS 481. Offered: Fall.

BUS 414 • Auditing Principles and Procedures 4 Credits
Auditing objectives, standards, and procedures employed in the examination of business enterprises and verification of their financial statements. Includes an evaluation of internal control, preparation of work papers, report writing, professional ethics, and current trends.
Prerequisites: BUS 311 and All business core courses except BUS 481 and Senior standing. Offered: Spring.

BUS 416 • Business Forecasting and Data Mining 3 Credits
Teach students business time-series forecasting, database management and querying, and some tools for data mining in business analytics. Specific application will include forecasting sales and revenue, economic trends, clustering data and classifying outcomes. Case studies, real world data, and relevant software will be used.
Prerequisites: BUS 317 and Major in business with an emphasis in business analysis and analytics and Senior standing. Offered: Spring.

BUS 417 • Business Analysis and Analytics Seminar 3 Credits
Capstone course in Business Analysis and Analytics emphasis. Integration of theories and practices learned in other courses through casework and practical exercises focused on equipping students to enter the business analysis, business analytics and business consulting market. Examines ethical questions that influence decision making.
Prerequisites: BUS 317; BUS 334; all business core courses except BUS 481. Offered: Spring.

BUS 420 • Marketing Seminar 3 Credits
Capstone course in the marketing emphasis. Main course elements include case study analysis where students integrate prior course knowledge with relevant brand examples. Students utilize critical and ethical analysis of marketing practices and develop marketing strategies and plans with a real client.
Prerequisites: Three of the following: BUS 315, BUS 318G, BUS 319, BUS 321, or BUS 324; all business core courses except BUS 481; Senior standing. Offered: Fall, Spring.

BUS 430 • Strategic Management 3 Credits
Strategy and policy formulation and implementation from the general manager's perspective. Includes written and oral analyses of comprehensive cases involving multifunctional applications.
Prerequisites: All business core courses except BUS 481. Offered: Fall.
BUS 440 • Capital Markets 3 Credits
Comprehensive overview of the capital markets with an emphasis on major financial institutions and international financial centers. Evaluation of managing risk within the context of the capital markets in both a domestic and a global economy.
Prerequisites: All business core courses except BUS 481; BUS 390 or Consent of instructor. Offered: Fall, Spring.

BUS 470 • Finance Seminar 3 Credits
Capstone course in the Finance emphasis. Systematic examination of financial, economic, cultural, ethical, and systemic factors that influence financial decision making. Through a case study approach, students integrate the theories and practices learned in other finance courses. Use of Excel to complete detailed analysis.
Prerequisites: All business core courses (except BUS 481) and BUS 390 (may be taken concurrently). Offered: Fall, Spring.

BUS 475 • Innovation and Entrepreneurship Seminar 3 Credits
Development of an individualized and intensive personal business plan as major course project. Plan is submitted to a panel of entrepreneurs to evaluate as part of a competition. Seniors are evaluated on their written plan, their presentation, and the overall viability of the proposed new venture. Includes ethical discussions, entrepreneurial guest speakers, and case analyses of entrepreneurial ventures.
Prerequisites: All business core courses (except BUS 481) and BUS 333. Offered: Spring.

BUS 481 • Internship in Business 3-4 Credits
A learning/practicing experience to apply understanding and skills in an off-campus professional setting. Includes participation in an online course with weekly assignments.
Prerequisites: Major or minor within the Business department; Completion of 20 credits of BUS/ECO courses; Consent of department. Grade exceptions: Graded on an S/U basis. Offered: Fall, Spring, Summer.

BUS 493 • Seminar - Human Resource Management 3 Credits
Capstone course in the Human Resource Management emphasis. Integration of theories and practices learned in other courses through casework and practical exercises focused on equipping students to enter the HR labor market. Examines ethical questions that influence HR decision making.
Prerequisites: All business core courses (except BUS 481) and Senior standing in the HR emphasis. Offered: Spring.

ECO 201 • Principles of Economics 4 Credits
Economic reasoning and concepts. Includes an examination of the role of a price system in allocating resources and income, government policies for dealing with unemployment and inflation, and moral questions raised by the free enterprise system.
Offered: Fall, Spring.

ECO 202 • Principles of Microeconomics 2 Credits
Students are encouraged to learn how to think in a manner consistent with the existence of scarcity. Designed to be purposefully different than most courses students take, this is a course in analysis and critical analysis. Therefore students are required to think critically and independently.
Offered: By arrangement and only to fulfill the Microeconomics portion of ECO 201.

ECO 203 • Principles of Macroeconomics 2 Credits
Study of the branch of economics that focuses on the larger economy's performance on the basis of economic growth, business cycles, unemployment, and inflation, and discusses ways to improve on this performance.
Offered: By arrangement and only to fulfill the Macroeconomics portion of ECO 201.

ECO 225L • The Redevelopment of Central City Neighborhoods 3 Credits
The holistic redevelopment of low-income communities using models and ideas from various disciplines: community development, urban planning, economics, federal and state government, and for-profit businesses.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall.
ECO 301 • Intermediate Microeconomics 3 Credits
Models of consumption, production, and pricing in competitive and noncompetitive markets. Prerequisites: ECO 201. Offered: Fall, Spring.

ECO 302 • Intermediate Macroeconomics 3 Credits
Models of real output and monetary behavior. Policies affecting unemployment, inflation, and economic growth. Prerequisites: ECO 201. Offered: Fall, Spring.

ECO 401 • Advanced Economic Theory 3 Credits
Mathematical treatment of economic theory, emphasizing calculus. Prerequisites: ECO 301; ECO 302; College-level course in Calculus; Senior standing or Consent of instructor; all business core courses except BUS 481. Offered: Spring.

1 To qualify for taking the Certified Public Accounting (CPA) exam, the internship course must be specifically designated as an Internship-Accounting in order to fulfill the rules established by the Minnesota Board of Accountancy. A maximum of six credits for internships can qualify for the 150-credit requirement for CPA licensing.
2 Students must earn a minimum grade of C in each of the core courses to graduate.
3 MAT 124M may be used as a substitute. Students entering graduate school in business are strongly encouraged to take BUS 100M or MAT 124M.
4 Students can choose to take BUS 106 or successfully pass the Approved Assessment for 0 credits.
In order to enroll in 400-level BUS and ECO courses (except for BUS 481), students must earn a minimum grade of D in each of the core Business courses.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Business and a Minor in Business.
Students may not declare a B.A. in Business and a B.A. in Business and Political Science.

1. These electives are a required component of the major. It is recommended that a minor in a discipline other than business or economics be completed to fulfill some of these electives.
2. In order to enroll in 400-level BUS and ECO courses (except for BUS 481), students must earn a minimum grade of D in each of the core Business courses.
3. MAT 124M may be used as a substitute. Students entering graduate school in business are strongly encouraged to take BUS 100M or MAT 124M.
4. To qualify for taking the Certified Public Accounting (CPA) exam, the internship course must be specifically designated as an Internship-Accounting in order to fulfill the rules established by the Minnesota Board of Accountancy. A maximum of six credits for internships can qualify for the 150-credit requirement for CPA licensing.
5. Students can choose to take BUS 106 or successfully pass the Approved Assessment for 0 credits.
6. Students must earn a minimum grade of a C in each of the core Business courses to graduate.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.S. in Accounting and Finance and a Minor in Business.

¹ MAT 124M may be used as a substitute.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Business and a Minor in Business.

Students may not declare a B.A. in Business and Political Science and a Minor in Business.

Students may not declare a B.S. in Accounting and Finance and a Minor in Business.
Chemistry

The study of chemistry is concerned with the composition, structure, properties, and transformations of matter. Chemistry is the central science, having foundation in mathematics and physics and, in turn, underlying the life sciences. It is theoretical and yet practical; it emphasizes analytical skills and yet depends on creativity and problem solving.

The chemistry program prepares students for graduate study and professional careers in academic research, industry, and engineering. A major in the chemistry program is also an excellent choice for students in the health sciences and preprofessional programs, including medicine, dentistry, law, and pharmacy.

Advanced Placement: The Chemistry Department requires a score of 4 or better on the AP exam in order for the exam to be used to fulfill course requirements in the majors it offers. Students with a score of 3 will receive elective credit or credit toward General Education requirements. Students should consult the department chair with questions about AP exams and requirements for majors.

Pre-medicine and Other Healthcare Professional Programs
(See Healthcare (p. 213) section)

Chemical Engineering

A bachelor’s degree in chemical engineering is available through a special dual degree program described in the Engineering section of this catalog.

Majors in Chemistry

• B.A. in Chemistry (p. 126)
• B.S. in Biochemistry/Molecular Biology (p. 97)
• B.S. in Chemistry (p. 127)

Minor in Chemistry

• Chemistry (p. 128)

CHE 101 • Introduction to Chemistry 3 Credits
Overview of atoms—their composition, their ability to form bonds, and their ability to interact as molecules. Open to all students but tailored for nursing and allied health fields.
Corequisites: Registration in CHE 101D is required.
Offered: Fall, Spring.

CHE 101D • Introduction to Chemistry Lab 1 Credit
Laboratory experience accompanying CHE 101. Provides a hands-on extension of course topics in a collaborative, laboratory environment. Topics include: reactions, thermodynamics, acids and bases, nuclear decay, and others.
Corequisites: Registration in CHE 101 is required.
Offered: Fall, Spring.

CHE 107 • Modern Alchemy: Chemistry for Non-Scientists 3 Credits
The chemical world including, for example, food, agriculture, household chemicals, plastics, drugs, environmental concerns, and energy production. An overview of chemical concepts with an emphasis on applications of chemistry and their implications for society.
Corequisites: Registration in CHE 107D is required.
Offered: Occasionally.

CHE 107D • Modern Alchemy: Chemistry for Non-Scientists Lab 1 Credit
Laboratory experience accompanying CHE 107. Provides a hands-on extension of course topics in a collaborative, laboratory environment.
Corequisites: Registration in CHE 107 is required.
Offered: Occasionally.

CHE 113 • General Chemistry I 3 Credits
Chemical properties and principles, structure and reactivity, stoichiometry, thermodynamics, atomic and molecular theory, and states of matter.
Prerequisites: Two years of high school math; high school chemistry or Consent of instructor.
Corequisites: Registration in CHE 113D is required.
Offered: Fall, Occasionally summer.

CHE 113D • General Chemistry I Lab 1 Credit
Laboratory experience accompanying CHE 113 to improve experimental skills such as accurate observation, data collection, and analysis while mastering techniques used by chemists for the precise measurements of mass, volume, and concentration. Small group collaboration and experimental design are included.
Corequisites: Registration in CHE 113 is required.
Offered: Fall, Occasionally summer.
CHE 200 • Laboratory Safety and Chemical Hygiene 1 Credit
High standards of safety and chemical hygiene make the science laboratory a safe, comfortable, interesting place to work. This course reviews the standards and federal/state guidelines pertaining to safety and hygiene in the laboratory.
Prerequisites: One year of High school chemistry and One semester of college-level science. Offered: Fall, Spring.

CHE 208 • Accelerated General Chemistry 3 Credits
Chemical properties and principles, stoichiometry, structure, reactivity, atomic theory, states of matter, solutions, thermodynamics, kinetics, equilibria, acids and bases, electrochemistry, descriptive inorganic chemistry, and nuclear chemistry. Intended for science and engineering students who have a strong math background.
Prerequisites: MAT 124M (may be taken concurrently). Corequisites: Registration in CHE 208D is required. Offered: Fall. Special Notes: Meets the same requirements of CHE 113/CHE 113D and CHE 214/CHE 215.

CHE 208D • Accelerated General Chemistry Lab 1 Credit
Laboratory experience accompanying CHE 208.
Corequisites: Registration in CHE 208 is required. Offered: Fall.

CHE 214 • General Chemistry II 3 Credits
Study of solutions, chemical kinetics, thermodynamics, solution equilibria, acids and bases, electrochemistry, descriptive inorganic chemistry, and nuclear chemistry.
Prerequisites: CHE 113/CHE 113D. Corequisites: Registration in CHE 215 is required. Offered: Spring, Occasionally summer.

CHE 215 • General Chemistry II Lab 1 Credit
Laboratory experience accompanying CHE 214.
Corequisites: Registration in CHE 214 is required. Offered: Spring, Occasionally summer.

CHE 224 • Organic Chemistry I 3 Credits
Structure, nomenclature, function, and reactivity of organic compounds. Topics include bonding theory, acid-base reactions, conformational analysis, stereochemistry, nucleophilic substitution and elimination reactions, addition reactions, radical reactions, organic reaction mechanisms, and energy relations.
Prerequisites: CHE 214/CHE 215 or CHE 208/CHE 208D. Corequisites: Registration in CHE 225 is required. Offered: Fall.

CHE 225 • Organic Chemistry I Lab 1 Credit
Laboratory experience accompanying CHE 224. Topics include an introduction to organic chemistry laboratory techniques used in the preparation and purification of organic compounds. Infrared spectroscopy, nuclear magnetic, resonance spectroscopy, mass spectrometry, and computational chemistry techniques are also introduced.
Corequisites: Registration in CHE 224 is required. Offered: Fall.

CHE 226 • Organic Chemistry II 3 Credits
Continues CHE 224 by exploring the structure, nomenclature, function, and reactivity of additional organic compounds. Topics include the reactions of aromatic and carbonyl containing compounds, carbon-carbon bond-forming reactions, multi-step synthesis, and polymer chemistry. The chemistry of biological compounds such as carbohydrates, DNA, proteins, and lipids is also studied.
Prerequisites: CHE 224/CHE 225. Corequisites: Registration in CHE 227 is required. Offered: Spring.

CHE 227 • Organic Chemistry II Lab 1 Credit
Laboratory experience accompanying CHE 226. Laboratory includes single- and multi-step synthesis, purification, and identification of organic compounds. Infrared spectroscopy, 1D and 2D nuclear magnetic resonance spectroscopy, mass spectroscopy, and computational chemistry will be used to explore the outcomes of organic reactions and their mechanisms.
Corequisites: Registration in CHE 226 is required. Offered: Spring.

CHE 304 • Essentials of Biochemistry 3 Credits
A survey of the structure, function, interactions, and chemical properties of the four major macromolecules: proteins, nucleic acids, lipids, and carbohydrates. Examination of primary metabolic pathways, bioenergetics, regulation, and homeostasis.
Prerequisites: CHE 224/CHE 225 and BIO 120/BIO 120D or BIO 124/BIO 124D. Corequisites: Registration in CHE 305 is required. Offered: Fall. Special Notes: Not open to students who have taken BIO 388/BIO 389 or CHE 388/CHE 389.

CHE 305 • Essentials of Biochemistry Lab 1 Credit
Laboratory experience accompanying CHE 304.
Corequisites: Registration in CHE 304 is required. Offered: Fall.
CHE 306 • Advanced Organic Chemistry 3 Credits
Bonding, kinetics, mechanisms of reactions, stereochemistry, and structure determination of organic compounds.
Prerequisites: CHE 226/227 and CHE 344/345. Corequisites: Registration in CHE 307 is required. Offered: Occasionally.

CHE 307 • Advanced Organic Chemistry Lab 1 Credit
Laboratory experience accompanying CHE 306. Corequisites: Registration in CHE 306 is required. Offered: Occasionally.

CHE 312 • Quantitative Analysis 3 Credits
Principles and practice of modern quantitative analysis. Acid-base and ionic equilibria. Statistics, method selection and development, chromatography, and electrochemistry. Prerequisites: CHE 214/CHE 215 or CHE 208/CHE 208D. Corequisites: Registration in CHE 313 is required. Offered: Spring.

CHE 313 • Quantitative Analysis Lab 1 Credit
Laboratory experience accompanying CHE 312. Corequisites: Registration in CHE 312 is required. Offered: Spring.

CHE 320 • Instrumental Analysis 3 Credits
Methods of instrumental analysis. Study of chemical and physical principles and practical application of spectroscopy, spectrometry, chromatography and electroanalysis. Fundamental electronic circuitry and computer data acquisition and control. Prerequisites: CHE 312/CHE 313 or CHE 226/CHE 227. Corequisites: Registration in CHE 321 is required. Offered: Fall.

CHE 321 • Instrumental Analysis Lab 1 Credit
Laboratory experience accompanying CHE 320. Corequisites: Registration in CHE 320 is required. Offered: Fall.

CHE 344 • Thermodynamics, Kinetics, and Statistical Mechanics 3 Credits
Physical chemistry of the laws of thermodynamics and their application to phase and chemical equilibria. Chemical kinetics of reaction rates and reaction mechanisms. Statistical mechanics as it relates spectroscopy with thermodynamics and kinetics. Prerequisites: CHE 214/CHE 215 or CHE 208/CHE 208D; PHY 292/PHY 292D; PHY 296/PHY 297; MAT 125. Corequisites: Registration in CHE 345 is required. Offered: Fall.

CHE 345 • Thermodynamics, Kinetics, and Statistical Mechanics Lab 1 Credit
Laboratory experience accompanying CHE 344. Includes hands-on experience with physiochemical systems and computational modeling. Corequisites: Registration in CHE 344 is required. Offered: Fall.

CHE 348 • Quantum Chemistry and Spectroscopy 3 Credits
Physical chemistry of the laws of quantum mechanics applied to atoms and molecules. Quantum mechanical solutions of model systems and their application to chemical spectroscopy. Prerequisites: CHE 208/CHE 208D or CHE 214/CHE 215; PHY 292/PHY 292D; PHY 296/PHY 297; MAT 125. Corequisites: Registration in CHE 349 is required. Offered: Spring.

CHE 349 • Quantum Chemistry and Spectroscopy Lab 1 Credit
Laboratory experience accompanying CHE 348. Includes hands-on experience with physiochemical systems and computational modeling. Corequisites: Registration in CHE 348 is required. Offered: Spring.

CHE 364 • Advanced Inorganic Chemistry 3 Credits
Chemistry of elements and their compounds, including symmetry, bonding theories, solid-state chemistry, coordination compounds, organometallics, and bioinorganic compounds. Prerequisites: CHE 344/CHE 345 and One year of organic chemistry or Junior standing. Corequisites: Registration in CHE 365 is required. Offered: Spring.

CHE 365 • Advanced Inorganic Chemistry Lab 1 Credit
Laboratory experience accompanying CHE 364. Laboratory includes synthesis and characterization of inorganic compounds. Corequisites: Registration in CHE 364 is required. Offered: Spring.
CHE 388 • Biochemistry I 3 Credits
Physical and chemical properties of living systems with an emphasis on macromolecular interaction, structure, and function. Structure, classification, purification, and function of nucleic acids, proteins, carbohydrates, and lipids, including membrane transport and enzymology. Prerequisites: BIO 120/BIO 120D or BIO 124/BIO 124D; CHE 226/CHE 227 (BIO 128/BIO 128D recommended). Corequisites: Registration in CHE 389 is required. Offered: Fall. Special Notes: Not open to students who have taken CHE 304/CHE 305; Carries cross-credit in biology.

CHE 389 • Biochemistry I Lab 1 Credit
Laboratory experience accompanying CHE 388. Topics include: buffers, protein expression and purification, electrophoresis, enzyme kinetics, and additional advanced techniques. Corequisites: Registration in CHE 388 is required. Offered: Fall.

CHE 393 • Research 1-4 Credits
Utilization of the techniques and understanding of chemical principles on a term project. Use of original literature to formulate and conduct an original laboratory or computational research project under the supervision of a chemistry faculty member. Prerequisites: Consent of department. Repeatable course: May only be taken for credit once. Offered: Fall, Interim, Spring.

CHE 395 • Chemistry Seminar: Research and Professional Development 1 Credit
Students search the chemical literature and develop a proposal for their capstone research project. Discussion of chemical careers, graduate and professional school preparation, and ethical conduct in science. Prerequisites: CHE 200 (may be taken concurrently); Junior standing; Major in chemistry or biochemistry/molecular biology. Offered: Fall.

CHE 396 • Biochemistry II 3 Credits
Metabolic pathways, bioenergetics, metabolic regulation, and metabolism of macromolecules (carbohydrates, lipids, proteins, and nucleotides). Macromolecular synthesis of RNA, DNA, and proteins, including an introduction to biotechnology. Prerequisites: CHE 388/CHE 389 or BIO 388/BIO 389. Corequisites: Registration in CHE 397 is required. Offered: Spring.

CHE 397 • Biochemistry II Lab 1 Credit
Laboratory experience accompanying CHE 396. Laboratory includes mammalian cell culture techniques and bioassays, and plant biochemical techniques including lipid extraction and analysis. RNA and DNA, PCR, and gene expression. Corequisites: Registration in CHE 396 is required. Offered: Spring.

CHE 490 • Chemistry Seminar: Research 2 Credits
Students pursue an original research project in Chemistry or Biochemistry supported by a faculty mentor. Required time commitment is approximately 3.5 hours per week per credit, including weekly meeting with faculty mentor. Prerequisites: CHE 395 and Consent of instructor. Offered: Fall, Spring.

CHE 491 • Research 1-4 Credits
Students pursue an original research project in Chemistry or Biochemistry supported by a faculty mentor. Required time commitment is approximately 3.5 hours per week per credit, including weekly meeting with faculty mentor. Prerequisites: CHE 490 and Consent of department. Offered: Fall, Interim, Spring.

CHE 494 • Chemistry Seminar: Research Presentation 1 Credit
Students prepare and deliver formal presentations, both oral and written, of their research results. Seminar meets weekly for discussion of current topics. Prerequisites: CHE 490. Offered: Fall, Spring.

Courses whose number is followed by a letter fulfill a General Education requirement.
Communication Studies

Since effective communication is essential to most aspects of successful human endeavor, the Communication Studies (https://www.bethel.edu/undergrad/academics/communication/) programs focus on achieving understanding in human thought, activity, and interaction. Students are given opportunities to create and test ideas, develop individual abilities, and gain competence and confidence.

The programs housed in Communication Studies (https://www.bethel.edu/undergrad/academics/communication/) help students acquire knowledge and increase abilities that enable them to function effectively in every area of their public and private lives. The department seeks to prepare skilled communicators for professional careers and Christian service, providing vital background for the fields of business, teaching, law, public relations, government, social work, television, radio, corporate media departments, and various church ministries.

The faculty of Communication Studies is committed to the importance of cross-cultural experiences for all majors. Students are encouraged to attend an off-campus intercultural program for an interim or semester.

Majors in Communication Studies

- B.A. in Communication Studies (p. 134)
- B.A. in Media Production (p. 136)
- B.A. in Organizational Communication (p. 137)

Minors in Communication Studies

- Communication Studies (p. 139)
- Media Production (p. 139)

COM 110 • Basic Communication 3 Credits
Informal and formal communication patterns that characterize daily life, analysis of communication situations, and improvement of effective communication. Includes interpersonal, intercultural, small group, and speaker/audience communication settings.
Offered: Fall, Occasionally interim, Spring.

COM 170A • Media Production I 4 Credits
Equips students with the most basic "hands-on" visual media production skills in which students learn the fundamentals of visual media production, including multi-camera studio production, digital filmmaking, and digital post-production.
Offered: Fall, Spring.

COM 208U • Native Americans and the Media 3 Credits
Analysis of media portrayals of Native Americans. Emphasis on Native American cultures and voices, mainstream portrayals of Native Americans through a variety of media, and social and media critical tools for examining media mainstream images of minority groups.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally interim.

COM 209 • Introduction to Health Communication 3 Credits
Introduces students to communication surrounding health care. History of health care and theoretical foundations of what health and illness mean. Explores concepts such as provider-patient communication, social support, health literacy, cross-cultural barriers to health care, ethical considerations in health communication and a Christian approach to health and illness.
Prerequisites: CHL 110 (may be taken concurrently). Offered: Fall.

COM 210 • Perspectives on Human Communication 3 Credits
Examination of the communication discipline through the exploration and application of communication theories. Provides a theoretical foundation by exploring significant communication concepts in the areas of human, media, organizational, and rhetorical communication.
Offered: Fall, Spring.

COM 213 • Media Communication 3 Credits
An overview of mass media industries, including print, broadcast, cable, film, and the internet. Survey of media history, functions, and impacts on society.
Offered: Fall, Occasionally interim, Spring.
COM 215 • Web Design for Mass Media 3 Credits
An introduction to the growing world of multimedia design on the web. Students are introduced to the process and techniques used in designing and publishing for the web. Offered: Spring. Special Notes: No background with web design is necessary, but familiarity with the internet and a current browser is required.

COM 220 • Group Communication 4 Credits
Vital role that small groups play in daily life, group problem-solving and group interaction, and greater effectiveness in working in small groups. Examination of leadership, group cohesiveness, and conflict management. Offered: Fall, Spring.

COM 248 • Organizational Communication 3 Credits
Communication practices and problems found in organizations. Communication concerns related to organizational structure, conflict, effectiveness, roles (emphasizing leadership), work processes, and decision making. Interviewing as an organizational practice and as a research tool. Offered: Fall, Occasionally spring.

COM 264 • Storytelling 3 Credits
An examination of communication in electronic media through the analysis and development of narrative structure and story elements as they are used in a variety of media industries. Students will learn to create compelling stories for audio and visual media through the analysis of scene, character arc, action, motif, etc. Prerequisites: COM 170A or Consent of instructor. Offered: Interim, even # years.

COM 270 • Media Production II 4 Credits
The second of two “hands-on” media courses in which students learn the specific techniques of cinematography, audio, and editing visual productions. Training in the critical aspects of editing theory and the analysis of the post-production process. Prerequisites: COM 170A. Offered: Fall.

COM 301A • Oral Interpretation 4 Credits
Creative process involved in the oral performance of prose, poetry, and drama. Students explore and practice methods and techniques for selecting, analyzing, understanding, and adapting literature for oral performance. Emphasizes artistic expression through the performance of compiled literary scripts individually and in groups. Prerequisites: Junior standing or Consent of instructor. Offered: Occasionally fall.

COM 302 • Media Law 3 Credits
Examination of mass media law and policy through the use of court cases, policy documents, legislation, legal history, and legal philosophy. Special emphasis on First Amendment and ethical issues related to media practices. Offered: Fall, Spring.

COM 310K • Communication, Technology and Society 3 Credits
An examination of the impact communication technology has on communication and society. Evaluation and exploration of technologies such as digital media, the internet, and other emerging technologies. Analysis of the ethical and spiritual implications and applications of these technologies. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Fall, Interim, Spring.

COM 314G • Gender Communication 3 Credits
Examines the force of rhetoric on historical and social movements since 1800. Concentrates on movements that cross gender lines and impact modern men and women. Religious revivals and Christian action groups as related to the sweep of history. Considers gender differences and similarities, verbal and nonverbal. Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Fall.

COM 315G • European Language and Culture Area Study 3 Credits
An introduction to specific European cultures, languages, and communication styles. Students experience European cultures through first-hand interaction, special speakers, readings, and class excursions. Language lessons equip students to complete basic social tasks. Topics include worldview, education, political economy, ecology, history, and art as reflections of regional communication style. Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Europe term; Fall, odd # years.

COM 318 • Argumentation and Debate 4 Credits
Argumentation and debate principles, with application to written analysis, briefs, speeches, and debates. Analysis of an issue, reasoning and evidence, in-depth research, and oral delivery. Offered: Occasionally.
COM 319 • Health Campaigns and Technology 3 Credits
Explores how health campaigns and technology influence individual and societal health behavior and attitudes. Examines both theoretical and applied approaches to health literacy, health informatics, and the process of influencing health-related choices. Culminates with the creation of a health campaign that utilizes appropriate theories, methods, and technologies. Prerequisites: COM 209. Offered: Spring.

COM 322 • Advanced Group Communication 4 Credits
Advanced examination of group development and team building. Various theories and models of group formation and team building are analyzed and experienced as students become part of multiple Christian communities. Students learn how groups relate in differing cultures and how their Christian faith can play a role in group functioning. Offered: Europe term; Fall, odd # years.

COM 323 • Event Management & Leadership 3 Credits
Designing integrated communication approaches for conferences, professional meetings, celebratory events, and community outreach programs. Engages the professional, interpersonal, and organizational coordination of information, people, and budgets. Specific attention to developing creative and constructive responses to unanticipated “rhetorical interruptions” and to identifying opportunities for institutional enhancement. Prerequisites: COM 248. Offered: Spring, odd # years.

COM 324 • Professional and Technical Communication 4 Credits
Introduction to professional and technical communication skills. Topics include interviewing, technical speaking, speaking and writing to a lay audience, and visual communication skills. Students will learn how to present complex information in a variety of formats with an audience-centered approach. Offered: Spring, even # years.

COM 325 • Political Communication 3 Credits
Analysis of the theoretical background behind political communication from a public speaking and media perspective. Attention to decision-making skills required in political campaigns. Discussion of advanced persuasive campaign theory. Prerequisites: COM 110 or COM 210 or Consent of instructor. Special Notes: Carries cross-credit in political science. Offered: Occasionally.

COM 340 • Facilitating Difficult Conversations 3 Credits
Exploration of inter-group dialogue. Examines the challenges of engaging in difficult conversations, including topics such as perception, social identities, emotional triggers, narratives, and privilege. Students participate in dialogue on difficult topics and become skilled in listening, questioning, and facilitating small group interactions. Prerequisites: GES 140. Offered: Occasionally spring.

COM 350 • Corporate Communication 3 Credits
Theories and principles of corporate communication, including issues related to public relations, media relations, corporate identity management, investor communication, and crisis communication in both for-profit and not-for-profit organizations. Offered: Interim.

COM 352 • Broadcast Journalism 3 Credits
Theories and principles of broadcast writing with practical experience in writing news stories for radio and television. Analysis of broadcast news programming and procedures. Prerequisites: COM 213. Offered: Fall, even # years.

COM 355Z • Intercultural Communication 4 Credits
The study of socio-cultural variability and its influence on verbal and nonverbal communication. Beginning with cultural self-awareness, the examination of theory is balanced by an examination of practical applications designed to improve intercultural competence in various contexts. Prerequisites: World Cultures (U) course. Special Notes: The course includes a 30-hour intercultural service learning component. Offered: Europe term; fall, odd # years, Fall, even # years, Spring.
COM 357 • Principles of Digital Marketing 3 Credits
Study of digital marketing strategy, content development and media channels to help students leverage digital techniques and understand how they integrate with the overall marketing plan. Students will design and analyze digital campaigns within a team environment. Best practices are leveraged as the digital marketplace evolves. Hands on work emphasized.
Prerequisites: BUS 220. Offered: Interim. Special Notes: This course carries cross credit in business.

COM 361 • Rhetorical Criticism 3 Credits
Study of approaches to rhetorical criticism. Critical evaluation of a wide range of communication texts, their possible meanings, and their implications for various audiences and situations. Students learn methods used to analyze communication texts as well as historical and future trends in the field of rhetorical criticism.
Prerequisites: COM 210. Offered: Occasionally.

COM 363 • Methods of Communication Research 4 Credits
The modern foundations for study, evaluation, and research in the entire field of communication. Readings, statistics, and finished research projects are the focus of study.
Prerequisites: COM 210 and Two courses in communication. Offered: Fall, Spring.

COM 365 • Crisis Communication 3 Credits
Crisis communication is a subfunction of organizational communication. Examines examples of crises, crisis communication theory, and crisis management approaches, in addition to ethical considerations for all phases of dealing with organizational crises.
Prerequisites: COM 350 or Consent of instructor. Offered: Occasionally fall.

COM 366 • Strategic Social Media in Organizations 3 Credits
Examination of the role of social media in business marketing and public relations. Analyzes how new media are changing the way businesses sell their products, communicate with customers, make decisions, and create community.
Offered: Occasionally fall.

COM 367 • Interpersonal Conflict 3 Credits
Theories and principles of interpersonal conflict are examined. How personal history, tactics, styles of expression and strategies of interaction impact types of conflict and their eventual resolution. Evaluates models of conflict resolution with an emphasis on issues of forgiveness and reconciliation.
Offered: Occasionally spring.

COM 368 • Nonverbal Communication 3 Credits
Nonverbal communication codes examined, including their structures, usages, and interrelationships. Understanding, analysis, and application of nonverbal communication through lecture, discussion, and experiential activities. Explores the impact of nonverbal communication on culture and interaction.
Offered: Occasionally spring.

COM 370 • Interpersonal Communication 4 Credits
Theory and pragmatics related to dyadic communication. Explores issues such as self-identity, self-esteem, listeners, emotions, conflict, relational development and maintenance, gender, and nonverbal communication. Opportunity to evaluate and develop personal interaction skills.
Offered: Fall, Spring.

COM 373 • Digital Filmmaking 4 Credits
Hands-on, single-camera production on location. Areas of study include cinema verité, documentary, and experimental/music video. All projects are edited with non-linear computer systems, and published to DVD and web.
Prerequisites: COM 170A; COM 270, or Consent of instructor. Offered: Spring, odd # years.

COM 374 • Broadcast Production 4 Credits
In-depth understanding of audience analysis, news and sports programming, advanced multicamera, live production, and field news reporting. Implementation of new digital technologies and production techniques for webcasting.
Prerequisites: COM 170A or Consent of instructor. Offered: Fall, odd # years.
COM 375 • Media Criticism and Theory 3 Credits
Explores theoretical and critical approaches to the study of video, audio, film, and digital culture. Examines issues relating to production and authorship in the media arts, audience reception and effects, political ideology, ethics, aesthetics, cultural diversity, and schools of thought. Extensive critical writing and reading in media criticism and theory.
Prerequisites: COM 210 and COM 213. Offered: Spring.

COM 376 • Public Relations Writing and Strategies 3 Credits
Explores techniques for conducting research and writing within key public relations contexts. Essential writing skills and strategies needed to perform a variety of projects in the public relations profession, including biographies, press releases, fact sheets, backgrounders, newsletters, brochures, pitch letters, speeches, feature stories, and social media posts.
Prerequisites: COM 248 and COM 350. Offered: Spring, even # years.

COM 386 • Advanced Public Speaking 4 Credits
Preparation and delivery of speeches at an advanced level. Speeches can include persuasive, entertaining, informative, special occasion, business presentations, and storytelling.
Prerequisites: Junior standing or Consent of instructor. Offered: Fall.

COM 387 • Speaking in Ministry Contexts 4 Credits
Creation and delivery of the types of messages required in ministry contexts. Students work on biblical interpretation, adapting a biblically-based message to specific audiences and contexts, and learning to communicate in a clear and relevant manner.
Prerequisites: Junior or senior standing or Consent of instructor. Offered: Spring, odd # years.

COM 400 • Family Communication 4 Credits
Communication patterns that help or hinder relationships within the family system. Functioning in simulated family groups, students develop personal roles. Various approaches to conflict, power, stress, intimacy, and family health. The family system in light of Christian attitudes and life patterns.
Prerequisites: Junior standing. Offered: Spring.

COM 460 • Topics in Organizational Communication 3 Credits
Advanced studies in organizational communication with the specific topic announced prior to registration. Topics may include public relations, corporate communication, consulting, training and development, or media relations. Explores current issues from both a theoretical and hands-on perspective.
Prerequisites: COM 350 and Consent of instructor. Repeatable course: May be repeated if a different topic is emphasized. Offered: Occasionally, fall.

COM 462 • Topics in Relational Communication 3 Credits
Advanced studies in relational communication with the specific topic announced prior to registration. Topics may include the dark side of communication, persuasion, divorce, advanced interpersonal theory.
Offered: Occasionally spring.

COM 463 • Topics in Communication Analysis 3 Credits
Special and/or advanced studies in rhetorical analysis with the topic announced prior to registration. Possible topics include rhetoric of religion, crisis communication, and presidential rhetoric. Theories applied to contemporary and historical communication artifacts.
Prerequisites: COM 210. Repeatable course: May be repeated if a different topic is emphasized. Offered: Interim, Occasionally.

COM 464 • Dating, Mating, & Relating: Lifespan Communication 3 Credits
Explores the communication development and patterns of children and adolescents, family communication, peer-group communication, intergenerational communication, and later-life communication, as well as theoretical studies of lifespan communication development, communication during lifespan transitions, and lifespan communication research methods.
Offered: Occasionally spring.

COM 481 • Internship in Communication 1-4 Credits
Applies and expands communication knowledge and skills in structured, off-campus settings, such as corporations, governmental offices, nonprofit organizations, television and radio stations, and corporate media departments.
Prerequisites: Junior standing or Consent of department. Repeatable course: May be repeated for credit. Offered: Fall, Spring.
COM 494 • Capstone: Organizational Communication 4 Credits
Engages students in the process of researching, structuring, conducting, and evaluating communication audits or public relations campaigns. Emphasizes synthesis and integration of skills and theories learned in the organizational communications major.
Prerequisites: COM 350; COM 363; Senior standing. Offered: Spring.

COM 497 • Capstone: Relational Studies 4 Credits
Guided exploration of "understudied relationships" specific to the relational communication discipline. Focus on synthesizing and integrating faith, communication skills, knowledge, theory, research, and competencies learned in the relational communication emphasis.
Prerequisites: COM 220 or COM 322; COM 363; COM 370. Offered: Spring.

1. An Individualized Organizational Emphasis is available for students who have a clear direction of what they want to do in their organizational careers that is not met by the emphases listed. The course sequence is arranged with consent of advisor and departmental approval. Courses whose number is followed by a letter fulfill a General Education requirement.

### Employee Communication Emphasis (10-11 credits)

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Media Production and a Minor in Media Production.
Community Health

The Community Health (https://www.bethel.edu/undergrad/academics/community-health/majors-minors/community-health/) major and minor promote health and wellness with an emphasis on prevention, life-long learning, and the acquisition of knowledge, attitudes, and skills that can be integrated into a holistic lifestyle. Students are prepared for careers in healthcare, public policy, community education, and much more. Graduates understand both macro and micro perspectives on health within communities. Completion of the community health major establishes eligibility to sit for the Certified Health Education Specialist (CHES) examination.

Major in Community Health

• B.A. in Community Health (p. 141)

Minor in Community Health

• Community Health (p. 142)

CHL 110 • Introduction to Healthcare 3 Credits
An introduction to various health professions and the healthcare system in the United States. Emphasis on understanding the healthcare system, current issues in healthcare, and healthcare career paths. Development of healthcare literacy and navigating healthcare culture. Students examine education, training, and licensure and/or certification requirements for potential careers.
Offered: Fall, Spring.

CHL 314 • Foundations, Administration, and Evaluation of Health Education 3 Credits
Introduces the health education and health promotion professions, including historical, philosophical, and theoretical foundations of health education. Explores theories of behavior change, the responsibilities of health educators, and investigates career opportunities. Examines the theoretical and practical basis for planning, implementing, administering, and evaluating health education programs.
Prerequisites: HAS 130. Offered: Spring.

CHL 318 • Epidemiology 2 Credits
Distribution of health and disease in populations and its influential or determining factors. Examines methodological and analytical techniques to summarize health-related indicators in populations. Focuses on tools and epidemiologic methods used to identify, prevent, and control disease and health-related conditions. Reviews the epidemiology of many major diseases and health-related conditions.
Prerequisites: HAS 130; BIO 104/BIO 104D or BIO 122/BIO 122D; BIO 238/BIO 239 or (BIO 214/BIO 215; BIO 216/BIO 217). Offered: Fall, even # years.

CHL 345 • Disease and Injury Control 2 Credits
Analysis of chronic diseases, infectious diseases, and injuries from both personal and societal perspectives. Focuses on the prevention, identification, and control of diseases and injuries. Examines the relationship of health promotion and lifestyle to disease and injury.
Prerequisites: HAS 120 and HAS 130. Offered: Fall, odd # years.

CHL 481 • Community Health Internship 3-4 Credits
A practical experience in off-campus practice and hybrid academic settings in applying academic knowledge and professional skills under the dual supervision of a faculty member and practising professional.
Prerequisites: Major in community health; Consent of instructor. Offered: Fall, Spring. Special Notes: Application must be made at least one semester prior to the intended experience.

---

1. Students must earn a grade of C or better in each course in the major (BIO, EDU, GES, HAS). Courses with grades of C- or lower must be repeated.
2. BIO 104/BIO 104D or BIO 122/BIO 122D are prerequisites for this course.
3. HAS 399 or Consent of instructor are prerequisites for this course.
RES 201 or RES 215L are prerequisites for this course.

BIO 104/BIO 104D or BIO 120/BIO 120D or BIO 218 are prerequisites for this course.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Community Health and a Minor in Community Health.

</table>

Choose either the first sequence or both the second and third:

- BIO 238 & BIO 239 Human Anatomy and Physiology and Human Anatomy and Physiology Lab

OR

- BIO 214 & BIO 215 Human Anatomy and Human Anatomy Lab
- BIO 216 & BIO 217 Human Physiology and Human Physiology Lab

Choose one of the following sequences:

- BIO 104 & BIO 104D Human Biology and Human Biology Lab
- BIO 122 & BIO 122D Introduction to Organismic Biology and Introduction to Organismic Biology Lab

Total Credits 19-23

1. BIO 104/BIO 104D or BIO 122/BIO 122D and BIO 238/BIO 239 or BIO 214/BIO 215 and BIO 216/BIO 217 are prerequisites for this course.
2. BIO 104/BIO 104D, BIO 120/BIO 120D, BIO 122/BIO 122D, BIO 124/BIO 124D, or BIO 128/BIO 128D are prerequisites for this course.
3. BIO 104/BIO 104D or BIO 120/BIO 120D or BIO 218 are prerequisites for this course.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Community Health and a Minor in Community Health.
Computer Science

Computing technology has become an essential part of nearly every profession even as new research in computer science continues to reinvent how we communicate and work. The Computer Science majors (https://www.bethel.edu/undergrad/academics/math-cs/) at Bethel prepare students for leadership roles in this ever-changing academic discipline as they learn current programming languages, network technology, databases, software engineering techniques, hardware, operating systems, and security. Electives are also offered in graphics, compilers, artificial intelligence, and high-performance computing. Students can gain work experience through employment in Bethel’s computing support services and can earn course credit through internships at local companies. Bethel conforms to the Association for Computing Machinery (ACM) model for a liberal arts university computing degree with coursework in computing ethics and a balance of practical and theoretical study in computer science.

Advanced Placement: The Computer Science Department (https://www.bethel.edu/undergrad/academics/math-cs/) requires a score of 3 or better on the AP exam in order for the exam to be used to fulfill course requirements in the majors and minors it offers. Students should consult the department chair with questions on AP exams and requirements for majors.

Majors in Computer Science

- B.A. in Computer Science (p. 145)
- B.A. in Computer Science with Software Project Management (p. 146)
- B.S. in Computer Engineering (p. 177)
- B.S. in Computer Science (p. 147)
- B.S. in Software Engineering (p. 180)

Minor in Computer Science

- Computer Science (p. 148)

COS 100 • Introduction to Programming 3 Credits
An introduction to programming using a current procedural (imperative) programming language. Standard data types and control structures are introduced.

Offered: Fall, Interim.

COS 105 • Object-oriented Design and Programming 4 Credits
Introduction to object-oriented design methodologies and programming, fundamental search and sort algorithms, and recursion. Strong emphasis on theory. Extensive programming assignments in a current object-oriented computer language.

Prerequisites: COS 100, COS 205, or equivalent proficiency; MAT 123M, MAT 124M, MAT 125, or equivalent proficiency. Offered: Spring. Special Notes: Not designed as a computer literacy course. Includes 6 lab hours.

COS 205 • Scientific Computing 3 Credits
An introduction to programming using both a procedural (C language) and object-oriented (C++) programming language. Basic data types and control structures are introduced and the fundamentals of OOP (encapsulation, inheritance, and polymorphism) are covered. Issues relevant to scientific computing are considered including performance, numerical representation, and machine error.

Prerequisites: MAT 124M with C- or higher (can be taken concurrently). Offered: Fall, Spring.

COS 212 • Data Structures 4 Credits
Elementary data structures such as arrays, linked lists, stacks, queues, heaps, hashtables, and trees. Extensive programming assignments in a current computer language.

Prerequisites: COS 105 with C- or higher or COS 205 with C- or higher with consent of instructor. Special Notes: Includes 6 lab hours. Offered: Fall, Spring.

COS 216 • Algorithms and Advanced Data Structures 3 Credits
Fundamental algorithms, algorithm analysis, and advanced data structures.

Prerequisites: COS 212 with C- or higher and MAT 241 with C- or higher. Offered: Fall, Spring.

COS 235 • Computer Systems 4 Credits
Assembly and machine language to study computer organization and structure, including addressing techniques, digital logic and representation of numbers and arithmetic, structure of operating systems, memory management, process management, resource allocation, and operating system monitors. Also includes an introduction to C.

Prerequisites: COS 212 with C- or higher. Offered: Spring.
COS 313 • Database Systems 3 Credits
Relational and object-oriented databases, schemas, and normalization. Database management systems, SQL, concurrent transactions, logging/disaster recovery, and query optimization. Application program interaction with database management systems. 
Prerequisites: COS 216 with C- or higher. Offered: Fall, even # years.

COS 318 • Web Programming 3 Credits
An examination of the foundational technologies used for creating web applications. Includes client and server programming, as well as fundamentals of cloud services, including security, storage, and reliability.
Prerequisites: COS 216 with C- or higher. Special Notes: Some knowledge of HTML and the basics of JavaScript are expected. Offered: Fall.

COS 320 • Computer Graphics Programming 3 Credits
Introduces the drawing methods, geometrical transforms, and illumination models that are fundamental to computer graphics programming. Modeling of 2D and 3D objects, local and global illumination simulation, shading, color models, procedural modeling, and discrete (fragment) techniques, including texture mapping. A current graphics API is used, including custom shaders.
Prerequisites: COS 216 with C- or higher. Offered: Fall, odd # years.

COS 334 • Data Mining and Machine Learning 3 Credits
An introduction to widely-used techniques for extracting information from large data sets such as medical databases, credit reports, weather history, and the stock market. Includes algorithms for nominal and ordinal data and metrics to measure their performance. Students will implement common algorithms with real data and choose appropriate algorithms for different applications.
Prerequisites: COS 216 with C- or higher. Offered: Spring, even # years.

COS 335 • Computer Security 3 Credits
An introduction to the concepts of security as applied to areas such as programming, databases, networks, systems, and applications. General concepts and specific instances of security-related threats are presented. Security risks are discussed in the context of several computer operating system and architecture components.
Prerequisites: COS 235 with C- or higher (COS 386 is a recommended prerequisite). Offered: Spring, odd # years.

COS 351 • High-Performance Computing 3 Credits
Fundamental concepts and techniques for parallel computation in C/C++ (load balancing, communication, synchronization, serial program decomposition) using an industry-standard parallel computing library.
Prerequisites: COS 205 with C- or higher or COS 235 with C- or higher. Offered: Fall, odd # years, Interim, odd # years.

COS 371 • Organization of Programming Languages 3 Credits
Formal programming language specification using various grammars and the Backus-Naur Form. Data types and structures, control structures, and data flow of several programming languages, including interpreters and compilers. Introduction to parsing and lexical analysis.
Prerequisites: COS 216 with C- or higher. Offered: Spring, even # years.

COS 386 • Data Communications and Computer Networks 3 Credits
Data communications including interprocess communication, computer networking, and associated software protocols. Topics include network topologies, point-to-point network protocols, local area networks, and interconnection of networks.
Prerequisites: COS 235 with C- or higher. Offered: Fall, even # years.

COS 389 • Artificial Intelligence 3 Credits
Basic concepts and techniques of artificial intelligence, including representation, notational structures, searches, control structures, and logic programming languages. Samples of current work in several application areas including natural language systems, expert systems, and neural networks.
Prerequisites: COS 216 with C- or higher. Offered: Spring, odd # years.
**COS 420 • Software Process** 3 Credits
Balancing the various real-world challenges that a software engineer encounters, including ambiguity, conflicting requirements, task-time estimation, team dynamics, requests from customers, product managers or architects. A team-based software project on a modern computer science topic will be developed during the semester.

*Prerequisites: COS 216 with C- or higher. Special Notes: Carries cross credit in engineering. COS 477 is a recommended prerequisite. Offered: Spring, odd # years.*

**COS 450 • Humans and Computers** 3 Credits
Examines the ways that humans and computers interact. Issues in user experience and human-machine interaction are explored. Christian and professional ethics in the development and application of computing technology are extensively examined.

*Prerequisites: COS 216 with C- or higher. Offered: Interim, even # years. Special Notes: Students may not receive credit for both COS 450 and GES334K.*

**COS 477 • Software Engineering** 3 Credits
Formal approach to the design and development of software. Multiple process models discussed and compared. Other topics include design patterns, project management and estimation, team management, formal methods, documentation, system and data description, verification and validation, and process improvement.

*Prerequisites: COS 216 with C- or higher. Special Notes: Carries cross credit in engineering. Offered: Spring, even # years.*

**COS 490 • Topics in Computer Science** 3 Credits
A seminar to provide an in-depth survey of a recent trend or field in the rapidly changing discipline of computer science. Students work on a significant project and explore the future implications of the current topic.

*Prerequisites: COS 216 with C- or higher. Offered: Occasionally.*

Digital Humanities

Digital Humanities describes a wide range of activities that apply digital technology to the study of the humanities in order to research, analyze, and present information to contemporary audiences. The B.A. in Digital Humanities (https://www.bethel.edu/undergrad/academics/history/majors-minors/digital-humanities/) fuses the traditional strengths of the humanities - the search for knowledge about human culture, and the cultivation of intellectual curiosity and empathy - with a greater understanding of digital age skills. Students learn collaboratively how to use digital technologies to ask and answer meaningful questions in the study of English, History, Philosophy, Theology, and other subjects, and to communicate persuasively and winsomely with their audiences. **Because of its compact size, this major must be paired with a second major.**

**DIG 200A • Introduction to Digital Humanities** 3 Credits
Explores how to tell stories in the humanities with digital insights from graphic design and computer science. 3D-modeling, virtual reality, digital mapping, and data analysis are combined with the study of history, literature, philosophy, the arts, and other humanities disciplines. Students create aesthetically-informed projects accessible to a modern audience.
*Offered: Spring.*

**DIG 310 • Advanced Digital Humanities** 3 Credits
Interdisciplinary seminar deepening conversation about the digital humanities. Students collaborate with others and contribute expertise from their primary major to create sophisticated digital projects. Explores the history and theory of innovation, the personal and social impact of digitization, and the changing nature of work and leisure in a digital age.
*Prerequisites: DIG 200A. Offered: Fall.*

**DIG 481 • Internship in Digital Humanities** 3-4 Credits
Practical experience enabling students to hone a range of digital skills to complement their abilities in critical thinking, research, and communication. Includes collaboration with peers, staff, professors and/or off-campus partners.
*Prerequisites: DIG 200A; Junior or senior standing; Major in digital humanities. Offered: Fall, Interim, Spring.*

Humanities Core 12

12 credits total at the 200-level or above (at least 6 of which must be 300-level or above), from two or more of the following disciplines:

**Anthropology (ANT)**
- ANT 200U Introduction to Anthropology

**Art History (ARH)**
- All courses

**Bible (BIB)**
- BIB 212 Reading the Hebrew Bible
- BIB 331G Cultural World of the New Testament

**Communication Studies (COM)**
- COM 208U Native Americans and the Media
- COM 213 Media Communication
- COM 301A Oral Interpretation
- COM 361 Rhetorical Criticism 3
- COM 375 Media Criticism and Theory 4
- COM 463 Topics in Communication Analysis 3

**English - Literature (ENL)**
- All courses

**English - Writing (ENW)**
- All courses

**General Studies (GES)**
- GES 246 Humanities IV: Modern and Contemporary Western Culture 5

**History (HIS)**
- All courses

**Missional Ministries (MIN)**
- MIN 320 Spiritual and Faith Formation 6

**Music (MUS)**
- MUS 312 Music History and Literature I 7
- MUS 313 Music History and Literature II 17

**Philosophy (PHI)**
- All courses

**Political Science (POS)**
- POS 221L American Political Ideologies
- POS 317 Political Psychology

**Spanish (SPA)**
- SPA 290S Ibero-American History 8
- SPA 301U Hispanic Cultures 9
- SPA 305 Readings from Latin America and Spain 9
- SPA 312 Contemporary Literature 10
- SPA 313 Classical Literature 10
- SPA 322 Advanced Spanish Communication 11
Theology (THE)

1. At least two of these courses must include the completion of a digital project approved by the digital humanities coordinator in consultation with the course instructor.
2. ENW 115 is a prerequisite for this course.
3. COM 210 is a prerequisite for this course.
4. COM 210 and COM 213 are prerequisites for this course.
5. GES 145, GES 147, and GES 244 are prerequisites for this course.
6. MIN 200 is a prerequisite for this course.
7. MUS 103 and MUS 104 are prerequisites for this course.
8. SPA 202UZ, SPA 208S, or a placement exam is a prerequisite for this course.
9. SPA 290S or SPA 292S is a prerequisite for this course.
10. SPA 300 or SPA 305 is a prerequisite for this course.
11. SPA 301U or SPA 303U is a prerequisite for this course.
12. MAT 123M, MAT 124M, MAT 125 or equivalent proficiency is a prerequisite for this course.
13. MAT 241 is a prerequisite for this course.
14. DES 150 and DES 212 are prerequisites for this course.
15. DES 312 is a prerequisite for this course.
16. EDU 332 is a corequisite for this course.
17. MUS 312 is a prerequisite for this course.

Courses whose number is followed by a letter fulfill a General Education requirement.
Education

As part of a Christian learning community at Bethel University, the Education (https://www.bethel.edu/undergrad/academics/education/) programs prepare educators for service in public and private schools who:

- demonstrate knowledge and competence in the context of education and content knowledge;
- understand and facilitate student learning and development;
- engage in reflective practice;
- establish collaborative relationships; and
- demonstrate a Christian worldview characterized by integrity and compassion.

Bethel’s Education programs provide students the opportunity to attain licensure for teaching in the following areas:

- Elementary Education (grades K-6)
- Secondary Education:
  a. Communication Arts and Literature (English), 5-12
  b. Mathematics, 5-12
  c. Social Studies, 5-12
- Education for grades K-12:
  a. Music: Instrumental or Vocal
  b. Spanish Language
  c. Special Education
  d. Teaching English as a Second Language

In addition to the above education licenses, teaching endorsements can be added in middle level education (grades 5-8) in:

- Communication Arts and Literature
- Mathematics
- Social Studies
- Spanish Language, K-8

The Bethel University teacher education program is also approved by the Minnesota Professional Educator Licensing and Standards Board (PELSB), having met the standards set by the State of Minnesota through a rigorous review process.

To qualify for teacher licensure, our teacher candidates must demonstrate competencies on basic skills exams in the areas of reading, writing, mathematics, as well as on pedagogy, and content exams in all licensure and endorsement areas. Results are reported to PELSB, which in turn reports to the United States Secretary of Education under Title II of the Higher Education Act annual reporting requirement. The most recent reporting was for students who completed the program during the 2018-2019 school year. Pass rates: 90% basic skills (reporting MN EAS only), 98% pedagogy, and 91% subject area content.

Teacher candidates have multiple options to meet the basic skills requirement, the Minnesota Essential Academic Skills (EAS), ACT Plus Writing, or the SAT exam by earning passing scores in:

- MN Essential Academic Skills
  - A score of 520 or higher in each section (Math, Reading, and Writing)
- ACT Plus Writing
  - Composite: A score of 22 or higher
  - Combined English/Writing or ELA: A score of 21 or higher
- SAT (2005 - present)
  - Reading and Writing: A score of 510 or higher
  - Math: A score of 520 or higher

Elementary School Licensure Program

The elementary teacher education program is designed to prepare teachers for teaching in any elementary school. The program is developed to give elementary teachers a solid foundation in the liberal arts, knowledge and understanding of human development and learning processes, methods of teaching basic skills, and subject matter preparation.

Secondary and K-12 Licensure Programs

Programs in teaching secondary education are available in communication arts and
literature (English), mathematics, and social studies. Licensure for grades K-12 is available in instrumental music, vocal music, special education, Spanish, and teaching English as a second language (TESL). Prospective teachers in each of these areas must complete a core of professional education courses as well as the required courses in the discipline of choice. Details of these programs are found under the appropriate program listings in this catalog.

Special Education, K-12
Academic Behavioral Strategist (ABS) Licensure Program

The ABS teacher licensure program is designed to prepare teachers for teaching in a K-12, mild-moderate special education setting. The program is developed to give ABS teachers a solid foundation in the liberal arts, knowledge and understanding of human development and learning processes for students with exceptionalities, methods of teaching students with mild-moderate disabilities in the areas of academic and behavior, and required due process procedures related to special education.

Endorsements

Formal licensure endorsements are also available to all licensure candidates (elementary, 5-12, and K-12) and can be added to a licensure program. Endorsements are available to teach grades 5-8 in the following areas: communication arts and literature, mathematics, and social studies. A Spanish (K-8) endorsement can be added to an elementary education major.

Post-baccalaureate Licensure

Holders of a baccalaureate degree may qualify for a teaching license by completing the missing components of the prescribed program in which they are interested. A second bachelor’s degree is not awarded to these students. Those interested in this program must make an initial contact with Bethel’s Office of Admissions (https://www.bethel.edu/undergrad/admissions/) and then meet with the Education Department (https://www.bethel.edu/undergrad/academics/education/) to develop an individualized plan for completion of requirements.

General Criteria for Participation in the Teacher Education Program

A. Admission Procedures and Requirements

1. Complete at least one semester of coursework at Bethel with a minimum cumulative grade point average of 2.75 for Elementary Education and Special Education, 3.0 for Social Studies Education, and 2.5 for all other content licensure areas.
2. Successfully complete EDU 200 Introduction to Education and EDU 201 Introduction to Education Field Experience with a minimum grade of C or better.
3. During EDU 200 Introduction to Education and EDU 201 Introduction to Education Field Experience students will:
   a. File an application for admission to the education department, including a written autobiographical statement and references.
   b. Be interviewed and accepted into the program upon approval of the faculty of the student’s area of emphasis.
4. Meet competency requirements in basic skills (mathematics, reading, and writing) or take exams in all three areas to qualify for full admission.
5. Submit transfer course work for education department evaluation. Only coursework with a grade of C or above is transferable for credit.

B. Standards for Continuance in Education Program

1. Complete admission procedures before enrolling in additional education courses.
2. Maintain a GPA of at least 2.75 for Elementary Education and Special Education, 3.0 for Social Studies Education, and 2.5 for all other content licensure areas.
3. Earn a grade of C or better in each education course for all education majors. For elementary education majors, this also includes a grade of C or better in MAT 201M, MAT 202, NAS courses (NAS101-104), and all
courses in endorsement areas. (Courses with grades of C- or lower must be repeated.)

4. 5-8, 5-12, and K-12 majors, as well as students with middle level content endorsements, must earn a grade of C or above in each content area course. For Special Education (K-12) majors this includes MAT 101M or MAT 102M, and any two of the following: NAS 101D, NAS 102D, NAS 103D, and NAS 104D. (Courses with grades of C- or lower must be repeated.)

5. Demonstrate continual development of professional traits of educators, as presented throughout the program.

C. Additional Requirements for Program Completion

Note: There are a variety of ways these competencies can be met, including courses for credit or non-credit and workshops.

1. First Aid/CPR for elementary education majors. (This may be taken at Bethel, ([HAS 120]) or through a Red Cross certification program.)

2. An electronic portfolio is established during the first education course. It is maintained throughout the program to assess completion of foundational standards for teaching.

3. Appropriate proficiency levels assessed according to ACTFL proficiency guidelines for majors and endorsements in Spanish.

D. Requirements for Admission to Student Teaching

1. Be recommended for student teaching by the department(s) of the student's area of emphasis and by student's academic advisor.

2. Complete the following coursework:
   a. Elementary Education—all coursework, including EDU, MAT, NAS, and content courses in endorsement with a grade of C or above.
   b. 5-8, 5-12, and K-12 majors—all EDU and content courses.
   c. All EDU and core content courses must be completed with a grade of C or above (5-8, 5-12, and K-12 majors). For Special Education (K-12) majors this includes MAT 101M or MAT 102M, and any two of the following: NAS 101D, NAS 102D, NAS 103D, and NAS 104D.
   d. Meet competency requirements in basic skills (mathematics, reading, and writing) or take exams in all three areas to qualify.

3. Complete First Aid/CPR prior to student teaching (elementary education majors only).

4. Complete the following coursework:
   a. Students in 5-8, 5-12, and K-12 programs must successfully complete a minimum of two courses at the 300 level or above at Bethel in the department of the student's area of emphasis. Check with each department for specific requirements.

5. Fulfill any Notification of Concern (NOC) contracts.

6. Acceptance for placement by a school.

7. For transfer or post-baccalaureate students the following applies:
   a. Elementary education majors must successfully complete two semesters of coursework in education at Bethel.
   b. Students in 5-8, 5-12, and K-12 programs must successfully complete a minimum of two courses at the 300 level or above at Bethel in the department of the student's area of emphasis. Check with each department for specific requirements.

E. Eligibility Standards for Minnesota Teacher Licensure

1. Complete all requirements for a baccalaureate degree.

2. Meet all basic skills requirements required by the state of Minnesota.

3. Successfully pass exams in pedagogical and content knowledge as required by the state of Minnesota.

4. Successfully complete student teaching experiences.

5. Complete Minnesota's requirement of a conduct review statement (Bureau of Criminal Apprehension).

F. Appeals Process

1. Appeal of decisions for admission and/or continuation in the education program and/or course grades can be made through the Education Department as described in the Education Policy Manual or through the Bethel University appeals process as described in the Student Handbook.

2. If a student disputes a licensure decision, he/she has the right to appeal to the Minnesota
Professional Educator Licensing Standards Board (PELSB).

G. Notes

1. Licensure standards and resultant program requirements are subject to change by the Minnesota Professional Educator Licensing Standards Board (PELSB).

2. Meeting the Minnesota licensure requirements is a prerequisite for Bethel University graduates seeking licensure in other states.

3. Admission to the university does not ensure admission to the education program, and admission to the education program does not ensure admission to student teaching or approval for licensure.

4. The Education Department reserves the right to consider, as part of admission to student teaching, personal and professional qualities, scholastic achievement, conduct, attitude, or other standards seen as appropriately related.

H. B.A. in Education Studies

The B.A. in Education Studies is an individualized major for those interested in education as a field of study and who desire to affect positive societal change beyond the traditional classroom. While this degree does not lead to teacher licensure, it prepares students to work with children and families, as well as in community outreach, youth development, nonprofit/social service, human resources, customer service, entrepreneurship, and other education settings beyond a traditional classroom. Education core courses form the foundation of this interdisciplinary degree and blend learning about education, policy, and practice with real-world experiences in applied educational settings.

This program of study culminates in an internship that provides students with real world experiences required for working in future settings such as businesses, non-profits, government agencies, community action groups, policy centers, museums, and adult education centers. To propose an individualized major, students follow the requirements and processes detailed in the academic catalog and the registrar’s office webpage.

The Education Department will:

1. Collaborate with the student to develop a course plan that is relevant to the key interdisciplinary area of interest and meets institutional requirements for graduation. The student follows Registrar Office guidelines to submit the proposal for an individualized major in Education Studies.

2. Participate in a review committee, along with the registrar, faculty from other involved departments, and the appropriate dean.

The Registrar’s Office will:

1. Notify the student of all other degree requirements outstanding.

2. Issue a B.A. with an individualized major in Education Studies when all requirements are met.

The student will be involved in each step and will always have the option of completing the requirements for another major.

Majors in Education

Elementary Education

• B.A. in K-6 Elementary Education (p. 164)

5-12 Education

See respective department listings for major requirements:

• B.A. in Communication Arts and Literature Education 5-12 (English Education) (p. 187)
• B.A. in Mathematics with Education 5-12 Licensure (p. 251)
• B.A. in Social Studies Education 5-12 (p. 223)

K-12 Education

See respective department listings for major requirements:

• B.A. in Spanish Education K-12 (Licensure in World Languages: Spanish) (p. 239)
• B.A. in Special Education K-12 Academic Behavioral Strategist (p. 168)
• B.A. in Teaching English as a Foreign Language (TEFL) non-licensure (p. 241)
• B.A. in Teaching English as a Second Language (TESL) K-12 (p. 242)
• B.Mus.Ed. in Music Education K-12 (Instrumental or Vocal) (p. 264)
Endorsements

- Communication Arts and Literature 5-8 Endorsement (p. 165)
- Mathematics 5-8 Endorsement (p. 166)
- Social Studies 5-8 Endorsement (p. 166)
- Spanish Education K-8 Endorsement (p. 167)

EDU 200 • Introduction to Education 3 Credits
Contemporary issues in education in the light of history and educational thought. Various aspects of growth and development are included.
Prerequisites: 30 Credits. Corequisites: EDU 201.
Offered: Fall, Interim, Spring.

EDU 201 • Introduction to Education Field Experience 1 Credit
A field experience requiring four hours per week observing and serving in an elementary or secondary school classroom.
Corequisites: EDU 200. Offered: Fall, Interim, Spring.
Special Notes: Designated times are set by the Education department.

EDU 203 • School Health and Drugs 2 Credits
Examines the roles of teachers and schools in responding to adolescent health problems, including alcohol/drug problems, with particular attention to health promotion, prevention, and referral. Approaches adolescent drug/alcohol use from a variety of perspectives—behavioral, pharmacological, social, legal, and clinical. Emphasis is on the characteristics of effective comprehensive school-based drug abuse prevention programs.
Offered: Fall, Spring.

EDU 220 • Introduction to Middle Level Education 3 Credits
Identifies and defines the concept of exemplary and typical middle and junior high schools: philosophy, organizational structure, curriculum, and instructional characteristics. Students develop an understanding of the physical, emotional, social, cognitive, and moral stages of adolescent development and begin to develop the ability to relate middle-level program possibilities to adolescent developmental needs.
Prerequisites: EDU 200; EDU 201; Admission to the Education program. Offered: Fall, Spring.

EDU 236UZ • Exploring British Education and Culture 3 Credits
Designed for students to immerse themselves in British culture and explore the educational system, with an emphasis on the diverse populations of Pakistani and Indian students and schools. Provides students with three learning experiences: 1) observation and participation in British elementary and secondary schools; 2) homestay with a British family; and 3) cultural exploration in London and surrounding areas.
Prerequisites: EDU 200; EDU 201; GES 130 or GES 244; Admission to the Education program. Offered: Occasionally interim.

EDU 240 • Educational Psychology 3 Credits
Psychological foundations of education. Various aspects of growth and development, the nature and conditions of learning, implications for teaching, and evaluation.
Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 241. Offered: Fall, Spring.
Special Notes: Intended for 5-8, 5-12, and K-12 licensure students only.

EDU 241 • Educational Psychology Field Experience 1 Credit
A field experience that requires four hours per week in an elementary or secondary school for observation and tutorial experience in a special education setting.
Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 240. Offered: Fall, Spring.
Special Notes: Designated times are set by the Education department.

EDU 271 • Education Psychology and Pedagogy 2 Credits
Foundational knowledge about the theories of learning, cognitive development, instructional planning and assessment practices, and professional reflection.
Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 272; EDU 273; EDU 274; EDU 275. Offered: Fall, Spring.
EDU 272 • Language and Literacy Development for Young Learners (K-3) 5 Credits
Foundational knowledge about language development, literacy development, instructional methods, assessment practices, the creation of a literate and motivating environment, and the encouragement of family engagement in literacy. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 271; EDU 273; EDU 274; EDU 275. Offered: Fall, Spring.

EDU 273 • Primary Grade Practicum 1 Credit
Application of effective practices done in a primary classroom, working with individual students and small reading groups. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 271; EDU 272; EDU 274; EDU 275. Offered: Fall, Spring.

EDU 274 • Education Technology 1 Credit
Methods of integrating technology into the primary grades classroom are considered. Focus on approaches with technologies that are research-based, enhance student learning, and are linked to effective instructional strategies. Professional growth/development and developing digital citizenship/responsibility are considered. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 271; EDU 272; EDU 274; EDU 275. Offered: Fall, Spring.

EDU 275 • Kindergarten Education 1 Credit
Characteristics of kindergarten children and the curriculum and teaching strategies appropriate for their developmental level. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 271; EDU 272; EDU 273; EDU 274. Offered: Fall, Spring.

EDU 292 • Foundations of Early Childhood Education 3 Credits
History, philosophy, goals, content of early childhood education programs, and updated research in child development. Analysis of teaching strategies appropriate for the development of children ages three to five years. Career opportunities in early childhood education. Offered: Fall.

EDU 293 • Foundations of Early Childhood Field Experience 1 Credit
Supervised observation and participation at a partnering community early childhood education site. Corequisites: Must be taken concurrently with EDU 292. Offered: Fall.

EDU 306 • Curriculum in Early Childhood Education 3 Credits
Developmental appropriateness of current curriculum models, equipment, and materials in an early childhood education program. Prerequisites: EDU 200; EDU 201; EDU 292; EDU 293. Offered: Spring.

EDU 307 • Curriculum in Early Childhood Education Field Experience 1 Credit
Field experience at an approved community partner sites utilizing strategies learned in EDU 306. Prerequisites: EDU 200; EDU 201; EDU 292; EDU 293. Corequisites: Must be taken concurrently with EDU 306. Offered: Spring.

EDU 317GZ • Educational Equity 4 Credits
Root causes and historical origins of the current disparity of opportunities in U.S. educational systems. Prepares future educators to be culturally competent and responsive critical thinkers who understand the barriers that perpetuate inequities. Addresses these challenges from a biblical and leadership perspective. Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Fall, Interim, Spring. Special Notes: Includes experiential learning in schools and community events.

EDU 320 • Pedagogy and the Young Adolescent Learner 1 Credit
The philosophy and pedagogy of teaching in a middle school is different than teaching in a junior high school. Course activities help students define, describe, and develop the following components of contemporary middle level schools: appropriate curriculum, interdisciplinary structure, and interdisciplinary teaching. Prerequisites: EDU 220 (may be taken concurrently) and EDU 240/EDU 241. Corequisites: Must be taken concurrently with EDU 321. Offered: Fall, Spring.
EDU 321 • Integrated Literacy in the Content Areas 1 Credit
Understanding of literacy development strategies and the role of reading in teaching content material related to specific subject areas. Review of content area texts, assessment and practice in adapting content materials to student needs. Prerequisites: EDU 220 (may be taken concurrently) and EDU 240/EDU 241. Corequisites: Must be taken concurrently with EDU 320. Offered: Fall, Spring.

EDU 331 • Teaching and Learning 3 Credits
Provides a foundational knowledge of learning psychology and teaching methodology. Examines unique considerations for youth and adult learners, metacognition, formal/informal learning, multi-modal learning, learning in a variety of fields/contexts, and iterative program assessment. Corequisites: EDU 332. Offered: Fall, even # years.

EDU 332 • Teaching and Learning Field Experience 1 Credit
Teaching and learning occurs in every field of practice to pass along skill and expertise. Students work with the instructor to find shadowing field experiences where teaching and learning occur in a field of interest and in conjunction with EDU 331. Corequisites: EDU 331. Offered: Fall, even # years.

EDU 340 • Parent Child and Family Relationships 3 Credits
The family as a social/cultural unit with emphasis on the parents’ interaction with the developing child. Parent-child relations, parenting skills, family systems, and family structure and function. Offered: Spring.

EDU 342 • Observation, Assessment, Adaptation, and Referral in Early Childhood 4 Credits
Strategies used in early childhood settings to observe and assess young children’s development and to design goals and experiences based upon those assessments. Issues of early identification, referral to special services, building effective parent/professional partnerships, and programming in inclusive early childhood classrooms are discussed. Prerequisites: EDU 200; EDU 201; EDU 292; EDU 293; Admission to the Education program. Offered: Fall.

EDU 344 • Health, Nutrition, and Safety with Young Children 2 Credits
Issues in health, nutrition, and safety as related to early childhood settings, birth through age six. Prerequisites: EDU 200; EDU 201; EDU 292; EDU 293. Offered: Spring.

EDU 350 • Infant and Toddler Care 3 Credits
Strategies used in early childhood settings to assess infant/toddler development and needs, develop goals, and design appropriate learning experiences and environments. Building positive relationships with infants/toddlers and their parents in group settings. Prerequisites: EDU 200; EDU 201; EDU 292; EDU 293; EDU 306; EDU 307; EDU 340; Admission to the Education program. Offered: Fall.

EDU 351 • Infant and Toddler Development and Learning Field Experience 1 Credit
Field experience at an approved partner infant and toddler setting to practice strategies learned in EDU 350. Prerequisites: EDU 200; EDU 201; EDU 292; EDU 293; EDU 306; EDU 307; EDU 340; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 350. Offered: Fall.

EDU 363 • Health Curriculum and Methods 1 Credit
Principles, curriculum, and methods of teaching health in grades K-6. Role of the teacher and school in responding to the special health needs of elementary-age children. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Offered: Fall, Spring.

EDU 365 • Physical Education Curriculum and Methods 1 Credit
Principles, curriculum, and methods of teaching physical education in grades K-6. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Offered: Fall, Spring.

EDU 366A • Visual Arts Curriculum and Methods 1 Credit
Methods, materials, and resources for teaching visual arts in grades K-6. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Offered: Fall, Spring.

EDU 368A • Music Curriculum and Methods 1 Credit
Methods, materials, and resources for teaching music in grades K-6. Prerequisites: EDU 200; EDU 201; Admission to the Education program. Offered: Fall, Spring.
EDU 370 • Math Curriculum and Methods 3 Credits  
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 371; EDU 372; EDU 373; EDU 374; EDU 375; EDU 376. Offered: Fall, Spring.

EDU 371 • Science Curriculum and Methods 3 Credits  
Methods, materials, and resources for teaching science in grades K-6. Emphasis placed on inquiry and discovery learning, planning, and teaching in a standards-based classroom.  
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 370; EDU 372; EDU 373; EDU 374; EDU 375; EDU 376. Offered: Fall, Spring.

EDU 372 • Educational Psychology 3 Credits  
Psychological foundations of education continued from EDU 271 with an emphasis on grades 4-6. Various aspects of growth and development, the nature and conditions of learning, implications for teaching, awareness of student variability, and strategies for meeting the needs of students with disabilities. Teacher/student relationships and strategies for maintaining a classroom environment where learning can occur.  
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 370; EDU 372; EDU 373; EDU 374; EDU 375; EDU 376. Offered: Fall, Spring.

EDU 373 • Reading/Language Arts Curriculum and Methods 3 Credits  
Reading methods and processes with a strong emphasis on comprehension and vocabulary development. Language arts skills: writing process, grammar, spelling, drama, listening and speaking skills, viewing skills for students in grades 4-6. A variety of creative and critical response modes to integrate literature across the curriculum.  
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 370; EDU 371; EDU 372; EDU 374; EDU 375; EDU 376. Offered: Fall, Spring.

EDU 374 • Social Studies Curriculum and Methods: Planning 3 Credits  
Methods, materials, and resources for teaching social studies in grades K-6. Emphasis placed on the use of process skills of the social scientist. Long- and short-term planning including integration of curriculum across content areas, embedding Minnesota Graduation Standards.  
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 370; EDU 372; EDU 373; EDU 375; EDU 376. Offered: Fall, Spring.

EDU 375 • Integrating Technology in the Content Areas 2 Credits  
Methods of integrating technology in various grade levels and content areas are examined. Students design, implement, and access strategies for assessment and learning. Emphasis on approaches to enhance student learning, increase motivation, and link to effective instructional strategies. Professional growth/development and developing digital citizenship/responsibility are considered.  
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 370; EDU 371; EDU 372; EDU 373; EDU 374; EDU 376. Offered: Fall, Spring.
EDU 376 • Intermediate Grade Practicum 1 Credit
Application of effective practices done in a 3rd-6th grade classroom, working with large groups as well as small groups, adapting lessons for students with special needs. Special focus on integrated planning.
Prerequisites: EDU 200; EDU 201; EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; EDU 317GZ; MAT 202; NAS 101D; NAS 102D; NAS 103D; NAS 104D; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 370; EDU 371; EDU 372; EDU 373; EDU 374; EDU 375. Offered: Fall, Spring. Special Notes: A residency option is available by application. Residents stay in the same cooperating classroom for Block 2 and student teaching.

EDU 390 • General Field Experience 0 Credit
Students will work in local schools with licensed cooperating teachers.
Prerequisites: Approval of the Director of Education Clinical Practice. Offered: Fall, Spring.

EDU 400 • Methods in Teaching K-12 English to Speakers of Other Languages 3 Credits
Theories of language learning, language acquisition, and classroom methodologies at the elementary and secondary levels. Exploration of instructional resources, uses of technology, evaluative procedures, and classroom management. Development of a philosophy of English as a Second Language education and practice in unit planning and teaching.
Prerequisites: LIN 210Z; LIN 300; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 401. Offered: Fall.

EDU 401 • Middle Level Education Practicum in TESL 1 Credit
Classroom-based practicum in an ESL class of young adolescent learners. Emphasizes evaluation and application of concepts and strategies introduced in EDU 400.
Corequisites: Must be taken concurrently with EDU 400. Offered: Fall.

EDU 406 • Methods in Teaching 5-8 English 3 Credits
An examination of how middle level philosophy translates into practice in English classes in grades 5-8. It is designed to accompany a 1 credit practicum experience in a middle level school.
Prerequisites: EDU 240; EDU 241 or EDU 271; EDU 272; EDU 273; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 407. Offered: Spring.

EDU 407 • Middle Level Education Practicum in English 1 Credit
Classroom-based practicum in an English class of young adolescent learners. Emphasizes evaluation and application of concepts and strategies introduced in EDU 408.
Prerequisites: EDU 240/EDU 241. Corequisites: Must be taken concurrently with EDU 406 or EDU 408. Offered: Spring.

EDU 408 • Methods in Teaching 5-12 English 3 Credits
Methods and curriculum employed in teaching English in middle and high schools. Examines current technology in English education as well as interactive learning and teaching. Emphasizes vocabulary and academic language. Lesson and unit planning using best practices and developmentally appropriate principles.
Prerequisites: EDU 240; EDU 241; Admission to Education program. Corequisites: Must be taken concurrently with EDU 407. Offered: Spring. Special Notes: EDU 320 is a strongly recommended corequisite.

EDU 410 • Methods in Teaching 5-8 Mathematics 3 Credits
Teaching methodologies, materials, assessment, historical and current trends and issues in curricular, development of a philosophy of mathematics education, and other topics related to teaching and learning mathematics in grades 5-8. Practice in planning lessons and units, implementing technology, and teaching.
Prerequisites: EDU 240, EDU 271; Admission to Education program. Corequisites: Must be taken concurrently with EDU 411. Offered: Fall.

EDU 411 • Mathematics Education Practicum in grades 5-8 or 5-12 1 Credit
Students observe and participate in a high school and/or middle school mathematics classroom (minimum 40 hours on site). Develop deeper understanding of preadolescent and adolescent learners as well as curriculum, instruction, and assessment in the context of grades 5-12 school communities.
Prerequisites: EDU 240/EDU 241, EDU 271; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 411. Offered: Fall.
EDU 412 • Methods in Teaching 5-12 Mathematics 3 Credits
Teaching methodologies, materials, assessment, historical and current trends and issues in curriculum, development of a philosophy of mathematics education, and other topics related to teaching and learning mathematics in grades 5-8 and 9-12. Practice in planning lessons and units, implementing technology, and teaching. Prerequisites: EDU 240; EDU 241; Admission to the Education program; Senior standing or Consent of instructor. Corequisites: Must be taken concurrently with EDU 411. Offered: Fall.

EDU 413 • Methods in Teaching K-12 Art 3 Credits
Materials, methods, and curriculum employed in teaching art at both the elementary and secondary levels. Historical survey of philosophy of art education and present trends. Studio time for exploration and application of media suitable for both elementary and secondary levels. Prerequisites: EDU 240; EDU 241; Admission to the Education program. Corequisites: Registration in EDU 414 is required. Offered: Fall.

EDU 414 • Middle Level Education Practicum in Art 1 Credit
Classroom-based practicum in an art class of young adolescent learners. Emphasizes evaluation and application of concepts and strategies introduced in EDU 413. Prerequisites: EDU 240; EDU 241. Corequisites: Must be taken concurrently with EDU 413. Offered: Fall.

EDU 418 • Methods in Teaching 9-12 Social Studies 2 Credits
Development of ability to take concepts from several component disciplines of social studies and communicate them effectively to, or direct their acquisition by, students in grades 9-12. Curriculum trends, materials, classroom methodologies, and teacher competencies are studied and applied. Prerequisites: EDU 220; EDU 240; EDU 241; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 419. Offered: Spring.

EDU 419 • 5-8 Social Studies Methods and Practicum 2 Credits
Classroom-based practicum in a social studies class of young adolescent learners. Emphasizes evaluation and application of concepts and strategies introduced in EDU 418. Prerequisites: EDU 220; EDU 240; EDU 241; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 418. Offered: Spring.

EDU 420 • Methods in Teaching 5-12 Science 3 Credits
Current methods and approaches used in the teaching of science in grades 5-12. Examination of ways to develop and present curriculum with emphasis on content, scientific investigation, inquiry, assessment, and safe laboratory practices. Prerequisites: EDU 240; EDU 241; Admission to the Education program. Offered: Fall. Special Notes: Requirements for this course are fulfilled through EDUC 681 (Methods of Teaching 5-12 Science), which is taught in conjunction with the Bethel University Graduate School.

EDU 426 • Methods in Teaching K-12 World Languages and Cultures 3 Credits
Theories of language acquisition, language learning, and classroom methodologies at the elementary and secondary levels. Exploration of instructional resources, uses of technology, evaluative procedures, and classroom management. Development of a philosophy of communicative language teaching and practice in unit planning and teaching. Prerequisites: EDU 240; EDU 241; Admission to the Education program; Demonstration of Intermediate-High oral proficiency after study abroad via the OPIC or Consent of instructor, or A major or minor offered through the Languages and Cultures department. Offered: Fall.

EDU 427 • Middle Level Education Practicum in World Languages and Cultures 1 Credit
Classroom-based practicum in a Spanish class of young adolescent learners. Emphasizes evaluation and application of concepts and strategies introduced in EDU 426. Prerequisites: EDU 240/EDU 241. Corequisites: Must be taken concurrently with EDU 426. Offered: Fall.
EDU 428 • Methods in Teaching 5-8 Science 2 Credits
Current methods and approaches used in the teaching of science in grades 5-8. An examination of ways to develop and present curriculum with emphasis on assessment, instructional strategies, scientific investigations, safety training, and current issues in science education. Prerequisites: EDU 271; EDU 272; EDU 273; EDU 274; EDU 275; Admission to the Education program. Corequisites: Must be taken concurrently with EDU 429. Offered: Fall.

EDU 429 • Science Education Practicum in Grades 5-8 or 5-12 1 Credit
Students observe and participate in a high school and/or middle school science classroom (minimum 40 hours on site). Develop deeper understanding of preadolescent and adolescent learners as well as curriculum, instruction, and assessment in the context of grades 5-12 school communities. Prerequisites: EDU 240/241 and Admission to the Education program. Corequisites: Must be taken concurrently with EDU 420. Offered: Fall.

EDU 432 • Methods in Teaching Elementary Music 3 Credits
Methods and materials for teaching music in the elementary school. The skills of singing, playing, moving, improvising, reading, and listening are explored as a means of helping children gain an intuitive and theoretical understanding of musical principles. Prerequisites: EDU 240; EDU 241; Major or minor in music; Admission to the Education program. Offered: Fall.

EDU 433 • Methods in Teaching Secondary Music 3 Credits
Methods and materials for teaching music in the middle school, junior high, and high school vocal and instrumental programs. Prerequisites: EDU 432; Major or minor in music; Admission to the Education program. Offered: Spring.

EDU 434 • Middle Level Education Practicum in Music 1 Credit
Classroom-based practicum in a music class of young adolescent learners. Emphasizes evaluation and application of concepts and strategies introduced in EDU 433. Prerequisites: EDU 432 and Major or minor in music. Corequisites: EDU 433. Offered: Spring.

EDU 489 • Student Teaching in Preprimary 3 Credits
Observation and student teaching in a pre-k setting in which a student will be licensed to teach. Includes participation in a seminar. Prerequisites: EDU 292/293, EDU 306/307; EDU 340; EDU 342; EDU 344; Admission to student teaching. Offered: Fall, Interim, Spring, Summer (depending on faculty availability).

EDU 490 • Student Teaching Block 1-14 Credits
Students teach in a school setting corresponding with their licensure area(s) for the semester. Students work with a cooperating teacher and grow into teaching on their own. Attendance at regularly scheduled seminars is required. Prerequisites: Admission to student teaching and 2.50 GPA. Offered: Fall, Spring. Special Notes: Students earning a license to teach in two programs must register for EDU 490 in the initial license area and in the additional license or endorsement program. Both student teaching placements can occur within the same semester. Some situations may require the addition of student teaching during Interim. Graded on an S/U basis.

EDU 491 • Student Teaching in Middle Level 3 Credits
Observation and student teaching in fields in which a student will be licensed to teach. This involves student teaching in a Middle Level endorsement area. Prerequisites: Admission to student teaching. Special Notes: Graded on an S/U basis. Offered: Fall, Spring.

SPD 205 • Introduction to Special Education 2 Credits
Identification of the impact historical and philosophical foundations, legal bases, and contemporary issues have on special education. Identification of common disability category characteristics. Description of the impact culture, faith, and linguistics have on special education. Description of how the Individuals with Disabilities Education Act (IDEA) impacts special education. Prerequisites: EDU 200; EDU 201; Admission to the Teacher Education program. Offered: See your advisor for course rotation.
**SPD 208 • Introduction to Academic and Behavior Management for the Exceptional Learner** 3 Credits
Introduction to how special education and general education academic systems work together. Identification of functional behavioral assessments, processes, and principles of individual and school-wide systems of supports. Demonstration of how evidence-based instruction can be adapted. Identification of how required curricular components direction instruction. Analysis of positive instructional environments.
Prerequisites: EDU 200 and EDU 201. Offered: See your advisor for course rotation.

**SPD 220 • Reading Foundation** 3 Credits
Prerequisites: EDU 200 and EDU 201. Offered: See your advisor for course rotation. Special Notes: See your advisor if you have already taken EDU 272.

**SPD 221 • Reading Field Experience** 1 Credit
Prerequisites: SPD 220. Offered: See your advisor for course rotation. Special Notes: See your advisor if you have already taken EDU 273.

**SPD 300 • Characteristics of Mild-Moderate Disabilities** 3 Credits
Exploration of the five disability categories represented under Academic Behavioral Strategist (ABS). Identification of strategies that support stakeholders of children with mild-moderate needs. Explanation of topics that form the basis for special education practice for students with mild-moderate disabilities. Identification of the impact culture and linguistics has on special education.
Prerequisites: EDU 200 and EDU 201. Offered: See your advisor for course rotation.

**SPD 310 • Norm-Referenced Assessment** 4 Credits
Prerequisites: Major in special education. Corequisites: Must be taken concurrently with SPD 370. Offered: See your advisor for course rotation.

**SPD 318 • Foundations of Instructional Strategies for Students with Mild-Moderate Disabilities** 4 Credits
Prerequisites: EDU 200 and EDU 201. Offered: See your advisor for course rotation.

**SPD 325 • Special Education Planning and Programming** 3 Credits
Development and evaluation of an individual education program based on student assessment results. Consideration of technology, supplementary aids, services, and transition needs of students. Synthesis of cultural, ethnic, and linguistic diversity. Demonstration of best practice and collaboration techniques between school, family, and outside agencies.
Prerequisites: Major in special education. Offered: See your advisor for course rotation.

**SPD 331 • Responsive Instruction, Intervention, and Assessment** 3 Credits
Identification of appropriate assessment measures and professional resources related to interventions. Interpretation of assessment and progress monitoring data to make informed instructional and placement decisions. Creation of research-based interventions, instruction, and modifications based on data collected through collaboration with stakeholders. Description of student assessment results.
Prerequisites: EDU 200 and EDU 201. Offered: See your advisor for course rotation.
SPD 341 • Introduction to Behavioral Methods & Mental Health for Mild to Moderate Special Needs 3 Credits
Introduction to behavior methods and mental health for students with mild/moderate special education needs. Interventions for K-12 students with mental health and behavioral needs. Impact of mental health and behavioral diagnoses within K-12 education. Identification of roles of professionals within and outside the school related to mental health.
Prerequisites: EDU 200 and EDU 201. Offered: See your advisor for course rotation.

SPD 355 • Classroom-Based Assessment 3 Credits
Description of legal, professional, and ethical standards in assessment related to informal assessment measures and environmental factors influencing student achievement and behavior. Description of student's learning style, strengths, and analysis of behavior based on observations and assessment data. Identification of the influence diversity, age, and gender have on assessment.
Prerequisites: Major in special education.
Corequisites: Must be taken concurrently with SPD 370. Offered: See your advisor for course rotation.

SPD 370 • Assessment Field Experience 1 Credit
Prerequisites: Major in special education.
Corequisites: Must be taken concurrently with SPD 310 and SPD 355. Offered: See your advisor for course rotation.

SPD 373 • Academic Behavioral Strategist Field Experience 1 Credit
Identification of students with mild to moderate disabilities through the special education referral, evaluation, and eligibility process. Clarification of IEP team meeting and development components, as well as roles and responsibilities of IEP team members. Identification of effective academic and behavioral interventions, accommodations, and modifications. Integration of faith and teaching.
Prerequisites: Major in special education. Offered: See your advisor for course rotation.

SPD 375 • Consultation, Collaboration, & Resources 3 Credits
Focus on the communication skills necessary to consult and collaborate effectively with parents, administrators, teachers, paraprofessionals, and agency personnel about the special needs of students. Identification of resources, outside agencies, as well as transition needs and services. Clarification of personal beliefs and adjusting to diverse student needs within special education.
Prerequisites: Major in special education. Offered: See your advisor for course rotation.

SPD 480 • Student Teaching - Academic Behavioral Strategist 14 Credits
Management of a special education teacher's responsibilities, implementation of procedures necessary to incorporate referral, assessment and evaluation, and IEP planning. Consultation with parents and professionals to provide special education services to students. Implementation of interventions. Analysis of personal and professional growth, development, and efficacy. 12 weeks supervised student teaching.
Prerequisites: Admission to student teaching; 2.75 GPA; Major in special education. Offered: See your advisor for course rotation.

1. Students may also choose to use this course to meet a General Education requirement.
2. Due to Minnesota teacher licensure requirements, PSY 230M may not be substituted for this statistics course.
3. PHY 112/PHY 112D and GEL 168/GEL 168D replace NAS 102D in the K-6 Elementary Education core for students in the science endorsement only, which will decrease the total credits by 2.
4. In order to use NAS courses to meet the General Education Lab Science (D) course requirement, student must successfully complete two NAS courses.
5. SPA 102S or the Languages and Cultures placement exam is a prerequisite for this course.
6. EDU 240 and EDU 241 are prerequisites for this course.
7. Students may test out of this course based on their performance on the Math department placement exam.
8. SPA 202UZ, SPA 208S, or the Languages and Cultures placement exam is a prerequisite for this course.
9. SPA 202UZ or SPA 208S is a prerequisite for this course.
10. EDU 418 is a corequisite of this course.
B.A. in Special Education K-12 Academic Behavioral Strategist

The Academic Behavioral Strategist (ABS) teaching program (https://www.bethel.edu/undergrad/academics/education/majors-minors/special-education/) is designed to prepare teachers for teaching in a K-12, mild-moderate special education setting. The program is developed to give ABS teachers a solid foundation in the liberal arts, knowledge and understanding of human development and learning processes for students with exceptionalities, methods of teaching students with mild-moderate disabilities in the areas of academic and behavior, and required due process procedures related to special education.

NOTE: With the exception of interim, the add, drop, and withdrawal deadlines for the B.A. in Special Education K-12 Academic Behavioral Strategist program (https://www.bethel.edu/undergrad/academics/education/majors-minors/special-education/) follows the College of Adult and Professional Studies calendar (https://catalog.bethel.edu/adult-professional-studies/academic-calendar/) published in the catalog.

Courses whose number is followed by a letter fulfill a General Education requirement.
Engineering

The Department of Physics and Engineering (https://www.bethel.edu/undergrad/academics/physics/) offers multiple ways for students to pursue engineering while obtaining a strong Christian liberal arts and science background. Bethel offers B.S. degrees in Computer Engineering, Electrical Engineering, Mechanical Engineering, and Software Engineering. These are 4-year programs that can be completed entirely at Bethel University. The B.A./B.S. Dual-Degree Engineering program is typically arranged as 3 years at Bethel University and 2 years at another university with an engineering major that is not offered at Bethel. In this program, students earn both a B.A. from Bethel University and an engineering degree from the other institution. Students also have the option of combining a minor in engineering with another major.

Educational Outcomes

The engineering programs are designed to provide their graduates a solid educational foundation on which they can build successful and sustainable careers in engineering or a related field, using their God-given talents and skills to further His kingdom as their careers develop. In particular, recent graduates of the engineering programs will be prepared:

1. To be employed or pursue an advanced degree in their engineering discipline or other related fields.
2. To be productive members of interdisciplinary teams.
3. To assume leadership positions in their industry, their continuing education, or in their communities, as their careers develop.
4. To continue their professional development and engage in the life-long learning necessary for a sustainable career.

Student Outcomes

The student outcomes for the engineering programs at Bethel University are:

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics.
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors.
3. An ability to communicate effectively with a range of audiences.
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts.
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives.
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions.
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies.

Advanced Placement: The Department of Physics and Engineering (https://www.bethel.edu/undergrad/academics/physics/) requires a score of 4 or better on the AP exam in order for the exam to be used to fulfill course requirements in the majors it offers. Students with a score of 3 will receive elective credit or credit toward General Education requirements. Students should consult the department chair with questions on AP exams and requirements for majors.

B.S. in Computer Engineering

This major equips graduates with the skill set needed to work in the Computer Engineering field. It is a multi-disciplinary program built upon a combination of key courses in mathematics, computer science, and electrical engineering. The work of Computer Engineers is to research, design, develop, and test computer systems and components such as processors, circuit boards, memory devices, networks, and routers. They update existing computer equipment so it will work with new software, oversee the manufacturing process for computer hardware, and maintain knowledge of computing trends and new technology. They may discover new directions in computer hardware and design non-computer devices that incorporate processors.
and other computer components that connect to the internet.

**B.S. in Electrical Engineering**

Electrical engineers focus on creating electrical and electronic devices — ranging in size from tiny microchips to huge power station generators. They work in industries that include consumer electronics, communications, medical devices, automotive, oil and gas, and power production. Electrical engineers integrate electronics, sensors and microprocessors/controllers to create systems that perform specific functions. Design, simulation, manufacturing, and testing are included in the job responsibilities of electrical engineers. Our program is based around our nationally-recognized, experience-oriented approach to teaching engineering, applied physics, and physics, and includes projects and/or lab experiences in most courses. Graduates will have a strong base in physics, math, and computer science, in addition to the distinct advantages of an education rooted in the Christian liberal arts. Hands-on experiences, strong ethics, and good communication skills are emphasized in this program.

**B.S. in Mechanical Engineering**

Mechanical engineering is generally considered the broadest of engineering fields. Mechanical engineers create a wide variety of designs, from internal combustion engines to medical devices, and they oversee the manufacture of these products. Mechanical engineers integrate sensors, controllers, transducers, and machinery. They rely on a good understanding of physics, particularly focusing on the laws of motion and the conservation of mass and energy. Simulation and testing are important components of their work. This program builds on our nationally-recognized, broad-based, experience-oriented approach to teaching engineering and physics with faculty that have doctorates in Electrical, Mechanical, and Aeronautical Engineering, in addition to traditional and applied physicists. Students will have a strong base in physics, math, and computer science, in addition to the distinct advantages of an education rooted in the Christian liberal arts. An emphasis on extensive hands-on experience, strong ethics, and good communication skills characterize the program.

**B.S. in Software Engineering**

This major prepares students for success in a rapidly growing field. The program is based within the Department of Mathematics and Computer Science (https://www.bethel.edu/undergrad/academics/math-cs/) and is taught by a highly-credentialed faculty with exceptional teaching expertise. Graduates working as software engineers will ensure that overall software systems function well within their intended hardware environments. Because graduates will also have completed Bethel’s strong general education program, they can provide clients and/or employers with service that is creative, problem-focused, collegial, and clearly-articulated. A well-developed Christian commitment enables them to work to the highest ethical and performance standards.

**B.A./B.S. Dual-Degree Engineering Program**

The Dual-Degree Engineering Program is designed to allow Bethel students to complete a major in engineering besides the four fields that Bethel offers. Common examples are Civil, Aeronautical, Chemical, and Biomedical Engineering. Students earn both a B.A. from Bethel University and an engineering degree from another school of engineering. This combination of degrees has proven to be powerfully attractive to prospective employers who seek well-trained engineers with the communication and leadership skills inherent in a B.A. degree. Students benefit from small introductory class sizes and the Christian emphasis at Bethel while obtaining their engineering degree from any widely respected and recognized school of engineering that offers the engineering field of their choice.

Arrangements to complete the Dual-degree Engineering Program can be made with almost any school of engineering on an individual basis, enabling students to transfer to the school of their choice. Graduation requirements can normally be met in five years or less of full-time study. The program is typically arranged as three years at Bethel University and two years at the cooperating university, although students...
may elect to spend more time at either or both institutions.

Program Requirements for a Dual-Degree in Engineering:
1. All General Education requirements as prescribed in this catalog must be met, except the writing and speaking proficiency courses within the major.
2. Formal application must be made to the chairperson of the Bethel University Department of Physics and Engineering.
3. Transfer requirements for the cooperating school of engineering must be met.
4. All requirements for an engineering degree at a school of engineering must be completed. The bachelor of arts degree in engineering from Bethel University is not awarded until requirements for degrees from both universities have been met.

Many of Bethel’s physics and engineering courses are pre-approved engineering courses by various other schools of engineering. A listing of such courses approved by the University of Minnesota is available from the Department of Physics and Engineering.

Graduate Engineering Program
An increasingly popular option with our students is to major in physics or applied physics and then earn a graduate degree in fields such as Biomedical, Civil, Electrical, Mechanical, Industrial, or Aerospace Engineering.

Normally this means 4 years at Bethel followed by 2 years in graduate school. At the end of 6 years, students have both a B.S. from Bethel and an M.S. from the graduate school of their choice. Many students have also pursued a Ph.D. in engineering. This approach is particularly appealing for those interested in a career that is more involved with engineering research and development.

Typically, our students get full financial support during their graduate work through research or teaching assistantships, tuition waivers, or even fellowships. A few have finished their master’s degree in less than 2 years, and some continue on for doctoral degrees in engineering.

Graduate work can be and has been done at a wide range of fine schools.

Major in Engineering
• B.S. in Computer Engineering (p. 177)
• B.S. in Electrical Engineering (p. 178)
• B.S. in Mechanical Engineering (p. 179)
• B.S. in Software Engineering (p. 180)
• B.A. in Engineering (Dual-Degree Program) (p. 176)

Minor in Engineering
• Engineering (p. 182)

ENR 160 • Introduction to Engineering 3 Credits
Introduction to engineering fields, practicing engineers, engineering work, and the tools that engineers use. Topics such as process and methodology, statistical analysis, and the use of computer software (e.g., CAD) in the development of specifications, design, and prototyping. Emphasis on the ethics and responsibilities of the engineering process. Offered: Interim.

ENR 260 • Careers in Engineering and Physics Seminar 1 Credit
Developing careers in high-technology fields such as engineering and physics. Explores the wide variety of specific careers possible through video, lecture, tours, and guest speakers. Develops practical professional skills such as writing resumes and cover letters, accumulating connections and experience, and techniques for interviewing. Prerequisites: PHY 296/PHY 297. Offered: Fall. Special Notes: Carries cross-credit in physics.

ENR 265 • Computer Aided Design and Engineering 3 Credits
An introduction to computer aided design tools and techniques. Emphasizes the generation of engineering graphics necessary for the engineering design process, such as two-dimensional drawing and three-dimensional modeling. Advanced topics may include simulation modeling, parametric modeling, and manufacturing considerations. Prerequisites: ENR 160. Offered: Interim.
ENR 304 • Engineering Materials 3 Credits
An introduction to the structure-property relationships of engineering materials; atomic structure and bonding, including crystal structures; imperfections in solids; strength of materials; strengthening mechanisms; phase transformations; heat treatment and control of microstructures; bulk properties of materials. Prerequisites: ENR 160; MAT 125; CHE 113/CHE 113D or CHE 208/CHE 208D; PHY 292/PHY 292D. Corequisites: Concurrent enrollment in ENR 305 is required. Offered: Fall, odd # years.

ENR 305 • Engineering Materials Lab 1 Credit
Laboratory experience accompanying ENR 304. Corequisites: Concurrent enrollment in ENR 304 is required. Offered: Fall, odd # years.

ENR 306 • Digital Logic and Design 3 Credits
Topics may include Boolean algebra, design and optimization of combinational and sequential logic, the use of programmable logic devices such as FPGA, VHDL or Verilog modeling, and an introduction to processors and memory. Extensive lab experience in the simulation, design, construction and testing of digital circuits. Prerequisites: PHY 302/PHY 303 and MAT 125. Corequisites: Concurrent enrollment in ENR 307 is required. Offered: Spring, even # years.

ENR 307 • Digital Logic and Design Lab 1 Credit
Lab experience accompanying ENR 306. Corequisites: Concurrent enrollment in ENR 306 is required. Offered: Spring, even # years.

ENR 308 • Statics and Mechanics of Materials 4 Credits
Force and moment vectors, equilibrium of rigid bodies in two and three dimensions; trusses, friction, centroids, and moments of inertia. Linear elasticity; introduction to stress and strain analysis applied to beams, vessels, pipes, and combined loading; stress and strain; axial, flexural, and torsional deflections for linear elastic materials. Prerequisites: MAT 223 (may be taken concurrently) and PHY 292/PHY 292D. Offered: Spring, odd # years.

ENR 316 • Analog Circuitry and Design 3 Credits
Feedback principles and electronic circuit theory and device theory applied to multistage transistor amplifiers. Detailed study of operational amplifiers. Power supply design. Nonlinear circuits. Introduction to filter theory. Introduction to noise analysis and low noise design. Circuit design and construction experience emphasized in projects and the laboratory. Prerequisites: PHY 302; PHY 303; [MAT 222 or MAT 224 (may be taken concurrently)] Corequisites: Concurrent enrollment in ENR 317 is required. Offered: Fall, odd # years.

ENR 317 • Analog Circuitry & Design Lab 1 Credit
Lab experience accompanying ENR 316. Corequisites: Concurrent enrollment in ENR 316 is required. Offered: Fall, odd # years.

ENR 318 • Engineering Thermal Science 3 Credits

ENR 320 • Mathematical Methods in Physics and Engineering 4 Credits
Development of skill in mathematical techniques useful in the solution of physics and engineering problems. Included are vector analysis; line and surface integrals; Fourier analysis; partial differential equations; and probability and statistics. Prerequisites: [MAT 222 or MAT 224 (may be taken concurrently)] and MAT 223. Offered: Fall. Special Notes: Carries cross-credit in physics.

ENR 326 • Circuit Analysis & Simulations 4 Credits
Circuit analysis techniques as applied to: sinusoidal steady state analysis with power calculations, first and second order transient analysis in both time and Laplace domains, three-phase circuits and magnetically coupled circuits. Additional topics include: frequency response, resonance, filters, Bode plots. Simulation of electrical and electronic circuits will be emphasized. Prerequisites: [MAT 222 or MAT 224 (May be taken concurrently)] and PHY 302 and PHY 303. Offered: Spring, odd # years.
ENR 336 • Signals and Systems 4 Credits
Continuous-and discrete-time signals and systems. Topics include: definitions and properties of signals and systems, convolution, solution of differential and difference equations, Laplace and Z transforms, and Fourier analysis. Emphasis is on applications to signal processing, communication and control systems.
Prerequisites: MAT 222 or MAT 224; PHY 302/PHY 303; ENR 352/PHY 352/ENR 353/PHY 353. Offered: Fall, even # years. Special Notes: This course carries cross-credit with physics.

ENR 348 • Heat Transfer 3 Credits
Further development of the understanding of thermodynamics, fluid mechanics, mathematics, and physics. Problems in heat transfer and system design are emphasized for systems in which thermal transport processes are important.
Prerequisites: ENR 318 and MAT 222 or MAT 224. Offered: Spring, odd # years.

ENR 352 • Computer Methods in Physics and Engineering 3 Credits
Application of the computer to solve applied problems of interest to physicists and engineers. Computer techniques are developed for numerical methods, simulation models, and data acquisition and control in the laboratory.
Prerequisites: MAT 223 and PHY 296/PHY 297 (with a grade of C or better) or Consent of instructor. Corequisites: Concurrent enrollment in ENR 353 is required. Offered: Spring. Special Notes: PHY 302/PHY 303 is a recommended prerequisite. Carries cross-credit in physics.

ENR 353 • Computer Methods in Physics and Engineering Lab 1 Credit
Laboratory experience accompanying ENR 352. Corequisites: Concurrent enrollment in ENR 352 is required. Offered: Spring. Special Notes: Carries cross-credit in physics.

ENR 356 • Fundamentals of Design and Manufacturing 3 Credits
Introduction to basic design principles relevant to manufacturing, material of manufacturing, and related structure and properties. Material processing, behavior, and failure in design and manufacturing. Characterization of process capabilities and parts.
Prerequisites: ENR 160; ENR 304/ENR 305 (may be taken concurrently); ENR 308; MAT 223. Offered: Fall, odd # years.

ENR 358 • Design of Mechanical Components and Systems 3 Credits
Emphasizes product design and fabrication. Developing a mechanical component design problem. Selecting standard mechanical components such as lubrication and bearings, gears, springs, and fasteners. Analysis and synthesis of motion in machines. Displacement, velocity, and acceleration of mechanisms. Culminates with a project designing and fabricating a system that fulfills customer specifications.
Prerequisites: ENR 356 (PHY 340 is a recommended prerequisite). Corequisites: Concurrent enrollment in ENR 359 is required. Offered: Spring, even # years.

ENR 359 • Design of Mechanical Components and Systems Lab 1 Credit
Laboratory experience accompanying ENR 358. Corequisites: Concurrent enrollment in ENR 358 is required. Offered: Spring, even # years.

ENR 402 • Mechanical Systems and Measurements Lab 3 Credits
A laboratory course focused on careful measurements of physical properties such as temperature, pressure, stress, force, emissivity, and vibration modes. Emphasis is placed on experimental methods, statistical estimates of experimental uncertainty, methods of calibration, transducers for mechanical measurement, data acquisition and processing. Appropriate written and oral presentations of measurements.
Prerequisites: ENR 304/ENR 305; MAT 223; PHY 296/PHY 297. Offered: Spring, even # years.

ENR 420 • Software Process 3 Credits
Balancing the various real-world challenges that a software engineer encounters, including ambiguity, conflicting requirements, task-time estimation, team dynamics, requests from customers, product managers or architects. A team-based software project on a modern computer science topic will be developed during the semester.
Prerequisites: COS 216. Special Notes: Carries cross credit with computer science. ENR 477 is a recommended prerequisite. Offered: Spring, odd # years.
ENR 422 • Fluid Mechanics 3 Credits
Laws of statics, kinematics, and dynamics applied to fluid mechanics. Integral and differential conservation laws for mass, momentum, and energy. Dimensional analysis, viscous pipe flow, boundary layers, separated flows, and potential flow.
Prerequisites: MAT 223 and PHY 296/PHY 297 (with a grade of C or better) or Consent of instructor.
Corequisites: Concurrent enrollment in ENR 423 is required. Special Notes: Carries cross-credit in physics. Offered: Fall.

ENR 423 • Fluid Mechanics Lab 1 Credit
Laboratory experience accompanying ENR 422.
Corequisites: Concurrent enrollment in ENR 422 is required. Offered: Fall. Special Notes: Carries cross-credit in physics.

ENR 424 • Electronic Materials and Devices 3 Credits
Theory and application of condensed matter and materials. Physical origin of electrical, optical, mechanical, thermal, and magnetic properties. Emphasis on devices such as pn junction diodes, LEDs, piezoelectrics, and sensors. An accompanying lab explores characterization of materials and the design, fabrication, and testing of devices.
Prerequisites: PHY 302/PHY 303 or PHY 312/PHY 313. Corequisites: Concurrent enrollment in ENR 425 is required. Offered: Fall, even # years. Special Notes: Carries cross-credit in physics.

ENR 425 • Electronic Materials and Devices Laboratory 1 Credit
Laboratory component of ENR 424.
Corequisites: Concurrent enrollment in ENR 424 required. Offered: Fall, even # years. Special Notes: Carries cross-credit in physics.

ENR 436 • Microprocessors 3 Credits
Advanced principles of microcomputer hardware and software. Topics include computer organization, instruction sets and addressing modes, assembly language programming, arithmetic and logic operations, input/output, buffers, interrupts and special purpose features such as A/D converters.
Prerequisites: ENR 306 and ENR 307. Corequisites: Concurrent enrollment in ENR 437 is required. Offered: Fall, even # years.

ENR 437 • Microprocessors Lab 1 Credit
Lab experience accompanying ENR 436.
Corequisites: Concurrent enrollment in ENR 436 is required. Offered: Fall, even # years.

ENR 446 • Control Systems 3 Credits
Time and frequency domain representation of feedback control systems. Topics include: stability criteria, root locus methods, frequency response techniques, digital implementation and hardware considerations.
Prerequisites: PHY 302/PHY 303; MAT 222 or MAT 224 (may be taken concurrently). Corequisites: Concurrent enrollment in ENR 447 is required. Offered: Spring, odd # years.

ENR 447 • Control Systems Lab 1 Credit
Lab experience accompanying ENR 446.
Corequisites: Concurrent enrollment in ENR 446 is required. Offered: Spring, odd # years.

ENR 450 • Topics in Physics and Engineering 3-4 Credits
Topics selected from various fields of engineering and physics for the purpose of illustrating the practical application of physical principles. Emphasis on developing the skills and viewpoints commonly used by engineers and physicists. The field of engineering or physics is announced prior to registration.
Prerequisites: Related courses as specified.
Repeatable course: Course may be repeated when a different topic is emphasized. Special Notes: Carries cross-credit in physics. Offered: Occasionally.

ENR 465 • Engineering Design Seminar 1 Credit
Prepares students for engineering practice through a major design experience. Design projects have a major engineering component to them and are intentionally multi-disciplinary in nature. Students work in teams to design a system to meet a given specification that requires the incorporation of relevant engineering standards.
Prerequisites: Senior standing and a declared major in engineering. Offered: Fall.

ENR 477 • Software Engineering 3 Credits
Formal approach to the design and development of software. Design methodologies include object-oriented design, components, design patterns, and event-driven design. Project management, walkthroughs, documentation, team programming, and the development of a significant software project.
Prerequisites: COS 216. Offered: Fall, odd # years. Special Notes: Carries cross credit with computer science.
ENR 490 • Engineering Design Project 3 Credits
Prepares students for engineering practice through a major design and prototyping experience. The design produced in ENR 465 will be the basis for building a prototype system. The prototype will incorporate relevant engineering standards. Final designs and prototypes are documented in a professional manner and presented publicly.
Prerequisites: ENR 465. Offered: Spring.

Students may not declare a B.S. in Software Engineering and a Minor in Engineering.

Courses whose number is followed by a letter fulfill a General Education requirement.
The Department of English and Journalism (https://www.bethel.edu/undergrad/academics/english-journalism/) approaches the study of literature and the craft of writing from a Christian perspective that recognizes faith as integral to all learning. We value language as created by God and words as the medium through which we best understand the human experience. Through extensive knowledge of English and American literature, as well as exposure to literature of other cultures, students better understand themselves, vicariously experience the lives of others, and increase their knowledge of the world around them. We equip students to pursue education at the graduate level; to work in fields closely related to the discipline (such as education, journalism, and publishing); or to bring their skills in careful analysis, effective writing, and creative thinking to a variety of other professional careers. The disciplines of literary study and writing develop the intellectual capacity for critical thought, the emotional capacity for sympathetic understanding, the aesthetic capacity for appreciating beauty, the moral capacity for ethical action, and the creative capacity for effective communication. Each of these areas must be nurtured if students are to develop as whole persons with lives committed to meaningful work and enriched by the capacity for lifelong learning.

Majors in English

- B.A. in Communication Arts and Literature Education 5-12 (English Education) (p. 187)
- B.A. in English Literature and Writing (p. 189)
- B.A. in Journalism (p. 190)

Minors in English

- Creative Writing (p. 190)
- Journalism (p. 191)
- Photojournalism (p. 192)

ENL 100 • Great Writers: An Introduction to Literature 4 Credits
Why do great works of literature endure, and how do they illuminate the human experience? Works by classic and contemporary authors are studied for their artistry; their portrayal of great ideas, hopes, joys, and sorrows; and their insight into beauty, truth, and self-understanding.
Offered: Fall, Spring.

ENL 102 • Survey of British Literature I 4 Credits
Major literary works from Anglo-Saxon times through the 18th century, with some attention given to the development of literary movements and genres. Authors include the Beowulf poet, Chaucer, Shakespeare, Donne, Milton, and Pope.
Offered: Fall.

ENL 104 • American Literary Traditions 4 Credits
Major American authors studied in their historical and cultural contexts, from the colonial era to the present.
Offered: Fall, Spring.

ENL 111 • American Life Stories 3 Credits
An introduction to American autobiography, exploring how individual Americans write their life stories. Consideration of the translation of some personal narratives into film. Selections reflect the rich cultural diversity of American life.
Offered: Occasionally.

ENL 200 • Juvenile Literature 3 Credits
An exploration of a wide range of books written for children and teens in grades 5-9, as well as resources for effectively finding, reading, and interacting with them. Major topics of discussion include censorship, diversity, representation, and literary merit.
Offered: Spring.

ENL 202 • Survey of British Literature II 4 Credits
Major writers and works from the Romantic, Victorian, and early 20th century periods. Historical and intellectual background. Writers include Blake, Wordsworth, Keats, Shelley, Arnold, Hopkins, Joyce, Conrad, and Yeats.
Offered: Spring.

ENL 215U • World Literature 3 Credits
Focused study of literature from a non-western region of the world, examining social and historical contexts.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall, Occasionally interim, Spring.
ENL 235L • Film and the Modern Sensibility 3 Credits
An exploration of film as an art form and as an expression of the meanings of “modernism.” Why film is a uniquely modern art form is addressed, as well as those themes that identify the “modern sensibility”.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally interim. Special Notes: Carries cross-credit in philosophy.

ENL 241L • Modern Mythmakers 3 Credits
Consideration of how writers and filmmakers appropriate mythic structures and archetypes to create meaningful narratives of human experience. Modern mythmakers may include: J.R.R. Tolkien, George Lucas, Toni Morrison, C.S. Lewis, and others.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

ENL 243L • Story in Modern America 3 Credits
Explores forms, purposes, and functions of American story and how they have evolved. Students examine their roles and responsibilities as truth-seekers by reading, viewing, and creating texts - from short story to graphic novel, from film to podcast - that challenge and confirm assumptions about story in modern American culture.
Prerequisites: GES 130 and GES 160 or GES 244. Offered: Spring.

ENL 301 • Chaucer and Writers of Arthurian Quests 4 Credits
Major emphasis on The Canterbury Tales and Arthurian literature. Medieval pilgrimage and the Grail quest, as treated by English and continental authors.
Offered: Spring.

ENL 303 • Shakespeare: The Art of the Dramatist 4 Credits
Major plays in Shakespeare’s distinct periods and genres: history, comedy, tragedy, and romance. Both literary and theatrical aspects are examined, with attention to historical context. Emphasis on performance.
Offered: Spring.

ENL 304 • Milton and the Seventeenth Century 4 Credits
Major emphasis on Milton’s Paradise Lost and his other poems and prose, with readings in metaphysical and religious poetry of such writers as Donne and Herbert.
Offered: Spring 2022.

ENL 309 • Enlightenment and Romantic British Literature 4 Credits
British literature from Dryden, Pope, Swift, and Johnson, to Wordsworth, Coleridge, Keats, Shelley, and Byron. Emphasis on social and literary satire, prose forms, Romantic nature poetry, the changing role of the imagination, and criticism.
Offered: Spring.

ENL 311 • American Civil War Literature 4 Credits
Study of the American Civil War and its appeal to historical and literary imaginations. Selected works are studied in historical context, including the causes, the course of the war, and the consequences of the war for the nation.
Offered: Occasionally.

ENL 315G • Truth-Telling: The Stories of Resistance 3 Credits
Literature, film, and stories that reveal truths regarding systems of oppression. Explores the struggle for justice through the narratives and the imaginative response of the oppressed. Literary historical foci include the Holocaust, the experience of Native Americans, African Americans, women, and the oppressed in Minnesota.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Fall or Spring.

ENL 316GZ • Literatures of Faith: Christianity and Islam 3 Credits
Compares important literary works from the Christian and Islamic worlds from the Middle Ages to the present. Emphasizes literary and historical study, as well as dialogue and inquiry, as vital tools for understanding present-day Christian and Muslim cultures. A significant cross-cultural experience, involving interaction with Muslim communities, is required.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Occasionally.
ENL 317 • Stories of Refugees and Migrants in America 4 Credits
Narrative journalists and writers of fiction humanize the experience of displacement. Around the world, millions driven from their homes by conflict, deprivation or disasters, have sought new homes in the United States. Their stories enlarge our understanding of the human search for identity, opportunity, security, and community. 
Offered: Occasionally.

ENL 321 • Drama in Great Britain 4 Credits 
Drama in performance, using the plays seen abroad during the England Term. Special attention paid to Shakespeare. 
Offered: England term, fall, even # years.

ENL 341K • Environmental Writing 3 Credits 
As the environmental crisis has deepened, American nature writing has evolved into a richly creative endeavor that explores the complex interactions of nature, technology, and society. Students study environmental writing as a means for valuing biodiversity and for envisioning changes in global policies, applications of technology, and environmental ethics. 
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally. 
Special Notes: Carries cross-credit in environmental science.

ENL 350 • 20th Century Literature 4 Credits 
Major writers, movements, and themes in early 20th century literature in their historical and intellectual context. Emphasis on the rise of modernism in England, France, and America. Major figures include Eliot, Pound, Joyce, Hemingway, Lawrence, Woolf, Stevens, Williams, and Faulkner. 
Offered: Fall, odd # years.

ENL 352 • Contemporary Literature 4 Credits 
Major writers, movements, and themes in literature published since World War II. Emphasis on responses to modernism, current trends, and the emergence of minority and women writers, especially in America. 
Offered: Fall, even # years.

ENL 354 • Literature on Location: Major British Authors 4 Credits 
Selected British authors in conjunction with the places that inspired or were the focus of their work. Authors may include Chaucer (Canterbury), Joyce (Dublin), Wordsworth and Coleridge (Lake District), Hardy (Dorset), and Woolf (Bloomsbury). 
Offered: England term, fall, even # years.

ENL 355 • Modernism in London, Dublin, and Paris 4 Credits 
On-location study of the rise of modernism in literature and art in London, Dublin, and Paris in the early part of the 20th century. Focus on the intellectual and historical context, and on such figures as Eliot, Woolf, Pound, Joyce, Stein, and Hemingway. 
Offered: England Term, Occasionally.

ENL 356 • Medieval Identities and the Origins of Modern Racism 4 Credits 
Analyzes instances of European race-making in the medieval and early modern periods in order to historicize the (imaginary) ideas of race deployed to devastating effect in the 16th-21st centuries, and to uncover why and how misappropriations and misrepresentations of the Middle Ages remain central to contemporary white supremacist discourses. 
Offered: Spring.

ENL 365 • Topics in Literary Studies 4 Credits 
Close study in a specific topic or genre of literature. Emphasis on applying the skills of literature study to a closely-focused topic. 
Offered: Spring, even # years.

ENL 366 • Ways of Reading 4 Credits 
Theory offers us a deeper way to engage with texts. Students interact with texts through a succession of perspectives and apply concepts and techniques for engaging with literature and culture in more perceptive and satisfying ways. 
Offered: Fall, even # years.

ENL 367 • Modernism in London, Dublin, and Paris 4 Credits 
On-location study of the rise of modernism in literature and art in London, Dublin, and Paris in the early part of the 20th century. Focus on the intellectual and historical context, and on such figures as Eliot, Woolf, Pound, Joyce, Stein, and Hemingway. 
Offered: England Term, Occasionally.

ENL 368 • Research Seminar in English 1 Credit 
Research methodology in literature or journalism. Development of a proposal for a scholarly project to be completed and formally presented in ENL 499 or ENW 499. 
Prerequisites: Major or minor in journalism; Junior standing. Special Notes: May not be taken concurrently with ENL 499 or ENW 499. Offered: Fall, even # years, Interim, even # years.

ENL 498 • Senior Seminar in Literature 3 Credits 
Analysis of a variety of topics relevant to the practice of literary studies with special consideration given to the role of the Christian reader and writer. Culminates in the completion of a major research project. 
Prerequisites: ENL 498; Senior standing; Major or minor in English and Journalism department. 
Offered: Spring.
ENW 100A • Introduction to Creative Writing 3 Credits
Exploration of the creative act, addressing writing as a means for discovering the created world and ourselves as created beings within it. Emphasis on writing original work in three major genres: fiction, creative nonfiction, and poetry. 
Offered: Fall, Occasionally interim, Spring.

ENW 115 • Reporting I 3 Credits
Introduction to fundamentals of reporting and writing for the news media, emphasizing print journalism. Covers news values, news judgment, the structure of news stories, information gathering, research techniques, and Associated Press style. Students learn to write quickly, accurately, and concisely on deadline.
Offered: Fall, Spring.

ENW 120 • Digital News Studio 3 Credits
Advances the basic techniques of news reporting and writing by developing skills in formats used by professionals. Includes covering at least one beat for The Clarion during the semester, investigating how national and regional stories have local connections, and presenting stories in multimedia.
Prerequisites: ENW 115. Offered: Spring.

ENW 201 • Methods of Tutoring Writing 1 Credit
Introduction to the practical applications of writing theory, with a focus on tutoring student writers. Course readings with supervision will guide reflection on the student’s work as a Writing Center tutor.
Prerequisites: Consent of instructor. Special Notes: Required of all first-time Writing Center tutors.
Offered: Fall, Spring.

ENW 205A • Prose Studio 4 Credits
A workshop for exploring and sharpening prose style utilized in blogs, personal essays, technical writing, and op-ed writing. Includes reading and writing in a variety of prose forms, voices, and topics to assist students in developing persuasive, precise, and personal writing styles.
Prerequisites: GES 160 or GES 244. Offered: Spring.

ENW 211 • Feature Writing 3 Credits
Analyzing writing, and marketing feature stories of various types—service articles, profiles, human-interest pieces, and in-depth issue articles—for possible publication online or in print.
Prerequisites: ENW 115. Offered: Fall, odd # years.

ENW 214 • Principles of Editing 4 Credits
Editing of copy for publication in newspapers, magazines, and online media. Exposure to the book publishing process. Includes working with the Associated Press and Chicago Style manuals.
Offered: Fall.

ENW 300A • Writers Workshop 3 Credits
Open to students with a well-defined writing project in a genre of their choice (e.g., fiction, nonfiction, poetry, biography, etc.) to be completed by the end of the course. Regular and frequent consultations with instructor and class sessions with peers for critique and encouragement.
Prerequisites: Consent of instructor. Offered: Occasionally fall or spring, Interim. Repeatable course: May be repeated for credit with consent of instructor.

ENW 303AZ • Travel Writing 4 Credits
Art and craft of travel writing are studied and practiced while traveling. Focus on reading travel writing from the past and present, and writing about one’s own travel experience as it is happening. May also include reading literature and other books related to the place of travel.
Offered: England term, fall, even # years, Occasionally interim.

ENW 310 • Creative Nonfiction 4 Credits
Writing creative nonfiction, including memoir, personal, short, and lyric essays, and literary journalism, with a focus on literary devices as tools for expressing experience. Emphasizes skills such as development of authentic voice, understanding the relationship between structure and meaning, and cultivating the descriptive power of language.
Prerequisites: One of the following: ENW 303AZ, ENW 205A, ENW 211 or Consent of instructor.
Offered: Fall, even # years.

ENW 312A • Fiction Writing 4 Credits
Practice in modern narrative techniques. Emphasis on writing and peer criticism of short fiction.
Offered: Spring, even # years.

ENW 317A • Poetry Writing 4 Credits
Metrics, imagery, and other techniques of versification, with practice in writing in a wide variety of genres.
Offered: Fall, odd # years, Spring, odd # years.
ENW 319 • Reporting II 3 Credits
Refinement of interviewing, researching, writing, and online publication skills in the development of substantive news stories. Emphasis on news coverage, news gathering, use of public documents, and multiple interview sources in a community context, including selections from small town, suburban, ethnic, and urban neighborhood publications.
Prerequisites: ENW 115. Offered: Fall, even # years.

ENW 330GZ • Media and Communication in Developing Countries 3 Credits
An examination of the socioeconomic, technological, and political factors that have influenced the development of communication systems in developing countries, with special emphasis on the role of Christian journalists. Includes comparative analysis of western media systems and those of developing nations.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]; Junior or senior standing. Offered: Occasionally interim.

ENW 342 • Journalism for Social Change 3 Credits
Focus on skills and methods for investigative reporting on social issues. Investigative journalism, strategies for gaining access to public records, data analysis using Excel spreadsheets, and hands-on experience through contributing stories to the Clarion or local news partners.
Prerequisites: ENW 115. Offered: Spring, even # years.

ENW 360 • Topics in Journalism 3 Credits
Study of a specialized topic of relevance to the practicing journalist with emphasis on the impact of journalism within a specific cultural context and the unique role of the Christian journalist.
Prerequisites: Sophomore standing or Consent of department chair. Offered: Interim.

ENW 405 • Publishing and Being Published 4 Credits
Practical aspects of literary publishing from an editorial perspective (article selection, editing, layout) and the author's point of view (query letters, book proposals, contracts, agents). Visits by local writers and editors, as well as visits to publishing houses.
Prerequisites: ENW 214; 4 credits in one other writing course. Offered: Occasionally.

ENW 481 • Internship in Writing 3-4 Credits
Placement in an off-campus writing position. Must be planned well in advance of placement in consultation with advisor.
Prerequisites: Major or minor in English and Journalism department and Completion of 10 credit hours in English and Journalism. Offered: By arrangement.

ENW 499 • Senior Seminar in Journalism 3 Credits
Analysis of a variety of topics relevant to the practice of journalism with special consideration given to the role of the Christian journalist. Culminates in the completion of a major research project.
Prerequisites: Senior standing; Major or minor in journalism; ENL 498. Offered: Spring.

1 In order to meet requirements for endorsements and dual-majors this number is subject to change. Students should consult with their advisor.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students must complete at least one extracurricular activity such as forensics, debate, drama, journalism, a literary journal, or other experience as determined in consultation with the advisor.

Students must earn a grade of C or better in each content area and education course (ENL, ENW, COM, EDU) in the major. Courses with grades of C- or lower must be repeated.

Students with K-12 licensure in Communication Arts and Literature Education may choose one or more Middle Level Endorsement. See endorsement area listing under Major in Elementary Education with Middle Level Endorsement in the Education section of this catalog.

Students may not declare a B.A. in Communication Arts and Literature Education 5-12 and a Minor in English Literature.

Environmental Science

The mission of Environmental Science at Bethel is to guide students in the pursuit of truth about the workings of creation and the human place in it, and to enable them to practice environmental stewardship in lifestyle and profession. Caring for the whole of creation is an immense privilege and responsibility, and we prepare students for this task through a curriculum that integrates knowledge and perspective from a variety of established disciplines (e.g., biology, chemistry) as well as off-campus experiences. Environmental science combines classroom and laboratory instruction with a variety of field experiences. Students cap their education in environmental science by designing and conducting a specific research project under the direction of a faculty mentor. Those who complete the program successfully will be prepared for a variety of types of employment (e.g., natural resource conservation, outdoor education, environmental advocacy) or for graduate school. The number of such opportunities is continually increasing as is the need for educated, committed environmental stewards.

ENS 104 • Environment and Humanity 3 Credits
Interrelationships and interactions of humans with the natural environment in which they live. Causes of and potential solutions to environmental problems like pollution of water, air, and soil; extinction of wildlife; and degradation of natural and human ecosystems are examined, using the science of ecology as a knowledge base.
Corequisites: Concurrent registration in ENS 104D is required. Offered: Fall, Spring.

ENS 104D • Environment and Humanity Lab 1 Credit
Laboratory experience accompanying ENS 104. Includes some outdoor and off-campus investigations.
Corequisites: Concurrent registration in ENS 104 is required. Offered: Fall, Spring.

ENS 205L • Sustainable Living 3 Credits
A multidisciplinary approach to the challenges of living a sustainable life in a complex world. Considers how ecological, ethical, and cultural understandings inform our responsibility for personal and global decisions.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Spring.

ENS 316 • Wildlife Ecology and Management 3 Credits
Analysis of terrestrial vertebrate populations, communities, and habitats. Exploration of how these analyses are applied to the manipulation, exploitation, protection, and restoration of animal populations and communities.
Prerequisites: Two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D; BIO 218 (may be taken concurrently) or major in environmental science; Junior or senior standing. Corequisites: Concurrent registration in ENS 317 is required. Special Notes: Carries cross-credit in biology. Offered: Spring, even # years.

ENS 317 • Wildlife Ecology and Management Lab 1 Credit
Laboratory experience accompanying ENS 316. Includes some outdoor and off-campus investigations. Corequisites: Concurrent registration in ENS 316 is required. Offered: Spring, even # years. Special Notes: Carries cross-credit in biology.

ENS 318KZ • Ecology in the Tropics: Natural History and Future Prospects 4 Credits
Travel in Kenya or Ecuador surveying the land, climate, plans, animals, homes, transportation, and industries, noting especially the impact of human presence. Ecuador includes the Amazon rainforest, Andean cloud forests, volcanic mountains, highlands, towns, cities, and the Galapagos Islands. Kenya includes Nairobi, African savanna, the Rift valley, and Masai Mara.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Interim. Special Notes: Carries cross-credit in biology and general studies.
ENS 330 • Ecology 3 Credits
Structure and function of wild nature. Topics include interrelationships of organisms with their environments, factors that regulate such interrelationships, and various roles that humans play in modifying patterns and processes of nature at organism, community, and ecosystem levels. 
Prerequisites: BIO 218 (may be taken concurrently) or two of the following: BIO 122/BIO 122D, BIO 128/BIO 128D, ENS 104/ENS 104D. Corequisites: Concurrent registration in ENS 331 is required. Offered: Fall, odd # years. Special Notes: This is a designated research course.

ENS 331 • Ecology Lab 1 Credit
Laboratory experience accompanying BIO 330. 
Corequisites: Concurrent registration in ENS 330. Offered: Fall, odd # years.

ENS 335K • Environmental Ethics 3 Credits
Examines the intersection of science, society, and technology as it pertains to issues in environmental ethics. Moves from theory—considering science, society, and technology philosophically—to application by concluding with a major research project on an applied issue in environmental ethics involving scientific data and technological choice. 
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Fall, Interim. Special Notes: Carries cross-credit in philosophy.

ENS 341K • Environmental Writing 3 Credits
As the environmental crisis has deepened, American nature writing has evolved into a richly creative endeavor that explores the complex interactions of nature, technology, and society. Students study environmental writing as a means for valuing biodiversity and for envisioning changes in global policies, applications of technology, and environmental ethics.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Fall or Spring. Special Notes: Carries cross-credit in English.

ENS 399 • Introduction to Research 1 Credit
An introduction to research methodology in the environmental sciences, with experience in the use of environmental literature and an examination of how to distinguish and evaluate different types of scientific writing and presentations. Experience in the development of a research proposal.
Prerequisites: Major in environmental science and Junior standing. Special Notes: Carries cross-credit in biology. Offered: Fall, Spring.

ENS 481 • Internship in Environmental Studies 1-4 Credits
Off-campus field experience working with an environmental organization, business, or governmental agency.
Prerequisites: Major in environmental science. Offered: Fall, Spring, Summer.

ENS 496 • Research in Environmental Studies 1 Credit
An opportunity to become involved in an independent research project of the student’s own choosing in some area of environmental studies. Experience in the collection, manipulation, analysis, and portrayal of information and development of skills needed to be effective in environmental research.
Prerequisites: ENS 399 and Consent of instructor. Offered: Fall, Spring.

ENS 498 • Seminar in Environmental Science 1 Credit
A senior capstone course for environmental studies and environmental science majors centered on a multidisciplinary discussion of current environmental issues in society.
Prerequisites: ENS 496. Offered: Spring.

ENS 499 • Symposium 0 Credit
Completion of a scientific paper and oral presentation based upon research conducted in ENS 496.
Prerequisites: ENS 496. Offered: Fall, Spring.

Au Sable Institute of Environmental Studies
Several courses in the environmental area are available during the summer term through the Au Sable Institute of Environmental Studies (http://www.ausable.org/). Any summer biology courses may be used to fulfill the environmental requirement in the biology major. See the Au Sable advisor in the Department of Biological Sciences for additional course offerings and further details.

1. Recommended option to complete the major in 3.5 years
2. MAT 124M is a prerequisite for this course.
3. CHE 224/CHE 225 is a prerequisite for this course.
4. CHE 226/CHE 227 is a prerequisite for this course.

Courses whose number is followed by a letter fulfill a General Education requirement.

With permission of the Department Chair, appropriate courses taken in other off-campus programs may substitute for those listed above.

Students are strongly urged to meet the "M" tag (Mathematics) General Education requirement by taking an introductory statistics course such as PSY 230M or MAT 207M.
Foreign Languages

Ancient and Classical Languages Courses

- Biblical Greek (See Department of Biblical and Theological Studies [p. 85], Biblical Classical Language courses.)
- Biblical Hebrew (See Department of Biblical and Theological Studies [p. 85], Biblical Classical Language courses.)

World Languages Courses

- American Sign Language
- Chinese (Mandarin)
- French
- Spanish

Gender Studies

The Gender Studies minor (https://www.bethell.edu/undergrad/academics/philosophy/majors/minors/gender-studies-minor/) provides students with an opportunity to develop a reflective and interdisciplinary understanding of how our notions of gender, gender roles, and gender identities have been, and continue to be, shaped by the intellectual, historical, and sociocultural contexts in which they emerge.

Gender-tagged course 1 3-4

Total Credits 19-20

1 Students choose to do a significant research or service-learning project related to the topic of gender studies in a 200-level course or above in the student’s major field of study. Students apply to complete the project at the beginning of the semester, subject to approval by the Gender Studies program co-coordinators. Students may not tag a course listed in the minor’s elective categories.

Courses whose number is followed by a letter fulfill a General Education requirement.
General Studies

General Education (https://www.bethel.edu/undergrad/academics/general-education/) at Bethel University requires students to take several specific courses along with their choice of courses from various categories. Most of the courses listed below fulfill one of these course or category requirements; however, this is not an exhaustive list. The letter appended to a course number indicates the General Education category to which it belongs. See the General Education (p. 15) and General Education Requirements (p. 17) in the General Information section of this catalog for a further description of the purpose and requirements of the General Education program at Bethel University.

First Year General Education Options

First year students at Bethel choose between two options for some of their General Education requirements: CWILT or the Humanities Program. Both options provide students with a liberal arts foundation to prepare them to succeed in college and throughout their lives.

CWILT

CWILT takes a modular approach. There are five courses, each covering a different area of study:

- Creative Arts (ICA)
- Christianity and Western Culture (CWC)
- Inquiry Seminar (IQ)
- L Course (Contemporary Western Life and Thought)
- Christian Theology

Each course is focused on a single area of study, whether that means exploring Christianity's role in Western Civilization in CWC, learning to write academic papers in Inquiry Seminar, or studying the foundations of Christian faith in Christian Theology. Students choose their Contemporary Western Life and Thought (L) course, so they can focus on aspects of modern American life that most interest them.

The Humanities Program

The Humanities Program is a four-course sequence consisting of GES 145, GES 147, GES 244, and GES 246. It emphasizes in-depth reading, discussion, and analysis of texts and works of art. Students experience literature, theology, philosophy, music, theatre, and art in historical context. They learn the foundations of theology and see how Christians have shaped and responded to Western culture. The four-course sequence must be taken in order and replaces five courses in the General Education CWILT option [GES 125, GES 130, GES 160, THE 201 and a Contemporary Western Life and Thought (L) course]. To derive full benefit from the Humanities Program, students should complete the entire, four-course sequence. See the General Education section (p. 15) of this catalog and/or the Humanities Program website (https://www.bethel.edu/undergrad/academics/general-education/first-year-options/humanities/) for further information.

GES 101 • Pre-Intercultural Engagement Preparation 0.5 Credits

Prepares students to participate in a non-credit cross-cultural experience to fulfill the General Education Z-tag requirement. Pre-processing includes introducing a method for reflecting on and analyzing an intercultural experience, assistance in creating a proposal for the Z-tag experience, and an opportunity to develop mid-experience exercises and activities for GES 102Z. Special Notes: Completion of GES 101 does not complete the Z-tag requirement, but is a prerequisite for GES 102Z. GES 101 must be taken before participating in the cross-cultural experience. Graded on an S/U basis.

GES 102Z • Post-Intercultural Engagement Processing 0.5 Credits

Guided post-processing experience necessary for students to benefit fully from an independent cross-cultural experience to complete the General Education Z-tag requirement. Evaluates the method of reflection and analysis used during the intercultural experience, the implementation of the non-credit proposal approved in GES 101, and the mid-experience exercises and activities. Prerequisites: GES 101; Must be taken the semester following the completion of the independent cross-cultural experience. Special Notes: Graded on an S/U basis.
GES 103 • Writing Studio for Multilingual Learners 1 Credit
Focuses on knowledge and skills necessary for successful college-level academic research and writing in the U.S. Students will apply reading and writing strategies to other course writing assignments. Instruction tailored to provide linguistic support for students who speak more than one language. Graded on an S/U basis. Offered: Fall.

GES 109 • Orientation to College Studies 3 Credits
Students understand and improve their approach to learning to enhance success in college. Strategies developed in this course are directly applied to learning in the Christianity and Western Culture course as well as other courses taken during fall term. Prerequisites: Consent of instructor. Corequisites: Concurrent enrollment in GES 130 is required. Offered: Fall. Special Notes: This course is required for provisionally admitted students.

GES 119 • Introduction to Bethel 3 Credits
Introduces transfer students to resources to support and enhance their success at Bethel. Develops strategies to apply to learning in the Christianity and Western culture course as well as other courses taken during fall term. Corequisites: Consent of instructor, Registration in GES 130 is required. Offered: Fall. Special Notes: This course is required for provisionally admitted students.

GES 125 • Introduction to the Creative Arts 4 Credits
Highlights the crucial experience of the creative arts and develops literacy in artistic language. Art forms may include dance, film, literature, music, theater, and visual arts. Stylistic, social, and historical contexts examined in light of various themes: death/despair, humor, relationships, and religion. Critical interaction and reflection from a Christian worldview. Offered: Fall, Interim, Spring.

GES 130 • Christianity & Western Culture 4 Credits
Movements that influenced Europe and North America up through the Enlightenment. Explores with insight and empathy the writings and lives that have influenced the course of world societies. Evaluates the diverse ways in which Christians have interacted with Western culture by shaping, absorbing, and criticizing the culture of the West. Offered: Fall, Interim, Spring.

GES 140 • Introduction to Wellbeing 3 Credits
Explores many of the dimensions that influence wellbeing, including Spiritual, Cognitive, Emotional, Physical, Relational, and Meaning. Examines the dynamic interconnection between the dimensions. Students integrate foundational knowledge, experiences, and strategies to become successful whole and holy individuals not only in college but also throughout adult life. Offered: Fall.

GES 145 • Humanities I: Greco-Roman through Middle Ages 4 Credits
The first course in the Humanities Program focuses on great writings and works of art, music, and theatre from the Greeks through the Middle Ages. Likely figures for study include Plato, Aristotle, Augustine, Anselm, and Dante. Offered: Fall.

GES 147 • Humanities II: Renaissance and Reformation 4 Credits
The second course in the Humanities Program considers significant figures, movements, and texts in the Renaissance and the Reformation era. Likely figures for study include Luther, Calvin, Erasmus, Anabaptist writers, Renaissance and baroque artists, and Shakespeare. Prerequisites: GES 145. Offered: Interim. Special Notes: Completing GES 147 replaces GES 125 Introduction to the Creative Arts.

GES 160 • Inquiry Seminar 3 Credits
While exploring a specific topic of interest, students gain knowledge about the meaning and value of a Christian liberal arts education. Establishes community among students, faculty, and various aspects of student life. Includes instruction and practice in writing as well as preparing and delivering oral presentations. Offered: Fall, Interim, Spring.
GES 203 • Writing Studio for Multilingual Learners 1 Credit
Focuses on knowledge and skills necessary for successful college-level academic research and writing in the U.S. Students will apply reading and writing strategies to other course writing assignments. Instruction tailored to provide linguistic support for students who speak more than one language. Graded on an S/U basis. 
Offered: Spring.

GES 208 • Human Sexuality 3 Credits
An examination of sexuality through the life cycle, focusing on the nature of sexual and reproductive functioning, sexual self-understanding, sexual dimensions of interpersonal relationships, and ethical dimensions of sexuality.
Offered: Spring.

GES 244 • Humanities III: European Enlightenment and American Culture to 1877 4 Credits
The third course in the Humanities Program begins in the European Enlightenment and culminates in a research paper on American culture through the Reconstruction era. Likely figures for study include Edwards, Bach, Beethoven, Austen, Burke, Paine, The Federalist Papers, de Tocqueville, American Transcendentalist writers, Frederick Douglass, and Abraham Lincoln.
Prerequisites: GES 147. Offered: Spring. Special Notes: Completing GES 244 replaces GES 160 Inquiry Seminar and GES 130 Christianity and Western Culture.

GES 246 • Humanities IV: Modern and Contemporary Western Culture 4 Credits
The final course in the Humanities Program begins with the 19th century Industrial Revolution and ends near the present. It includes a major paper on theology. Likely subjects for study include Marx, Nietzsche, T.S. Eliot, jazz, modern art, Bonhoeffer, and Martin Luther King Jr.
Prerequisites: GES 244. Offered: Fall. Special Notes: Completing GES 246 replaces THE 201 Christian Theology and a Contemporary Western Life and Thought (L) course.

GES 302K • Lethal Microbes 3 Credits
Despite amazing scientific and technical successes in medicine in the last century, diseases like AIDS, tuberculosis, and malaria confront us today with both national and global healthcare crises. Living with the lethal microbes responsible for these diseases requires careful inquiry about these organisms and their wide impact on human society.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 303K • Genetics, Ethics and the Law 3 Credits
Study of the ethical and legal dilemmas created by recent advances in biotechnology. Focus on the question of what direction the law should take, specifically patent, family, and criminal law. Explores the struggle between the Christian worldview, rapid changes in science, and society's resolution of the questions these changes produce.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 305K • Anatomy of a Pandemic 3 Credits
Explores the history, biology, and social and global impact of infectious diseases such as the bubonic plague, influenza, HIV/AIDS, and emerging pathogens. Evaluates technological advances that contribute to treatment of infectious diseases, vaccine development, and modern epidemiology. Considers social factors related to disease ecology and the availability of medical treatment.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally interim.

GES 306K • Nuclear Energy: Past and Present 3 Credits
Basic scientific principles underlying nuclear fission and fusion, along with a survey of the history of nuclear weapons and reactors from 1935 to the present. Topics include weapon construction and design, delivery systems, and nuclear deterrence, along with current arms reduction agreements and waste problems.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.
GES 307K • Natural Resources: Use Them but Don’t Lose Them 3 Credits
A consideration of the use and management of natural resources and their impact on society and vice versa. Primary resources considered include forests, agricultural land, and geologic/mineral resources. Global Positioning System (GPS) and Geographic Information System (GIS) technologies are spotlighted as key management tools.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Spring.

GES 308K • Genomic Archaeology and Scientific Revolution 3 Credits
Advances in DNA technology have led to the sequencing of whole genomes, including the human genome, and to a revolution in science. Explores how this technology works and the consequences for society. Applications related to diabetes, cancer, forensics, genetic engineering, and the nature of life itself are discussed.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 309K • Biology of the Mind 3 Credits
Survey of contemporary technologies and studies of brain structure and function and their relation to cognitive abilities and emotion. Introduction to modern technologies of brain mapping such as MRI, PET, and CAT scans. Combines neuroscience, philosophy of self, psychology, linguistics, and sociobiology.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally interim.

GES 311K • Forensics: The Science of Crime 3 Credits
An introduction to the roles that biology, chemistry, physics, and psychology play in criminal investigations. Discovery, identification, and comparison of physical evidence using various current techniques. Discussion of the processes and limitations of scientific knowledge.
Prerequisites: Laboratory Science (D) Course and Mathematics (M) course. Offered: Occasionally fall, Interim, Spring.

GES 312G • Disability and Society 3 Credits
Exploration of ideologies of disability including medical, moral, rehabilitative, and minority approaches. Identification of the social, economic, religious, and other barriers faced by people with disabilities. International perspectives on disability, as well as the concept of a “disability culture.” Experiential learning components included.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 246; World Cultures (U) course]. Offered: Occasionally interim.

GES 314K • Stem Cells, Cloning, and Reproductive Technologies 3 Credits
Stem cells, cloning, reproductive technologies, gene therapy, and drug production are all applications of biotechnology. The study of these applications along with their influence and their impact on society are examined.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 315K • Brain Research Technology and Gender Differences 3 Credits
A review of gender differences revealed by recent brain mapping and scanning technology. MRI, fMRI, PET, and CAT scans reveal different aspects of brain structure and function. Several other neurologic, hormonal, and genetic technologies will also be reviewed as they relate to physiological and behavioral analysis.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally interim.

GES 317KZ • Science and Technology in New Zealand 3 Credits
Exploration of historical development of science and technology in New Zealand, including current challenges. Topics include inventions and inventors, health care, unique technologies, native and invasive species, sea life, earthquakes, hot springs, and volcanic activity in the context of historical Maori and British colonial cultures leading to the present day.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Interim.
GES 318KZ • Ecology in the Tropics: Natural History and Future Prospects 3 Credits
Travel in Ecuador or Kenya surveying the land, climate, plants, animals, homes, transportation, and industries, noting especially the impact of human presence. Ecuador includes the Amazon rainforest, Andean cloud forests, volcanic mountains, highlands, towns, cities, and the Galapagos Islands. Kenya includes Nairobi, African savanna, the Rift valley, and Masai Mara. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Interim. Special Notes: Carries cross-credit in biology and environmental studies.

GES 321K • Human Genetics 3 Credits
Review of modern genetic history, principles, and technology as applied to humans. Includes classical Mendelian genetics, probability calculation, pedigree analysis, heritability analysis, and cytogenetics. Emphasizes recent technologies of gene sequencing, genomics, gene therapy, genetic engineering, screening, early life (embryo) manipulations, and stem cell and cloning risks and benefits. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 322K • Cancer: Science and Society 3 Credits
The biology of cancer; the technologies of cancer diagnosis and treatment; and some social, family, and personal impacts of this disease. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 324K • Greening the Built Environment 3 Credits
A study and critique of the “built” environment: our homes, places of work and leisure, transportation systems, and food systems. Development of understanding and commitment for designing, living in, and working in our dwellings and communities in ways that demonstrate stewardship toward the creation. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 328K • Nutrition: The Total Diet 3 Credits
Investigates the science of interactions between proper nutrition and weight management, and examines the appropriate ethical, and perhaps limited, use of technology as a means to reverse obesity. Topics include how hormonal imbalances and genetic alterations may result in failure to regulate appetite and metabolism. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 330KZ • History of Science in Europe 3 Credits
Study of scientists and their discoveries throughout history within the context of an experiential learning opportunity in Europe. Astronomy, biology, chemistry, engineering, mathematics, medicine, and physics are addressed. Evaluation of the effect on society of these disciplines (architecture, art, exploration, philosophy, politics, religion, etc.) will also be evaluated. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally interim.

GES 331K • Science in the Fifth Dimension 3 Credits
An exploration of what science is, what it is not, and how it interacts with its “fifth dimension” (society) in art, politics, technology, culture, medicine, and other aspects of the nonscientific community. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 338K • Great Controversies in Science and Technology 3 Credits
Overview of great scientific controversies past and present. Topics include: science versus religion, age of the earth, evolution and creation, global warming, and energy issues. Relationships between science and society with particular emphasis on discerning the difference among scientific results, popular consensus, and societal pressures. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Interim.

GES 339K • Nano: Small Science, Big Ideas 3 Credits
Investigation of nanotechnology: the science of very small things and their strange, unexpected behavior. Learn why and how nanotechnology is being applied to solve some of our greatest challenges in energy, medicine, and healthcare. Societal and environmental impacts and ethical concerns from a Christian perspective are explored. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.
GES 340K • Healthcare Informatics: Merging Data, Science, Technology, and Healthcare 3 Credits
Investigates how technology supports meaningful use of data in the delivery of healthcare. Explores common disease processes tracked through healthcare information systems. Considers historical, ethical, and regulatory complexities of healthcare informatics as related to the role of consumer, healthcare administrator, insurer, researcher, and healthcare professional. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 355 • Advanced Writing Studio for Multilingual Learners 1 Credit
Students apply reading and writing strategies to writing lengthy assignments in advanced courses. Students are expected to take the studio in conjunction with a class that requires substantial writing and research. Instruction tailored to provide linguistic support for students who speak more than one language. Graded on an S/U basis. Offered: Fall.

GES 390K • Decision-Making and Medical Technology 3 Credits
Health technologies that may be both harmful and beneficial to human health are explored from the perspectives of ethical decision making, psychosocial dynamics, faith, and health policy formation. Topics include genetic testing, contraceptives, intensive treatment of newborns, assisted reproduction organ transplantation, enhancement technologies, aging, and end-of-life decisions. Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally.

GES 402P • Perspectives on Christian Marriage 3 Credits
An analysis of the central issues involved in making a wise decision concerning Christian marriage. Topics include: what the Bible says about marriage; whether or not marriage is for you; family of origin concerns; premarital factors associated with marital stability; and planning for success. Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 403P • Rage on the Stage: Cultivating Empathy and Imagination 3 Credits
Plays, films, and live productions as a springboard for reflection on relevant issues within our society. Discussion and contemplation of contemporary issues that may challenge Christians’ personal or collective convictions. Issues may include dysfunctional behavior, racism, environmental or social concerns, as well as current relevant issues selected by students. Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 404P • Being Just in an Unjust World 3 Credits
Study and practice of moral decision making from psychological, philosophical, and Christian perspectives. Analyzes moral sensitivity, judgment, and action; includes discussion and exercises to develop personal skills in these areas. Focal issues may include friendship, human rights, personal sexuality, power/authority, capital punishment, and current issues selected by students. Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 405P • Ethical Relationships: Choosing the Good in Family and Community Life 3 Credits
Exploration of the ethics of relationships in the context of ethical theory and Christian virtues and norms. Topics include: marriage and divorce; gender; family caregiving; end of life; professional, work, and business relationships; race relations; economic justice; and consumption ethics. Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 407P • Women’s Lives, Women’s Choices 3 Credits
Female experience during adolescence and adulthood, emphasizing female socialization and potential adult roles. Personal experiences, future life choices, and their consequences in light of the course content and Christian faith. Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.
GES 409P • Christian Leadership in a Secular World 3 Credits
Current issues facing Christian leaders today. The formulation of a personal biblical approach to leadership to enable one to impact society. Involves a variety of personal decisions that are designed to facilitate knowing oneself and understanding one's own responses in various situations.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 410P • Family Life Cycle 3 Credits
Study of the stages in the family life cycle, with attention to the factors that cause the family unit to separate during the cycle. Special emphasis on studying one's own family of origin in light of both Scripture and society's messages about what family should be. Opportunity to consider preparation for one's own future family development.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 412P • The Plot Thickens: Character Growth in Literature and Life 3 Credits
Readings and discussion of a number of novels and short stories, examining characters and their values, and responses in the face of complex life situations. Insights of narrative theologians will be used to think about building character as individuals and the role of the community in this process.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 413P • Women's Spiritual Experience 3 Credits
Exploration of diverse women's spiritual experiences by reading spiritual autobiographies, biblical feminist writings, and research on gender and religion. Discussion of how gender influences religious institutions and Christian women's faith. Students write their own spiritual autobiographies.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 414P • The Theology of J.R.R. Tolkien 3 Credits
Explores theological issues raised by J.R.R. Tolkien's "Middle Earth" writings. Includes theological themes such as evil, salvation, and power, emphasizing choices the characters in the story make with regard to those themes. Attention given to philosophical and literary assumptions/methodologies employed by the author.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 418P • Christian Lives: Contemporary Spiritual Narratives 3 Credits
Reading, writing, and viewing contemporary spiritual narratives that explore the dimensions of one's call to the Christian life in the contemporary world. Materials selected for their spiritual, cultural, and literary value, including both traditional Christian authors (e.g., C.S. Lewis) and more recent writers (e.g., Anne Lamott).
Prerequisites: Senior standing; [GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 419P • Christian Perspectives on the 20th and 21st Centuries 3 Credits
Examines significant events and trends of the 20th century in light of Christian values. Topics include the environment, military intervention, immigration, and the role of the federal government. Explores diverse Christian responses to such issues in historical context, and the implications of these perspectives for the 21st century.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 420P • Bioethics 3 Credits
How technological advances have increased our abilities to conceive, sustain, and alter human lives. How to make morally responsible decisions that shape a just society. Moral issues such as healthcare practices, reproductive methods, allocation of healthcare resources, and biomedical research.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Fall, Spring.
GES 421P • Social Justice and Christian Responsibility 3 Credits
Selected themes of social justice in the United States and the global community. Examines different Christian views of the market economy and business, international trade, public policies in the United States, and the global community. Explores possible actions of concerned Christians collaborating with others to address problems of social injustice.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 424P • Christian Perspectives on Creation and Evolution 3 Credits
An examination of the positions held by different scientists and Christians in regard to the origins of humans, of the world, and the interpretation of Genesis chapters 1 and 2.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 425P • Censorship and Freedom of Expression 3 Credits
Censorship from the perspective of various disciplines, such as psychology, theology, literature, history, and art. Key issues and formulation of student's own positions.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 426P • Family Interaction 3 Credits
An integration of a Christian worldview related to the contemporary family unit; approaches to conflict, power, stress, intimacy, and wholeness. The family system in light of contemporary trends and Christian choices. Communication patterns are examined and evaluated.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Fall, Spring.

GES 427P • Christian Responses to Genocide 3 Credits
Examination of the nature of genocide and religious terrorism with an emphasis on psychosocial influences in the actions of perpetrators, bystanders, and victims. Discussion of relevant religious and moral issues. Study includes selected major genocides of the 20th and 21st centuries.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 432P • Christian Responses to Postmodernism 3 Credits
Examination of postmodern theory and its effects on culture, with particular focus on various Christian responses to postmodernism. Attention will be paid to the historical development of postmodernism and the ethical and cultural impacts of postmodernism.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 433P • Biblical Spirituality: Experiencing God 3 Credits
A study of spirituality in a variety of biblical texts, both Old Testament and New Testament. Essential issues related to spirituality, including: What is spirituality? What are biblical teachings regarding prayer, worship, and spiritual disciplines? How do we interpret biblical texts as paradigms for the contemporary practice of spirituality? .
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 438P • Christian Music in Context 3 Credits
Consideration of the nature and function of Christian music in contemporary society, incorporating a study of its development and place in various historical and cultural contexts, as both an avenue for worship and a force for spiritual development.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.
GES 440P • Christian Nonviolence 3 Credits
What it means to be a Christian peacemaker in today’s world. The biblical mandate, the quest for Christian nonviolence in a historical and biographical context, and its implications for the development of conflict-resolution skills and contemporary public policy issues.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 441PZ • Issues and Praxis in Christian Social Justice 3 Credits
Examines the theme of justice in the Bible. Explores related themes concerning the history of colonialism, human suffering, the church’s inattention to global injustice, spiritual development in relation to justice advocacy, and Christian social responsibility. Bridges theory and action in the setting of Cambodia with specific attention to human trafficking.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Interim. Special Notes: All students desiring to take the course must complete an application process. Students who do not meet all of the above requirements may be admitted to the course on a case-by-case basis.

GES 444P • Christians and Conflict 3 Credits
Examines how we are called as Christians to respond to interpersonal conflicts that continually exist in our lives. Emphasizes many different types of interpersonal conflicts, including conflicts in friendships, marriages, parent/child relationships, workplaces, and churches. Analyzes conflict as it is currently portrayed in the media.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 445P • Aging from a Cross-Cultural Perspective: Living in a Graying World 3 Credits
Aging processes and roles of the older person in our society and other cultures. Choices confronting students in their own aging, their relationship to aging parents and friends, and living and operating as Christians in a rapidly aging world.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 447PZ • Muslims and Middle Easterners: Past, Present, and Personal 3 Credits
An examination of the historical, political, religious, and cultural influences of the Arab peoples of today. Students begin to develop understanding of Arabs and Islam, and initiate communication with Arab and Muslim Americans in Minnesota.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 448P • Abusive Relationships and Christian Responsibility 3 Credits
Explores different types of intimate violence using research from communication, psychology, and sociology. Examines the history of domestic violence, the prevalence of intimate violence, cycles of violence, and secular and Christian responses. Evaluates choices informed by Christian values, education, and personal experience. Develops personal strategies for responding to intimate violence.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Interim.

GES 449P • Chance or Design: Our Place in the Cosmos 3 Credits
Exploration of recent advances in Big Bang cosmology and planetary science with an emphasis on apparent fine-tuning to conditions suitable for human life. Discussion of the possibility of extraterrestrial life. Analysis of design arguments, with the goal of developing a biblically sound view of our relationship to nature and God.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 450P • Reconciliation in a Racialized Society 3 Credits
Study of race, racism, and reconciliation in the United States. Starting from the biblical mandate to be righteous people, a focus on discerning past and present racism, understanding the need for racial justice and reconciliation, appreciating different cultures/ethnicities, and engaging students in the process of racial reconciliation.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally interim.
GES 451P • Spirituality, Sexuality, and the Family 3 Credits
Three powerful forces in everyday life that vitally affect people both personally and collectively. Both past and contemporary influences and experiences that are likely to impact people as they seek to make their personal sexuality, spirituality, and family relationships consistent with Christian values.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Fall, Spring.

GES 452P • Sports in Society 3 Credits
Study of sports as a social phenomenon. Presentation of some of the basic elements involved in the interaction of the active human being. Includes sports and culture, sports in education, social stratification, race, and group dynamics.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 453P • Ethics and Faith in the Workplace 3 Credits
Practical application of what it takes to function as a Christian in today's workplace. Emphasis on the transition from college to a professional environment, focusing on personal maturity, workplace ethics, and lifelong Christian growth and service.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally interim.

GES 455P • Covenant Relationships: Marriage, Friendship, and Beyond 3 Credits
An exploration of the relational dynamics of marriage, friendship, and Christian community within the context of the biblical concept of covenant relationship. Competing values within contemporary Western culture (e.g., individualism, hedonism) are explored and critiqued in light of the values associated with covenant community.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 456P • What Good is Leisure? Living the Rest of Your Life 3 Credits
Examines how individuals and cultures have regarded time outside of work and family responsibilities. Study of time devoted to religious exercise, liberal arts education, social responsibilities, respite from labor, and recreation. Explores personal alternatives and experiential learning. Readings from philosophy, literature, anthropology, theology, and contemplative traditions.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 457 • Advanced Writing Studio for Multilingual Learners 1 Credit
Students apply reading and writing strategies to writing lengthy assignments in advanced courses. Students are expected to take the studio in conjunction with a class that requires substantial writing and research. Instruction tailored to English Language Learners (international or immigrant students from non-English speaking backgrounds). Graded on an S/U basis .
Offered: Fall, Spring.

GES 458PZ • Contemporary Wellbeing and Traditional Therapies in Taiwan 3 Credits
Immersion experience in Taiwan explores holistic wellbeing with an emphasis on physical and spiritual health in the following areas: healthcare system, traditional Chinese therapies, and organic farming in indigenous communities. Students evaluate wellbeing from scientific, cultural, ethical, personal, Taoist and Christian perspectives.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Interim, odd # years.
GES 461P • Anthropology of Tourism: Travel, Culture Change and Globalization 3 Credits
Nature, development, and impact of various forms of travel in relationship to culture change and globalization. Tourism as an important human activity and modern industry, but also an activity creating cultural hegemony, economic dependency, and identity crises. Evaluates benefits and costs of tourism in light of Christian ethics and values.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Occasionally.

GES 463P • Masculinity Past and Present 3 Credits
Study of how men have understood their identities as men in different historical contexts, including the present. While strength, individuality, and aggression may seem paramount, many societies have emphasized moral ideas like piety, cooperation, and self-control. Encourages critical evaluation of how gender helps construct personal identity.
Prerequisites: Senior standing; [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Interim.

GES 465P • Experiencing God in the Boundary Waters 3 Credits
Explores theological, philosophical, and human rights/environmental justice issues along with contemplative Christian practices in both classroom and experiential settings to expand our understanding of God as Creator, His creation, and our role as stewards of the environment. Includes canoeing (summer) or dogsledding (interim) in the Boundary Waters Canoe area.
Prerequisites: [GES 140; GES 160; THE 201; Comparative Systems (G) course] or [GES 246; Comparative Systems (G) course]. Offered: Interim, Summer.

GES 477 • Summer Internship Completion 0 Credit
Geography

Geography is the study of the physical environment and its relationship to humanity's settlements and activities. The goal of the introductory-level course is to familiarize students with the broad spectrum within geographical study. The intermediate-level coursework provides deeper understandings of interrelationships in a spatial framework.

GEO 120 • Introduction to Geography 3 Credits
Physical environment including weather, world climates, landforms, and natural vegetation. Humankind's response to geographical variations in terms of the use of land and sea, natural resources, population, economic activity, and political and social organization. 
Offered: Fall.

GEO 201 • Introduction to Geographic Information Systems 3 Credits
An introduction to the science, hardware, and software of mapping geographic locations and analyzing information about those locations. Investigating remote sensing, GPS data collection, GIS data types, editing GIS data, and spatial data analysis and display, with emphasis on applications to creation stewardship problems. 
Offered: Fall, odd # years. Special Notes: Carries cross-credit in environmental science.

GEO 320K • History and the Human Environment 3 Credits
Environmental and geographical background of human history. Agriculture, climate, energy resources, transportation, and diseases, especially as they have influenced the historical development of Western Europe and North America. Implications for current and future environmental concerns. 
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Spring. Special Notes: Carries cross-credit in history.

Geology

Geology is the study of the earth's physical structure and substance, its history, and the processes that act on it. The goal of the introductory-level course is to familiarize students with the broad spectrum of topics within geological study.

GEL 168 • Geology 3 Credits
A study of earth’s structure and the forces that continue to shape it. The fragility, power, and patience of our geologic environment are considered, as well as land use patterns and decisions that affect it. Topics include minerals and rocks, geologic time, earthquakes, volcanoes, plate tectonics, glaciers, weathering and erosion, maps/aerial photos, groundwater, mineral resources, and streams. 

GEL 168D • Geology Lab 1 Credit
Laboratory experience accompanying GEL 168. Includes field trips to exposed rock layers and fossil digs. 
Corequisites: Concurrent enrollment in GEL 168 is required. Offered: Fall 2021.
Healthcare

Bethel University excels in preparing students to work in healthcare. In addition to majors and minors in healthcare fields, we offer endorsements, pathways and, through our dual enrollment program with the College of Adult & Professional Studies, we offer healthcare-related certificates. The university has an excellent reputation for preparing students for graduate schools to pursue careers as physicians, physician assistants, optometrists, osteopaths, podiatrists, dentists, physical therapists, pharmacists, occupational therapists, chiropractors, veterinarians, and other types of healthcare professionals.

Bethel’s Center for Healthcare Excellence (https://www.bethel.edu/academics/pathways/healthcare-excellence/) partners with various companies in the healthcare industry, including companies providing healthcare and health insurance and those developing medical devices and healthcare-related software. As a result of these partnerships, Bethel graduates are sought by healthcare employers for their understanding of healthcare, the skills required to work in this high-demand field, and for the critical thinking and communication skills they acquire through their liberal arts education.

Endorsements and Pathways

- Healthcare Endorsement (p. 212)

Certificate

- Senior Care Leadership and Administration Certificate (p. 212)

Pre-Medical and Preparation for Other Graduate Health Programs

As a result of the university’s excellent reputation with many professional schools, a significant number of Bethel graduates are accepted into healthcare programs each year. Professional schools seek well-rounded graduates with a genuine interest in helping people. Students are encouraged to complete a major that best fits their interests, while allowing them to take courses required for the graduate program they desire. While these students are not limited to a specific undergraduate major, they should realize that each professional program expects certain courses to be completed before admission. Students interested in a graduate program in healthcare should meet with one of Bethel’s healthcare professional advisors as early as possible for advice on selecting a major and to plan the best way to complete prerequisite requirements before graduation.

- Recommended Pre-Medical Track (p. 216)
- Doctor of Physical Therapy Program at Southwest Baptist University (p. 213)
- Doctor of Physical Therapy Program at St. Catherine University (p. 216)

Graduate Programs in Healthcare

- M.B.A. with a Healthcare Administration Concentration (https://catalog.bethel.edu/graduate/academic-programs-disciplines/business/business-administration-mba/concentrationstext)
- M.S. in Nurse-Midwifery (http://catalog.bethel.edu/graduate/academic-programs-disciplines/nursing/nurse-midwifery-ms-midw/)
- M.S. in Physician Assistant at Bethel University (p. 215)
- Doctor of Nursing Practice (http://catalog.bethel.edu/graduate/academic-programs-disciplines/nursing/nursing-practice-dnp-nsrd/)

HCE 481 • Healthcare Related Internship 0 Credit

A learning/practicing internship experience of 135 hours. Students apply understanding and skills in an off-campus, professional healthcare setting. Internship can be included in a student’s major (students register for both the departmental and the healthcare endorsement internship) or students can choose to enroll only in the healthcare endorsement internship. Prerequisites: Enrollment in healthcare endorsement. Offered: Fall, Spring, Summer.
HCE 491 • Culminating Project 0 Credit
A culminating project that demonstrates both knowledge developed through completing a major and experience gained through the healthcare endorsement. The culminating project may incorporate elements of the endorsement in a project for the major or it may be a separate project created exclusively for the endorsement. Prerequisites: Enrollment in healthcare endorsement. Offered: Fall, Spring, Summer.

Healthcare Endorsement

The healthcare endorsement offered through the Center for Healthcare Excellence (https://www.bethel.edu/academics/pathways/healthcare-excellence/) prepares students to tackle the industry’s most pressing issues. Through focused academic course work, intentional exploration of healthcare and health careers, individual career counseling, and internships with corporate partners, students get a tailored educational experience aimed at preparing them for a career in healthcare.

To learn more about the healthcare endorsement or to apply, visit https://www.bethel.edu/academics/pathways/healthcare-endorsement (https://www.bethel.edu/academics/pathways/healthcare-endorsement/)

The healthcare endorsement is indicated on the transcript of students who have completed program requirements and have a cumulative GPA of 3.0 or higher at the time their degree is awarded.

Senior Care Leadership and Administration Certificate

Bethel’s Senior Care Leadership and Administration Certificate offered through Bethel’s College of Adult & Professional Studies prepares students to serve in the full continuum of senior care. Students develop competencies in human resources, accounting, gerontology, and regulatory issues—all in just one year of study. A bachelor’s degree and completion of two practicum courses are prerequisites to sit for licensure. Program directors will assist with placement, but please note that practicums are competitive.

**Total Credits**: 34

1. Students must complete SCLA 481 and SCLA 482 as they are courses required to sit for the state licensure, but not required to complete this certificate.

2. BUS 100M, BUS 130, or MAT 124M are prerequisites for this course.

* Since SCLA 481 and SCLA 482 are not required to fulfill the program requirements for this certificate, the actual total number of credits required within the program is 26 credits.

---

**Doctor of Physical Therapy Program at Southwest Baptist University**

Bethel University has an agreement with Southwest Baptist University (SBU) by which students meeting the requirements listed below will automatically receive preference points and be eligible for the admission process.

1. Students must have a minimum 3.0 overall grade point average.

2. Students must complete the graduate record exam (GRE).

3. Students must complete the PT application through PTCAS by the deadline of the intended enrollment date.

4. Students must document up to 40 hours experience/observation in physical therapy.

5. International students must meet eligibility requirements as outlined in the section on Admission to the University in the Southwest Baptist University catalog.

6. Students must complete all of the following prerequisite courses with a minimum grade of C and a 3.25 prerequisite GPA. Prerequisites should not be taken pass/fail.

   - General Chemistry: two semesters in sequence with labs
   - General Physics: two semesters in sequence with labs
   - General Biology: one semester with lab
   - Anatomy/Physiology: one semester each or full year combined sequence with labs from a science-based department
Doctor of Physical Therapy Program at Southwest Baptist University

- Statistics: one course
- Psychology:

Applicants for Fall 2022 or later: three courses from a psychology department (1. general, 2. normal growth and development, 3. abnormal development) 

Applicants for Fall 2021 or earlier: two courses from a psychology department (1. general, 2. normal growth and development OR abnormal development)

7. Completion of the following support courses (not calculated into prerequisite GPA)

- Medical Terminology: one semester is required at a “B” grade or higher
- Exercise Physiology: not required, but highly recommended; students demonstrating successful completion of an exercise physiology course with a “B” grade or higher will be exempt from completing the exercise physiology component of the DPT program

- Pathophysiology: not required, but highly recommended

1. MAT 123M, MAT 124M, or solid understanding and competency in high school mathematics as demonstrated by at least one of the following: a Math ACT score of at least 23, 519 on the Math portion of the SAT, a Math Placement Test score of at least 3 are prerequisites for this course.

2. MAT 124M is a prerequisite for this course.

3. MAT 125 is a prerequisite for PHY 296/PHY 297 and MAT 330.

**M.S. in Physician Assistant at Bethel University**

An M.S. in Physician Assistant is offered through the Bethel University Graduate School. The College of Arts and Sciences offers all prerequisites as well as recommended courses for this program. Students must earn a grade of B- or higher in all prerequisites. Completion of these prerequisites and recommended courses does not guarantee admission to Bethel's Physician Assistant program. Consult the Graduate School catalog for further information.

**Required Prerequisites Offered in the College of Arts and Sciences**

7. MAT 123M, MAT 124M, or solid understanding and competency in high school mathematics as demonstrated by at least one of the following: a Math ACT score of at least 23, 519 on the Math portion of the SAT, a Math Placement Test score of at least 3 are prerequisites for this course.

**Doctor of Physical Therapy Program at St. Catherine University**

Bethel University has an agreement with St. Catherine University by which two Bethel students will receive preferential admission status into the Doctor of Physical Therapy Program (DPT) at St. Catherine University. In order to receive preferential admission status, students must be in good standing at Bethel University and meet all DPT Program admission requirements. For more information on the DPT program and admission requirements, visit the St. Catherine University catalog (http://catalog.stkate.edu/graduate/health/physical-therapy/dpt/).

**Pre-Medical Track**

(Recommended for careers in medicine, osteopathic medicine, dentistry, veterinary medicine, optometry, podiatry, or chiropractic medicine as well as a career as a physician assistant.)

**Total Credits**: 36-40

1. MAT 123M, MAT 124M, or solid understanding and competency in high school mathematics as demonstrated by at least one of the following: a Math ACT score of at least 23, 519 on the Math portion of the SAT, a Math Placement Test score of at least 3 are prerequisites for this course.

2. MAT 124M is a prerequisite for PHY 292/PHY 292D.

3. MAT 125 is a prerequisite for PHY 296/PHY 297.

Additional courses in mathematics, composition, literature, and social and behavioral sciences may be required by specific professional schools.
History

The History programs (https://www.bethel.edu/undergrad/academics/history/) prepare students who are imaginatively comfortable in a historic past and actively engaged with the present. Based on the conviction that all of God’s creation—including all human beings, who bear the image of God—is worthy of study, curriculum is constructed broadly; students encounter the histories of peoples from the Americas, Europe, the Middle East, and other regions. The resulting broad knowledge of human history is deepened by the integration of Christian faith and learning, the recurrence of marginalization, empathy, and interconnectedness as historical themes, and the development of passionate curiosity about the past.

In addition to historical knowledge, students will cultivate wisdom, learning to live skillfully in the present day, so that they can serve others and glorify God wherever they are called. In particular, history coursework develops skills essential to lifelong learning (research, reading, critical thinking, analysis, synthesis) and communication (listening, writing, speaking, use of multiple media) that prepare graduates for continuing study, good citizenship, service to church and community, and employment in a wide variety of fields—including business, education, law, government, pastoral ministry, journalism, and libraries and museums.

Majors in History

• B.A. in Digital Humanities (p. 149)
• B.A. in History (p. 222)
• B.A. in Social Studies Education 5-12 (p. 223)

Minors in History

• Gender Studies (p. 198)
• History (p. 224)

HIS 200L • American Civilization 3 Credits
An exploration of American history from early Native American communities to the present. Examination of major social, cultural, economic, political, and religious change over time in the American experience.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall.

HIS 205U • History of China, Japan, and Korea 3 Credits
History and cultures of East Asia. Religion; economic development and trade; and family, social, and political organization. Primary focus on China, Korea, and Japan.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

HIS 207U • Latin American Civilizations 3 Credits
History of cultures and societies of Latin America. Social, religious, geographic, economic, and political history. The Americas before European contact, impact of European conquest and colonization, struggles for independence and national and regional identity, relations with the United States, and Latin America’s place in the global economy.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

HIS 210U • Minorities in America 3 Credits
History of multicultural America from the colonial period to the present. Focuses on one of the following cultures: Native American, African-American, Asian, Hispanic, Jewish-American, or Muslim. Examines themes such as family, society, arts, education, work, slavery, discrimination, immigration-assimilation, democracy, social justice, religion, and women’s concerns.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

HIS 212U • History of Islam 3 Credits
Islam from its inception and development to Islam as it is practiced today. Students interact with members of the Islamic community in Minnesota in an attempt to understand Islam from the personal experiences of Muslims. Contemporary issues and controversies are examined through the lens of the Muslim experience throughout history.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Spring. Special Notes: Carries cross-credit in religious studies.
HIS 216L • American Constitutional History 3 Credits
Examination of the origins and development of American constitutional ideas and institutions from the colonial period to the present. Particular attention paid to the historical connections between major constitutional cases and broader social, political, economic, and cultural trends. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Interim or Spring. Special Notes: Carries cross-credit in political science.

HIS 223L • History of the American West 3 Credits
Examines the history of the American West from 1492 to the present. Particular attention to the interaction and competition of different cultures; the construction of political, economic, and religious institutions; and the physical environment, its representations, and its symbolic importance in the broader context of American history. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Interim, odd # years.

HIS 230L • World War I 3 Credits
An in-depth look at the shock that engulfed the Western world with World War I from the turn of the century, through the initial welcome of "cleansing" annihilation in 1914, to bleak 20th century disillusionment. World War I songs, literature, and artwork are carefully examined as hands-on artifacts of this period. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

HIS 231L • World War II 3 Credits
The causes, course, conclusion, and legacy of World War II, particularly as experienced by the people of China, France, Germany, Great Britain, Japan, Russia, and the United States. Key topics include collaboration and resistance, genocide, the war in film, remembrance and forgetting, and the social and economic impacts of the war. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Spring, odd # years.

HIS 236UZ • Medieval Worlds: Cultures and Beliefs in North Africa and Europe 3 Credits
On-site investigation of medieval North Africa and Europe. Studies the impact and legacy of Islamic culture, politics, philosophy, and religious thinking, particularly how Christians, Jews, and Muslims interacted. Themes include the legacy of Islamic philosophical thought, the development of medieval Christianity, and the impact of religious ideology on political conflicts. 
Prerequisites: GES 130 or GES 244. Offered: Interim, even # years. Special Notes: Carries cross-credit with philosophy.

HIS 241L • Revolution and Political Development 3 Credits
Theory and process of modernization, with special emphasis on the Anglo-American historical experience; examination of U.S. efforts to promote democracy internationally in Europe, Asia, and the Middle East since World War II. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally interim. Special Notes: Carries cross-credit in political science.

HIS 252L • History and Politics of Sports 3 Credits
The history of sports in the modern era, with particular attention paid to sports’ connections to international politics and public policy and to sports as a mirror for the history of race, gender, education, business, labor, and religion in the United States. 
Prerequisites: GES 130 and GES 160 or GES 244. Offered: Spring, even # years.

HIS 290 • Introduction to History 3 Credits
An introduction to the methodology and philosophy of history, with particular emphasis on preparing students for historical research and writing, on the public uses of history, and on the discipline as a Christian vocation. 
Offered: Spring.

HIS 302 • History of Sexuality in the United States 4 Credits
An examination of the history of sexuality from the colonial period to the present. Particular attention to the impact of religion, culture, government, science, and economics on the formation of sexual mores and identities, and the relationship between sexuality and gender, race, ethnicity, age, and class. 
Prerequisites: Sophomore standing. Offered: Spring, even # years.
HIS 305G • The Cold War 3 Credits
The Cold War as an event in international history, studied from the perspective of the United States, the Soviet Union, China, Europe, and the Third World. Introduces students to ongoing historical debates and to the sources historians use in those debates.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Special Notes: Carries cross-credit in political science. Offered: Fall, even # years.

HIS 307 • The American Civil War 4 Credits
A history of the American Civil War: causes, course of the war, and short- and long-term consequences. Includes, but is not limited to: political, military, social, cultural, economic, religious, and environmental events of the American Civil War.
Prerequisites: Sophomore standing. Offered: Occasionally.

HIS 310 • Near Eastern and Greek Civilizations 4 Credits
Roots of Western civilization in the Near East and Greece. World of the Mesopotamian Empire; Egypt of the pharaohs; and Greece of Homer, Socrates, and Alexander. Cultural and historical context for understanding biblical literature.
Prerequisites: GES 130 or GES 145; Sophomore standing. Offered: Fall, even # years.

HIS 311 • Roman Civilization 4 Credits
Development of the Romans from their origins through their achievement of a world empire to the conversion of the Emperor Constantine. Politics, government, literature, art, philosophy, and religion as well as the emergence and growth of the Christian church. Continuing heritage of Rome in our contemporary world.
Prerequisites: GES 130 or GES 145; Sophomore standing. Offered: Spring.

HIS 312 • Medieval Europe 4 Credits
Historical developments in Western Europe from the reign of Constantine to the era of Petrarch (A.D. 325-1350). Broad cultural, economic, political, social, and religious patterns, with emphasis on the development of the church in its social context.
Prerequisites: GES 130 or GES 145; Sophomore standing. Offered: Occasionally.

HIS 320K • History and the Human Environment 3 Credits
Environmental and geographical background of human history. Agriculture, climate, energy resources, transportation, and diseases, especially as they have influenced the historical development of Western Europe and North America. Implications for current and future environmental concerns.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Spring. Special Notes: Carries cross-credit in geography.

HIS 324G • Human Rights in International History 3 Credits
International and comparative exploration of how human rights have been defined, violated, and protected. Historical topics (e.g., abolition of the slave trade, social reform and Christian missions, genocides of the 20th century) as well as contemporary issues. Includes a service-learning project.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Special Notes: Carries cross-credit in political science. Offered: Fall, odd # years, Spring.

HIS 328G • Muslim Women in History 3 Credits
Global survey of the lives of Muslim women from the 7th century to the present. Examination of how Muslim women's lives have historically been shaped by their social context, with particular attention to religious interpretation and expression, culture, ethnicity, and geographic location.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Interim. Special Notes: Carries cross-credit in religious studies.

HIS 329 • African Politics 3 Credits
Consideration of political development in Africa from the pre-colonial era through the present, focusing on changes in political regimes through time, the nature of economic struggles, and sources of violent conflict.
Prerequisites: POS 202U or POS 205 recommended. Offered: Spring. Special Notes: Carries cross-credit in political science.
HIS 330 • U.S. Business History 4 Credits
An examination of the role commercial enterprise has played in shaping American politics, society, and culture since the country’s founding. Provides an overview of the emergence of an integrated, national marketplace, the modern corporation, and changing governmental policy along with intersections of race, ethnicity, class, and gender in working America. Prerequisites: Sophomore standing. Offered: Spring, odd # years.

HIS 354 • Modern Europe 4 Credits
The social, political, diplomatic, intellectual, and religious history of Europe since 1750. Key themes include political reforms and revolutions, gender roles, industrialization, migration, nationalism, imperialism, total war, totalitarianism, genocide, decolonization, and secularization. Prerequisites: GES 130 or GES 246; Sophomore standing. Offered: Fall, odd # years.

HIS 356 • Modern Middle East 4 Credits
Political, social, religious, economic, and cultural history of the Middle East since 1800. Particular attention is paid to colonialism, globalization, war, gender roles, revolution, and reform. Controversies such as the Arab/Israeli conflict, the Islamic Revolution in Iran, Saddam Hussein’s Iraq, and the U.S. war on terror are discussed. Prerequisites: Sophomore standing. Offered: Fall. Special Notes: Carries cross-credit in political science.

HIS 360 • Classics in Western Political Philosophy 3 Credits
In-depth examination of selected political thinkers such as Plato, Aristotle, Cicero, Marcus Aurelius, Augustine, Thomas Aquinas, Machiavelli, and Hobbes. Concentrates on primary sources. Prerequisites: One course in political science, philosophy, or history. Offered: Fall, odd # years. Special Notes: Carries cross-credit in philosophy and political science.

HIS 370 • Topics in American History 3-4 Credits
Selected topics in American history. Specific topic to be announced in advance of registration. Prerequisites: Sophomore standing, Consent of instructor. Repeatable course: The course may be repeated when a different topic is emphasized. Offered: Occasionally.

HIS 371 • Topics in European History 3-4 Credits
Selected areas, themes, and periods of European history. Specific topic is announced in advance of registration. Prerequisites: GES 130 or GES 246; Contemporary Western Life and Thought (L) course. Repeatable course: The course may be repeated when a different topic is emphasized. Offered: Occasionally.

HIS 372 • Topics in Global History 3 Credits
Selected themes, periods, and areas, focusing on Asia, Africa, or Latin America. Specific topic to be announced in advance of registration. Prerequisites: GES 130 or GES 246; Contemporary Western Life and Thought (L) course or GES 246; World Cultures (U) course. Repeatable course: May be repeated when a different topic is emphasized. Offered: Occasionally.

HIS 400 • Research in History 3 Credits
An opportunity to work with a member of the history faculty on a major research project. Prerequisites: Major in history; Coursework appropriate to the area of research; Invitation of supervising faculty member; Consent of department. Offered: Occasionally. Special Notes: No student may take more than six credits in HIS 400 and/or directed study.

HIS 481 • Internship in History 1-4 Credits
A practical experience in applying academic skills in an off-campus setting under the dual supervision of a history faculty member and a practicing historian or related professional. Designed by student in consultation with history department faculty. Prerequisites: Major in history. Offered: Occasionally.

HIS 491 • Applied Humanities Seminar 4 Credits
An interdisciplinary, experiential capstone course in which students draw on their studies in history, philosophy, political science, or the digital humanities in order to study a major challenge in contemporary society, analyzing causes, effects, and existing responses, and then work together to propose new responses to it. Prerequisites: Senior standing and Major in one of the following programs: history, philosophy, political science, digital humanities, international relations, business and political science, or social studies education 5-12. Offered: Fall, Spring.

**Courses whose number is followed by a letter fulfill a General Education requirement.**

Students majoring in history may choose a focus (at least 12 credits) in American, European, or global history.

Students may not declare a B.A. in History and a Minor in History.
All students planning to pursue graduate study in history should choose a focus. In addition, these students should complete one of the following independent study experiences: one semester or interim spent studying off-campus, HIS 400, or HIS 481. Students planning to pursue graduate-level study in history should also complete study of at least one modern or ancient language through the Intermediate II level and are encouraged to complete a minor in this language.

**B.A. in Social Studies Education 5-12**

The B.A. in Social Studies Education 5–12 (https://www.bethel.edu/undergrad/academics/history/majors-minors/social-studies/) prepares students for a career teaching history, government, and other social studies classes at the middle- or high-school level. It combines coursework in history and social sciences with pedagogical training from the Department of Education (https://www.bethel.edu/undergrad/academics/education/), concluding with a student teaching experience in an area school. Students often add a second major in history or one of the social sciences. Advanced study in a second language or a minor in gender studies are also good fits for students preparing to teach grades 5–12. If students would rather work with younger students, they can major in elementary education and add a licensure in social studies (5–8).

Courses whose number is followed by a letter fulfill a General Education requirement.

For admittance to the Education program with a major in Social Studies Education 5-12, students must have a minimum overall grade point average of 3.00. To continue in the program, students must maintain an overall GPA of 3.00. To be approved for student teaching in Social Studies 5-12, students must have a minimum GPA of 3.00, both overall and in their major coursework.

Students must earn a grade of C or better in all education courses and each content area course (ANT, ECO, GEO, HIS, POS, PSY, SOC) listed above in the major. Courses with grades of C- or lower must be repeated.

Students with 5-12 licensure in Social Studies Education may choose one or more Middle Level Endorsements. See endorsement area listing under Major in Elementary Education with Middle Level Endorsement in the Education section of this catalog.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in History and a Minor in History.
Pietas Honors Program

The Pietas Honors Program (https://www.bethel.edu/undergrad/academics/honors/) is designed to encourage and serve students desiring a challenging academic program, embodying Bethel’s long-standing commitment to the integration of faith and learning. The program is designed to provide an enriched educational experience for students with exceptional academic ability, to create a community for such students, to enhance their preparation for and admission to graduate school, as well as to enhance the general academic environment of the university.

Students in the program take a total of four Honors-specific courses, which fulfill general education requirements. The textbooks for these courses are provided to the students by the Office of Academic Affairs (https://www.bethel.edu/undergrad/academic-affairs/). Students also choose one additional course (one at the 200-level or above) to add an Honors tag (H-tag). In H-tag courses, students collaborate with the course professor to explore a common area of interest by doing an in-depth research project. After the first year of the program, students engage in a significant leadership or service position at Bethel University. This could include a role as a resident assistant, campus discipleship leader, officer of a recognized campus club or organization within the Bethel Student Government (https://www.bethel.edu/undergrad/student-life/activities/bsg/) umbrella, tutor for the Academic Enrichment Support Center (https://www.bethel.edu/undergrad/academics/support/), or many others. In addition to these requirements, there are Honors Colloquia, which students are required to attend throughout their time in the program.

Students interested in applying for the Pietas Honors Program should contact the directors of the Pietas Honors Program (https://www.bethel.edu/undergrad/academics/honors/).

Choose one tagged honors course at the 200-level or above

Leadership or Service Requirement

Total Credits 12

¹ This course meets the GES 160 Inquiry Seminar requirement.

HON 160 • Pietas Seminar I 3 Credits
Introduction to the value of a liberal arts education in the Christian tradition and to key facets of the Pietas Program. While exploring a specific topic of interest, the seminar promotes the establishment of community among students and faculty. Instruction and practice in writing, as well as preparing and delivering oral presentations, in a manner that addresses the strengths and needs of Pietas Program students.
Prerequisites: Admission to the Pietas Honors Program. Special Notes: This course fulfills the Inquiry Seminar (GES 160) General Education requirement. Offered: Fall, Spring.

HON 300G • Pietas Seminar II 3 Credits
Analysis and evaluation of community in varying contexts. Investigation of different models of community through reflection, experiential learning, film, fiction, and non-fiction.
Prerequisites: HON 160; Admission to the Pietas Honors Program; [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring.

HON 305K • Pietas Seminar III 3 Credits
Contemporary and historical topics are chosen to illustrate societal and cultural interactions with concurrent developments in science and technology. Examples of personal and corporate decision-making processes are stressed, thereby working toward a goal of preparation and motivation for responsible citizenship.
Prerequisites: Laboratory Science (D) course and Mathematics (M) course; Admission to the Pietas Honors Program. Offered: Fall.
HON 464P • Pietas Seminar IV 3 Credits
Seniors work collaboratively to research, discuss, evaluate, and address an interdisciplinary issue of contemporary civic importance. Students will have the opportunity to synthesize work completed in other Honors courses and projects as well as reflect on the role of faith in the life of Christian scholarship.
Prerequisites: HON 160; HON 300G; HON 305K; Senior standing and GES 140; GES 160; THE 201 or GES 246. Offered: Spring.
Human Kinetics and Applied Health Science

The Human Kinetics and Applied Health Science programs (https://www.bethel.edu/undergrad/academics/human-kinetics/) endorse a philosophy that the key to health and wellness is the quality of one’s lifestyle, which has physical, mental, emotional, social, and spiritual aspects. The department’s mission is to promote health and wellness with an emphasis on prevention; lifelong learning; and the acquisition of knowledge, attitudes, and skills that can be integrated into a holistic lifestyle. The department provides physical wellness, fitness, and lifetime leisure and sport courses that fulfill General Education requirements for all Bethel students. A goal of both the professional programs and the General Education courses is to develop whole and holy persons who will strive to be salt and light as ambassadors for Jesus Christ.

The B.S. in Biokinetics major (https://www.bethel.edu/undergrad/academics/biokinetics/) prepares health scientists who can address a wide-range of health needs related to lifestyle, aging, and disease (Pre-Medicine, Pre-Physical or Occupational Therapy, Pre-Physician Assistant, and Pre-Chiropractic). The program emphasizes a hands-on research based approach to health science.

Major in Human Kinetics and Applied Health Science

- B.S. in Biokinetics (p. 231)

HAS 120 • First Aid 1 Credit
Emphasizes the citizen responder as the first link in the emergency medical services system through the American Red Cross First Aid course. Includes CPR/AED for the Professional Rescuer. Offered: Fall, Spring.

HAS 130 • Personal and Community Health 3 Credits
Focus on health promotion and the development of skills to make informed lifestyle decisions. Examination of current information on major health issues including exercise, nutrition, stress, tobacco/alcohol/drug use, mental health, sexual health, environmental health, and disease. Emphasis on the importance of becoming an advocate for personal, family, and community health. Offered: Fall, Spring.

HAS 170 • Applied Nutrition 3 Credits
Effects of nutrition on health, human performance and reduction of chronic disease throughout the lifespan. Topics covered also include disordered eating, weight management, supplements, and societal and cultural issues related to nutrition. Offered: Fall, Interim, Spring.

HAS 205QA • Self-expression through Dance 2 Credits
A wide variety of rhythmic movement and dance that enhance creative expression, fitness development, and understanding of, and appreciation for, a variety of dance forms. Students think and move creatively and develop rhythmic skills through participation in aerobic dance, square dance, ethnic dance, and ballroom dance. Offered: Occasionally.

HAS 247 • Motor Development and Learning 3 Credits
The mechanisms of human motor learning and development with special emphasis on the physical and psychological principles involved in the acquisition and maintenance of motor skills. Prerequisites: BIO 214/BIO 215. Offered: Fall, Spring.

HAS 250M • Statistics and Research Methods in Applied Health Sciences 3 Credits
Descriptive statistics. Discrete probability spaces, random variables, and distributions. Normal distribution, statistical inference, estimation, hypothesis testing, linear regression, correlation analysis, and analysis of variance. Applications to healthcare and Institutional Review Board (TRB) human-based research projects. Offered: Fall, Spring. Special Notes: Students may not receive credit for both HAS 250M and PSY 230M. HAS 250M will not count toward the psychology minor Elective credit requirement.
HAS 303KZ • Integrative Medicine in a Cross-Cultural Setting 3 Credits
Theories and practices of integrative medicine that promote quality health and wellness. Models from ancient Mayan practices to modern Western medical practices. Scientific theories include ethnomedicine, psychoneuroimmunology, integrative nutrition, and biofeedback. Practices may include therapeutic touch, yoga, mindfulness, contemplative prayer, nature therapy, and healing effects of physical activity and movement. 
Prerequisites: Laboratory Science (D) course and Mathematics (M) course. Offered: Occasionally interim.

HAS 306 • Administration of Athletics and Physical Education 2 Credits
Theories, procedures, and problems involved in the administration of athletic and physical education programs at the interscholastic level and in fitness organizations. 
Offered: Fall.

HAS 322 • Methods and Materials for Adapted Physical Activity 2 Credits
Resources and methodology for teaching a wide variety of activities to individuals with disabilities. Resources include understanding of DAPE literature, family systems, and community services as they relate to the transition process. Methodology includes planning lessons, incorporating assistive devices, and utilizing assessment tools. 
Prerequisites: EDU250 and HAS320. Offered: Fall 2019, 2021.

HAS 370 • Functional Human Nutrition 3 Credits
Prepares students in functional nutrition, emphasizing human biochemistry and cellular energetics. Explores the relationship of nutrients to health pathologies, including metabolic syndrome, obesity, diabetes, cardiovascular disease and cancer. Practical experience with nutritional interventions for health optimization and disease management. Emphasis in biochemical individuality for positive, nutritional modulation in oxidative phosphorylation. 
Prerequisites: BIO 120/BIO 120D or BIO 122/BIO 122D or CHE 113/CHE 113D; HAS 170. Offered: Fall, Spring.

HAS 375 • Biomechanics 3 Credits
Mechanics of sports performance and anatomical kinesiology. Newtonian mechanics, types of motion, application of force, maintenance of equilibrium, and fluid dynamics. Prerequisites: BIO 214/BIO 215, BIO 238/BIO 239; Mathematics (M) course. Offered: Fall, Spring. Special Notes: PHY 102/PHY 102D and HAS 247 are recommended prerequisites.

HAS 379 • Integrative Human Physiology 3 Credits
Examination of how normal human physiological function (homeostasis) is altered, and subsequently restored, in response to various forms of acute and chronic stress. Prerequisites: BIO 214/BIO 215 and BIO 216/BIO 217. Offered: Fall, Spring.

HAS 393 • Literature Review in Biokinetics 1 Credit
Students develop and work on their research project and IRB. Students will use literature to formulate an independent project. Completion of IRB is expected. Seminar includes discussions of careers, graduate and medical school application and entrance examines. 
Corequisites: Concurrent registration in HAS 398 and HAS 399. Offered: Spring.

HAS 398 • Physiological Assessment Laboratory 1 Credit
Laboratory experience accompanying HAS 399. Prerequisites: HAS 397, (may be taken concurrently). Corequisites: Concurrent registration in HAS 393 and HAS 399 is required. Offered: Spring.

HAS 399 • Physiological Assessment 3 Credits
Applied techniques in the measurement of exercise bioenergetics, neuromuscular performance, cardiorespiratory fitness, and other health components. Particular emphasis is given to the knowledge necessary for exercise testing certifications and development of fitness testing skills. Prerequisites: HAS 379 (may be taken concurrently). Corequisites: Concurrent registration in HAS 393 and HAS 398 is required. Offered: Spring.
HAS 440 • Advanced Training for Human Performance 3 Credits
Prepares students to systematically design training and conditioning programs to enhance the function and capacity of the musculoskeletal and cardiovascular systems. This course utilizes periodization and mathematical models with expected physiological and neuromuscular adaptations to maximize human performance in sport, pre-habilitation, public health and special populations.
Prerequisites: BIO 216/BIO 217 and BIO 238/BIO 239 or Consent of instructor. Offered: Fall.

HAS 445 • Advanced Laboratory Techniques in Biokinetcs 3 Credits
Collection, interpretation, and prescription of human subjects data will be conducted. Activities focus on how to work in a dynamic laboratory and refine and master previously learned assessment skills.
Prerequisites: HAS 399. Offered: Fall.

HAS 450 • Physiology and Intervention in Disabilities and Chronic Disease 3 Credits
Synthesizes content from various foundational classes, the skills of the assessment lab, and guidance from a practicing clinician to foster in-depth exploration of various topics. Reviews the anatomy and physiology of the nervous system and investigates neurologic atypical and/or pathological conditions. Independent and team learning, hands-on labs, and experiential observations.
Prerequisites: HAS 375 and HAS 399. Offered: Fall, Spring.

HAS 481 • Internship in Human Kinetics and Applied Health Science 1-4 Credits
A practical experience in an off-campus setting in applying academic knowledge and professional skills under the dual supervision of a faculty member and a practicing professional. Designed by student in consultation with a faculty member. Prerequisites: HAS 399 or Consent of instructor. Special Notes: Application must be made at least one semester prior to the intended experience. Offered: Fall, Spring.

HAS 494 • Biokinetcs Research 1 Credit
Students develop and work on their senior research project. Students will complete data collection. Students will continue the discussion on "life after Bethel." In addition, social networking and public speaking and presentations will be explored.
Prerequisites: HAS 393. Offered: Fall.

HAS 495 • Biokinetics Symposium 1 Credit
Students prepare and deliver formal presentation and manuscripts of their research results. Weekly discussions are organized on current research topics. This course will continue the discussion of "life after Bethel".
Prerequisites: HAS 494. Offered: Spring.

PEA 110Q • Disc Golf 1 Credit
An introduction to the game of disc golf. Includes history, equipment, etiquette, rules, technique, scoring, and playing of the sport at the disc golf course.
Offered: Fall, Spring.

PEA 112Q • Walk Jog Run 1 Credit
Basic introduction to running for health. Students learn to monitor heart rates as they progress from a walking/jogging base to runs of up to an hour in length. Proper warmup and recovery are stressed. Students begin with workouts appropriate to their fitness levels and set goals appropriate for those levels.
Offered: Fall, Spring.

PEA 113Q • Fly Fishing 1 Credit
Basic skills and equipment of fly-fishing. Includes history, equipment, fly-tying, fly-casting, knot tying, and basic streamside/lakeside entomology.
Offered: Spring.

PEA 114QA • Jazz Dance 2 Credits
An introductory course in basic jazz dance steps and technique. Emphasis on correct body placement, technique, introduction to various jazz styles, and artistic interpretation.
Offered: Fall.

PEA 115QA • Ballet 2 Credits
An introductory course in basic ballet dance steps and technique. Emphasis on correct body placement, technique, introduction to ballet basics and artistic interpretation.
Offered: Spring.

PEA 116Q • Group Fitness 1 Credit
Development of cardiovascular fitness through aerobic rhythms and exercise. Workout includes varied aerobic conditioning, minimal strength training, and stretching.
Offered: Fall, Spring.

PEA 117Q • Cycling 1 Credit
Introduction to basic cycling skills, basic bicycle maintenance and repair, and cycling safety. Discussion includes cycling for sport (mountain biking, road biking), commuting, and leisure. Cycling responsibility and safety are emphasized.
Offered: Spring.
PEA 118Q • Beginning Weight Training 1 Credit
Physical fitness through weight training. Basic principles of diet, weight training, and completion of an adequate program.
Offered: Fall, Spring.

PEA 119Q • Self Defense 1 Credit
Development of the awareness and basic skills necessary for protection and self-defense. Focus on observational and non-confrontational skills used to prevent or postpone physical aggression. Development of competency in the use of physical self-defense measures needed when prevention fails.
Offered: Fall, Interim.

PEA 122Q • Badminton 1 Credit
Basic badminton skills, player position, and strategy. Includes instruction, drills, practice, playing time, a class tournament, history, rules, etiquette, and equipment needs.
Offered: Fall, Interim, Spring.

PEA 124Q • Fundamentals of Basketball 1 Credit
Individual skill development, coordination of individual skills with other skills, strategy, and team play for the pick-up or intramural player.
Offered: Fall, Spring. Special Notes: Not open to varsity basketball players.

PEA 130Q • Beginning Snowboarding 1 Credit
Basic skills of snowboarding to achieve success on easy and intermediate terrain. Includes history, safety, equipment, and development of riding skill and technique on groomed trails.
Course fee will not be refunded in full if class is dropped after the first day of instruction. Offered: Interim.

PEA 131Q • Intermediate Snowboarding 1 Credit
Intermediate and advanced boarding skills on intermediate and expert terrain. Opportunity to measure ability through a race course designed for this level of ability.
Course fee will not be refunded in full if class is dropped after the first day of instruction. Offered: Interim.

PEA 132Q • Golf 1 Credit
Basic golf strokes. Instruction and practice of grip, swing, woods, irons, chipping, and putting at the driving range and putting green. Includes history, equipment, etiquette, rules, and scoring, as well as playing time at the golf course.
Offered: Fall, Spring.

PEA 133Q • Intermediate Golf 1 Credit
Designed for students who have had some instruction and experience with golf. Further development of strokes and emphasis on playing a more consistent golf game.
Prerequisites: PEA 132Q or Consent of instructor.
Offered: Fall.

PEA 136Q • Racquetball 1 Credit
Basic skills and strategy of racquetball, as well as the rules, regulations, and history of the game. Includes singles, cutthroat, and doubles.
Offered: Fall, Spring. Special Notes: Students must provide their own racquet.

PEA 138Q • Beginning Downhill Skiing 1 Credit
Basic skills of downhill skiing. Includes history, safety, and equipment; walking, climbing, gliding, and traversing the hill; wedge, steer, wide track, and parallel turns; techniques in stopping and controlling speed.
Course fee will not be refunded in full if class is dropped after the first day of instruction. Offered: Interim.

PEA 139Q • Intermediate Downhill Skiing 1 Credit
Intermediate and advanced turns at slow and intermediate speed on steep, high, and difficult terrain. Opportunity to measure ability through a race course designed for this level of ability.
Course fee will not be refunded in full if class is dropped after the first day of instruction. Offered: Interim.

PEA 140Q • Cross Country Skiing I 1 Credit
An introduction to cross country skiing emphasizing diagonal stride technique. No experience necessary. If students do not have their own equipment, rental equipment is made available. The campus trail and nearby state and regional trails are utilized. Class includes an afternoon at William O'Brien state park. Class meets four days per week.
Offered: Interim. Special Notes: Open to beginners and intermediates.

PEA 141Q • Cross Country Skiing II 1 Credit
Reinforcement and development of diagonal stride techniques and beginning skate-skiing techniques for intermediate skiers. Discussion of more advanced waxing techniques and equipment. Includes one extended ski off campus.
Prerequisites: PEA 140Q or Consent of instructor.
Offered: Occasionally interim.
PEA 142Q • Slow Pitch Softball 1 Credit
Fundamental skills of slow-pitch softball for the recreational player.
Offered: Fall, Spring.

PEA 144Q • Beginning Tennis 1 Credit
Basic tennis strokes. Includes instruction, drills, practice, and playing time. Covers rules, simple strategy, player position, etiquette, and guidelines for equipment selection.
Offered: Fall, Spring.

PEA 145Q • Intermediate Tennis 1 Credit
Further development of basic tennis skills with emphasis on solid and consistent stroking.
Instruction, drills, practice, and playing time on the serve, forehand and backhand ground strokes, volleys, lobs, and overheads. Game-playing strategy, tiebreakers, and player position.
Offered: Spring.

PEA 146Q • Volleyball 1 Credit
Power volleyball skills and techniques involved in volleyball as a recreational sport. Rules, strategy, as well as the application of rules in game situations. Traditional 6-on-6, coed, and reverse 4s are taught under the rules of USA volleyball. Emphasis on developing a positive attitude toward playing the game of volleyball.
Offered: Fall, Spring.

PEA 147Q • Intermediate Volleyball 1 Credit
Competitive volleyball play in which participants learn a variety of volleyball strategies, offenses, defenses, and various styles of play. Traditional 6-on-6, coed, and reverse 4s are used for competition under the rules of USA volleyball. Emphasis on applying rules in game situations, not only as a player, but also as an official.
Prerequisites: PEA 146Q or Participation in high school varsity volleyball. Offered: Spring, even # years.

PEA 149Q • Pickleball 1 Credit
Fast paced net game with similarities to tennis, badminton, table tennis, racquetball; content includes rules, strategies, techniques, and court positioning for singles and doubles, and includes extensive active practice and play.
Offered: Fall, Spring.

PEA 150Q • Lifeguarding 12 Credits
Development of the highest possible skill level in the five basic strokes, as well as instruction and practice in basic skills to save one’s own life or the life of another. Opportunity to receive a Red Cross Lifeguarding I Certificate.
Prerequisites: Advanced swimming proficiency and Current CPR and First Aid certification (may be taken concurrently). Offered: Spring, odd # years.

PEA 151Q • Soccer 1 Credit
Introduction to the history, rules, and fundamental skills of soccer.
Offered: Fall, Spring.

PEA 152Q • Yoga 1 Credit
Development of physical fitness and self-awareness through core stabilizing and strengthening exercises as an integral part of health and wellness. Emphasis on the integration of Christian faith and exercise while learning correct postures, alignments, and focus.
Offered: Spring. Special Notes: Students must provide their own exercise/yoga mat.

PEA 153Q • Pickleball 1 Credit
Fast paced net game with similarities to tennis, badminton, table tennis, racquetball; content includes rules, strategies, techniques, and court positioning for singles and doubles, and includes extensive active practice and play.
Offered: Fall, Spring.

---

1. A student may also choose to use this course to meet a General Education requirement.
2. Students interested in pre-physical therapy, pre-physician’s assistant, pre-medicine, and/or other healthcare professional programs should complete the Human Bioenergetics emphasis and take BIO 122/BIO 122D and PHY 202/PHY 202D. They should also consult the health professions advisor at Bethel for additional courses that may be required dependent upon the graduate physical therapy program they choose.
3. MAT 123M, MAT 124M, or a solid understanding and competency in high school mathematics as demonstrated by at least one of the following: a Math ACT score of at least 23, 519 on the Math portion of the SAT, a Math Placement Test score of at least 3 are prerequisites for this course.
Languages and Cultures

The Languages and Cultures programs (https://www.bethel.edu/undergrad/academics/world-languages/) equip students to be culturally responsive and linguistically competent professionals. Our programs prepare graduates to understand, interact with, and serve with people from other cultures. Students learn to see God’s diverse world from new perspectives and become globally aware graduates prepared to culturally engage with communities from a thoughtful, Christian perspective. Courses include language, culture, history, literature, and current issues. The languages students can choose from include American Sign Language (ASL), Chinese, French, and Spanish. Majors are offered in Spanish, and Teaching English as a Foreign Language (TEFL) non-licensure. Majors leading to Minnesota licensure to teach include Spanish K-12 and Teaching English as a Second Language K-12 (TESL). Languages and Cultures programs complement majors and minors from many other departments.

Study Abroad

All Languages and Cultures programs (https://www.bethel.edu/undergrad/academics/languages-cultures-rec-studies/) require language and language education majors to live, study, or teach outside the United States. Students majoring in TESL or TEFL are required to teach English abroad for at least three weeks. Bethel offers a semester-long program in Spain (see Off-Campus Programs (p. 50)) or students may work with the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) to select other programs abroad. In addition, students can participate in interim courses in Spanish-speaking countries.

Placement Evaluation

Prior to enrolling in a language course at Bethel, all students who have previously taken three or more years of the language at the high school level must complete a placement exam given by Languages and Cultures. Prerequisites for the course in which the student places will be waived upon petition. Students wishing to receive credit toward graduation for the courses that have been waived may do so through credit by examination (AP or CLEP) for a fee. Credits earned through examination do not count as electives in the major or minor in any of the world languages offered at Bethel.

Students transferring in college-level credits in the language to be studied may continue with the next course in the sequence at Bethel upon consultation with Languages and Cultures faculty, but may choose to take the placement test to ensure they enroll in the appropriate course for their language skills.

Language Evaluation

Students may fulfill Bethel’s language requirement by:

1. Completing the second semester of the first year of a (beginning or introductory) college-level language class or higher with a passing grade at Bethel University (e.g., SPA 102S Introductory Spanish II or higher course into which student is placed).
2. Completing the second semester of a first-year (introductory or beginning) college-level language class or higher with grade of C or higher at another college/university (any language other than English).
3. Earning a score of 3 or better on an Advanced Placement language exam or a score of 50 or better on a language CLEP test.

(See the Academic Information section of this catalog under the General Education Program for further information about the language requirement.)

Majors in Languages and Cultures

- B.A. in Spanish (p. 238)
- B.A. in Spanish Education K-12 (Licensure in World Languages: Spanish) (p. 239)
- B.A. in Teaching English as a Foreign Language (TEFL) K-12 non-licensure (p. 241)
- B.A. in Teaching English as a Second Language (TESL) K-12 (p. 242)
Minors in Languages and Cultures

- Spanish (p. 244)
- Teaching English to Speakers of Other Languages (TESOL) (p. 245)

ASL 101 • Introductory American Sign Language I 4 Credits
Enables students with no knowledge of American Sign Language (ASL) to communicate comfortably in a variety of situations. Focuses on development of expressive, receptive, and visual readiness skills in basic ASL. Introduces conversational vocabulary, fingerspelling, grammatical principles, and syntax. Includes information about deaf culture.
Offered: Fall, Spring.

ASL 102S • Introductory American Sign Language II 4 Credits
Continuation of functional and practical understanding and communicative use of ASL. Further study of the history and culture of the deaf community through films, discussions, and readings.
Prerequisites: ASL 101 or Placement exam. Offered: Fall, Spring.

CHI 101 • Introductory Chinese I 4 Credits
Development of listening, speaking, reading, and writing skills with an emphasis on promoting communicative competency in Chinese. Opportunities for meaningful communication in Mandarin Chinese.
Offered: Summer.

CHI 102S • Introductory Chinese II 4 Credits
Continuation of functional and practical understanding and communicative use of the Chinese language. Further study of Chinese history and culture through films, discussions, and readings.
Prerequisites: CHI 101 or Placement exam. Offered: Summer.

CHI 201 • Intermediate Chinese I 4 Credits
Synthesis and expansion of comprehensive knowledge, grammar, and oral and written communication skills useful in daily interactions. Further development of understanding Chinese culture and societies, and preparation for possible study abroad experience.
Prerequisites: CHI 102S or Placement exam. Offered: Occasionally.

FRE 101 • Introductory French I 4 Credits
Listening, speaking, reading, and writing. Opportunities for oral practice encouraging actual communication in French. Use of internet resources to familiarize students with the French-speaking cultures of the world.
Prerequisites: No more than one year of high school French or Placement exam. Offered: Fall.

FRE 102S • Introductory French II 4 Credits
Continuation of functional, practical understanding and communicative use of the French language. Further study of French history and culture through films, discussions, and readings.
Prerequisites: FRE 101 or Placement exam. Offered: Spring.

LIN 210Z • Introduction to Second Language Acquisition 3 Credits
Study of current research and theories of second language acquisition in children and adult learners. Examination of second language learning processes and variables that affect second language acquisition. Classroom strategies include differentiating instruction for all language learners. Service learning experience required.
Offered: Fall, Spring.

LIN 300 • Introduction to Linguistics 3 Credits
A study of three major areas of linguistics: 1) articulatory phonetics, phonology, morphology, and syntax (how units of sound are structured into larger units, forming words and sentences); 2) sociolinguistics (how language functions in society); and 3) psycholinguistics (how children and adults acquire language).
Prerequisites: Two college semesters of a second language or equivalent proficiency. Offered: Fall.

SPA 101 • Introductory Spanish I 4 Credits
Listening, speaking, reading, and writing. Opportunities for oral and written practice encourage actual communication in Spanish.
Prerequisites: No more than one year of high school Spanish or Placement exam. Offered: Fall, Spring.

SPA 102S • Introductory Spanish II 4 Credits
Continuation of functional, practical understanding and communicative use of the Spanish language. Further study of Spanish history and culture through films, discussions, and readings.
Prerequisites: SPA 101 or Placement exam. Offered: Fall, Spring.
SPA 120A • Photography in Spain 3 Credits
Technical and conceptual acquaintance with the medium of photography and its vocabulary within the realm of high art. Includes camera operation, black and white film developing, black and white print processing, and print finishing.
Offered: Fall. Special Notes: Course is taught and assignments are completed in Spanish. Carries cross-credit in art.

SPA 201SZ • Intermediate Spanish I 4 Credits
Synthesis and expansion of language study in order to further develop communicative language ability. Study of the rich cultural diversity in the Spanish-speaking world.
Prerequisites: SPA 102S or Placement exam.
Offered: Fall, Spring.

SPA 202UZ • Intermediate Spanish II 4 Credits
A further development of communicative language ability through the study of the rich cultural diversity in the Spanish-speaking world. Topics include religious practices, Hispanics in the United States, and violations of human rights. Service-learning experience required.
Prerequisites: SPA 201SZ or Placement exam;
GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall, Spring.
Special Notes: This course meets the S-tag General Education course requirement.

SPA 208S • Spanish for Health Professionals 3 Credits
Designed for those studying or preparing for healthcare professions. Emphasis on building culturally and linguistically competent communication skills with Spanish-speaking immigrants in healthcare settings.
Prerequisites: SPA 201SZ or Placement exam.
Offered: Occasionally.

SPA 228S • Intensive Language Study in the Spanish-Speaking World 3 Credits
Study of the Spanish language and Hispanic culture taught in a Spanish-speaking country through an approved language school. Homestay required.
Prerequisites: Two semesters of intermediate Spanish at the college level or Placement exam;
Consent of department. Grade exceptions: Graded on an S/U basis. Offered: Interim, by arrangement.
Special Notes: Program must be approved by the Languages and Cultures department in advance.
Enrollment is limited.

SPA 290S • Ibero-American History 3 Credits
An examination of key historical processes in Spain, Latin America, and the Spanish-speaking communities in the United States with a focus on social, economic, political, geographic, and religious dimensions.
Prerequisites: SPA 202UZ, SPA 208S, or Placement exam. Offered: Fall, Spring.

SPA 292S • Ibero-American History in Spain 4 Credits
An examination of key historical processes in Spain, Latin America, and the Spanish-speaking communities in the United States with a focus on social, economic, political, geographic, and religious dimensions.
Prerequisites: SPA 202UZ or SPA 208S. Offered: Fall.

SPA 300 • Introduction to Hispanic Literature 4 Credits
Readings in novels, essays, short stories, poetry, newspapers, and magazines from Latin America and Spain.
Prerequisites: SPA 290S or SPA 292S (may be taken concurrently). Offered: Fall (Spain Term).
Special Notes: Students may not receive credit for both SPA 300 and SPA 305.

SPA 301U • Hispanic Cultures 4 Credits
Study of the history, traditions, cultural practices, values, and social structures of Latin America and Spain. Service-learning experience may be required.
Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently); SPA 290S or SPA 292S. Offered: Spring.

SPA 303U • Historic Spain and its Cultures 4 Credits
Study of the multi-cultural richness of Spain in its unique history, society, politics, art, film, and music. Students participate in a series of field trips to places of cultural and historical interest in Segovia and to museums in Madrid.
Prerequisites: GES 130 or GES 244 (may be taken concurrently), SPA 290S, SPA 292S (may be taken concurrently), or Consent of instructor. Offered: Fall.
SPA 304 • Introducción a la Biblia 3 Credits
Traces the journey of God's people from Abraham and Sarah through the New Testament church, highlighting the unifying self-disclosure of God in the various cultures and types of writing of the Old and New Testaments. A holistic approach is used to introduce students to both historical and thematic content as well as broad but basic exegetical principles.
Prerequisites: SPA290 or Consent of instructor. Offered: Fall, Spring. Special Notes: Instruction is in Spanish.

SPA 305 • Readings from Latin America and Spain 3 Credits
Readings in novels, essays, short stories, and poetry from Latin America and Spain.
Prerequisites: SPA 290S or SPA 292S. Offered: Fall. Special Notes: Students may not receive credit for both SPA 305 and SPA 300.

SPA 312 • Contemporary Literature 4 Credits
Prose and poetry from selected contemporary Latin American and Spanish authors.
Prerequisites: SPA 300 or SPA 305. Offered: Fall, even # years.

SPA 313 • Classical Literature 4 Credits
Prose and poetry from the classical literature of Spain.
Prerequisites: SPA 300 or SPA 305. Offered: Fall, odd # years.

SPA 316 • Modern Spain: An Examination of Ethics – Spain 4 Credits
An examination of moral and ethical questions during the Spanish Civil War, the Franco regime, and post-Franco Spain. Topics include national unity, justice, political assassination, the responsibility of individuals in society, Basque nationalism, the role of the United States, immigration, and the role of the Catholic Church.
Prerequisites: SPA 305 or Concurrent enrollment in SPA 300. Offered: Fall.

SPA 317 • Advanced Communication in Spain 4 Credits
Further development of communicative ability in Spanish, including reading, writing, listening, and conversational skills. Students write compositions, participate in discussions, have conversational exchanges with Spanish university students, give presentations, and read short essays.
Prerequisites: SPA 301U or SPA 303U (may be taken concurrently) or Consent of instructor. Offered: Fall.

SPA 318 • Classical Literature in Spain 4 Credits
Prose and poetry from the classical literature of Spain.
Prerequisites: SPA 305 or Concurrent enrollment in SPA 300. Offered: Fall. Special Notes: Students may not receive credit for both SPA 313 and SPA 318.

SPA 322 • Advanced Spanish Communication 4 Credits
Further development of communicative abilities in Spanish including reading, creative and academic writing, formal and informal discussions and debate, and formal presentation skills.
Prerequisites: SPA 301U or SPA 303U. Offered: Spring.

SPA 327 • Marketing and Management in Spain 3 Credits
Theoretical and practical concepts of marketing and management in the semi-globalized world. Understand the significant challenges globalization presents to management and marketing, specifically in the context of Spain. Business terminology and reality in a Spanish business environment.
Prerequisites: SPA 202UZ. Offered: Fall. Special Notes: Course is taught and assignments are completed in Spanish. Course carries cross-credit in business.

SPA 481 • Internship in Spanish 3-4 Credits
Cross-cultural experience to apply and expand Spanish communication knowledge and communication skills in an off-campus setting. Placements must be at an organization or business within the Latino community or in the Spanish-speaking world. Must be planned in advance of placement in consultation with the Languages and Cultures department.
Prerequisites: Spanish major or minor or Enrollment in Spain term. Offered: Fall, Interim, Spring, Summer.

SPA 499 • Senior Seminar 4 Credits
An in-depth study and presentation of a topic related to Hispanic cultures, literatures, or the Spanish language. Service-learning experience may be required.
Prerequisites: Major in Spanish and Senior standing. Offered: Fall.
TEL 230 • Introduction to Teaching English to Speakers of Other Languages 3 Credits
Overview of the field of teaching English to speakers of other languages (TESOL) for those considering employment in schools in the U.S. or abroad, or serving in missions or in the local community. Provides basic skills and resources for anyone interacting with new Americans. 
Offered: Occasionally interim or Spring.

TEL 240 • TESOL Practicum Abroad 1 Credit
In consultation with the department, students select a program outside the United States in which they tutor English as a foreign language for at least three weeks. Prior to departure, students complete a study of the culture in which they will be living. Students share their experiences in a colloquium of TESL/TEFL majors upon their return.
Prerequisites: LIN 210Z and Consent of the Languages and Cultures department. Grade exceptions: Graded on an S/U basis. Offered: By arrangement.

TEL 301 • Analysis of the English Language 3 Credits
Overview of the English language structure geared to the needs of teachers of English to speakers of other languages (both EFL and ESL). Understanding and application of English grammar and pronunciation in order to explain various grammatical aspects and provide answers to student questions concerning English grammar.
Prerequisites: LIN 210Z or LIN 300. Offered: Spring, odd # years.

TEL 305 • Teaching Language Skills for Second Language Learners 3 Credits
The principles of teaching listening and speaking skills to second language learners. Strategies for teaching language skills including using authentic materials, creating meaningful communicative activities, and teaching with Total Physical Response (TPR) and Total Proficiency Through Reading and Storytelling (TPRS). Students create lesson plans and practice teaching with these strategies.
Offered: Fall.

TEL 320 • Curriculum Development and Assessment 3 Credits
Development of curricula for EFL/ESL students in various settings and with various needs, including special education. Appropriate teaching and assessment materials for the EFL/ESL classroom.
Prerequisites: LIN 210Z. Offered: Spring. Special Notes: Can be taken concurrently with EDU 400.

TEL 481 • Internship in TESL/TEFL 3-4 Credits
Supervised experience in an overseas school program or with a local agency to apply knowledge of and skills in teaching English to non-native speakers. Must be planned in advance of the placement in a consultation with the Languages and Cultures department.
Prerequisites: Major or minor in TEFL. Offered: Fall, Interim, Spring.

- Major 73-75
- General Education 49-50
- Total Credits 123-124

1. In order to meet requirements for endorsements and dual majors, this number is subject to change. Students should consult with their advisor.
2. SPA 202UZ may not be used to fulfill the Spanish elective course requirement.
3. SPA 102S or the Languages and Cultures placement exam is a prerequisite for this course.

Courses whose number is followed by a letter fulfill a General Education requirement.

Additional requirements for a major in Spanish Education K-12 (Licensure in World Languages: Spanish): Students must have a semester-long experience in a Spanish-speaking setting outside the United States. The experience must include living with members of the host culture. The program must be approved by the chair of the Department of Languages and Cultures.
Students seeking licensure in the state of Minnesota to teach Spanish K-12 (Licensure in World Languages: Spanish) who are not native speakers of Spanish are required to demonstrate intermediate-high level speaking proficiency as defined by the ACTFL Proficiency Guidelines, as well as proficiency in reading, listening, and writing via the MTLE exam. Native speakers of Spanish are required to demonstrate advanced-level proficiency in English and Spanish.

Student must earn a grade of \textit{C} or better in each content area (SPA, LIN) and education courses in the major. Courses with grades of \textit{C-} or lower must be repeated.

Students may not declare a B.A. in Spanish Education K-12 (Licensure in World Languages: Spanish) and a Minor in Spanish.

1. In order to meet requirements for endorsements and dual majors this number is subject to change. Students should consult with their advisor.
2. Courses must be chosen so that at least two different geographic areas are studied (e.g., a course on Africa, a course on Latin America).
3. TESL majors who are non-native speakers of English must reach an advanced proficiency level in English.
4. This course cannot double count toward the language requirement.
5. EDU 271, EDU 274, and EDU 275 are corequisites for this course.
6. EDU 241 is a prerequisite for this course.
7. SPA 201SZ or the Languages and Cultures department placement exam is a prerequisite for this course.
8. EDU 241 is a corequisite for this course.
Courses whose number is followed by a letter fulfill a General Education requirement.

Students must earn a grade of C or better in each content area (TEL, LIN) and education courses in the major. Courses with a grade of C- or lower must be repeated.

Students may not declare a B.A. in Teaching English as a Second Language (TESL) K-12 and a Minor in Teaching English to Speakers of Other Languages (TESOL).

Students with K-12 licensure in TESL may choose one or more Middle Level Endorsements. See endorsement area listing under Major in Elementary Education with Middle Level Endorsement in the Education section (p. 153) of this catalog.

- PSY 308G Cross-Cultural Psychology
- SPA 101 Introductory Spanish I
- SPA 102S Introductory Spanish II
- SPA 202UZ Intermediate Spanish II
- SPA 228S Intensive Language Study in the Spanish-Speaking World

Total Credits: 22-23

1 Course may not double count toward the language requirement.
2 LIN 300 is a prerequisite for this course.
3 SPA 201SZ or the Languages and Cultures department’s placement exam is a prerequisite for this course.
4 SPA 101 or the Languages and Cultures department placement exam is a prerequisite for this course.

Students may not declare a B.A. in Teaching English as a Foreign Language (TEFL) non-licensure and a Minor in Teaching English to Speakers of Other Languages (TESOL).

Students may not declare a B.A. in Teaching English as a Second Language (TESL) K-12 and a Minor in Teaching English to Speakers of Other Languages (TESOL).

Courses whose number is followed by a letter fulfill a General Education requirement.

Students who minor in TESOL must have three weeks or more of experience in teaching English abroad or an ESL experience in the United States. This experience must be approved by the chair of the Department of Languages and Cultures prior to the experience.
LEA 100 • Emerging Leaders 3 Credits
An introduction to leadership with a focus on effective characteristics and practices of leadership theories, leadership styles, core leadership competencies, individual self-discovery, management, followership, and integration of faith and leadership. Opportunities given for students to identify, clarify, and develop individual leadership skills and abilities. Offered: Summer.

LEA 200 • Leading Teams 3 Credits
Explores effective leadership of teams, focusing on how teams interact and how effective leaders navigate opportunities and challenges of leading teams. Opportunities for creating teams in class are provided for students to explore the dynamics of team development and to grow and develop their own team leadership skills. Prerequisites: LEA 100. Offered: Summer.

LEA 300 • Leading Organizations 3 Credits
Leadership within organizational contexts; how organizations operate and provide opportunities and challenges for leaders; demands of collaborative leadership; organizational change and leaders’ means of guiding it; leadership within Christian organizations and contexts. Prerequisites: LEA 200. Offered: Summer.

LEA 475 • Leadership Studies Seminar 3 Credits
Students develop their individual, team, and organizational leadership capacity. Students explore the practical aspects of leadership by applying theories and concepts from their discipline specific academic experiences in a service learning experience. Students complete a comprehensive and strengths-based leadership branding experience to capture their development as a leader. Prerequisites: LEA 300 (may be taken concurrently) and Consent of instructor. Offered: Summer.

Total Credits 18

1 These requirements are fulfilled through the Aerospace Studies Program (AFROTC) at the University of St. Thomas.
2 or AFROTC Leadership Studies I
3 or AFROTC Leadership Studies II

Courses whose number is followed by a letter fulfill a General Education requirement.
Mathematics

The majors in Mathematics (https://www.bethel.edu/undergrad/academics/math-cs/) prepare students for a variety of careers through a balance of theoretical and practical coursework. Theoretical study begins with discrete mathematics and continues through linear algebra, abstract algebra, real analysis, topics in mathematics, and senior seminar. Problem-solving and mathematical modeling skills are honed through the calculus sequence of courses, differential equations, probability and statistics, numerical analysis, and operations research. Practical computing skills are developed by using advanced software in many courses and through introductory programming courses. Students who wish to teach mathematics in grades 5-12 may also include coursework designed specifically to satisfy state licensure requirements. Additional coursework and advising are available for students preparing for graduate school or for math-oriented careers such as data science and the actuarial science.

Advanced Placement: The Math and Computer Science department (https://www.bethel.edu/undergrad/academics/math-cs/) requires a score of 4 or better on the AP exam in order for the exam to be used to fulfill course requirements in the majors and minors it offers. Students with a score of 3 will receive elective credit or receive credit toward General Education requirements. Students should consult the department chair with questions on AP exams and requirements for majors.

Majors in Mathematics

- B.A. in Mathematics (p. 249)
- B.A. in Mathematics with Education 5-12 Licensure (p. 251)
- B.S. in Mathematics and Data Science (p. 250)

Minor in Mathematics

- Mathematics (p. 252)

MAT 101M • Mathematics for the 21st Century 3 Credits
  Mathematical ideas that a liberally educated person should be familiar with in order to function well in a technological society.
  Prerequisites: Two years of high school algebra, including logarithms and exponential functions.
  Offered: Fall, Spring.

MAT 102M • Creative Problem Solving 3 Credits
  An opportunity to learn to use creative thinking and intuition to gain confidence in understanding and solving some intriguing problems in mathematics.
  Prerequisites: High school algebra and geometry.
  Offered: Interim.

MAT 123M • Precalculus 3 Credits
  Mathematics topics required for MAT 124M or further study in the natural sciences. Equations and inequalities; graphs of functions and relations; polynomial, rational, exponential, logarithmic functions; trigonometric functions, identities, equations, and applications.
  Prerequisites: Two years of high school algebra and Satisfactory completion of the Math and Computer Science department placement requirements.
  Offered: Fall, Spring. Special Notes: Placement Exam Required, see: https://www.bethel.edu/undergrad/academics/math-cs/placement-exams

MAT 124M • Calculus 1 4 Credits
  A mathematical foundation for future college courses and beyond. Introduces the concepts and methods of the derivative and the integral, demonstrating how they are applied in real-world modeling situations. Topics are examined graphically, numerically, and algebraically, including using a symbolic computer algebra system to aid with understanding.
  Prerequisites: MAT 123M or Equivalent high school or college course(s) and Satisfactory completion of Math and Computer Science department placement requirements. Offered: Fall, Spring.

MAT 125 • Calculus 2 4 Credits
  A continuation of the equipping of students with tools for effective problem solving. Study of integration, sequences and series, and introduction to differential equations and approximation techniques. Each topic is approached from several viewpoints (graphical, numerical, algebraic) to involve students with different learning styles.
  Prerequisites: MAT 124M with C- or higher. Offered: Fall, Spring.
MAT 201M • Mathematics for Elementary Education 1 3 Credits
Introduction to problem solving; patterns and sequences; systems of numeration; sets and logic; concepts, operations, and algorithms for each subset of the real numbers; elementary number theory; concepts and applications of ratios, proportions, and percents.
Prerequisites: Major in elementary education; minimum ACT mathematics score of 24, minimum SAT mathematics score of 580 or satisfactory completion of Bethel’s online Math for Elementary Education prep course; 15 college-level credits completed. Offered: Fall, Spring. Special Notes: MAT 201M may not be used to fulfill the requirements for a major or minor in mathematics. Placement Required, see: https://www.bethel.edu/undergrad/academics/math-cs/placement-exams

MAT 202 • Mathematics for Elementary Education 2 3 Credits
Problem-solving and reasoning strategies; algebraic expressions, equations, and functions; data analysis, statistics, combinations/permutations, and probability; concepts and applications of two- and three-dimensional geometry and measurement.
Prerequisites: Grade of C or higher in MAT 201M. Offered: Fall, Spring. Special Notes: MAT 202 may not be used to fulfill the requirements for a major or minor in mathematics.

MAT 207M • Statistical Analysis 3 Credits
Descriptive and inferential statistics. Specific topics include discrete probability spaces, random variables, distributions, normal distribution, estimation, hypothesis testing, linear regression, correlation analysis. Selected topics could include analysis of variance, goodness-of-fit, and contingency tables. Applications to business, economics, and science.
Offered: Fall, Interim, Spring. Special Notes: Students may not receive credit for both MAT 207M and PSY 230M. MAT 207M will not count toward the psychology minor Elective credit requirement.

MAT 209 • Financial Mathematics 3 Credits
Topics and problem-solving practice for the actuarial exam in financial mathematics. Theory of interest topics include: time value of money, annuities, cash flows, amortized loans, bonds, portfolios, and immunization. Financial economics topics include: derivatives, options, forwards and futures, swaps, hedging, and investment strategies.
Prerequisites: MAT 125 with C- or higher. Offered: Occasionally.

MAT 211 • Linear Algebra 3 Credits
Linear systems, matrices, vectors and vector spaces, linear transformations, inner products, norms, eigenvalues and eigenvectors, orthogonality, and applications. Provides a foundation for many areas of study in mathematics, computer science, engineering, and science.
Prerequisites: MAT 125 with C- or higher or MAT 241 with C- or higher. Offered: Spring.

MAT 222 • Differential Equations 3 Credits
Prerequisites: MAT 125 with C- or higher. Offered: Spring. Special Notes: MAT 223 is a preferred prerequisite.

MAT 223 • Multivariable Calculus 3 Credits
Prerequisites: MAT 125 with C- or higher. Offered: Fall, Spring.

MAT 224 • Differential Equations with Linear Algebra 4 Credits
Analytic, numerical, qualitative, and linear algebra-based solution methods for ordinary differential equations, along with relevant computations and theoretical concepts from linear algebra as needed, including: matrix operations, vector spaces, basis, dimension, change of basis, and diagonalization.
Prerequisites: MAT 125 with C- or higher. Special Notes: Students may not receive credit for both MAT 224 and MAT 222. Offered: Fall.

MAT 241 • Discrete Mathematics 3 Credits
Covers a collection of topics useful to mathematics and computer science majors. The unifying factor is that topics deal mainly with finite collections of mathematical objects (graphs, trees, finite state machines, etc.). Also includes examination of sets, logic, Boolean algebras, proof techniques, algorithm analysis, counting, and recursion.
Prerequisites: MAT 124M with C- or higher. Offered: Fall.
MAT 300 • Numerical Analysis 3 Credits
A study of accuracy, efficiency, and robustness of algorithms for numerical approximations of roots, fixed points, functions (interpolation), integration, and solutions of ordinary differential equations. Other topics may include numerical linear algebra.
Prerequisites: MAT 211 with C- or higher, MAT 222 with C- or higher, or MAT 224 with C- or higher. Offered: Spring, odd # years.

MAT 310 • Abstract Algebra 4 Credits
Study of groups, rings, fields, and applications of these algebraic structures from a firm axiomatic foundation with a strong emphasis on properly written proofs.
Prerequisites: MAT 211 with C- or higher. Offered: Spring. Special Notes: MAT 241 is a strongly recommended prerequisite.

MAT 330 • Probability and Statistics 3 Credits
Discrete and continuous probability spaces, distribution and density functions, random variables, sampling, expectation, estimation, and hypothesis testing.
Prerequisites: MAT 125 with C- or higher. Offered: Fall.

MAT 331 • Applied Statistics 3 Credits
Linear and multilinear regression. Factor analysis, including analysis of variance and experimental design.
Prerequisites: MAT 330 with C- or higher or Consent of instructor. Offered: Spring, even # years.

MAT 351 • Modern Geometry 3 Credits
A survey of informal and formal geometric topics. Investigation of concepts, structure, proof, Euclidean, non-Euclidean, and transformational geometry.
Prerequisites: MAT 241 with C- or higher or Consent of instructor. Offered: Fall, even # years. Special Notes: Designed for students seeking licensure to teach math in grades 5-12.

MAT 376 • Operations Research 4 Credits
Mathematical techniques used in systems analysis, including linear programming, simulation techniques, and other topics such as transportation models, integer programming, and network analysis.
Prerequisites: COS 105 with C- or higher or COS 205 with C- or higher; MAT 211 with C- or higher or MAT 224 with C- or higher. Offered: Fall, odd # years.

MAT 422 • Real Analysis 3 Credits
Elementary set theory, properties of real numbers, functions of real variables, sequences, series, differentiation, Riemann integration, and introduction to topological concepts.
Prerequisites: MAT 223 with C- or higher and MAT 310 with C- or higher. Offered: Fall.

MAT 425 • Topics in Mathematics 3 Credits
A seminar designed to provide an in-depth experience with a specific field of mathematics. Topics vary from semester to semester and include logic, number theory, dynamical systems, chaos and fractals, complex analysis, partial differential equations and Fourier analysis, intermediate probability and statistics, combinatorics, and topology.
Corequisites: MAT 310 with C- or higher or Consent of instructor. Offered: Spring, odd # years.

MAT 499 • Senior Seminar 3 Credits
A short history of mathematics’ major transition points, overview of foundations of mathematics, axiomatic structures, and philosophies of mathematics in relation to Christian faith.
Prerequisites: MAT 330 with C- or higher and one of the following: MAT 310 with C- or higher, MAT 422 with C- or higher. Offered: Interim.
MAT 223  Multivariable Calculus  3
MAT 241  Discrete Mathematics  3
MAT 310  Abstract Algebra  4
MAT 330  Probability and Statistics  3
MAT 422  Real Analysis  3
MAT 425  Topics in Mathematics  3
MAT 499  Senior Seminar  3
Choose two of the following Applied Math courses:  6-7
  MAT 300  Numerical Analysis
  MAT 331  Applied Statistics
  MAT 376  Operations Research

1. Students may test out of this course based on their performance on the Math and Computer Science department placement exam.

2. Prerequisites for PHY 320/ENR 320 are MAT 223 and either MAT 222 or MAT 224.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Mathematics and a Minor in Mathematics.

Students may not declare a B.A. in Mathematics with Education 5-12 Licensure and a Minor in Mathematics.

Students may not declare a B.S. in Mathematics and Data Science and a Minor in Mathematics.
Music and Theatre

The Department of Music and Theatre (https://www.bethel.edu/undergrad/academics/music/) offers three degree programs for music majors:

1. Bachelor of Music in Applied Performance—a professional degree designed for students with strong performance skills who wish to become professional musicians, college and university teachers, or private studio teachers.

2. Bachelor of Arts in Music—a degree designed for students who want to develop their musical skills within a liberal arts program with enough flexibility to pursue additional studies in other fields of interest, such as biblical studies, business, psychology, theatre arts, etc.

3. Bachelor of Music Education—a professional degree designed for students who wish to become fully qualified elementary or secondary school music teachers. Students may elect certification in instrumental K-12 or vocal K-12. Bethel's music education degree fulfills the Minnesota certification requirements.

Students majoring in fields outside of music may choose elective courses in music, take private lessons, and participate in performance organizations.

Transfer students must demonstrate acceptable proficiency levels in music theory, music history, and applied music before admittance to the major program. Credits used toward the major are evaluated on an individual basis by the department.

Music Proficiencies

- **Applied Proficiencies.** All students majoring in music must meet competency performance standards as specified by the department. The levels of proficiency are determined by the student's degree program. Applied performance majors must fulfill Level IV; music education majors and B.A. majors must fulfill Level III. Applied proficiency levels are determined by area of study (voice, keyboard, instrumental, and strings) and approved by the specific area directors.

- **Piano Proficiency.** Expectations and standards are covered in MUL 143A Introduction to Keyboard Theory and following music theory keyboard labs. The director of keyboard activities tracks individual progress through the piano proficiency.

- **Guitar Proficiency.** Required of all music education majors and may be passed by successfully completing MUL 142A Beginning Guitar or testing out. For more information on testing out of the guitar proficiency, contact the Music Office.

Additional Requirements

- **Entrance Audition.** Passing the ensemble audition and acceptance into an auditioned ensemble signifies initial entry into the music program. The auditioned ensembles are any MUP and MUE ensembles.

- **Music Juries.** Music majors and minors taking private lessons must perform on their applied instruments before the music faculty at music juries. The music jury is waived during the semester in which a recital is given or the sophomore interview is held. A music minor is required to perform a music jury for a minimum of four semesters. The music jury can constitute the 12th lesson for music majors and minors.

- **Recital and Concert Attendance.** Music majors are required to attend 32 on-campus concerts/recitals/Music Hours or approved professional off-campus concerts during each academic year. Expectations are detailed in the MUS 195 Music Hour syllabus. Music minors are required to attend 64 concerts over a four-year period. Expectations are detailed in the MUS 195 Music Hour syllabus. Concerts that meet this requirement include faculty recitals, student recitals, and approved professional off-campus concerts.

- **Sophomore Interview.** Formal acceptance into a degree program takes place during the second year of study. Music Education majors must apply during the fall of the second year. B.A. and Applied Performance majors apply in the spring of the second year. Students who do not pass their Sophomore Interview are not allowed to take any further music courses but may still continue in lessons and ensembles if they choose. Details and procedures of the Sophomore
Interview process are available in the Music Office.

Theatre
The Minor in Theatre supports students who want to pursue Theatre performance, students who want to incorporate vital theatre skills into their professional and personal lives, and students who want to shine their light and share their gifts by creatively telling important stories. Skills such as creativity, communication, empathy, collaboration, and artistry are developed in theatre classes and productions. These skills are important in a wide range of professions and vital in developing healthy relationships. Incarnation and Story are at the heart of theatre and Christian faith. Bringing meaningful stories to life in our productions builds community and enriches both those who create our shows, and those who attend them.

Majors in Music and Theatre
• B.A. in Music (p. 261)
• B.Mus. in Applied Performance (p. 262)
• B.Mus.Ed. in Music Education (p. 264)

Minors in Music and Theatre
• Music (p. 265)
• Theatre (p. 266)

Music Courses
MUS 101 • Music Fundamentals 1 Credit
Fundamentals of music theory notation: clefs; time signatures; major and minor key signatures; major and all three forms of minor scales; intervals and triads, including qualities and inversions; Roman numeral analysis with figured bass; overtone series.
Corequisites: Requires concurrent registration with MUL 143A or Consent of instructor. Offered: Fall.

MUS 103 • Introduction to Music Literature 2 Credits
Development of listening skills and musical vocabulary pertinent to the study of Western music history through a chronological survey of major historical style periods and representative literature.
Corequisites: Requires concurrent registration with MUS 101 and MUL 143A or Consent of instructor. Offered: Fall.

MUS 104 • Music Theory I 3 Credits
A continuation of MUS 101 concepts and materials: voice-leading and part-writing of triads and seventh chords, and modulations in diatonic chorale style. Beginning development of ear-training and sight-singing, music technology, computer applications, and continuation of functional keyboard skills.
Prerequisites: MUS 101 and MUS 103. Offered: Spring.

MUS 195 • Music Hour 0 Credit
A weekly informal recital meeting time for the purpose of student performance or discussion of topics of significance to musicians. Music majors and minors are required to perform on their applied instruments in a minimum of one Music Hour recital per semester. First-semester freshmen perform at the discretion of the private instructor.
Prerequisites: Major or minor in music. Grade exceptions: Graded on an S/U basis. Offered: Fall, Spring. Special Notes: Music majors must register each semester in residence in order to complete the Recital and Concert Attendance requirements for graduation.

MUS 202 • Music Theory II 3 Credits
A continuation of MUS 104 concepts and materials: advanced voice-leading and part-writing skills, chromaticism/non-diatonicism, introduction to jazz and pop theory. Continued development of ear-training, sight-singing, functional keyboard skills, music technology, and computer applications.
Prerequisites: MUS 104. Offered: Fall.

MUS 203 • Music Theory III 3 Credits
Practice in 16th century counterpoint; analysis of forms from 18th century counterpoint through classical forms; continuation of ear-training, sight-singing, and functional keyboard skills.
Prerequisites: MUS 202 or Consent of instructor. Offered: Spring.

MUS 210 • Collaborative Keyboard Skills 2 Credits
A series of class lessons for the advancing piano student. Topics include sight-reading, ensemble playing, transposition, open score reading, and accompanying.
Prerequisites: MUS 104 or Consent of instructor. Offered: Spring 2020.
MUS 230 • Music and Worship in the 21st Century 3 Credits
The role of music within the context of Christian corporate worship. Current practice in church music is analyzed from a theological and historical perspective with the goal of forming musical practice that matches biblical function. Offered: Spring.

MUS 262A • How To Write A Song 3 Credits
Explore song history, analysis, and structure in order to compose and record an original piece. Offered: Occasionally interim. Special Notes: Does not require formal music background.

MUS 301 • Music Theory IV 3 Credits
Advanced analysis and composition in all styles with a focus on 20th century music. Prerequisites: MUS 203. Offered: Spring, odd # years.

MUS 305G • Music in World Cultures 3 Credits
Introductory study of cultural traditions, belief systems, and practices of world cultures through the study and analysis of the music of ethnic groups. Specific cultures included may vary with each offering. Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring, even # years.

MUS 312 • Music History and Literature I 3 Credits
Chronological survey of Western musical art from the Greek civilization through the Baroque period with detailed examination of representative works. Required listening, examinations, and written projects. Prerequisites: MUS 103 and MUS 104. Offered: Fall.

MUS 313 • Music History and Literature II 3 Credits
A continuation of MUS 312, from 1750 to the present. Prerequisites: MUS 312. Offered: Spring.

MUS 315 • Piano Literature 3 Credits
A survey of the literature for the solo piano, spanning 400 years from the Baroque through the Modern Era. Prerequisites: Keyboard major or minor or Consent of instructor. Offered: Spring 2022.

MUS 322 • Instrumental Literature and Conducting 3 Credits
Principles of conducting as applied to orchestral and band literature. Musical style and the responsibility of the conductor to the score. Instrumental music of the Classic, Romantic, and 20th century periods will be explored. Prerequisites: MUS 324. Offered: Spring.

MUS 323 • Instrumentation 2 Credits
Introduction of all major instruments with emphasis on transpositions, ranges, and idiomatic writing. Arranging of music for large and small combinations of woodwind, brass, string, and percussion instruments. Prerequisites: MUS 202 and MUS 312. Offered: Spring.

MUS 324 • Choral Literature and Conducting 3 Credits
Development of conducting techniques with the application of stylistic principles to the styles of the Renaissance, Baroque, Classic, Romantic, and 20th century periods. Prerequisites: MUS 203 and MUS 313 or Consent of instructor. Offered: Fall.

MUS 326 • Vocal Literature 3 Credits
Survey of solo vocal repertoire from early music through the present day. Develops skill in the study of song literature. Highlights significant features and developments inherent in the form. Prerequisites: MUS 203 or MUS 313. Offered: Spring, even # years.

MUS 357 • Piano Pedagogy 2 Credits
Methods of teaching piano. Overview of teaching materials including method books, literature collections and anthologies, and supplementary materials. Prerequisites: Major or minor in music. Offered: Spring 2021.

MUS 358 • Brass Methods 2 Credits
Methods of teaching brass instruments (trumpet, horn, trombone, tuba). Performance techniques and materials as well as practical experience on each of the representative instruments. Prerequisites: Major or minor in music. Offered: Fall, even # years.
MUS 359 • Percussion Methods 2 Credits
Methods of teaching percussion (snare drum, keyboard/mallets, timpani, concert accessories/auxiliary, drum set). Performance techniques and materials as well as practical experience on most of the represented instruments.
Prerequisites: Major or minor in music. Offered: Spring, odd # years.

MUS 360 • String Methods 2 Credits
Methods of teaching stringed instruments (violin, viola, cello, bass). Performance techniques and materials as well as practical experience on each of the representative instruments.
Prerequisites: Major or minor in music. Offered: Spring, even # years.

MUS 362 • Woodwind Methods 2 Credits
Methods of teaching woodwind instruments (flute, clarinet, oboe, saxophone, bassoon). Performance techniques and materials as well as practical experience on each of the representative instruments.
Prerequisites: Major or minor in music. Offered: Fall, odd # years.

MUS 363 • Vocal Pedagogy 2 Credits
Methods of teaching the vocal mechanism and its functions. Performance techniques and materials as well as practical experience.
Prerequisites: Four semesters of voice lessons. Offered: Spring, odd # years.

MUS 366 • Italian and English Lyric Diction 1 Credit
Studies in pronunciation of Italian and English songs through the use of the International Phonetic Alphabet (IPA). Verbal, written, and sung realization of this work practiced on assigned repertoire.
Prerequisites: One year private voice study or equivalent. Offered: Fall.

MUS 367 • French Lyric Diction 1 Credit
Studies in pronunciation of French diction through use of the International Phonetic Alphabet (IPA). Verbal, written, and sung realizations of this work practiced on assigned repertoire.
Prerequisites: MUS 366. Offered: Spring, odd # years.

MUS 368 • German Lyric Diction 1 Credit
Studies in pronunciation of German diction through the use of the International Phonetic Alphabet (IPA). Verbal, written, and sung realization of this work practiced on assigned repertoire.
Prerequisites: MUS 366. Offered: Spring, even # years.

MUS 395 • Junior Recital 0 Credit
A culminating performance experience required for the bachelor of music applied performance major. A one half-hour recital of Level III repertoire is presented.
Prerequisites: Pre-recital hearing. Offered: Fall, Spring.

MUS 495 • Half Senior Recital 0 Credit
A culminating performance experience required for bachelor of music and bachelor of music education majors. A one half-hour recital of Level III repertoire is presented.
Prerequisites: Pre-recital hearing. Offered: Fall, Spring.

MUS 496 • Full Senior Recital 0 Credit
A culminating performance experience required for the bachelor of music applied performance major. A one-hour recital of Level IV repertoire is presented.
Prerequisites: Pre-recital hearing. Offered: Fall, Spring.

Music Ensembles

MUE101A-MUE161A. Ensembles. 0-1 Credit.
Bethel offers a large selection of vocal and instrumental ensembles. All ensembles are open by audition to students who are members of a performance organization (MUP101A-MUP163A) or who have special permission from the conductor. Not all music ensembles require auditions. Prerequisite: Participation in a major performance organization (MUP101A through MUP163A).

MUE 101A • Chamber Choir 1 Credit
The Chamber Choir rehearses and performs music specifically designed for small ensemble part-singing. In the first semester the ensemble explores traditional pre-20th century literature including French chansons and European madrigal literature. In the second semester emphasis shifts to the 20th century, with exploration of contemporary literature and vocal jazz.
Prerequisites: Participation in Bethel Choir or Lucia Chorum or Royal Register. Offered: Fall, Spring.
MUE 131A • Handbell Ensemble 1 Credit
The Handbell Ensemble performs a wide range of repertoire from the finest original compositions and arrangements available for handbells. The ensemble performs in the Festival of Christmas, presents a spring concert, and performs in area churches. One rehearsal each week.
Offered: Fall, Spring. Special Notes: Open by audition to students from all academic disciplines.

MUE 141A • Chamber Ensemble 1 Credit
An opportunity to develop self-expression through the discovery and performance of instrumental chamber music. Meets once a week for 1.5 hours of coaching and requires 1.5 hours of additional preparation.
Offered: Occasionally. Special Notes: Ensembles are arranged by individual audition and practicing is required.

MUE 151A • Jazz Orchestra 1 Credit
Explores the unique American art form of jazz, performing various styles from traditional big band to fusion. Concerts include the spring Jazz in the Great Hall. Two rehearsals each week.
Prerequisites: Participation in Wind Symphony or Approval of director of instrumental activities.
Offered: Fall, Spring. Special Notes: Open by audition.

MUE 161A • Chamber Winds 1 Credit
Small instrumental groups emphasize performance and training in ensemble repertoire for small wind or percussion ensembles including but not limited to: brass quintet, woodwind quintet, percussion ensemble, or any other instrumental family ensembles. One rehearsal each week.
Prerequisites: Participation in Wind Symphony or Approval of director of instrumental activities.
Offered: Fall, Spring. Special Notes: Open by audition.

Music Lessons
MUL101A through MUL439. Private Lessons. 0-2 Credits.
Private lessons are offered in bassoon, cello, clarinet, double bass, English horn, euphonium, flute, guitar, harp, horn, oboe, percussion, piano, pipe organ, saxophone, trumpet, tuba, voice, viola, and violin. Lessons may be taken for one-half hour, three-quarter hour, or one hour per week with or without credit. Practice requirement expectations and standards are detailed in the Music and Theatre Department Student Handbook. Students receive 12 lessons per semester if they register before or during the first week of the semester. To receive credit, a student must have a minimum of 10 lessons. Students registering late are not allowed to make up the lessons they missed. Lessons cannot begin or be registered for after the third week of the semester. All music majors are required to register for a three-quarter hour lesson. Students preparing for a recital are encouraged to register for a one-hour lesson. Voice lessons require regularly scheduled studio voice lab.

MUL 140A • Beginning Piano 1 Credit
A series of class lessons recommended for students who have not had formal piano study. Using the keyboard laboratory, students learn to read music and harmonize simple folk melodies at the piano as well as acquire some basic theory.
Offered: Fall, Spring.

MUL 141A • Beginning Voice 1 Credit
A series of class lessons, lectures, and student performances to give the beginning vocalist a basic foundation in singing. Incorporates folk, musical theatre, and classic literature.
Offered: Fall, Spring.

MUL 142A • Beginning Guitar 1 Credit
A series of lessons designed to give the beginning guitarist a foundation in acoustic (nonelectric) guitar, including basic tuning techniques, chords in seven keys, reading of notes on the first five frets, strumming rhythms, fingerpicking, and song leading.
Offered: Fall, Spring. Special Notes: Music education majors may use successful completion of this course to satisfy the guitar proficiency requirement.

MUL 143A • Introduction to Keyboard Theory 1 Credit
A series of class lessons for music majors and minors who have little or no background in keyboard theory skills.
Corequisites: Concurrent enrollment with MUS 101 is required. Grade exceptions: Graded on an S/U basis. Offered: Fall. Special Notes: Students with more advanced keyboard skills may attempt to test out after registration.

MUL 242A • Intermediate Guitar 1 Credit
A series of lessons designed to advance the student beyond the foundational guitar techniques introduced in MUL 142A, including barred chords, chord alteration, advanced strumming and fingerpicking, performance techniques, guitar music theory, and arranging.
Prerequisites: MUL 142A or Consent of instructor.
Offered: Spring.
MUL 300 • Applied Composition 1-2 Credits
Private (or small group) study in composition beginning with single instruments followed by chamber groups and large ensembles. Computer notation and MIDI sequencing also included. Performance of original works when appropriate or required.
Prerequisites: MUS 202 or Consent of instructor. Offered: Fall, Spring. Special Notes: The private lesson fee applies to this course.

Music Performance Organizations
MUP101A through MUP163A. Performance Organizations. 0-1 Credit.
Students with a major in music are required to be in a performance organization for four years. Students with a minor in music are required to be in a performance organization for a minimum of two years. Credit for transfer students is evaluated on an individual basis. For non-majors, four credits may be applied toward the graduation requirement of 122 credits.

MUP 101A • Lucia Chorum 1 Credit
Lucia Chorum is open by audition to female students from all academic disciplines. The choir rehearses three times each week and performs on and off campus throughout the year. Offered: Fall, Spring.

MUP 111A • Bethel Choir 1 Credit
The Bethel Choir is open by audition and presents concerts throughout the United States or Europe during its annual concert tours. The choir rehearses four days each week. Offered: Fall, Spring.

MUP 121A • Royal Register 1 Credit
Male a cappella ensemble of auditioned voices. The group studies and performs vocal literature across genres and time periods with an emphasis on modern musical styles and vocal techniques such as contemporary music, reading sheet music, singing in tune, unifying an ensemble, and singing expressively.
Prerequisites: Audition for the director and the ability to sing at least folk song melody. Offered: Fall, Spring.

MUP 150A • Bethel Philharmonic Orchestra 1 Credit
A fully symphonic orchestra open, by audition, to all members of the Bethel community, including students, faculty, staff, alumni and the larger community as openings allow. Rehearses one night a week and gives one concert a semester. Offered: Fall, Spring.

MUP 153A • Bethel Chamber Orchestra 1 Credit
A performance ensemble for music majors, minors, and other serious players. Performs repertoire from the Baroque to the Modern Era, tours annually, gives concerts, and participates in Festival of Christmas and Classics in the Great Hall. Plays in chapel and collaborates with the Opera Workshop and other musical theater events. Offered: Fall, Spring.

MUP 163A • Wind Symphony 1 Credit
The Wind Symphony is an active performance group presenting concerts locally as well as throughout the United States or Europe. The Wind Symphony is open by audition to woodwind, brass, and percussion players from all academic disciplines of the university. Offered: Fall, Spring.

Theatre Courses
THA 100A • Beginning Acting for Stage and Screen 3 Credits
The art of acting. Workshop experiences to develop personal creative talents through an exploration of performance techniques including movement, improvisation, and stage acting. Offered: Fall, Spring.

THA 120A • Projects in Performance 1 Credit
An individual project in backstage/technical work (set building, props, lights, or costumes) or acting to be done in conjunction with the theatre productions being performed during current semester. Minimum of 30 hours. Class size depends on the needs for the individual production.
Prerequisites: Consent of department. Offered: Fall, Spring even # years

THA 195 • Theatre Hour 0 Credit
Attendance of two performances at an area theatre and discussion of topics of significance to theatre artists.
Grade exceptions: Graded on an S/U basis. Offered: Fall, Spring. Special Notes: Theatre majors must register each semester in residence in order to complete the theatre attendance requirement for graduation.
THA 202A • Producing and Performing a Musical  
3 Credits  
An intensive experience in the production and performance of a musical. Instruction and coaching in the unique art of musical theatre as well as direct involvement in all aspects of mounting a show according to a professional summer stock or repertory model.  
Prerequisites: Audition for and casting in the show.  
Offered: Interim.

THA 212A • Voice Production  
3 Credits  
A group-intensive laboratory designed to explore the art of using the voice. Key skills such as projection, articulation, vocal flexibility, and vocal exercises designed to broaden and develop the vocal instrument.  
Prerequisites: Sophomore standing.  
Offered: Fall 2019, 2021.

THA 220 • Projects in Performance  
1 Credit  
An individual project in acting, stage-managing, or design to be done in conjunction with the theatre productions being performed during current semester.  
Prerequisites: Casting in a production or Consent of department. Special Notes: Maximum of 1 credit per area, per semester and 4 credits per four years.  
Offered: Fall, Interim, Spring.

THA 302 • Producing and Performing a Musical  
3 Credits  
Additional experience in the production and performance of a musical. Instruction and coaching in the unique art of musical theatre as well as direct involvement in all aspects of mounting a show according to a professional summer stock or repertory model.  
Prerequisites: THA 202A and Audition for and be cast in the show.  
Offered: Interim.

THA 320 • Projects in Performance  
1 Credit  
An individual project in acting, stage-managing, or design to be done in conjunction with the theatre productions being performed during current term.  
Prerequisites: Casting in a production or Consent of department. Special Notes: Maximum of 1 credit per area, per semester and 4 credits per four years.  
Offered: Fall, Interim, Spring.

THA 330 • Topics in Theatre Arts  
3 Credits  
A group-intensive laboratory designed to explore special topics in theatre such as playwriting, character/tap dance, theatre for youth and children, and other topics depending on student interest. Students may interact with theatre professionals and develop individual performance skills.  
Prerequisites: Consent of instructor and Sophomore standing.  
Offered: Occasionally.

THA 342 • Making Plays: Page to Stage  
3 Credits  
Developing an idea, issue, or event into a stage performance. Students collaborate from inception to production - in devising, writing, and creating (both onstage and back-stage). Includes research, creative writing, visual arts, music, media/technical arts, and acting. Learn and grow in creatively telling important stories well.  
Prerequisites: Sophomore standing or Consent of instructor.  
Offered: Spring, odd # years.

THA 350 • Advanced Acting for Stage and Screen  
3 Credits  
Advanced work in scene study, character analysis, and individual performance skills.  
Prerequisites: THA 100A.  
Offered: Fall, even # years.

THA 360 • Musical Theatre  
3 Credits  
The identification and development of a singer-actor’s skills through classroom exercises and assignments utilizing the literature of musical theatre; process and value of group interaction and coaching. Includes various performances.  
Prerequisites: THA 100A, THA 202A, or Consent of instructor; Sophomore standing.  
Offered: Occasionally.

THA 420 • Projects in Performance  
1 Credit  
An individual project in acting, stage-managing, or design to be done in conjunction with the theatre productions being performed during current semester.  
Prerequisites: Casting in a production or Consent of department. Special Notes: Maximum of 1 credit per area, per semester and 4 credits per four years.  
Offered: Fall, Interim, Spring.

THA 442 • Making Plays: Page to Stage  
3 Credits  
Developing an idea, issue, or event into a stage performance. Students collaborate from inception to production - in devising, writing, and creating (both onstage and back-stage). Includes research, creative writing, visual arts, music, media/technical arts, and acting. Learn and grow in creatively telling important stories well.  
Prerequisites: Sophomore standing or Consent of instructor.  
Offered: Spring, odd # years.
THA 481 • Internship in Theatre 3-4 Credits
Application of skills and knowledge to off-campus theatre situations. Internships may include church, community, professional, or summer stock theatre companies.

THA 490 • Theatre Practicum 4 Credits
A culminating theatre project intended to challenge the creativity and professional talents of the senior theatre arts major. Projects may include designing for a major production, performing an acting recital, directing a one-act play, writing a script, or developing an experimental project.

In order to meet requirements for endorsements and dual majors this number is subject to change. Students should consult with their advisor.

Instrumental K-12 majors take 6 credits and vocal K-12 majors take 4 credits.

Instrumental K-12 majors take 5 credits of performance organizations and 5 credits of private lessons, resulting in 37 credits.
Courses whose number is followed by a letter fulfill a General Education requirement.

Students must earn a grade of C or better in each content area and education course (MUS, EDU) in the major. Courses with a grade of C- or lower must be repeated.

Students with K-12 licensure in Music Education may choose one or more Middle Level Endorsements. See endorsement area listing under Major in Elementary Education with Middle Level Endorsement in the Education section of this catalog.

Total Credits  23

1 Must be in a performance organization for a minimum of two years.
Course whose number is followed by a letter fulfill a General Education requirement.
Students may not declare a B.A. in Music and a Minor in Music.
Students may not declare a B.Mus. in Applied Performance and a Minor in Music.

Additional Requirement:

1. Must fulfill recital and concert attendance requirement.

In addition to the usual music vocations, students can prepare for the following careers by combining the bachelor of arts major in music with prescribed minors in business or psychology. (Consult with the Department of Music and Theatre (https://www.bethel.edu/undergrad/academics/music-theatre/) for specific courses.)

**Music Business**
(sales, marketing, commercial composition, recording industry, arts management)

**Music Therapy**
(use of music in therapy with individuals with disabilities and others who need human services)

Total Credits  18-20

Courses whose number is followed by a letter fulfill a General Education requirement.
Natural Sciences

The four 100-level natural sciences courses are required for all elementary education majors to meet the content licensure standards for Minnesota. The courses are each seven weeks in length and include both classroom and laboratory experiences. The courses are inquiry-based and distinct from typical college science courses; the laboratory experiences are designed to build a conceptual understanding necessary for teaching science in the elementary classroom.

NAS 101D • Science Concepts -Life Science 2 Credits
Study of fundamental concepts and processes of life science. Emphasis on the means by which scientific knowledge is produced through inquiry-based activities, which are an important, active-learning component in elementary school education.
Prerequisites: Major in elementary education or special education. Special Notes: This course is a half-term course. Students may not take this course and another NAS course the same half-term. Students must complete two different NAS science concepts courses to complete the Laboratory Science (D) course requirement for general education. Offered: Fall, Spring.

NAS 102D • Science Concepts - Earth/Space Science 2 Credits
Study of fundamental concepts and processes of earth/space science. Emphasis on the means by which scientific knowledge is produced through inquiry-based activities, which are an important, active-learning component in elementary school education.
Prerequisites: Major in elementary education or special education. Special Notes: This course is a half-term course. Students may not take this course and another NAS course the same half-term. Students must complete two different NAS science concepts courses to complete the Laboratory Science (D) course requirement for general education. Offered: Fall, Interim, Spring.

NAS 103D • Science Concepts -Chemistry 2 Credits
Study of fundamental concepts and processes of chemistry. Emphasis on the means by which scientific knowledge is produced through inquiry-based activities, which are an important, active-learning component in elementary school education.
Prerequisites: Major in elementary education or special education. Special Notes: This course is a half-term course. Students may not take this course and another NAS course the same half-term. Students must complete two different NAS science concepts courses to complete the Laboratory Science (D) course requirement for general education. Offered: Fall, Interim, Spring.

NAS 104D • Science Concepts - Physics 2 Credits
Study of fundamental concepts and processes of physics. Emphasis on the means by which scientific knowledge is produced through inquiry-based activities, which are an important, active-learning component in elementary school education.
Prerequisites: Major in elementary education or special education. Special Notes: This course is a half-term course. Students may not take this course and another NAS course the same half-term. Students must complete two different NAS science concepts courses to complete the Laboratory Science (D) course requirement for general education. Offered: Fall, Interim.

NAS 300 • Exploring Applied Concepts in Science, Technology, Engineering, and Math 4 Credits
Using an integrative approach, the course focuses on the nature of science and engineering, scientific argumentation, and scientific inquiry to solve authentic problems in order to develop a greater understanding of STEM as it applies to elementary classrooms.
Prerequisites: NAS 101D; NAS 102D; NAS 103D; NAS 104D; MAT 201M; MAT 202. Special Notes: A minimum cumulative GPA of 2.75 is required for all prerequisite courses. Offered: Fall.
NAS 400 • Applied Research in Science, Technology, Engineering, and Math Design 4
Credits
Draws from prior NAS coursework to design, test, and implement a Science, Technology, Engineering, and Math (STEM) unit focusing on a local issue applicable to an elementary classroom. Culminates with a teaching experience followed by a formal presentation of the original engineering design project, demonstrating its application to elementary education.
Prerequisites: NAS 300. Offered: Spring.
Neuroscience

The neuroscience major is multidisciplinary, combining expertise across a variety of fields. It adopts an integrative approach early in the curriculum to provide students with a conceptual framework for understanding the neuroscientific implications of the biology, psychology, chemistry, mathematics, computer science, and physics courses that are required. At the upper levels, it provides in-depth lab experiences, individual research opportunities, and senior capstone courses to tie it all together and to prepare graduates to succeed in a graduate program or to enter the field in some professional capacity.

**NSC 130 • Introduction to Neuroscience 3 Credits**
An introduction to the biological basis of behavior. Focuses on two main themes: the cellular, molecular, and genetic processes that form the foundation of nervous system function and the systems-level organization of the nervous system that forms the foundation of human and animal behavior.
Corequisites: Concurrent registration in NSC 130D is required. Offered: Spring.

**NSC 130D • Intro to Neuroscience Lab 1 Credit**
Laboratory experience accompanying NSC 130.
Corequisites: Concurrent registration in NSC 130 is required. Offered: Spring.

**NSC 350 • Neuroscience Methods 3 Credits**
Principles and practice of neuroscience laboratory techniques. Laboratory and lecture experience are integrated to include introduction of histological, molecular, electrophysiological and computer-based neuroscience research. Collection of qualitative and quantitative data and data analysis.
Prerequisites: BIO 120/BIO 120D and BIO 124/BIO 124D or NSC 130/NSC 130D; PSY 230M. Corequisites: Concurrent registration in NSC 351 is required. Offered: Spring, even # years.

**NSC 351 • Neuroscience Methods Lab 1 Credit**
Lab experience accompanying NSC 350.
Corequisites: Concurrent registration in NSC 350 is required. Offered: Spring, even # years.

**NSC 358 • Neurobiology 3 Credits**
Nervous system of animals and humans from the sub cellular to organismic and behavioral levels. Includes significant attention to the senses as well as mechanisms of neuronal communication, plasticity, and memory.
Prerequisites: BIO 120/120D or two of the following: BIO 122/122D, BIO 124/BIO 124D, BIO 128/BIO 128D, NSC 130/130D. Corequisites: Registration in NSC 359 is required. Offered: Fall. Special Notes: Carries cross-credit in biology.

**NSC 359 • Neurobiology Lab 1 Credit**
Laboratory experience accompanying NSC 358.
Corequisites: Registration in NSC 358 is required. Offered: Fall. Special Notes: Carries cross-credit in biology.

**NSC 493 • Literature Review in Neuroscience 1 Credit**
Survey of contemporary and classical neuroscience literature. Journal club format in which topics of the students’ choosing are researched, discussed, and methodologies assessed. Students will evaluate a variety of neuroscience research through a written summary.
Prerequisites: major in neuroscience and Junior standing. Offered: Spring.

**NSC 496 • Neuroscience Research 1-4 Credits**
Students collect original data through independent laboratory/field research under the supervision of a neuroscience faculty member. Data are analyzed and conclusions drawn and reported.
Prerequisites: NSC 130/NSC 130D and Consent of instructor. Offered: Fall, Spring.
**B.S. in Neuroscience**

**NSC 499 • Neuroscience Seminar** 1 Credit
Readings and discussion of topics that relate neuroscience to Christian faith as well as moral, ethical, and societal issues. Topics may include psychopharmacological enhancement of attention, memory, and mood; brain implants and homo augmentus; free will, the soul, responsibility, and personhood; definition of mental health and illness.

Prerequisites: Major in neuroscience and Senior standing. Offered: Spring.

---

MAT 124M is a prerequisite for this course. This course is required if student chooses the PHY 292/PHY 296 option or the COS 105 course option.

This is a designated research course.

COS 100 or COS 205 is a prerequisite for this course.

MAT 124M is a prerequisite for this course.

BIO 104/BIO 104D, BIO 120/BIO 120D, or BIO 218 is a prerequisite for this course.

CHE 226/CHE 227 is a prerequisite for this course.

BIO 332/BIO 333 and CHE 226/CHE 227 are prerequisites for this course.

BIO 218 or BIO 120/BIO 120D is a prerequisite for this course.

BIO 218, BIO 120/BIO 120D, and BIO 122/BIO 122D are possible prerequisites for this course.

Students may test out of this course based on their performance on the Math and Computer Science department placement exam.

Courses whose number is followed by a letter fulfill a General Education requirement.
Nursing

The pre-licensure Nursing program (https://www.bethel.edu/undergrad/academics/nursing/) offers a four-year sequence leading to the bachelor of science in nursing degree. Students are prepared to practice in entry-level professional nursing positions in all types of healthcare agencies. Graduates of the program are eligible to apply to take the NCLEX® licensure examination (for registered nurses). The goals of the nursing department are:

1. To prepare nurses with skills in critical thinking, with the ability to function in both structured and unstructured professional nursing positions, and with the background necessary for advanced education.
2. To prepare students for lifelong learning with a theoretical foundation based on Judeo-Christian principles and the liberal arts and sciences.
3. To express within the nursing profession Christian values through excellence in professional practice, scholarly endeavors, and community service.

Students may enter the program in the pre-nursing sequence of courses or as transfer students on a space-available basis.

The degree completion program is open to registered nurses (RNs) as an accelerated option through the College of Adult & Professional Studies. Degrees in Master of Science in Nurse-Midwifery and Doctor of Nursing Practice are also offered through the Graduate School.

The baccalaureate degree program in nursing is approved by the Minnesota Board of Nursing and accredited by:

Admission Procedures

Students intending to complete a degree in nursing will be enrolled as pre-nursing students with the designation of PRN. Once students have met the minimum criteria for admission to nursing, submitted their application and been formally admitted to the nursing program, they will become nursing majors with the designation NUR.

NOTE: In the context of COVID-19 and the necessity to move courses online for the second half of the Spring semester 2020 and the institution of S/U grading, the Nursing Department Admissions and Progression Committee has adjusted the admissions criteria for the cohort beginning spring semester 2021 (Class of 2023). Please contact the Nursing Department for details.

Regular Admission to the Nursing Program

The following are minimum threshold requirements to be considered for admission into the nursing program. Space is limited, however, and not all qualified applicants are guaranteed admission.

1. Be admitted to Bethel University.
2. Achieve a cumulative Bethel GPA of at least 2.75.
3. Achieve a cumulative GPA of at least 2.75 in the required prerequisite science courses.
4. Earn a C or better for all prerequisite science, health, and psychology courses.
5. Submit a recent ATI TEAS (http://atitesteaprep.com/about-the-teas/) test score. Students are allowed to take the exam a maximum of two times, no sooner than two weeks apart.
   a. Pre-nursing students must achieve a score of proficient or higher in order to be admitted to the Nursing program. Submit the results to Bethel University from ATI. Students should test at a PSI site as soon as they graduate from high school, and no later than the summer before their sophomore year.
7. Demonstrate a level of personal health consistent with safe nursing practice as determined in a physical examination.
8. Provide documentation of current immunizations as required by clinical
agencies prior to beginning the nursing program.

9. Give evidence of personality, character, and emotional stability consistent with the mission of the nursing department and the role and responsibility of the professional nurse.

10. Be recommended for admission into the nursing program by two persons outside the department of nursing.

11. Have completed the required prerequisite courses, including the general education courses: Inquiry Seminar, Christianity and Western Culture (CWC) or GES 145, and a biblical or theological studies course.

12. Applicants taking prerequisite science courses at Bethel will be more competitive.

13. Students can only reapply once for admission to the nursing program.

14. Provide documentation of successful completion of a Certified Nursing Assistant/Nursing Assistant Registered Program prior to beginning the nursing program.

15. Students who submitted a Test of English as a Foreign Language (TOEFL) score as part of their application process to Bethel must have a TOEFL IBT overall score of 84 with a minimum speaking score of 26. (These scores were established by the Minnesota Board of Nursing as minimum eligibility criteria for taking the licensure examination for registered nurses.)

Application materials and procedures are available from the nursing department for students interested in the traditional baccalaureate nursing program. RN applicants may contact the College of Adult & Professional Studies.

Transfer and/or Advanced Standing

Transfer students applying for admission to the nursing program must meet the regular admission requirements in addition to the requirements below:

1. Transfer students must achieve a cumulative GPA of at least 2.85 for all college level courses prior to admission to Bethel.

2. Transfer students must attend Bethel at least one semester (12 credits minimum) prior to starting the nursing program. Students may complete nursing and/or general education pre-requisite courses during this semester.

Transfer student requirements are found in the Academic Information section of this catalog. Further details on departmental policies and procedures are described in the Pre-licensure Nursing Program Student Handbook.

The nursing department requires a score of 4 or better on the AP exams in order for the exams to be used to fulfill the science course prerequisites for the nursing program. However, the nursing department recommends students with a 4 or better take the science prerequisites, particularly BIO 120/BIO 120D and CHE 101/CHE 101D, at Bethel. Students with a score of 3 on AP science prerequisite courses will receive elective credit or receive credit toward General Education requirements.

Early/Direct Admission to the Nursing Program

Highly qualified students may apply for early admission to the Nursing Program. This means that after acceptance, but before enrolling at Bethel University, they may also be accepted into the nursing program. This option is available to a limited number of first year and transfer students entering Bethel as pre-nursing majors.

1. Freshman Early/Direct Admission

Admission is competitive, and not all qualified applicants are guaranteed admission. To be considered for early admission an applicant must:

- Be a current high school senior student
- Have an ACT combined score of 26 or more, or equivalent SAT combined score or for Fall 2021 and 2022 submit an ATI TEAS (http://atiteasprep.com/about-the-teas/) score of advanced or higher
- Be accepted to Bethel by February 1
- Be declared Pre-Nursing

The Admissions and Progression Committee will invite qualified applicants to apply. To apply, the student must write an essay and submit one reference from a high school teacher or counselor.

Students must submit a recent ATI TEAS test score. The results of the TEAS will not be used as admissions criterion, but will be used to help
determine supports that individual students may need. It is recommended students take the TEAS test the summer prior to starting at Bethel.

2. Transfer Early/Direct Admission
Early/direct transfer students are accepted into the sophomore fall semester with a planned nursing program start the following spring. Early transfer applicants must meet the regular admission requirements in addition to the requirements below:

1. Report an ACT cumulative score of 26 or higher or a TEAS exam score of advanced or higher (taken within 5 years of application). All students must submit a recent ATI TEAS test score. The results of the TEAS will not be used as admissions criterion if the ACT cumulative score is 26 or higher, but will be used to determine supports that individual students may need.
2. A cumulative GPA of 3.3 or higher.
3. Prerequisite science courses completed within the past 5 years with no courses retaken.

Early/Direct Admission and Early Admit Transfer application materials are available from the College of Arts and Sciences traditional baccalaureate nursing program.

Additional Requirements
Courses in the nursing program require students to spend substantial time in off-campus clinical settings, such as hospitals, clinics, and public health agencies. Students must furnish their own transportation to and from these clinical sites, some of which may not be conveniently reached by public transportation.

In addition, students should be aware that Minnesota state law requires that healthcare facilities complete background checks on all employees (and students); background checks include fingerprinting. If an employee (or student) has been convicted of certain crimes, he/she may not be allowed to work in such facilities. All prospective students need to be aware of this law because a student convicted of these crimes may be unable to complete the clinical requirements of the nursing program and, consequently, may not be able to graduate from the program or be eligible to practice as a registered nurse. Any questions should be addressed to:

Minnesota Department of Human Services
Division of Licensing, Background Study Unit
444 Lafayette Road
Saint Paul, MN 55155-3842

or

The Minnesota Board of Nursing
2829 University Ave. Suite 200
Minneapolis, MN 55414

Students are required to provide evidence of current health insurance as a condition of beginning the program. Information about health insurance is available through the Office of Student Life. Malpractice insurance is also required (see the Finances section of this catalog).

Program Performance Requirements
Nursing is a practice discipline, and the baccalaureate nursing education program prepares nurse generalists. All nursing students must demonstrate a wide variety of cognitive, interpersonal, and motor skills. A list of core program performance standards is available from the nursing department. The university will provide reasonable accommodations to eligible students who can demonstrate need based on a qualifying disability in accordance with the applicable law. Students seeking reasonable accommodations must request them in a timely manner in order to avoid scheduling delays. A minimum of 30 days advance notice prior to the start of a semester is required because of the complex nature of clinical and laboratory courses. Consultation related to reasonable accommodations is available through the Office of Accessibility Resources and Services.

Progression for Students
To progress in the program, the student must meet the Bethel University requirements for academic progress. In addition, a student must:

1. Earn a grade of C or better in BIO 248/BIO 249 and each nursing course. Select nursing courses require that the overall combined exam score is at least 75% in order to pass the course. This indicates satisfactory achievement of objectives and completion of course requirements. Details are provided in the syllabi for the select courses.
2. Maintain a major GPA of at least 2.75.
3. Function in a safe and ethical manner.
4. Successfully complete each prerequisite nursing course before progressing to the next sequential course.
5. Complete at least half of the credits designated as Nursing (NUR) in residence at Bethel.
6. Successfully complete all NUR400 level courses in residence at Bethel University.
7. Inform Health Services of any changes in health status that would affect performance as a nursing student.

Appeals process
Students have the right to appeal a final grade, clinical evaluation, or dismissal from the program, if resolution cannot be resolved with the faculty member most immediately involved, to the nursing department Admission and Progressions committee, as described in the Pre-licensure Nursing Program Student Handbook.

Admissions decision are final and may not be appealed. Applicants may request a review of an admissions decision by the dean of nursing.

Students who are dismissed from the nursing program will be administratively withdrawn from nursing courses in which they are registered for the next term.

NUR 202 • Nursing Skills I: Health Assessment 2 Credits
Introduction to assessment of the physical, cultural, psychosocial, and spiritual parameters in individuals and family health within the context of the nursing process.
Prerequisites: CHL 110; Acceptance into the nursing program. Corequisites: Registration in BIO 349/BIO 350 is required. Offered: Spring.

NUR 311 • Nursing Skills II 2 Credits
Development of beginning nursing skills related to caring for clients of various health/illness states. Emphasis on the intravenous medication administration and evidence-based skills linked with theoretical content in concurrent nursing course.
Prerequisites: NUR 311; NUR 313; NUR 315. Corequisites: Must be taken concurrently with NUR 314; NUR 318; NUR 322; NUR 324. Offered: Spring.

NUR 312 • Nursing Skills III 1 Credit
Development of beginning nursing skills related to caring for clients of various health/illness states. Emphasis on the intravenous medication administration and evidence-based skills linked with theoretical content in concurrent nursing course.
Prerequisites: NUR 311; NUR 313; NUR 315. Corequisites: Must be taken concurrently with NUR 314; NUR 318; NUR 322; NUR 324. Offered: Spring.

NUR 313 • Nursing Care of Individuals I 3 Credits
Analysis of nursing care relating to individuals experiencing selected acute, chronic, and/or potential health issues. Students use evidence, including clinical knowledge, as a framework for developing nursing diagnosis, interventions, and expected outcomes.
Prerequisites: BIO 349/BIO 350; CHL 110; NUR 202. Corequisites: Must be taken concurrently with NUR 311 and NUR 315. Offered: Fall.

NUR 314 • Nursing Care of Individuals II 3 Credits
Analysis of nursing care relating to individuals experiencing selected acute, chronic, and/or potential health issues. Students use evidence, including clinical knowledge, as a framework for developing nursing diagnosis, interventions, and expected outcomes. This course is a continuation of NUR 313.
Prerequisites: NUR 311; NUR 313; NUR 315. Corequisites: Must be taken concurrently with NUR 312; NUR 318; NUR 322; NUR 324. Offered: Spring.

NUR 315 • Practicum I: Medical Surgical Nursing 2 Credits
A focus on the care of individuals in various health/illness states. Students will implement the nursing process in various healthcare settings fulfilling nursing roles with a focus on critical thinking and evidence-based practice.
Prerequisites: BIO 349/BIO 350; CHL 110; NUR 202. Corequisites: Must be taken concurrently with NUR 311 and NUR 313. Offered: Fall.

NUR 318 • Chronicity: Mental Health Focus 2 Credits
Overview of chronic health issues throughout the lifespan in the context of families and communities with an emphasis on mental health issues.
Prerequisites: NUR 311; NUR 313; NUR 315. Corequisites: Must be taken concurrently with NUR 312; NUR 314; NUR 322; NUR 324. Offered: Spring.
NUR 322 • Practicum II: Medical Surgical Nursing II 3 Credits
A focus on the care of individuals in acute and chronic health/illness states. Students implement the nursing process in simulated and inpatient medical-surgical health care settings, fulfilling nursing roles with a focus on critical thinking and evidence-based practice.
Prerequisites: NUR 311; NUR 313; and NUR 315.
Corequisites: Must be taken concurrently with NUR 312; NUR 314; NUR 318; and NUR 324. Offered: Spring.

NUR 324 • Practicum III: Mental Health and Community Based Nursing 2 Credits
A focus on the care of individuals in acute and chronic health/illness states. Students implement the nursing process in mental health and community settings, fulfilling nursing roles with a focus on critical thinking and evidence-based practice.
Prerequisites: NUR 311; NUR 313; NUR 315.
Corequisites: Must be taken concurrently with NUR 312; NUR 314; NUR 318; and NUR 322. Offered: Spring.

NUR 411 • Nursing Skills IV 1 Credit
Develop nursing skills used in specialty areas of nursing with a focus on children and families. Enhance nursing informatics skills in order to improve the quality and safety of healthcare delivery.
Prerequisites: NUR 312; NUR 314; NUR 322 and NUR 324. Corequisites: Must be taken concurrently with NUR 413; NUR 417Z, NUR 419; NUR 425G. Offered: Fall.

NUR 412 • Nursing Skills V 1 Credit
Practice and demonstrate competency in complex clinical situations. Includes consideration of the scope of nursing practice in the integration of technology, skills, resource allocation, interdisciplinary collaboration, and delegation and supervision of nursing personnel.
Prerequisites: NUR 411; NUR 413; NUR 417Z; NUR 419; NUR 425GZ or NUR 425G. Corequisites: NUR 416, NUR 426; NUR 496. Offered: Spring.

NUR 413 • Practicum IV: Pediatric and Maternity Nursing 2 Credits
A focus on the nursing care of pediatric and maternity patients and families. Students use critical thinking and evidence-based practice to provide holistic nursing care in simulated, pediatric, and maternity health care settings.
Prerequisites: NUR 312; NUR 314; NUR 318; NUR 322 and NUR 324. Corequisites: Must be taken concurrently with NUR 411; NUR 417Z; NUR 419; NUR 425G. Offered: Fall.

NUR 416 • Practicum VI: Clinical Capstone 3 Credits
An emphasis on baccalaureate nursing role synthesis. Students use critical thinking, data and technology, evidence-based findings, and principles of leadership to manage complex patient problems and improve client health outcomes.
Prerequisites: NUR 411; NUR 413; NUR 417Z; NUR 419; NUR 425GZ or NUR 425G. Corequisites: Must be taken concurrently with NUR 412; NUR 426; NUR 496. Offered: Spring.

NUR 417Z • Practicum V: Public Health Nursing 2 Credits
Provision of population-based nursing care with an emphasis on diverse and underserved populations. Application of public health competencies and theories in population-based settings. Focused on the advocacy and collaborator roles within the context of service-learning.
Prerequisites: NUR 312; NUR 314; NUR 318; NUR 322 and NUR 324. Corequisites: Must be taken concurrently with NUR 411; NUR 413; NUR 419; and NUR 425G. Offered: Fall.

NUR 419 • Pediatric & Maternity Nursing 3 Credits
A focus on nursing care of pediatric and maternity patients and families. Students apply theoretical frameworks and practice considerations to holistic nursing care.
Prerequisites: NUR 312; NUR 314; NUR 322 and NUR 324; NUR 318. Corequisites: Must be taken concurrently with NUR 411; NUR 413; NUR 417Z; NUR 425G. Offered: Fall.
NUR 425G • Population Focused Nursing Care 3 Credits
Exploration of Population-focused nursing care with an emphasis on culturally diverse and underserved populations. Includes epidemiological consideration.
Prerequisites: NUR 312; NUR 314; NUR 322; NUR 324 and NUR 318; [GES 130; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 246; World Cultures (U) course].
Corequisites: Must be taken concurrently with NUR 411, NUR 413; NUR 417Z, and NUR 419. Special Notes: Course includes 1 credit of service learning. Offered: Fall.

NUR 425GZ • Population Focused Nursing Care 4 Credits
An exploration of population-focused nursing care with an emphasis on culturally diverse and underserved populations. Includes consideration of the epidemiologic process and cultural perspectives. Focuses on the advocacy roles and collaborator roles within the context of service-learning.
Prerequisites: NUR 312; NUR 314; NUR 316 or NUR 322 and NUR 324; NUR 318; [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course].
Corequisites: Must be taken concurrently with NUR 411; NUR 413; NUR 417Z; NUR 419. Offered: Fall.

NUR 426 • Leadership Development 4 Credits
Application of the leadership role in preparation to enter the professional nursing workforce. Integration of critical thinking skills and leadership, management, professional ethics, and Christian worldview frameworks.
Prerequisites: NUR 411; NUR 413; NUR 417Z; NUR 419; NUR 425GZ or NUR 425G. Corequisites: Must be taken concurrently with NUR 412; NUR 416; NUR 426. Offered: Spring.

NUR 431 • Conversations about End of Life 1 Credit
Development of advance care planning facilitation skills in the context of faith, cultural, healthcare system, and societal perspectives. A First Steps ACP Facilitator Certificate is available for students who successfully complete ACP Facilitator requirements.
Prerequisites: Senior standing in nursing or social work or Consent of instructor. Offered: Fall. Special Notes: Carries cross-credit in social work.

NUR 481 • Internship in Nursing 1 Credit
Provides clinical-based learning opportunities to encourage application of theory and research-based knowledge in clinical practice. Students engage in experiences to enhance the development of their professional nursing role.
Prerequisites: Completed junior year of nursing program and acceptance into an approved clinical internship program. Grade exceptions: Graded on an S/U basis. Offered: Summer.

NUR 496 • Senior Nursing Synthesis 1 Credit
Transition from the student role to the role of the professional nurse. Synthesizes nursing clinical concepts essential for nursing graduates to provide safe, quality care to individuals, families, and groups in a variety of clinical settings. Promotion of critical thinking development and utilizing NCLEX-RN resources to prepare for NCLEX-RN.
Prerequisites: NUR 411; NUR 413; NUR 417Z; NUR 419; NUR 425GZ or NUR 425G. Corequisites: NUR 412; NUR 416; NUR 426. Offered: Spring.

1. Achieve a cumulative GPA of 2.75 in the science prerequisite courses, before being admitted to the nursing program.
2. Earn a C or better for all prerequisite science, health, and psychology courses.
3. Humanities Students take GES 145, GES 147, and GES 244 along with the Biblical Studies Requirement.
4. A course in ethical decision making must be included within the total program. Students are encouraged to take PHI 110 Contemporary Moral Issues (included in the above required courses list).
5. The General Education total includes 10 credits of required prerequisite courses.
6. Achieve a cumulative Bethel GPA of at least 2.75.

Courses whose number is followed by a letter fulfill a General Education requirement.
Philosophy

The Philosophy program (https://www.bethel.edu/undergrad/academics/philosophy/) are devoted to providing a learning environment in which students broaden their perspectives, stretch their thinking, and learn to reason and communicate in a critical, clear, and consistent manner. Major areas of philosophical inquiry are explored with reference to both historical and contemporary thought. Together, students and faculty pursue answers to the perennial questions involved in the common search for meaning, truth, and values. Through dialogue, disciplined thinking and writing, and mutual concern and respect, an attempt is made to articulate God’s truth as it relates to these basic questions. Emphasis is placed on the integration of philosophy with other disciplines and the development of Christian perspectives.

A minor in philosophy is of special value for most disciplines in that it provides a framework for the integration of study and learning, as well as an emphasis on the basic tools of language and reasoning. Students with a major in philosophy often seek further study in theology, law, biblical studies, and history, in addition to graduate work in philosophy. Philosophy provides an excellent background for careers in the business world, government service, the legal profession, and medicine and related health fields, as well as in teaching or ministry. Not only does philosophy enhance professional credentials, it also aids students in becoming liberally educated people with a variety of interests to pursue throughout the rest of their lives.

Major in Philosophy
• B.A. in Philosophy (p. 283)

Minor in Philosophy
• Philosophy (p. 284)

PHI 110 • Contemporary Moral Issues 3 Credits
Offered: Fall, Interim, Spring.

PHI 125M • Introduction to Logic 3 Credits
A study of standard forms of deductive and inductive logical reasoning, critical thinking, and informal fallacies. Covers rules for evaluating arguments and acquaints students with ways to distinguish good arguments from bad ones, with the goal of problem solving and making reasonable decisions about beliefs and actions. 
Offered: Spring.

PHI 210L • The Modern Mind 3 Credits
Themes and movements that have shaped European and American culture in the last 200 years, drawing on significant works in philosophy, literature, and art. Reflection on the personal and cultural meanings of living in the modern age. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall.

PHI 220L • Philosophies of Race and Gender in America 3 Credits
Investigates the impact of theories of race and gender on life and thought in contemporary America. Analyzes the philosophical concepts and arguments underlying the historical development of these theories. Critically evaluates the philosophical commitments inherent in the moral and religious language used in discussions of race and gender in America. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall.

PHI 223L • Introduction to Gender Studies 3 Credits
Provides a philosophical grounding in the field of Gender Studies. Introduces a broad spectrum of theories and ideas about gender, and explores key debates within the field. Examines how theories of gender emerge as well as shape and influence individual lives and social contexts in America and beyond. 
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Spring.
PHI 228L • Philosophies of Love and Sex 3 Credits
Examines different perspectives on the nature of love and sexuality. Defines and distinguishes features associated with different types of love and sexuality. Explores norms concerning both, and critically examines their role in contemporary American society.
Prerequisites: GES 130 and GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally spring.

PHI 230U • Medieval Islamic Philosophy 3 Credits
From 800-1200 A.D., Arabic civilization was the world’s center of intellectual, cultural, and economic developments. A study of the philosophical and theological thought developed in the Arabic world during the medieval period, and its influence on later intellectual traditions, including the Western Christian tradition.
Prerequisites: GES 130 (may be taken concurrently) or GES 244. Offered: Spring.

PHI 236UZ • Medieval Worlds: Cultures and Beliefs in North Africa and Europe 3 Credits
On-site investigation of medieval North Africa and Europe. Studies the impact and legacy of Islamic culture, politics, philosophy, and religious thinking, particularly how Christians, Jews, and Muslims interacted. Themes include the legacy of Islamic philosophical thought, the development of medieval Christianity, and the impact of religious ideology on political conflicts.
Prerequisites: GES 130 or GES 244. Offered: Occasionally interim. Special Notes: Carries cross-credit with history.

PHI 251 • History of Philosophy I 3 Credits
Development of Western philosophy from its origin with the ancient Greeks to the time of the Renaissance, emphasizing the works of Plato, Aristotle, Augustine, and Thomas Aquinas.
Prerequisites: One philosophy course. Offered: Fall.

PHI 252 • History of Philosophy II 3 Credits
Philosophical traditions beginning with the rise of modern science, including the Continental rationalists, British empiricists, Kant, and Hegel, and tracing 19th century reactions to idealism and subsequent developments in Continental and Anglo-American philosophy in the 20th century.
Prerequisites: One philosophy course. Offered: Spring.

PHI 305G • Philosophy of Religion 3 Credits
Study of issues central to religious belief. Explores different approaches to the relation of faith and reason, the sources of religious knowledge, the nature of God, the problem of evil, religious diversity, and the afterlife.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring.

PHI 310 • Aesthetics 3 Credits
Problems and perspectives concerning the nature of art and aesthetic experience. Questions such as “What is art?” “What is good art?” and “What good is art?” in the context of the visual arts, music, literature, and film. The relationships among aesthetic, moral, and religious values are explored.
Prerequisites: GES 125. Offered: Fall.

PHI 315 • Kierkegaard and Existentialism 3 Credits
Meaning and influence of the works of Kierkegaard. Topics may include Kierkegaard’s philosophical style, his views on the nature of the self and authentic existence, freedom and despair, religious faith, social criticism, and the elaboration of these themes by other existentialists. Readings from Kierkegaard’s works and those of later existentialists.
Prerequisites: One philosophy course. Offered: Fall.

PHI 316 • Consciousness: Psychology and Philosophy in Dialogue 3 Credits
A team-taught investigation of ancient, medieval, and modern philosophies of consciousness and the historical roots of contemporary psychology. Shows how philosophical and psychological theories of consciousness transcend disciplinary boundaries. Focuses on interaction between philosophy and psychology, emphasizing the origins of cognitive science in philosophy of mind and consciousness.
Prerequisites: PSY 100 or One philosophy course. Offered: Occasionally. Special Notes: Carries cross-credit in psychology.
PHI 320 • Ethics: Theory and Practice 3 Credits
An advanced study of principle ethical theories and their application to relevant problems concerning the individual and society. Readings in classical and contemporary sources focus on questions such as the nature of justice, the common good, and the moral responsibilities of citizens.
Prerequisites: Two philosophy courses or Consent of instructor. Offered: Spring.

PHI 335K • Environmental Ethics 3 Credits
Examines the intersection of science, society, and technology as it pertains to issues in environmental ethics. Moves from theory—considering science, society, and technology philosophically—to application by concluding with a major research project on an applied issue in environmental ethics involving scientific data and technological choice.
Prerequisites: Laboratory Science (D) Course and Mathematics (M) course. Offered: Fall, Interim. Special Notes: Carries cross-credit in environmental studies.

PHI 345 • Modern Political Thought 3 Credits
In-depth examination of selected political thinkers such as Locke, Rousseau, Mill, Nietzsche, Kuyper, Rawls, and Taylor. Concentrates on primary sources.
Prerequisites: One course in political science, philosophy, Western history, or Consent of instructor. Offered: Fall, even # years. Special Notes: Carries cross-credit in political science.

PHI 360 • Classics in Western Political Philosophy 3 Credits
In-depth examination of selected political thinkers such as Plato, Aristotle, Cicero, Marcus Aurelius, Augustine, Thomas Aquinas, Machiavelli, and Hobbes. Concentrates on primary sources.
Prerequisites: One course in political science, philosophy, or history and Junior standing. Offered: Fall, odd # year. Special Notes: Carries cross-credit in political science and history.

PHI 390 • Knowledge and Reality 3 Credits
An advanced study of topics such as the nature and meaning of knowledge, the foundations and limits of knowledge and belief, and the nature of reality. Traditional and contemporary perspectives will be considered.
Prerequisites: Two courses in philosophy. Offered: Spring.

PHI 491 • Applied Humanities Seminar 4 Credits
An interdisciplinary, experiential capstone course in which students draw on their studies in history, philosophy, political science, or the digital humanities in order to study a major challenge in contemporary society, analyzing causes, effects, and existing responses, and then work together to propose new responses to it.
Prerequisites: Senior standing and Major in one of the following programs: history, philosophy, political science, digital humanities, international relations, business political science, or social studies education 5-12. TR; Fall, Spring.

Students may not declare a B.A. in Philosophy and a Minor in Philosophy.

A philosophy minor can complement nearly any major at Bethel. For recommendations about electives that would pair well with a particular major, please contact a faculty member from the Philosophy department.
Physics

A major in physics provides a solid basis for almost any scientific, engineering, or technically oriented career. Students study the fundamental laws of nature and develop an understanding of how they can be applied towards solving our most challenging problems. Therefore, the Department of Physics and Engineering (https://www.bethel.edu/undergrad/academics/physics/) seeks to prepare students in a liberal arts setting for careers in physics, engineering, and related fields. Many students with a physics or applied physics major begin working in industry as engineers, but a major in physics or applied physics is also excellent preparation for graduate studies in physics or engineering and leads to careers in research and development, academia, or national and government labs. The department is also committed to making physics a significant component of the liberal arts experience for other Bethel students. A physics minor is available to students majoring in any other field.

Advanced Placement: The Physics and Engineering Department (https://www.bethel.edu/undergrad/academics/physics/) requires a score of 4 or better on the AP exam in order for the exam to be used to fulfill course requirements in the majors it offers. Students with a score of 3 will receive elective credit or credit toward General Education requirements. Students should consult the department chair with questions about AP exams and requirements for majors.

Majors in Physics

• B.A. in Physics (p. 288)
• B.S. in Applied Physics (p. 289)
• B.S. in Physics (p. 291)

Minor in Physics

• Physics (p. 292)

PHY 102 • Physics of Everyday Life 3 Credits
Explores how physics concepts can be used to understand everyday phenomena in the world around us. Topics include mechanics, waves (including sound and light), thermodynamics, and atomic and nuclear physics. Lecture demonstrations and laboratories stress a clear understanding of observed phenomena. Corequisites: Concurrent registration in PHY 102D is required. Offered: Interim.

PHY 102D • Physics of Everyday Life-Lab 1 Credit
Laboratory experience accompanying PHY 102. Corequisites: Concurrent registration in PHY 102 is required. Offered: Interim.

PHY 112 • Introduction to Astronomy 3 Credits
The concepts, techniques, and tools of astronomy and astrophysics for nonscience students. Includes historical overview; identification of constellations; telescopes; the nature of light, atomic spectra, and structure; the nuclear physics of stars; the life cycle of stars; and current theories of the fate of the universe. Corequisites: Concurrent registration in PHY 112D is required. Offered: Fall.

PHY 112D • Introduction to Astronomy Lab 1 Credit
Laboratory experience accompanying PHY 112. Includes optics, atomic spectra, and observations with simple instruments and telescopes. Corequisites: Concurrent registration in PHY 112 is required. Offered: Fall.

PHY 202 • Introductory Physics I 3 Credits
Mechanics, thermal properties of matter and mechanical waves. Prerequisites: MAT 123M, MAT 124M, or solid understanding and competency in high school mathematics as demonstrated by at least one of the following: a Math ACT score of at least 23, 519 on the Math portion of the SAT, a Math Placement Test score of at least 3. Corequisites: Concurrent registration in PHY 202D is required. Offered: Fall.

PHY 202D • Introductory Physics I Lab 1 Credit
Laboratory experience accompanying PHY 202. Corequisites: Concurrent registration in PHY 202 is required. Offered: Fall.

PHY 206 • Introductory Physics II 3 Credits
Electricity and magnetism, sound waves, optical phenomena, and modern physics. Prerequisites: PHY 202/PHY 202D. Corequisites: Concurrent registration in PHY 207 is required. Offered: Spring.
PHY 207 • Introductory Physics II Lab 1 Credit
Laboratory experience accompanying PHY 206. Corequisites: Concurrent registration in PHY 206 is required. Offered: Spring.

PHY 260 • Careers in Engineering and Physics Seminar 1 Credit
Developing careers in high-technology fields such as engineering and physics. Explores the wide variety of specific careers possible through video, lecture, tours, and guest speakers. Develops practical professional skills such as writing resumes and cover letters, accumulating connections and experience, and techniques for interviewing. Prerequisites: PHY 296/PHY 297. Offered: Fall. Special Notes: Carries cross-credit in engineering.

PHY 292 • General Physics I 3 Credits
Kinematics, mechanics, oscillations, fluids, and conservation principles. Prerequisites: MAT 124M (may be taken concurrently). Corequisites: Concurrent registration in PHY 292D is required. Offered: Fall.

PHY 292D • General Physics I Lab 1 Credit
Laboratory experience accompanying PHY 292. Corequisites: Concurrent registration in PHY 292D is required. Offered: Fall.

PHY 296 • General Physics II 3 Credits
Electricity, magnetism, thermodynamics, sound waves, and optics. Prerequisites: PHY 292/PHY 292D (with a grade of C or better); MAT 125 (may be taken concurrently). Corequisites: Concurrent registration in PHY 297 is required. Offered: Spring.

PHY 297 • General Physics II Lab 1 Credit
Laboratory experience accompanying PHY 296. Corequisites: Concurrent registration in PHY 296 is required. Offered: Spring.

PHY 302 • Electronics 3 Credits
Fundamentals of digital and analog electronics intended for scientists and engineers. Prerequisites: PHY 296/PHY 297 with C grade or higher and MAT 125 or Consent of instructor. Corequisites: Concurrent registration in PHY 303 is required. Offered: Fall.

PHY 303 • Electronics Lab 1 Credit
Laboratory experience accompanying PHY 302. Extensive laboratory exercises and a choice of projects provide hands-on experience with circuits using transistors, operational amplifiers, logic gates, flip-flops, and other devices. Prerequisites: PHY 296/297 with C grade or higher and MAT 125 or Consent of instructor. Corequisites: Concurrent registration in PHY 302 is required. Offered: Fall.

PHY 312 • Modern Physics 3 Credits
Relativity, quantum theory, introductory wave mechanics, nuclear processes, elementary particles, and cosmology. Prerequisites: PHY 296/PHY 297 with C grade or higher and MAT 223. Corequisites: Concurrent registration in PHY 313 is required. Offered: Spring.

PHY 313 • Modern Physics Lab 1 Credit
Atomic and nuclear laboratory experiments accompanying PHY 312. Corequisites: Concurrent registration in PHY 312 is required. Offered: Spring.

PHY 320 • Mathematical Methods in Physics and Engineering 4 Credits
Development of skill in mathematical techniques useful in the solution of physics and engineering problems. Included are vector analysis; line and surface integrals; Fourier analysis; partial differential equations; and probability and statistics. Prerequisites: MAT 222 or MAT 224 (may be taken concurrently) and MAT 223. Offered: Fall. Special Notes: Carries cross-credit in engineering.

PHY 332 • Optics 3 Credits
Principles of geometrical and physical optics. Prerequisites: PHY 312/PHY 313 and MAT 223. Corequisites: Concurrent registration in PHY 333 is required. Offered: Spring, even # years.

PHY 333 • Optics Lab 1 Credit
Laboratory experience accompanying PHY 332 emphasizing physical optics measurements, laser technology, and holography. Corequisites: Concurrent registration in PHY 332 is required. Offered: Spring, even # years.
PHY 336 • Signals and Systems 4 Credits
Continuous- and discrete-time signals and systems. Topics include: definitions and properties of signals and systems, convolution, solution of differential and difference equations. Laplace and Z transforms, and Fourier analysis. Emphasis is on applications to signal processing, communication, and control systems.
Prerequisites: MAT 222 or MAT 224; PHY 302/PHY 303; ENR/PHY 352/353. Offered: Fall, even # years. Special Notes: This course carries cross-credit with engineering.

PHY 340 • Mechanics 4 Credits
Particle and rigid body dynamics, conservative and nonconservative forces, central forces, accelerated coordinate systems, and Lagrange's equations of motion.
Prerequisites: PHY 296/PHY 297 with C grade or higher; MAT 223. Offered: Fall.

PHY 352 • Computer Methods in Physics and Engineering 3 Credits
Application of the computer to solving applied problems of interest to physicists and engineers. Computer techniques are developed for numerical methods, simulation models, and data acquisition and control in the laboratory.
Prerequisites: MAT 223; PHY 296/PHY 297 and PHY 302/PHY 303 with C grade or higher; Consent of instructor. Corequisites: Concurrent registration in PHY 353 is required. Offered: Spring. Special Notes: Carries cross-credit in engineering.

PHY 353 • Computer Methods in Physics and Engineering Lab 1 Credit
Laboratory experience accompanying PHY 352. Corequisites: Concurrent registration in PHY 352 is required. Offered: Spring. Special Notes: Carries cross-credit in engineering.

PHY 365 • Physics Research Seminar 1 Credit
An introduction to research in physics and the development of scientific writing skills. Emphasis placed on preparing for departmental research experiences such as PHY 490 and external research experiences such as those found in industry, summer fellowship programs, and graduate schools.
Prerequisites: PHY 260; PHY 312/PHY 313; Junior standing; A major in the Physics and Engineering department. Offered: Spring.

PHY 400 • Electricity and Magnetism 4 Credits
Electrostatics and magnetostatics, electric and magnetic fields in free space and in materials, electromagnetic waves, and transmission lines.
Prerequisites: PHY 296/PHY 297 with C grade or higher; MAT 222 or MAT 224; MAT 223. Offered: Fall, odd # years.

PHY 410 • Thermodynamics 4 Credits
Laws of thermodynamics, conditions for thermodynamic equilibrium, and fundamentals of statistical mechanics.
Prerequisites: PHY 296/PHY 297 with C grade or higher and MAT 223. Offered: Spring, odd # years. Special Notes: PHY 312/PHY 313 is strongly recommended as a prerequisite.

PHY 422 • Fluid Mechanics 3 Credits
Laws of statics, kinematics, and dynamics applied to fluid mechanics. Integral and differential conservation laws for mass, momentum, and energy. Dimensional analysis, viscous pipe flow, boundary layers, separated flows, and potential flow.
Prerequisites: PHY 296/PHY 297 with C grade or higher and MAT 223. Corequisites: Concurrent registration in PHY 423 is required. Offered: Fall. Special Notes: Carries cross-credit in engineering.

PHY 423 • Fluid Mechanics Lab 1 Credit
Laboratory experience accompanying PHY 422. Corequisites: Concurrent registration in PHY 422 required. Offered: Fall. Special Notes: Carries cross-credit in engineering.

PHY 424 • Electronic Materials and Devices 3 Credits
Theory and application of condensed matter and materials. Physical origin of electrical, optical, mechanical, thermal, and magnetic properties. Emphasis on devices such as pn junction diodes, LEDs, piezoelectrics, and sensors. An accompanying lab explores characterization of materials and the design, fabrication, and testing of devices.
Prerequisites: PHY 302/PHY 303 or PHY 312/PHY 313. Corequisites: Concurrent registration in PHY 425 is required. Offered: Fall, even # years. Special Notes: Carries cross-credit in engineering.

PHY 425 • Electronic Materials and Devices Laboratory 1 Credit
Laboratory component of PHY 424. Corequisites: Concurrent registration in PHY 424 required. Offered: Fall, even # years. Special Notes: Carries cross-credit in engineering.
PHY 432 • Topics in Contemporary Optics
3 Credits
Fourier optics, theory of coherence, quantum optics, nonlinear optics, and the physics of lasers.
Prerequisites: PHY 312/PHY 313 and MAT 223. Concurrent registration in PHY 433 is required. Offered: Spring, odd # years.

PHY 433 • Topics in Contemporary Optics Lab
1 Credit
Laboratory experience accompanying PHY 432. Corequisites: Concurrent registration in PHY 432 is required. Offered: Spring, odd # years.

PHY 440 • Quantum Mechanics
4 Credits
Concepts and techniques of quantum mechanics. Prerequisites: PHY 312/PHY 313; MAT 222 or MAT 224; MAT 223. Offered: Fall, even # years.

PHY 450 • Topics in Physics and Engineering
3-4 Credits
Topics selected from various fields of engineering and physics for the purpose of illustrating the practical application of physical principles. Emphasis on developing the skills and viewpoints commonly used by engineers and industrial physicists. The field of engineering or physics is announced prior to registration. Prerequisites: Related courses as specified. Repeatable course: Course may be repeated when a different topic is emphasized. Special Notes: Carries cross-credit in engineering. Offered: Occasionally.

PHY 481 • Internship in Physics
1-4 Credits
A practical experience in an off-campus professional setting in which the student applies the skills and perspectives of a physicist. Designed by student in consultation with a faculty member. Prerequisites: Major in applied physics or physics and Junior or senior standing. Offered: Fall, Spring.

PHY 490 • Research
3 Credits
An opportunity for individual student projects under the supervision of the faculty. Prerequisites: Senior standing; PHY 365; Major in Physics and Engineering department. Offered: Fall, Spring.

**Total Credits** 20

1. MAT 223 and PHY 296/PHY 297 are prerequisites for this course.
2. MAT 223 is a prerequisite for this course.
3. MAT 223 and PHY 296/PHY 297 are prerequisites for this course.
4. MAT 123M, MAT 124M, or a placement exam is prerequisite for PHY 202/PHY 202D.
5. MAT 124M is a prerequisite for PHY 292/PHY 292D. MAT 125 is a prerequisite for PHY 296/PHY 297.
6. MAT 125 is a prerequisite for this course.

Students may not declare a B.A. in Physics and a Minor in Physics.
Students may not declare a B.S. in Applied Physics and a Minor in Physics.
Students may not declare a B.S. in Physics and a Minor in Physics.

Courses whose number is followed by a letter fulfill a General Education requirement.
Political Science

Political Science (https://www.bethel.edu/undergrad/academics/political-science/) is the study of power, justice, liberty, and order, whether locally, nationally, or internationally. How can we best organize our common life together? What systems allow us to flourish? Americans are still working out the answers to such questions, whether in terms of the president's latest foreign policy, a decision by the local board of education to close a neighborhood school, efforts to alleviate world hunger, or the deeper questions of political philosophy.

Political science courses are concerned with such topics as Christian political values; the place of the individual in relation to larger organizations; the ways governments make and administer policies; comparative government, foreign policy, and international relations; and contemporary political ideologies.

The Political Science programs offer three majors and one minor. The Political Science major equips students to answer the questions above. Business and Political Science adds the tools of economics and the business world. International Relations adds a multidisciplinary focus on the international system. Our Political Science minor complements other majors throughout the university.

The aim throughout is to enable students to function more effectively within the complexities of the modern world by providing a broad competence in terms of knowledge and how to use it, and by giving careful attention to the spiritual values implicit in most political choices. Political science courses stress developing the operational, analytic, and imaginative skills required for success in virtually all areas of modern society, including business, law, government, education, and ministry, and for responsible Christian citizenship in today's world.

Special Study Opportunities
All students are strongly encouraged to take advantage of at least one special study opportunity as part of their major or minor, such as:

- American Studies Program in Washington, D.C.
- Latin American Studies Program

- Spain Term
- Other off-campus study opportunities (interim, fall or spring semester, or full year)
- Internships (Minnesota State Legislature, local government, political campaigns, or interest groups)

Majors in Political Science

- B.A. in Business and Political Science (p. 299)
- B.A. in International Relations (p. 300)
- B.A. in Political Science (p. 302)

Minor in Political Science

- Political Science (p. 303)

ANT 200U • Introduction to Anthropology 3 Credits
Study of humankind with an emphasis on human social and cultural systems. Focus on one non-Western culture in anthropological perspective. Study of the discipline, methods, and theories of anthropology.
Prerequisites: GES 130 or GES 244 (may be taken concurrently). Offered: Fall.

POS 100 • American Politics and Government 3 Credits
Structure and workings of major parts of the United States national government, such as the Constitution, the presidency, Congress, the courts, the electoral process, and others. How these institutions help Americans deal with significant current issues.
Offered: Fall, Spring.

POS 202U • Introduction to International Relations 3 Credits
How governments interact to further their different political, military, and economic interests; basic factors affecting international cooperation and conflict; topics such as summit meetings, terrorism, arms control, and food and energy resources distribution; one or more international crisis simulation exercises.
Prerequisites: Second-semester freshman standing or higher; GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall, Spring.
POS 205 • Introduction to Comparative Politics 3 Credits
An introduction to the subfield of Comparative Politics with special emphasis on the nature, history, and development of political regimes. Systems to be covered include Western democracies, communist and post-communist states, military dictatorships, and politically developing states.
Offered: Fall.

POS 211 • The Political Quest 3 Credits
Major problems of politics and international relations, such as the proper goals of political life, the nature of justice, and the role of the state. Methods of inquiry. Development of the student's personal political stance and its relation to his or her maturing faith.
Prerequisites: One political science course. Offered: Fall, odd # years, Spring.

POS 216L • American Constitutional History 3 Credits
Examination of the origins and development of American constitutional ideas and institutions from the colonial period to the present. Particular attention paid to the historical connections between major constitutional cases and broader social, political, economic, and cultural trends.
Prerequisites: GES 130; GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Interim or Spring. Special Notes: Carries cross-credit in history.

POS 219L • Public Leadership 3 Credits
Principles of public leadership and challenges for leaders to meet in the modern age; American experiences with leaders in various roles.
Prerequisites: GES 130; GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally.

POS 221L • American Political Ideologies 3 Credits
Prerequisites: GES 130; GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally interim, Spring.

POS 230L • Politics and Religion in the United States 3 Credits
Examines the historical and contemporary relationship between religion and politics in the United States. Divisions and political affiliations of various religious communities are considered alongside discussion of secularism, pluralism, and civil religion in America.
Prerequisites: [GES 130; GES 160] or GES 244 (may be taken concurrently). Offered: Interim, Occasionally spring. Special Notes: Carries cross-credit in religious studies.

POS 241L • Revolution and Political Development 3 Credits
Theory and process of modernization, with special emphasis on the Anglo-American historical experience; examinations of U.S. efforts to promote democracy internationally in Europe, Asia, and the Middle East since World War II.
Prerequisites: GES 130; GES 160 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Occasionally interim. Special Notes: Carries cross-credit in history.

POS 250 • Political Science Practicum 1 Credit
In consultation with the Political Science department, students select an off campus program of academic study. Students create a presentation to share their experiences in a colloquium with other international relations, political science, and business and political science majors. Integrates off campus experiences with curricular learning experiences.
Prerequisites: One POS course; Consent of the Political Science department; Major in international relations, business and political sciences, or political science, or minor in political science. Special Notes: Graded on an S/U basis. Offered: Fall, Spring.

POS 252L • History and Politics of Sports 3 Credits
The history of sports in the modern era, with particular attention paid to sports’ connections to international politics and public policy and to sports as a mirror for the history of race, gender, education, business, labor, and religion in the United States.
Prerequisites: GES 130 and GES 160 or GES 244. Offered: Spring, even # years. Special Notes: This course carries cross-credit in history.
POS 304 • Political Parties 3 Credits
Examines the role of political parties and elections in democratic political systems, focusing on the electoral process, political parties, and citizen participation. Uses the American case as the first large-scale democratic system to examine a number of other electoral systems from the developed and developing worlds.
Prerequisites: Sophomores with consent of instructor. Offered: Fall, even # years. Special Notes: POS 100 is a recommended prerequisite.

POS 305G • The Cold War 3 Credits
The Cold War as an event in international history, studied from the perspective of the United States, the Soviet Union, China, Europe, and the Third World. Introduces students to ongoing historical debates and to the sources historians use in those debates (including declassified documents available online).
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring, odd # years. Special Notes: POS 202U is a recommended prerequisite.

POS 306 • Public Administration 3 Credits
How public policy is put into effect through the administrative agencies of government and the problems in management of such agencies and their relations with the public.
Prerequisites: Sophomore standing. Offered: Spring. Special Notes: Carries cross-credit in business. POS 100 is a recommended prerequisite.

POS 310 • American Foreign Relations 3 Credits
Development of United States foreign policy since the Nixon administration, with particular attention paid to contemporary issues, long-range historical trends, and the ways in which foreign policy is formulated and carried out.
Prerequisites: Sophomore standing with consent of instructor. Offered: Fall, even # years. Special Notes: POS 100 and POS 202U are recommended prerequisites.

POS 313G • Globalization and International Institutions 3 Credits
Examination of the processes, institutions, relationships, and dynamic trends in the international system. Attention is given to the creation or maintenance of international economic systems and international organizations as they address emerging or enduring problems of world politics. Key international institutions.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring, even # years. Special Notes: POS 202U is a recommended prerequisite.

POS 315 • The Politics of Terrorism and Counterterrorism 3 Credits
Analyzes terror and terrorism both historically and contemporaneously through study of the political psychology of terrorists and terrorist groups, the tactics of terror, and the complex relationship between terror and states. Special attention paid to the motivations for terror and the effect of religion on terrorism as a political strategy.
Prerequisites: POS 202U. Offered: Spring, odd # years.

POS 317 • Political Psychology 3 Credits
Political psychology is concerned with the causes, dynamics, and consequences of human thinking and action in the context of politics. This field survey covers the psychology of decision making, political attitude formation, public opinion, personality and emotions, intergroup relations, ideology, and the role of mass media in politics.
Prerequisites: One political science course. Offered: Fall, odd # years. Special Notes: Carries cross-credit in psychology.

POS 321 • Contemporary Democracies 3 Credits
The meaning of democracy in theory and practice throughout history and in the modern political systems of Great Britain, Japan, and Mexico. Independent research in other democratic systems.
Offered: Spring, odd # years. Special Notes: POS 100 or POS 211 are recommended prerequisites.
POS 324G • Human Rights in International History 3 Credits
International and comparative exploration of how human rights have been defined, violated, and protected. Historical topics (e.g., abolition of the slave trade, social reform and Christian missions, genocides of the 20th century) as well as contemporary issues. Includes a service-learning project.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Special Notes: Carries cross-credit in history. Offered: Fall, odd # years, Spring.

POS 325 • Political Communication 3 Credits
Analysis of the theoretical background behind political communication from a public speaking and media perspective. Attention to decision-making skills required in political campaigns. Discussion of advanced persuasive campaign theory.
Prerequisites: COM 110, POS 100, or Consent of instructor. Offered: Occasionally interim. Special Notes: Carries cross-credit in communication studies.

POS 329 • African Politics 3 Credits
Consideration of political development in Africa from the pre-colonial era through the present, focusing on changes in political regimes through time, the nature of economic struggles, and sources of violent conflict.
Offered: Spring, even # years. Special Notes: Carries cross-credit in history, POS 202U and POS 205 are recommended prerequisites.

POS 340 • American Political Institutions 3 Credits
Examination of the U.S. Congress, Supreme Court, and presidency, with attention to the effects of institutions on the democratic and policy processes. Consideration of political science research on political institutions and contemporary issues facing them.
Prerequisites: POS 100 or Consent of instructor. Offered: Spring, odd # years.

POS 342 • American Public Policy 3 Credits
Examination of public policy—the result of government action—through consideration of the policy process, policy design, and current status of American public policy. Special attention devoted to social policy with student investigation and research in public policy.
Prerequisites: POS 100 or Consent of instructor. Offered: Spring, even # years.

POS 345 • Modern Political Thought 3 Credits
In-depth examination of selected political thinkers such as Locke, Rousseau, Mill, Nietzsche, Kuyper, Rawls, and Taylor. Concentrates on primary sources.
Prerequisites: One course in political science, philosophy, Western history, or Consent of instructor. Offered: Fall, even # years. Special Notes: Carries cross credit in philosophy.

POS 356 • Modern Middle East 4 Credits
Political, social, religious, economic, and cultural history of the Middle East since 1800. Particular attention is paid to colonialism, globalization, war, gender roles, revolution, and reform. Controversies such as the Arab/Israeli conflict, the Islamic Revolution in Iran, Saddam Hussein’s Iraq, and the U.S. war on terror are discussed.
Prerequisites: Sophomore standing. Offered: Fall. Special Notes: Carries cross-credit in history.

POS 360 • Classics in Western Political Philosophy 3 Credits
In-depth examination of selected political thinkers such as Plato, Aristotle, Cicero, Marcus Aurelius, Augustine, Thomas Aquinas, Machiavelli, and Hobbes. Concentrates on primary sources.
Prerequisites: One course in political science, philosophy, or history. Offered: Fall, odd # years. Special Notes: Carries cross-credit in philosophy and history.

POS 410 • Topics in Political Science 3 Credits
Intensive study of a specialized topic in political science. The topic to be studied and the subfield of the course are announced prior to the relevant registration period.
Prerequisites: Junior standing and Two courses in political science. Repeatable course: Students may repeat the course for credit provided a different topic is covered. Offered: Occasionally.

POS 481 • Internship in Political Science 1-4 Credits
An off-campus working experience in a government agency or political organization under appropriate supervision. Placement is individually arranged with the Political Science department.
Prerequisites: Consent of department chairperson. Offered: Fall, Spring.
POS 491 • Applied Humanities Seminar 4 Credits
An interdisciplinary, experiential capstone course in which students draw on their studies in history, philosophy, political science, or the digital humanities in order to study a major challenge in contemporary society, analyzing causes, effects, and existing responses, and then work together to propose new responses to it.
Prerequisites: Senior standing and Major in one of the following programs: history, philosophy, political science, digital humanities, international relations, business political science, or social studies education 5-12. TR; Fall, Spring.

POS 499 • Senior Seminar 4 Credits
Advanced research and analysis in selected problems and value questions in political science.
Prerequisites: POS 211 and Senior standing or Consent of instructor. Offered: Fall, Spring.

SOC 101 • Introduction to Sociology 3 Credits
Major concepts, theories, methodologies, findings, controversies, and history of sociology. Contributions of sociology to Christian life and thought.
Offered: Fall, Spring.

SOC 240 • Socioeconomic & Justice Issues in Market Economies 3 Credits
Equips students with knowledge and skills for understanding and critically evaluating how market economies operate, their broad socioeconomic consequences, and their impact on the lives of socially disadvantaged people.
Offered: Spring. Special Notes: Carries cross-credit in social work.

SOC 315 • Social Responsibility in the Marketplace 3 Credits
Explores the reciprocal relationship between businesses and society from a multi-disciplinary perspective. Examines contrasting ethical arguments in historical contexts about the role of business in society. Discusses how healthy relationships can be promoted between business and society for the benefit of both.
Prerequisites: [GES 130; World Cultures (U) course] or [GES 246; World Cultures (U) course].
Offered: Fall. Special Notes: Carries cross-credit in reconciliation studies.
# B.A. in Business and Political Science

The Business and Political Science major is designed for students who wish to combine substantial work in the fields of business and political science with additional supporting courses in economics and mathematics.

Pre-Law

Students planning to attend law school after graduation should seek a broad liberal arts education. Law schools do not recommend any specific pre-law curriculum and accept students from many majors. The Law School Admission Test (LSAT), which is an essential gateway to legal education, examines students’ abilities in reading comprehension as well as logical and analytical reasoning. Thus, it is most important that students develop their thinking, writing, and speaking skills through a variety of courses and experiences, and gain a critical understanding of human behavior, institutions, and values.

Students should discuss their interest in the law with their academic advisor and the pre-law advisor early in their academic careers to create a program that best fits the student’s interests and helps to prepare the student for admission to and success in law school. The following courses may be especially helpful for students considering careers in the law, though they are not required for admission to law school.

¹ BUS 100M, BUS 130, or MAT 124M are prerequisites for this course.
Psychology

Psychology can be defined as the scientific study of behavior and mental processes. The courses in the Psychology Department (https://www.bethel.edu/undergrad/academics/psychology/) are designed to acquaint students with psychological theory and the findings of psychological researchers; familiarize students with the terminology and principles of cognition and behavior; provide education in the techniques of psychological investigation with an emphasis on empirical research; study ways in which psychological principles apply to practical situations; and relate the findings of psychology to Christian faith. Psychology department courses interface with numerous other Bethel majors, including biology, business, nursing, biokinetcs, philosophy, and many others. The Psychology Department also works with the Biological Sciences Department in running the neuroscience major. A Master of Arts in Counseling is offered through the graduate school. An Addiction Studies certificate can be obtained through dual enrollment with the College of Adult and Professional Studies.

The required senior capstone options provide an opportunity for students to gain hands-on experience, either with a 135 hour internship or independent research supervised by a faculty member. The seminar portion of the capstone provides more intensive time to interact with faith/psychology integration issues. The senior capstone experiences helps students to refine career goals and graduate study plans as well as offer opportunities to integrate classroom learning with experience.

Major in Psychology

- B.A. in Psychology (p. 308)
- B.S. in Neuroscience (p. 270)

Minor in Psychology

- Psychology (p. 310)

PSY 100 • Introduction to Psychology 3 Credits
Methods, theories, and principal findings of psychological investigation. 
*Offered: Fall, Spring.*

PSY 203 • Lifespan Development 3 Credits
Physical, cognitive, emotional, social, moral, and spiritual development from conception to death. Includes a consistent focus on individual differences. 
*Prerequisites: PSY 100. Offered: Fall, Spring. Special Notes: Students may not receive credit for PSY 203 and PSY 206.*

PSY 206 • Child and Adolescent Development 3 Credits
Interacting processes of physical, cognitive, social, emotional, moral, and spiritual development from conception through adolescence. Includes observations of children. 
*Prerequisites: PSY 100. Offered: Fall. Special Notes: Students may not receive credit for both PSY 206 and PSY 203.*

PSY 211 • Adult Development and Aging 3 Credits
Interacting processes of physical, cognitive, social, emotional, moral, and spiritual development and change from early adulthood until death. 
*Prerequisites: PSY 100. Offered: Spring.*

PSY 215 • Social Psychology 3 Credits
Behavior and experience of individuals and groups in relation to other individuals and groups. Theory, method, and findings in areas such as conformity, persuasion, social cognition, attraction, altruism, aggression, prejudice, group behavior, and applied topics. 
*Prerequisites: PSY 100. Offered: Fall, Spring.*

PSY 230M • Introduction to Statistical Methods and Experimental Design 4 Credits
Descriptive, correlational, and inferential statistics, plus experimental design. Parametric and nonparametric statistical techniques are taught with emphasis on designing and conducting two-group experiments and analyzing the data. 
*Offered: Fall, Spring. Special Notes: Students may not receive credit for both PSY 230M and MAT 207M or HAS 250M.*

PSY 300 • Psychopathology 3 Credits
Classification, causes, symptoms, and treatment of various forms of psychopathology. Analysis of Christian and secular perspectives of psychopathology and a survey of some major issues in the field of mental health. 
*Prerequisites: PSY 100. Offered: Fall, Occasionally interim, Spring.*
PSY 304 • Introduction to Forensic Psychology 3 Credits
Provides students the opportunity to explore psychological and social processes in the legal, judicial, and criminal investigation systems. Emphasis is placed upon students developing the capacity to evaluate relevant research theory and application in forensic psychology.
Prerequisites: One of the following: ANT 200U, PSY 100, SOC 101, or SOW200U, or Consent of instructor. Offered: Fall, even # years.

PSY 305 • Personality 3 Credits
Examination of traditional and contemporary theories of personality, with an emphasis on comparing and contrasting these theories. Explores non-western and Christian perspectives of the description and development of personality.
Prerequisites: PSY 100. Offered: Spring.

PSY 308G • Cross-Cultural Psychology 3 Credits
Behavior and experience related to cultural differences. Theory, method, and findings in areas of cognition, social psychology, and applied concerns. Specific people groups may be emphasized.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring.

PSY 310 • Addiction and Recovery 3 Credits
Psychological, physiological, and causal aspects of addiction, with emphasis on understanding the experience of persons with addiction. Addictions studied include drugs, alcohol, gambling, sex, and the internet. Also covers family issues related to addiction, models of recovery, and treatment options. Integration of Christianity with this topic throughout the course.
Prerequisites: PSY 100. Offered: Interim.

PSY 313G • Families in Cross-cultural Perspective 3 Credits
Contemporary, historical, and cross-cultural, predominantly non-Western perspective on a variety of family systems and the people living in them. Explores values and assumptions underlying these systems, roles, intergenerational relationships, identity formation, and developmental tasks.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 246; World Cultures (U) course]. Offered: Fall.

PSY 315 • History of Psychology 3 Credits
Historical roots of contemporary psychology. Focus is on the influence of historical trends, people, and events on the evolution of psychological questions, constructs, methods, and issues.
Prerequisites: PSY 100 and Junior or senior standing. Offered: Spring.

PSY 316 • Consciousness: Psychology and Philosophy in Dialogue 3 Credits
A team-taught investigation of ancient, medieval, and modern philosophies of consciousness and the historical roots of contemporary psychology. Shows how philosophical and psychological theories of consciousness transcend disciplinary boundaries. Focuses on interaction between philosophy and psychology, emphasizing the origins of cognitive science in philosophy of mind and consciousness.
Prerequisites: PSY 100 or One philosophy course. Offered: Occasionally. Special Notes: Carries cross-credit in philosophy.

PSY 317 • Political Psychology 3 Credits
Causes, dynamics, and consequences of human thinking and action in the context of politics. The psychology of decision making, political attitude formation, public opinion, personality and emotions, intergroup relations, ideology, and the role of mass media in politics.
Prerequisites: One political science course. Offered: Fall, odd # years. Special Notes: Carries cross-credit in political science.

PSY 320Z • European Pioneers in Psychology 3 Credits
A study-abroad experience exploring prominent European figures in the history of psychology within the context of the major historical currents and schools. Cultural, philosophical, intellectual, and spiritual roots of psychological theory, especially in connection with host countries. Site and museum visits, and encounters with local professional and academic psychologists.
Prerequisites: PSY 100; Junior or senior standing; Consent of instructors; Timely completion of application process. Offered: Occasionally interim.

PSY 323 • Motivation and Emotion 3 Credits
How biological, environmental, cognitive, emotional, and personal systems interact to initiate and direct human behavior. How experimental psychologists study emotional and motivational systems.
Prerequisites: PSY 100. Offered: Fall.
PSY 325G • Psychology of Religion 3 Credits
Topics of central importance within many world religions (e.g., wisdom, love) examined through various psychological theories and empirical findings. Emphasizes the capacity to understand religious behavior and experience from psychological and religious perspectives. Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring.

PSY 330 • Disabilities and Giftedness 4 Credits
Focus on the development of individuals with disabilities and giftedness from a lifespan perspective. Cognitive, physical, emotional, and sociocultural variables relevant to developmental delay; giftedness; learning disabilities; physical, sensory, and communication disabilities; emotional disturbance; and multiple disabilities. Critical analysis of psychosocial educational interventions. Service learning with those with disabilities. Prerequisites: EDU 240, PSY 203, PSY 206, or PSY 211; Junior standing. Offered: Fall.

PSY 335 • Psychological Assessment 4 Credits
Methods of assessing human behavior and the nature and significance of individual differences. Includes basic psychometric theory; principles of test construction; and theory and utilization of current standardized tests of intelligence, achievement, and personality. Prerequisites: PSY 100 and PSY 230M. Offered: Spring.

PSY 340 • Physiological Psychology 3 Credits
Physiological and neuroanatomical mechanisms underlying behavior; sensory mechanisms, wakefulness, and attention processes; and brain mechanisms of aggression, fear, pain, thirst, reproductive behavior, learning, and discrimination processes. Prerequisites: PSY 100 and Mathematics (M) course. Corequisites: Concurrent enrollment in PSY 341 is required. Offered: Fall.

PSY 341 • Physiological Psychology Lab 1 Credit
Laboratory experience accompanying PSY 340. Corequisites: Concurrent enrollment in PSY 340 is required. Offered: Fall.

PSY 346 • Animal Behavior 3 Credits
Behavior from primitive invertebrates to advanced mammals, highlighting trends in behavior systems. Natural setting studies in the ethology tradition, comparative psychology studies, and biosociological principles with their implications for human social systems. Prerequisites: PSY 100 or One course in biology. Corequisites: Concurrent enrollment in PSY 347 is required. Special Notes: Carries cross-credit in biology. Offered: Fall, even # years.

PSY 347 • Animal Behavior Lab 1 Credit
Laboratory course accompanying PSY 346. Corequisites: Concurrent enrollment in PSY 346 is required. Offered: Spring, odd # years. Special Notes: Carries cross-credit in biology.

PSY 348 • Conditioning and Learning 3 Credits
Basic procedures of classical and operant conditioning, theories of learning, and applications of behavioral conditioning principles to selected problems in human learning. Includes laboratory experiences. Prerequisites: PSY 100 and Mathematics (M) course. Corequisites: Concurrent enrollment in PSY 349 is required. Offered: Spring.

PSY 349 • Conditioning and Learning Lab 1 Credit
Laboratory experience accompanying PSY 348. Prerequisites: PSY 100 and Mathematics (M) course. Corequisites: Concurrent enrollment in PSY 348 is required. Offered: Spring.

PSY 350 • Cognitive Psychology 3 Credits
Psychological theory and research concerning thinking, memory, reasoning, language, and problem solving. Includes laboratory experience. Prerequisites: PSY 100 and PSY 230M. Offered: Spring.

PSY 355 • Research Principles and Laboratory 4 Credits
Research methods in psychology in the context of designing independent research. Standard research designs (experimental, quasi-experimental, and non-experimental) are evaluated in terms of threats to internal and external statistical construct validity. Prerequisites: PSY 100 and PSY 230M. Offered: Fall, Spring.
PSY 357 • Research Seminar 3 Credits
Students develop a research project with faculty supervision in preparation for independent research. Seminar format allows for in-depth analysis of contemporary issues in the field of psychological science, and students apply these issues to their personal projects.
Prerequisites: PSY 100, PSY 230M, PSY 355, and Consent of instructor. Offered: Spring.

PSY 399 • Topics in Psychology 3 Credits
Contemporary concerns in psychology not covered in the current formal course offerings of the department.
Prerequisites: PSY 100. Offered: Occasionally.

PSY 400 • Principles of Counseling and Psychotherapy 3 Credits
Introduction and analysis of major therapy systems from Christian and secular perspectives, basic counseling techniques, and current ethical issues facing the counseling professions. Designed for students planning graduate study in human services.
Prerequisites: PSY 100; PSY 300 or PSY 305. Offered: Fall, Spring.

PSY 430 • Advanced Psychopathology 3 Credits
Explores issues pertaining to the nature and occurrence of psychological disorders, including classification, cultural context, developmental considerations, etiology, and treatment. Critical evaluation of contemporary theory and research, including conceptualizations, methodologies, and statistical approaches.
Prerequisites: PSY 300. Offered: Fall, odd # years.

PSY 440 • Sensation and Perception 3 Credits
A study of how the brain receives and interprets information from the environment. The biological operation of each of the senses is covered, as well as how the action of sense organs is translated into meaningful perceptions.
Prerequisites: PSY 100 and M-tag course. Corequisites: Concurrent enrollment in PSY 441 is required. Offered: Spring, odd # years.

¹ PSY 230M is a prerequisite for this course.
² PSY 300 or PSY 305 is a prerequisite for this course.
³ PSY 300 is a prerequisite for this course.
⁴ HAS 250M and MAT 207M cannot be counted toward this Elective credit requirement.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Psychology and a Minor in Psychology.
Reconciliation Studies

The Reconciliation Studies Program (https://www.bethel.edu/undergrad/academics/reconciliation-studies/) prepares students to live and serve in our complex multicultural world of rapid urbanization, changing rural landscapes, diverse religious voices, political conflict, gender inequalities, and a widening gap between the haves and have-nots. Students are encouraged to use the tools of practical theology, the social sciences, the arts, and practices emerging from multiple cultural and global contexts to meet these challenges through an informed Christian faith and thoughtful Christian perspectives.

Reconciliation Studies engages this changing world by drawing upon multidisciplinary understandings of real-world concerns such as healthcare disparities, poverty, social injustice, and racism. Breaking down walls of division that separate us from God and one another and deepening relational connections that inspire peace, foster God’s love, nurture forgiveness, and promote justice undergird the core spirit of Reconciliation Studies. We offer a major and minor in Reconciliation Studies (https://www.bethel.edu/undergrad/academics/reconciliation-studies/majors-minors/reconciliation-studies/).

Reconciliation Studies

Reconciliation Studies students critically engage with the centrality of Jesus, as a dimension of the Trinity, when they examine the biblical and theological basis for reconciliation. Multidisciplinary studies and practices also inform their understanding of reconciliation. The significance of co-building relationships across communities and exploring how the Trinity fosters partnership underscores the major. Through course work, internships, and involvement in off-campus, and study-abroad offerings, students discover how to participate in collaborative initiatives that tackle inequity, redress injustice, transform systems, and honor the human dignity of peoples. These preoccupations enable students to see the world from the viewpoint of community educators and contributors, the hurting, the despised, the oppressed, and people from various social backgrounds and cultures. By learning from community educators and contributors, students are presented with opportunities to reflect on how their own experiences and histories shape their outlook and interactions with diverse people. The major also introduces students to contemplative practices that can enrich their relationships with others and God as they co-partner with communities to initiate social change and meaningful mutual connection for the common good.

RES 201 • Introduction to Reconciliation Studies
3 Credits
Overview of theory and literature in the field, contributing factors leading to the need for reconciliation, and paradigms for reconciliation praxis. Biblically-based principles and processes for moving toward societal reconciliation. Cultural and religious diversity, conflict resolution, spiritual disciplines, social and economic justice issues, and related subjects are covered. Offered: Fall, Spring.

RES 207U • Fannie Lou Hamer, Martin Luther King Jr., Malcolm X, and Our Multicultural World
3 Credits
Compares and contrasts the lives and messages of Fannie Lou Hamer, Martin Luther King, Jr., and Malcolm X. Considers how their teachings and practices address various forms of inequity within the context of African-American culture and religion, the cultural diversity of the United States, and the rest of the world. Prerequisites: GES 130 (may be taken concurrently) or GES 244 (may be taken concurrently). Offered: Fall, Spring.

RES 215L • European American Experiences, Whiteness, and Reconciliation
3 Credits
Explores how family history and upbringing influence understanding of whiteness. Since ideological constructions of whiteness are linked to various injustices confronting people of color, students will wrestle with how to adopt practices within the spirit of reconciliation that break down walls of division for the greater good. Prerequisites: (GES 130; GES 160 (may be taken concurrently)) or GES 244; Sophomore standing. Offered: Fall.
RES 220A • Hip-Hop, The Spoken Word, and Reconciliation 3 Credits
Engages Hip-Hop and the spoken word as our modern-day Psalms: raw, uncompromising, challenging, confrontational, and confessional. Explores how a conversation among Hip-Hop, the spoken word, and biblical stories cultivate a relationship with God as transparent as the Psalms and Jesus’ own relationship with God and those He encountered.
Prerequisites: Sophomore standing. Offered: Spring.

RES 230Z • Justice and Reconciliation 4 Credits
How does Jesus engage the relationship between trauma, justice, and reconciliation? What contemplative practices can re-energize efforts to tackle inequity? Learning from Twin Cities leaders, churches, and community educators intent on co-creating systems and services that honor the marginalized, complements biblical interpretations of justice, scholarly analysis, and memoirs addressing injustice.
Offered: Interim.

RES 305 • Conflict Resolution and Mediation Skills 3 Credits
Provides practical peacemaking and reconciliation skills relevant to helping Christians resolve conflict in a healthy, balanced way. Focus on using experiential learning to develop negotiation and mediation skills.
Prerequisites: RES 201. Offered: Fall, Spring.

RES 320 • The Power of Story and Reconciliation 3 Credits
Explores complex stories that can nurture cultural humility and empathy. Includes readings of creative and biblical narratives with emphasis on listening deeply to others’ experiences. Confronts a world divided by difference and explores how stories can foster understanding between peoples.
Prerequisites: Sophomore standing. Offered: Fall.

RES 340Z • Principles and Methods of Intercultural Leadership 4 Credits
Grounded in a cross-cultural experience, focuses on practical principles and methods for intercultural visioning, administration, training, and communication for cross-cultural work. Emphasizes developing intercultural competencies needed for collaborative and mutually beneficial outcomes in diverse environments (e.g., mission or ministry; profit and not-for-profit; governmental or agency work).
Prerequisites: RES 215L or RES 350G; Junior or senior standing or Consent of the instructor. Offered: Spring.

RES 350G • Racial Reconciliation 3 Credits
Racial divisions, systemic biases embedded in US structures, and violations of human dignity confronted by the disinherited emphasize the need for racial reconciliation. This course recognizes how African Americans, Asian Americans, Latinx, Native Americans, and European Americans create perspectives, develop knowledge, and initiate practices that can enhance an understanding of how to realize racial reconciliation.
Prerequisites: (GES 130; GES 160; L-course and U-course) or (GES 244 and U-course). Offered: Fall or Spring.

RES 481 • Internship in Reconciliation Studies 3-4 Credits
Practical learning experience to apply understanding and skills of reconciliation studies in a real-world setting.
Prerequisites: RES 201; Major in reconciliation studies; Junior or senior standing. Offered: Occasionally.

RES 499 • Senior Seminar in Reconciliation Studies 4 Credits
Prepares students to use the lenses of Christ-centered biblical "reconciliation" theology, critical thinking, multicultural perspectives, social-change analysis, and conflict resolution skills for leadership in the work of reconciliation in society. Students study theoretical underpinnings of reconciliation studies and leadership models of reconciliation practice.
Prerequisites: RES 201 and Senior standing. Offered: Fall.

Students may choose a semester length off-campus program from a range of sites abroad and in the United States. The program must be approved by the Program Director of Reconciliation Studies. Majors complete an internship during their off-campus programs.

2 PSY 100 is a prerequisite for this course.

Courses whose number is followed by a letter fulfill a General Education requirement.

Students may not declare a B.A. in Reconciliation Studies and a Minor in Reconciliation Studies.

Social Work
Program Mission and Goals
The Social Work Program (https://www.bethel.edu/undergrad/academics/social-work/) at Bethel University prepares students for professional generalist social work practice, equipping them to be advocates of hope and change. Students learn to practice in a diverse world through scholarship, service, justice, and leadership within the context of a Christian liberal arts learning community.

- Students will demonstrate a commitment to critical thinking, ethical social work practice, scientific inquiry, and lifelong learning.
- Students will acquire social work knowledge, values, skills, and cognitive and affective processes that promote the well-being of individuals, families, groups, communities, and organizations.
- Students will integrate a faith and justice perspective that upholds the dignity and worth of all persons.
- Students will develop leadership abilities that promote human rights in a local and global context.

Bethel’s Social Work Program is accredited by the Council on Social Work Education (CSWE) (https://www.cswe.org/). Graduates are eligible to be licensed as social workers. While preparation for generalist-level professional practice is the program's primary objective, academically qualified graduates are prepared to pursue graduate-level social work education. The students from Bethel's social work program are eligible for advanced standing admission to CSWE accredited graduate schools. The 63-credit major includes classroom and field courses, and select biological, social, and behavioral science foundational support courses.

Application for Candidacy for the Social Work Program
Candidacy indicates intention to apply for full admission to the program. To be considered for candidacy, students must submit a completed application and meet candidacy requirements.

The Bethel University social work program operates under a selective admissions policy. The policy is based on the need to maintain a program of excellence in the classroom, assure the availability of quality field placements, and adhere to accreditation requirements. The Bethel social work program reserves the right to admit a limited number of candidates each year. Meeting the minimum standards does not guarantee a student will be accepted as a candidate to the program. Students denied candidacy may appeal, reapply during the next candidacy review cycle, and/or may meet with their academic advisor to explore career alternatives.

Students who are accepted for candidacy are not guaranteed full admission and continuation in the program. Students must meet the requirements for each checkpoint and the Bethel University requirements for academic progress (p. 32).

The following are minimum threshold requirements to be considered for candidacy into the social work program.

A. Requirements
To be accepted as a candidate, the student must:
1. Have second semester sophomore standing;
2. Complete SOW 200Z Introduction to Social Work, with a grade of C or better;
3. A minimum cumulative GPA of 2.25 at time of candidacy application. (NOTE: GPA is reviewed again at the end of the semester and must remain 2.25 or higher.)
4. Submit the completed Volunteer or Paid Service form, which a) documents at least 50 hours of experience in a community agency, school, hospital, or other social service organization; and b) provides evidence that the requirements for volunteer or paid service as outlined on the form have been met;
5. Demonstrate an introductory understanding and corresponding skill-set conducive to the development of professional knowledge, values, skills, the application of cognitive and affective processes, ethical practice, and conduct expected of a generalist social work practitioner as evidenced in service learning performance feedback, instructor observation, and assessment of professional skills commensurate with introductory level social work.
6. Examine, agree, adhere to, and demonstrate evidence of ability to meet the Standards for Academic and Professional Performance (SAPP) *1. Evidence of meeting SAPP at an entry level comes from service learning performance feedback, instructor observation, interview with social work faculty, and assessment of professional skills related to the SAPP in the classroom setting.

7. Meet with the course instructor of SOW 200Z, Introduction to Social Work or designated faculty to review and complete a SAPP *1 evaluation. This evaluation indicates that the student is meeting the standards established by the SAPP or that an improvement plan is required (*2). Actions on the improvement plan timeline occurring prior to the candidacy review must be successfully completed prior to the candidacy review date;

8. Submit the completed Declaration of Candidacy form.

9. Submit the completed Candidacy Self-Assessment demonstrating a) capacity for professional written communication; b) self-awareness of strengths, areas of potential growth and emotional intelligence; and c) values consistent with the values identified in the social work profession.

10. Submit an unofficial transcript from Degree Works.

11. After thoroughly examining the Statement of Understanding and Agreement and all listed documents, sign and agree to:
   - NASW Code of Ethics
   - Social Work section of the Bethel University catalog
   - Social Work Field Policy Manual
   - Program Position Statement on Diversity
   - Racial Harassment Policy
   - Sexual Harassment Policy
   - Eligibility for Social Work Licensure
   - Criminal Background Disclosure
   - Standards for Academic and Professional Performance (SAPP)
   - SAPP Evaluation Form (see #6 above)
   - Volunteer or Paid Service Documentation (see #4 above)

B. Social work faculty will review and assess submitted candidacy documents, make a decision on candidacy, and provide written notification to the applicant concerning candidacy status. Notice of decisions will be sent to students’ P.O. boxes and via email. Please see social work program policy definitions located later in the social work section of this catalog for explanations of conditional acceptance (*4) and provisional acceptance (*5).

C. Students who choose to appeal decisions related to candidacy must follow the process and policy for program appeals as articulated in the social work section (p. 319) of the Bethel catalog and the Social Work Program Policy Manual & Student Handbook.

Application for Full Admission to the Social Work Program

Application for full admission into the social work program occurs in the fall of students’ junior year. To be considered for full admission to the social work program, students must meet admission requirements and submit a completed application by the application deadline. To progress in the program, a student must meet the departmental and Bethel University requirements for academic progress (p. 32).

The Bethel University social work program operates under a selective admissions policy. The policy is based on the need to maintain a program of excellence in the classroom, assure the availability of quality field placements, and adhere to accreditation requirements. The social work program reserves the right to admit a limited number of students each year. Meeting the minimum standards does not guarantee a student will be admitted to the program. Students who are denied admission may appeal, may reapply during the next admission cycle, and/or may meet with their academic advisor to explore career alternatives.

The decision to admit a student is based on a review of all materials submitted by the student, as well as evaluation forms and letters of
recommendation submitted by the evaluators on behalf of the student.

The following are minimum threshold requirements to be considered for admission into the social work program.

**A. Requirements**

To be fully admitted to the Bethel social work program, the candidate must:

1. Have previously been accepted as a candidate to the program including completion of SOW 200Z Introduction to Social Work with a grade of C or better;
2. Have a minimum cumulative Bethel GPA of 2.25 at time of application to the program. *(NOTE: GPA is reviewed again at the end of the semester and must remain 2.25 or higher.)*
3. Have earned a grade of C or better in each social work (SOW) course. Courses with a grade of C- or lower must be repeated.
4. Continue to demonstrate a progressive understanding of generalist social work practice and corresponding skill-set conducive to the development of professional knowledge, values, skills, the application of cognitive and affective processes, ethical practice, and conduct expected of a generalist social work practitioner as evidenced in junior field experience feedback, instructor observation, and assessment of professional skills. Continue to demonstrate evidence of ability to meet the Standards for Academic and Professional Performance (SAPP) *1.*
5. Achieve a successful mid-year evaluation of performance in SOW 330 Social Work Field Experience as completed by the field supervisor and approved by the field director.
6. Demonstrate evidence of following the NASW Social Work Code of Ethics as shown by performance in the classroom and in the field.
7. Successfully complete any on-going Improvement Plans *2 related to Notice of Concerns *3 and/or Conditional Acceptance *4.
8. The following components of the submitted application are considered as evidence of readiness for full admission into the social work program:
   a. Application for Full Admission to the Social Work Program form
   b. Admission narratives on five (5) topics addressing your interest in the social work profession;
   c. Self-assessment of readiness for social work practice;
   d. Two letters of reference from qualified individuals assessing applicant's aptitude to pursue social work;
   e. Current resume (reflects current number of social work related hours in each work area);
   f. Copy of unofficial transcript from Degree Works;
   g. Interview with an assigned social work faculty;
   h. If provisionally accepted for candidacy due to being in process of completing the required 50 hours of volunteer or paid service, student must also provide: Volunteer or Paid Service form documenting at least 50 hours of experience in a community agency, school, hospital, or other social service organization.

B. Social Work faculty will review and evaluate submitted full admission documents, make a decision on admission into the program, and provide written notification to the applicant concerning full admission status. Notice of decisions will be sent to students' P.O. boxes and via email. Please see social work program definitions located later in the social work section of this catalog for explanations of conditional acceptance *4.

C. Students who choose to appeal decisions related to full admissions must follow the process and policy for program appeals as articulated in the social work section (p. 319) of the Bethel catalog and the Social Work Program Policy Manual & Student Handbook.
Standards for Continuance and Graduation (SCG)

To progress in the program, students must meet the following requirements:

1. Earn a grade of C or better in each social work (SOW) course (courses with a grade of C- or lower must be repeated);
2. Maintain a minimum cumulative Bethel GPA of at least 2.25;
3. Demonstrate understanding of the NASW Code of Ethics and a consistent and growing commitment to ethical practice in accordance with this code as demonstrated by successful completion of ethics assignments as indicated in syllabi;
4. Demonstrate continued development of professional knowledge, values, skills, cognitive and affective processes, ethics, and conduct expected of a generalist social work practitioner as presented throughout the social work program;
5. Receive a successful final evaluation from SOW 331 Social Work Field Experience II, as completed by the field supervisor and approved by the field director; confirming that satisfactory progress is being made toward competent, ethical, and professional social work practice and that the student is adequately prepared to graduate as a professional social worker.

B. Applicable requirements for continuance and graduation are reviewed at the completion of each semester. If students do not meet the Standards for Continuance and Graduation (SCG), notifications are sent to student P.O. boxes and via email. Please see social work program policy definitions located later in the social work section (p. 319) of this catalog for an explanation of Notice of Concern (*3).

C. Students who choose to appeal decisions related to Standards for Continuance and Graduation (SCG) must follow the process and policy for program appeals as articulated in the social work section (p. 319) of the Bethel catalog and the Social Work Program Policy Manual & Student Handbook.

Social Work Program Policy Definitions

Standards for Academic and Professional Performance (SAPP)

Critical thinking and decision-making, interpersonal relationship skills, professional values and ethics, communication skills, responsible conduct, professional readiness, and self-awareness. These standards are consistent with the role and responsibilities of the social work professional. (NOTE: a criminal history may preclude one's ability to become licensed as a social worker upon graduation.)

Improvement Plan (IP)

A formal Improvement Plan (IP) may be required at multiple points in the program including but not limited to SOW 200Z Introduction to Social Work, during candidacy, full admission, or in response to a Notice of Concern (NOC) (*3). An IP is developed by the student in collaboration with the course instructor/designated faculty. The IP is signed by the student and course instructor/designated faculty and placed in the student’s candidacy file. An IP must clearly specify goal(s), methods to measure achievement of the goals, specific actions to be taken to successfully meet the goal(s), and a timeline for the completion of those actions. Students with a formal IP must have successfully achieved the identified goals using the measurement listed in the IP before
being eligible for candidacy and/or full admission to the program.

**Notice of Concern (NOC)**

An NOC may be issued to students who have either been accepted as candidates or fully accepted into the social work program and for whom performance issues in the field or classroom have been identified. Students receiving a NOC are required to develop and submit a formal IP (*2) which addresses the identified issue. An NOC is identified as Level 1 (serious concern) or Level 2 (most serious concern).

**Conditional Acceptance**

On rare occasions, students not meeting all candidacy, full admission, or standards for continuance requirements, may be accepted and/or advanced conditionally with specific requirements identified and addressed in a formal IP.

**Provisional Acceptance**

Students who are in the process of completing 50 hours of voluntary or paid experience and/or students enrolled in SOW 200Z Introduction to Social Work at the time of application review, and who meet all other requirements, may be accepted provisionally and will be reviewed for full candidacy or full admission after successful completion of the required element(s).

**Social Work Program Appeals Process**

Students denied candidacy, full admission, or continuation in the social work program, may submit a written request for consideration of conditional candidacy, conditional admission, or conditional continuation in the program. This written request must be submitted to the director of the social work program within one week of receiving the decision and needs to include an IP stating how unmet requirements will be achieved. Within one week of receiving students' written request, the program director and field director will review the plan and notify students of their decision. If conditional candidacy, full admission, or continuation is granted, conditions for moving forward will be stated. If students are not granted conditional candidacy, full admission, or continuation, students may submit a written appeal to the appropriate academic dean. This written appeal must be submitted within one week of receiving the department’s decision.

Those who appeal should be aware of the responsibility of a professional program. It is the social work faculty’s responsibility to recommend for candidacy, admission, continuation, and graduation only students who have demonstrated the capacity to perform professional social work practice. This includes adherence to the *Social Work Code of Ethics* and ability to meet criteria as outlined in the *Standards for Academic and Professional Performance (SAPP)*.

**NOTE:** Students who request to resume their involvement with the social work program after dropping out of the program, being dismissed from the program, or withdrawing from Bethel University for any reason must apply for readmission into the program. Issues that led to the decision to drop out (whether voluntary or involuntary) must be addressed prior to being readmitted to the social work program. Being readmitted to Bethel University does not constitute readmission into the social work program.

**Field Education Program**

Bethel's social work Field Education Program provides students with generalist social work practice experiences within community-based settings where students learn to connect the theoretical and conceptual contributions from the classroom in a field setting. The field placement is carefully selected because of its ability to provide opportunities for students to demonstrate specific social work competencies with individuals, families, groups, organizations, and communities.

Students are introduced to the professional social work practice through a 180-hour junior level field experience (SOW 330 Social Work Field Experience I and SOW 331 Social Work Field Experience II) under the guidance of qualified agency staff. Spring of junior year, students who are meeting all requirements identified in the *Standards for Continuance in the social work program* are eligible to complete an application for admission to the Field Program.

A student’s acceptance into the Field Program is finalized when a student successfully completes the assigned 180-hour junior level professional...
service oriented experience in agency setting, demonstrates the ability to uphold Standards for Academic and Professional Performance (SAPP), completes the student field application process, and meets all requirements identified in the Standards for Continuance in the social work program.

Students who have been admitted to the Senior Level Field Program are required to complete a minimum of 400 hours of in-person contact with clients and constituencies, performing the role of a professional social worker under the supervision of an on-campus field instructor, and a qualified community-based social work field instructor. These field hours are completed concurrently with the following courses: SOW 432 Social Work Field Instruction I, SOW 433 Social Work Field Instruction II, and SOW 434 Social Work Field Instruction III.

Students are often required to complete a criminal background check at their own expense as part of agency requirements. Students must furnish their own transportation to and from field settings.

International Field Practicum

Junior-level students may fulfill SOW 331 Social Work Field Experience II in a 100 hour social work-approved international, field-based, service-oriented internship experience guided by a Non-Government Organization staff or local service agency staff with International academic program oversight. Students must work with the Office of International and Off-Campus Programs (https://www.bethel.edu/international-studies/) to arrange a study abroad program that meets social work junior level internship requirements and obtain approval from the Field Director of the social work program. Students must meet both the academic requirements of the study abroad and the social work program to receive field related credit upon completing their International field-based service oriented internship experience.

Major in Social Work

• B.A. in Social Work (p. 323)

Minor in Social Work

• Social Welfare Studies (p. 324)

SOW 200Z • Introduction to Social Work 4 Credits
Overview of social work mission, core values, history, and fields of practice. Understanding dimensions of diversity, cultures, and structures that may oppress and marginalize people groups. Significant cross-cultural, community-based service learning in which students communicate and collaborate with diverse individuals. Consideration of social work as career choice. Prerequisites: Sophomore standing and Major in social work or Minor in social welfare studies or Consent of instructor. Offered: Fall, Spring.

SOW 240 • Socioeconomic & Justice Issues in Market Economies 3 Credits
Equips students with knowledge and skills for understanding and critically evaluating how market economies operate, their broad socioeconomic consequences, and their impact on the lives of socially disadvantaged people. Offered: Spring. Special Notes: Carries cross-credit in sociology.

SOW 250 • Social Welfare History 3 Credits
Examines the historical movements of social welfare responses to the poor and oppressed from the colonial period to the present, emphasizing economic, demographic, cultural, and political forces. Historical documents representing significant turning points in society are presented to gain appreciation of the linkage among past, present, and future reforms. Prerequisites: Major in social work or Minor in social welfare studies or Consent of instructor. Offered: Spring.

SOW 304 • Social Work Practice I 3 Credits
Generalist social work theory and practice with organizations and communities. Application of human behavior in the social environment. Research-based knowledge emphasized. Assignments in community settings focus on engagement and assessment; dimensions of diversity; interaction of social systems; and strategies to promote human and civil rights. Prerequisites: SOW 200Z; Major in social work; Candidacy status in the social work program. Corequisites: Concurrent enrollment in SOW 313 and SOW 330. Offered: Fall.
SOW 305 • Social Policy Practice  4 Credits
Interrelationship of social problems, social welfare policies, and service delivery from historical, economic, political, and program perspectives. Social systems content applied to social policy analysis. Students develop, analyze, advocate, and provide leadership for policy and service delivery that promote economic and social justice through community-based projects.
Prerequisites: SOW 200Z and (SOW 304; SOW 313; SOW 330; Major in social work; Admission to the social work program) or (Minor in social welfare studies (those students minorinig in social welfare studies must obtain consent of instructor)). Offered: Spring.

SOW 307Z • Intentional Urban Living I  2 Credits
Intensive urban learning opportunity involving exploration and analysis of urban community, urban neighborhood social and political structures, and theological issues that arise in an urban context. Involves living in an urban neighborhood in Minneapolis or St. Paul and substantial interaction in the neighborhood.
Prerequisites: Consent of instructor. Offered: Fall.

SOW 308Z • Intentional Urban Living II  2 Credits
Intensive urban learning opportunity involving exploration and analysis of urban community, urban neighborhood social and political structures, and theological issues that arise in an urban context. Involves living in an urban neighborhood in Minneapolis or St. Paul and substantial interaction in the neighborhood. Involves an individualized research project and/or action project focused on a change initiative.
Prerequisites: Consent of instructor. Offered: Spring.

SOW 313 • Social Work Practice II  3 Credits
Generalist social work theory and practice with individuals and families. Beginning professional development, critical thinking, effective communication, Human Behavior and the Social Environment (HBSE), ethical and evidenced-based practice. Simulated case assignments develop knowledge and skills of social work practice: engagement, assessment, planning, intervention, evaluation, and termination.
Prerequisites: SOW 200Z; Major in social work; Candidacy status in the social work program.
Corequisites: Concurrent enrollment in SOW 304 and SOW 330. Offered: Fall.

SOW 326 • Restorative Justice  3 Credits
Examines and analyzes the philosophy and principles of restorative justice, including its historical and theological roots by comparing and contrasting retributive and restorative paradigms. Applications of restorative justice examined from the perspective of victim-offender dialogue and the use of restorative justice principles in offender reintegration.
Prerequisites: SOC324. Offered: Spring, odd # years. Special Note: carries cross-credit with sociology.

SOW 327G • Social Perspective, Human Worth, and Social Action  3 Credits
Examines historical and current societal conditions and their impact on individuals and communities. Culture, power, oppression, exclusion, and the impact of diverse realities in the U.S. are explored. Comparative examination by synthesizing contemporary writings, social theory, and diverse voices. Experiential learning and dialogue promote understanding, justice-seeking strategies, and social action.
Prerequisites: [GES 130; GES 160; Contemporary Western Life and Thought (L) course; World Cultures (U) course] or [GES 244; World Cultures (U) course]. Offered: Spring.

SOW 330 • Social Work Field Experience I  2 Credits
Introductory field experience in a multi-service community-based agency serving an ethnically diverse population. Apply and integrate beginning knowledge, values, skills, and ethics with an emphasis on developing a professional identity. Weekly on-campus field seminar while students work a minimum of 80 hours in a field setting under agency supervision.
Prerequisites: SOW 200Z; Major in social work; Candidacy status in the social work program; Consent of instructor. Corequisites: Concurrent enrollment in SOW 304 and SOW 313. Offered: Fall.

SOW 331 • Social Work Field Experience II  2 Credits
Apply and integrate beginning knowledge, values, skills, and ethics for social work practice with an emphasis on diversity, human rights and justice, and professional generalist practice. Weekly on-campus field seminar supports integration while students work a minimum of 100 hours in field setting under agency supervision.
Prerequisites: SOW 304; SOW 313; SOW 330; Major in social work; Admission to the social work program; Consent of instructor. Offered: Spring.
SOW 351 • Methods of Applied Social Research 4 Credits
Social research methods, including an emphasis on becoming proficient and critical consumers of research-based data, for the purposes of knowledge advancement, informed practice, and program and practice effectiveness evaluation.
Prerequisites: SOW 200Z; Mathematics (M) course (PSY 230M recommended); Major in social work; Candidacy status in social work program or Minor in social welfare studies (those students minoring in social welfare studies must obtain consent of instructor). Offered: Fall.

SOW 405 • Social Work Practice III 4 Credits
Generalist social work theory applied to integrated practice within client systems. Emphasis is on families and groups and on the planned change process. Student development of a group work project and case study review promote application of critical thinking, research-informed practice and culture competence.
Prerequisites: SOW 200Z; SOW 304; SOW 313; SOW 330; SOW 331; Admission to the social work program. Corequisites: Concurrent enrollment in SOW 432. Offered: Fall.

SOW 431 • Conversations about End of Life 1 Credit
Development of advance care planning (ACP) facilitation skills in the context of faith, cultural, healthcare system, and societal perspectives. A First Steps ACP Facilitator Certificate is available for students who successfully complete ACP Facilitator requirements.
Prerequisites: Senior standing in nursing or social work, or Consent of instructor. Offered: Spring. Special Notes: Carries cross-credit in nursing.

SOW 432 • Social Work Field Instruction I 3 Credits
Field practicum in which students perform the role of a professional social worker under supervision of a qualified field instructor. Weekly on-campus field seminar supports integration of theory with social work practice. Minimum of 135 hours in the field. A structured learning contract applies social work knowledge, values, and skills.
Prerequisites: Admission to the social work program; Admission to the social work Field Program; Consent of instructor. Corequisites: Concurrent enrollment in SOW 405. Offered: Fall.

SOW 433 • Social Work Field Instruction II 3 Credits
A continuation of SOW 432. Time involvement must total a minimum of 135 hours in the field. Satisfactory progress must be made toward competence in professional social work practice.
Prerequisites: SOW 432; Admission to the social work program; Admission to the social work Field Program; Consent of instructor. Corequisites: Concurrent enrollment in SOW 434 and SOW 499. Offered: Spring.

SOW 434 • Social Work Field Instruction III 3 Credits
A continuation of SOW 433. Time involvement must total a minimum of 135 hours in the field. Satisfactory progress in SOW 432/433/434 on field assignments, learning contract, and 400 hours of supervised practice indicate student’s readiness to perform the role of a generalist social work practitioner.
Prerequisites: SOW 432 and Admission to the social work program. Corequisites: Concurrent enrollment in SOW 433 and SOW 499 is required. Offered: Spring.

SOW 499 • Senior Integrative Seminar 3 Credits
Integration of generalist social work knowledge, values, and skills through ethics-based case studies and completion of practice/program evaluation research applied to field practicum setting. Critical thinking, leadership, and scholarship emphasized.
Prerequisites: SOW 405; SOW 432; Admission to the social work program. Corequisites: Concurrent enrollment in SOW 433 and SOW 434 is required. Offered: Spring.

Admissions Procedures

To apply for admission to Bethel University, the following steps are required in most cases:

New Freshmen, Transfers, and Nontraditional Students

1. Submit the Bethel Application (http://bethel.edu/undergrad/admissions/apply/), including your personal statement of faith.
2. For high school students: a transcript complete through the most recent semester.
3. For high school students: Submit ACT, CLT, or SAT test scores. Test scores are required from all applicants unless you select "No" on the "Should Bethel consider your standardized test scores in the admissions process" question on the application. In that case, you would be applying "Test Optional."
   • For transfer applicants, all transcripts from any secondary and postsecondary institutions you have attended. A high school transcript and test score may be required if you have less than one year of college experience.
   • References may be requested in certain cases.

PSEO Students

To consider your application for admission, Bethel University must receive the following by May 1st:

1. Your completed online application (http://bethel.edu/undergrad/admissions/apply/), including personal essay must be received in the Office of Admissions by May 1 of your junior year in high school.
2. Official transcripts from all secondary and post-secondary schools.
3. Your PSAT, ACT, CLT, Pre-ACT, or SAT score.
4. PSEO State Form Notice of Registration
5. High School Counselor Form

International Students

An international student is any applicant who wishes to enroll with non-immigrant visa status. Students who are US citizens (including those who are living outside the US), those who are legal permanent residents, those who have refugee status, those who have been granted asylum, or those who are undocumented are not considered international students and should abide by the policies above.

For international applicants, the following items are required to apply to Bethel University:

1. Your completed application by May 1, including your personal statement of faith. For Spring applicants, the application must be received by November 1.
2. Official transcripts from your high school and all colleges and/or universities you have attended. Your transcripts may need to be evaluated by one of the members of NACES.
3. Your TOEFL, PTE, or IELTS scores, or other standardized test (ACT, SAT). International students are not eligible for Test Optional.
5. A copy of your passport (applicants living in or traveling to the U.S.).
6. A copy of your current visa (applicants living in or traveling to the U.S.).
7. Documentation of health insurance (or upon arrival at Bethel University the student may consult with the International Student Adviser who will provide the necessary information).
8. Your completed International Student Certification of Finance certificate.

In order to enroll at Bethel, Bethel requires official transcripts from all institutions. Uniquely for High School, the posted graduation date must be on the transcript.

## Finances

The Bethel University Board of Trustees reserves the right to change any financial charges or regulations listed in this catalog.

### Student Cost for 2021-2022

**FT** = full-time enrollment (12-18 credits per semester)

**PT** = part-time enrollment (fewer than 12 credits per semester)

**NR** = not registered

\(^1\) Overloads are not permitted during interim.

\(^2\) Students enrolled for at least 12 credits for both fall and spring terms, and paying the block tuition rate of $19,960 per semester, are not charged tuition for 1-5 credits taken at Bethel during interim. Fall and spring term tuition is not reduced if students do not enroll in an interim course at Bethel. Students who were charged tuition on a “per-credit” basis for either fall or spring will be charged for interim tuition, as illustrated above.

**Bethel Student Activity Fee**
The Bethel Student Activity fee is charged per semester when a student is enrolled full time (12-18 credits). This fee is determined by the Bethel Student Government (BSG) ([https://www.bethel.edu/undergrad/student-life/activities/bsg/](https://www.bethel.edu/undergrad/student-life/activities/bsg/)).

**Overload Fee**
An overload fee is charged for each credit enrolled over 18 credits in a semester. No overloads are permitted during interim. Note the eligibility requirements in the [*General Information*](https://www.bethel.edu/registrar/) section of this catalog.

**Audit Fee**
A student who is registered for full time during the semester will not be charged to audit a course. The student will be charged the audit fee per credit if not enrolled full time during the semester. The free audit does not include students who are billed at the Post-baccalaureate or Teacher Licensure rates.

**Transcript Fee**
Official transcripts are available showing all academic work completed to date at Bethel University. Both electronic and paper versions of official transcripts are available for $8. Electronic transcripts are processed instantly. Paper transcripts will be printed and mailed the next business day. Some exceptions apply. Transcripts can only be sent if all outstanding financial obligations are met. Questions regarding transcripts should be addressed to the Office of the Registrar ([https://www.bethel.edu/registrar/](https://www.bethel.edu/registrar/)). To order an official transcript, please visit: [https://www.bethel.edu/registrar/](https://www.bethel.edu/registrar/).

**Student Health Insurance**
Student athletes are required to have health insurance that meets the NCAA requirement minimum of $90,000 and does not exclude intercollegiate sports accidents or injuries. For more information, please visit the Medical Eligibility ([https://athletics.bethel.edu/sports/2017/6/12/medical-eligibility.aspx](https://athletics.bethel.edu/sports/2017/6/12/medical-eligibility.aspx)) page found within the Athletics website.

Any questions can be directed to Justin Byers, Director of Athletic Training Services, by emailing jbyers@bethel.edu or calling 651.638.6234.
Tuition and Payment Options

Full payment or enrollment in the 5-Month Semester Payment Plan is required by August 15, 2021 for the fall term and January 15, 2022 for the Spring term. The bill may include, but is not limited to: tuition, room, meal plan, Student Activity fee, course fees, music lessons, health insurance, parking permits and commuter fees. Students are responsible for payment reaching the Business Office (https://www.bethel.edu/business-office/) when due, regardless of the source of payment. Payment must be received in U.S. dollars. If loans are needed to help meet a financial obligation, students may apply for them through the Office of Financial Aid (https://www.bethel.edu/financial-aid/). Loan applications should be made well in advance for the funds to be disbursed by the beginning of the term. All students enrolled in the Fall term are required to complete their Enrollment Checklist by August 15, 2021. For Spring term, all incoming (new students only) are required to complete their Enrollment Checklist by January 15, 2022. If the Enrollment Checklist has not been completed by the dates above there will be a $200 fine assessed on the student account. Enrollment for succeeding terms is dependent on payment of the previous term’s expenses. A late fee of .5% per month will be assessed on charges more than 30 days past due.

Payment Options

Full Payment (Option 1)
Full payment for fall semester is due August 15, 2021.

Full payment for interim/spring semester is due January 15, 2022.

Full payment for summer school is due May 23, 2022.

5-Month Semester Payment Plan (Option 2)

Students have the option to enroll in the 5-Month Semester Payment Plan. Enrollment in the payment plan and payment of the first installment are required prior to the beginning of each semester. See these important enrollment dates below.

Fall Semester Payment Plan
Enrollment in the fall payment plan is available beginning on approximately July 10, 2021. The deadline to enroll in the payment plan and pay your first installment is August 15, 2021. The remaining installment payments for fall are due on September 15, October 15, November 15, and December 15.

Spring Semester Payment Plan
Enrollment in the spring payment plan is available beginning on approximately December 20, 2021. The deadline to enroll in the payment plan and pay your first installment is January 15, 2022. The remaining installment payments for spring are due on February 15, March 15, April 15, and May 15.

The 5-Month Semester Payment Plan is for all charges on the student account. Enrollment in the payment plan is elected online on a semester-by-semester basis, with payments spread out over the semester. The enrollment fee is $30 per semester. The monthly payment amount is recalculated each time there is a new transaction posted on the account. Therefore, your monthly payment amounts may differ each month. You will be notified by email each time your payment amount changes. If a student does not stay current on their monthly installment payment(s) they may be removed from the payment plan. If removed from the plan, a registration hold will be placed on the student account if the balance is $2,000 or more. Also, a late fee of .5% will be assessed each month for any unpaid balance on the account. (Payment plans are not offered for summer school.)

Visit bethel.edu/business-office/payment-plans/undergrad for more payment plan information.
Online Monthly Statements
Around the 17th of each month, an email will be sent to the student’s Bethel email address alerting them that the monthly statement is available to view with a link to access the statement. Monthly statements will not be mailed to the home address. Students are responsible for forwarding monthly statement information to parents or others who are helping to pay their bill.

To view online monthly statements:
MyBethel > My Statements and Finances (https://my.bethel.edu/home/?channel=9283acd48c5865135c23fb9d31e4d738) > Make a Payment > Statements

Ways to Make a Payment
Students can view their account, enroll in a Semester Payment Plan, and pay online through MyBethel (formerly Blink) > My Statements and Finances (https://my.bethel.edu/home/?channel=9283acd48c5865135c23fb9d31e4d738) > Make a Payment. This will direct you to the Touchnet/Bill-Pay site. To make a payment click “Make Payment” and follow the prompts. To enroll in a Semester Payment Plan click “Enroll in payment plan” and follow the prompts.

- **Online by electronic check**: Authorize automatic withdrawal from your checking or savings account with no fee.
- **Online by credit card**: MasterCard, Visa, American Express, or Discover with a non-refundable fee of 2.85% or $3 minimum, charged by PayPath (processing service).
- **Online Wire Transfer**: Use the Touchnet/Bill-Pay site and select the “Bank Wire” payment method. Service provided by Western Union
- **In person**: Pay by check, or money order at the Business Office (Anderson Center, 5th Level), 8 a.m. - 4:30 p.m., M-F. Credit cards accepted online only.
- **Drop Box**: Located next to the ATM machine near the entrance of the Campus Store. Items in the drop box will be delivered to the Business Office one time per business day.
- **Mail a check**: Bethel University, Business Office
  3900 Bethel Drive
  St. Paul, MN, 55112-6999
  Please include your student ID number in the memo portion of the check.

Enrollment Checklist
All students enrolled in the fall term are required to complete their Enrollment Checklist by August 15, 2021. For Spring term, all incoming (new students only) are required to complete their Enrollment Checklist by January 15, 2022. If the Enrollment Checklist has not been completed by the dates above there will be a $200 fine assessed on the student account.

To view the Enrollment Checklist, go to: My Bethel > Checklist

Late Fees
A late fee of .5% per month will be assessed on any charges more than 30 days past due.

Registration Hold
Registration for classes in succeeding terms is dependent on payment of the previous term’s expenses. A student whose account is in arrears will have a registration hold on the account and will not be permitted to register for the subsequent term.
Any student who pays an outstanding balance by check will have their registration dropped (for future terms) if the check is returned from the bank due to non-sufficient funds. The student will not be permitted to re-register until full payment is received. If repayment is made via check registration will be granted in ten business days.

Any student in good standing on a payment plan (current on their monthly payment installments) will be allowed to register for future terms. If the student fails to pay their remaining monthly installments, their registration may be dropped.

Be advised that students whose registrations have been dropped have no guarantee that the same course(s) will be available when they re-register.

**Transcript Hold**

When full payment has not been received, a transcript hold is placed on the student account. A transcript hold will prevent an official transcript from being printed by the Office of the Registrar (https://www.bethel.edu/registrar/).

**Finance Clearance for Graduation**

A student will not be issued an official transcript or receive their diploma until all financial obligations have been met.

**Financial Suspension**

Bethel reserves the right to suspend a student from a program, course(s), housing, and meal plan if there is failure to provide full payment on the student account when due. Any student who is financially suspended during a semester will be withdrawn from their classes, removed from their meal plan, and required to move out of Bethel housing.

**Past Due Accounts**

The following paragraphs apply to all students:

**Default:** I will be in default if: I fail to pay the total amount payable when due, any scheduled payment under either a semester payment plan or installment plan, or any other fee (which may include, but is not limited to, charges such as parking fines, library fees, other charges for violations of Bethel University policies, or any other amount billed to my student account) by the 15th day of the month following the month in which I am sent billing notice.

Failure to pay due to the following situations will not exempt me from entering default:

- withdrawal from Bethel University (whether voluntary or involuntary),
- insufficient funds in an account from which my payment was drawn (or similar circumstances),
- change of address without notifying Bethel University in writing,
- providing to Bethel University any false or misleading information,
- a case under U.S. Bankruptcy Code is started by or against me or any guarantor or cosigner.

If I am in default, Bethel University may require immediate payment of my Obligation in full along with any unpaid fees. If Bethel University demands immediate payment and I fail to comply, I agree that Bethel University may add my unpaid fees to my Obligation. If any payment is not paid in full by the 15th day of the month following the month in which it was due, I agree to pay Bethel University a default charge of six percent (6%) of the unpaid and past due amount of my Obligation. In addition, Bethel University may prohibit me from scheduling courses for the current or following semester; remove me from current courses; withhold course credits, academic transcripts, and my diploma without prior notice until the Obligation is paid in full. Bethel University may also exercise any other
legal rights it may have, including engaging a collection agency to enforce its rights hereunder or
taking legal actions to collect amounts due to it. In the event Bethel University incurs expenses
collecting my Obligation, I agree to pay all reasonable attorneys’ fees, legal expenses, and collections
fees that result from my default (unless prohibited by law) at the rate of twenty-two percent (22%)
of the unpaid Obligation. Even if I am in default, Bethel University may or may not require immediate
payment, and may delay enforcing any of its rights without waiving them.

**Non-Sufficient Funds**

If payment is returned from the bank for non-sufficient funds, a $25 returned check fee will be assessed
on the student account. Any student (or parent/guardian) who has two checks returned due to non-
sufficient funds will not be allowed to make future payments by personal check.

**Enrollment Deposit**

A one-time enrollment deposit of $300 is required of all students. The deposit allows students to
register for each succeeding semester, provided all financial obligations have been met.

Enrollment deposits are not required of students admitted on a special basis, including but not
limited to: Postsecondary Enrollment Options (PSEO) program students, summer school students, or
consortium visitors.

**Off-Campus Programs**

Students participating in a Bethel-sponsored fall semester or spring semester off-campus program
who maintain their status as Bethel students are considered full time for purposes of determining
the cost of interim tuition. See the Office of International and Off-Campus Programs (https://
www.bethel.edu/international-studies/) for a list of Bethel-sponsored off-campus programs.

**Postsecondary Enrollment Options Program (PSEO)**

Students participating in the PSEO program at Bethel are not responsible for paying the enrollment
deposit, tuition, Student Activity fee, course fees, and books. Fees for tuition, the Student Activity fee,
and course fees will appear on the student account and then the charges will be credited (reversed)
on the account. PSEO students are responsible for the following, including but not limited to: room,
meal plans, campus store charges, library fines, and traffic fines. Specific questions regarding the
PSEO program should be directed to the Office of Admissions (https://www.bethel.edu/undergrad/
admissions/).

**Refunds and Withdrawals**

Students who withdraw from classes during the term may be eligible for a refund. There are two types
of refunds: billing refunds (tuition, room, meal plan, etc.) and financial aid refunds. A billing refund
credits funds to the student account, thereby decreasing the amount that is owed on the student
account. A financial aid refund reduces the amount of financial aid available to pay the billing charges,
thereby increasing the amount that is owed on the student account.

A student seeking to withdraw from all classes at Bethel must notify the Office of Student Life
(https://www.bethel.edu/undergrad/student-life/). This date of notification will serve as the student's
withdrawal/stop-out date. The student will be provided with a packet of information regarding the
withdrawal and stop-out processes and will be scheduled for a withdrawal/stop-out interview with
one of the student life deans. Students are asked to read through all materials provided in the packet
in advance of their interview with the dean. Once the interview is complete the dean will process the
student's withdrawal/stop-out.
Tuition and Housing Refund Schedules

Full Refund Period:
The full refund period is the eighth calendar day after the beginning of the semester. Modular courses, which begin after the first week of the semester and/or end before the final week of the semester, also have a 100 percent refund period through the eighth calendar day of the course.

Full Refund:
Students are entitled to a 100 percent refund of institutional charges and monies paid to their student accounts provided they withdraw from the course(s) before the end of the Full Refund Period.

Pro-Rata Refund:
Students who withdraw after the Full Refund Period receive a pro-rata refund of institutional charges up to and including 50% of the enrollment period. The percentage of institutional charges and financial aid retained on the student’s account is equal to the percentage of the period of enrollment that was completed.

No Refund:
Students who withdraw after the end of the pro-rata refund period are not eligible for a refund. There shall be no refund available to the student if the student withdraws after completing more than fifty (50) percent of the enrollment period.

The Bethel Student Activity fee, course fees, science lab fees, and nursing department fees (if applicable) are refunded in full through the 100% refund period. Thereafter, there is no refund of the fees.

Students who withdraw from Bethel or drop below full-time status may incur additional tuition and housing costs for interim. Please see the “Student Costs” section or contact the Bethel Business Office (https://www.bethel.edu/business-office/) for additional information.

Students with a meal plan who officially withdraw or choose to cancel their meal plan must notify Dining Services (https://www.bethel.edu/dining-services/) at dining-services@bethel.edu. A student may receive a prorated refund of their meal plan.

Account Questions?
More student account information is available at bethel.edu/business-office (https://www.bethel.edu/business-office/).

Contact the Business Office (https://www.bethel.edu/business-office/) at 651.638.6208 (800.255.8706, ext. 6208) or at business-office@bethel.edu.

Financial Aid Refunds

There are four sources of financial aid: federal government (Title IV funds), state governments, Bethel University, and private third-party organizations (e.g., Dollars for Scholars). Financial aid is refunded in accordance with policies established by each entity. Refunds are first calculated for federal funds, then state funds, then Bethel and third-party funds.

Students who withdraw from all classes during the 100% tuition refund period are presumed to have not attended their classes. These students will receive a full refund of all their financial aid unless they complete a Supplemental Withdrawal Form (available in the Office of Student Life (https://www.bethel.edu/undergrad/student-life/)), documenting their attendance at each class. Upon receipt of the Supplemental Withdrawal Form, the federal financial aid refund policy will be calculated using the last date of class attendance as the official date of withdrawal. If students receive a full (100%) refund of tuition, they are ineligible for any state, institutional, or private sources of financial aid.
1. **Federal (Return of Title IV Funds) Refund Policy.** If a student withdraws or is expelled from Bethel after a term has begun, the school or the student may be required to return some of the federal funds awarded to the student. The federal formula requires a return of Title IV (federal) aid if the student received federal financial assistance in the form of a Pell Grant, Supplemental Educational Opportunity Grant, TEACH Grant, Perkins Loan, Direct Subsidized Loan, Direct Unsubsidized Loan, or Direct PLUS Loan and withdrew on or before completing 60% of the term. Students retain funds earned through the Federal Work Study Program prior to withdrawing from Bethel. For semester-long courses the percentage of Title IV aid to be returned is equal to the number of days remaining in the term divided by the number of calendar days in the term. Scheduled breaks of more than four consecutive days are excluded. For modular courses (e.g., interim), the same principle applies that students earn federal financial aid based on the percent of their enrollment period, but the number of course days in the numerator and denominator only includes days for courses the student is registered to attend when the withdrawal is initiated.

2. **Minnesota Office of Higher Education (OHE) Financial Aid Refund Policy.** Bethel is required to use the OHE financial aid refund policy when calculating refunds for the Minnesota Public Safety Officer’s Survivor Grant Program, Minnesota GI Bill, Minnesota State Grants, and Minnesota SELF loans. After applying Bethel’s “billing refunds” and the “Return of Title IV Funds” refund calculations to the student's account, a proportionate share of the state aid is refunded. Students who withdraw during a 100% tuition refund period are not eligible for any Minnesota state financial aid. Students retain funds earned through the Minnesota State Work Study Program prior to withdrawing from Bethel.

3. **Financial Aid Refunds for Institutional and Third-Party Funds.** After calculating the federal and Minnesota financial aid refund policies, Bethel reduces institutional and third-party sources of gift aid using the Tuition and Housing Refund Schedule. Institutional and third-party gift aid is reduced by the same percent as the student’s tuition was reduced. Private educational loans are first used to pay any remaining balance on the student’s account. If, after all refund calculations, there is a credit on the student’s account, a portion of the private loan may be refunded to the lender.

**Sample refund calculation.** Because there are several different refund policies involved in most withdrawals, students may still owe money to the school after all calculations are completed. Students considering withdrawal are encouraged to visit a financial aid counselor and simulate the financial effect of withdrawing before officially withdrawing from the university.

Suppose a student is enrolled full time and withdraws from all classes on the 10th day of a 110-day semester. The student lived on campus and had a meal plan. Sample charges and financial aid are listed in the “original” columns below. After applying all the refund calculations, this student will owe $717.88.

**Sample Refund Calculation (Student withdraws from all 15 credits on 10th day of classes.)**

Departmental Scholarships (Special Awards)

These departmental scholarships are given to students in the spring of the year to be applied toward the coming school year. Students are selected by the faculty and the Financial Aid Committee. Applications are distributed by the Office of Financial Aid (https://www.bethel.edu/financial-aid/) each fall. Further information may be obtained from the Office of Financial Aid.

Abens Family Scholarship
This scholarship is given annually to a student majoring in biblical and theological studies who wishes to be effective as a lay person in a profession of his or her choice. The recipient must be at least a junior, maintain at least a 3.0 GPA, and be recommended by a professor in his/her major. This is not a need-based scholarship. (EAA002)

Accenture Scholarship
This scholarship is awarded to a junior majoring in computer science, mathematics, physics, business, or economics who is interested in a career in business and technology consulting. (EAA007)

Accounting and Business Encouragement Scholarship
This scholarship is given to an upperclassman of good scholastic standing who exhibits a strong Christian commitment, without regard to financial need, and who is majoring in business, economics, or accounting. (EAA004)

Paul and Laura Ackerman Family Scholarship Fund
This scholarship is given annually to a Bethel student whose parent is in full-time Christian ministry, demonstrates financial need, and maintains a cumulative 3.0 GPA. The scholarship is renewable provided the recipient meets the criteria and is making satisfactory progress toward graduation. It is given out of gratitude for the positive influence Bethel has had on the Ackermans’ extended family. (EAA003)

Theodore J. Adams Memorial Endowment
This award is a memorial to Theodore Adams, a business entrepreneur whose strength of faith and character were evident in all he did and in the relationships on which his family and business were built. College of Arts & Sciences students in financial need are eligible. (EAA222)

Alumni Math Scholarship
This scholarship is given to a College of Arts & Sciences sophomore who is a math major and shows promise. (EAA005)

Alumni of the Year Scholarship Fund
This endowed scholarship was established in honor of past Alumni of the Year awardees and their families, to assist worthy students who reflect the core values of Bethel: being Christ-Followers, Character-Builders, Truth-Seekers, Learners, Reconcilers, Salt and Light, and World-Changers. This scholarship will be awarded to a junior or senior with tremendous potential, solid character and a great attitude, one who is ready to make a mark on the world. The purpose of the scholarship is to award a student who might not be the “obvious choice,” but to award it to a student that needs encouragement and inspiration. Our desire is to help them continue to make contributions to their field of study, trust God on the path He has set for them, and then go on to impact their community for Christ. (EAA273)

Royal Alumni Scholarship
This scholarship is awarded to Bethel University students in the College of Arts & Sciences who demonstrate financial need. (EAR226)

Anderson-McJunkin Family Scholarship
This scholarship is awarded to students in need of financial assistance for their undergraduate education who have demonstrated a commitment to spiritual growth and community service. (EAA006)

A. Dwight and Dorothy E. Anderson Mathematics-Physics Award
This scholarship was established by Dwight and Dorothy Anderson to continue their concern for students at the College of Arts and Sciences. It is to be awarded to a student entering his or her senior year majoring in mathematics or physics (to include math education majors) with a GPA of 3.0 or greater and recommended by the Mathematics or Physics Departments. (EAA289)

Anna Anderson Memorial Scholarship
An annual scholarship is given from the estate of Anna Anderson of Topeka, Kansas, to a student...
of good scholastic standing who evidences leadership in campus activities. (EAA008)

**B. Laverne Anderson Memorial Scholarship**
This scholarship is given in memory of Laverne Anderson to children of Converge Worldwide (BGC) missionaries who are attending Bethel University. (EAA011)

**Charlotte Anderson Nursing Scholarship**
This scholarship is awarded to nursing majors who demonstrate financial need. (EAA009)

**Dr. and Mrs. Karl W. Anderson Memorial Scholarship**
This scholarship is established in memory of Dr. and Mrs. Karl W. Anderson and is awarded to pre-medical students at Bethel University. (EAA010)

**Ralph H. Anderson Engineering Scholarship**
This scholarship, given to honor Ralph H. Anderson, is awarded to new or returning students pursuing the study of engineering and/or applied physics in the College of Arts & Sciences at Bethel University. Preference is given to students residing in Chicago, Illinois or the surrounding Illinois counties of Cook, Will, DuPage, and Lake, and to students pursuing mechanical engineering. The recipient of this scholarship will honor Anderson’s memory by pursuing excellence, following Christ, and living out Christian faith. Anderson, a disabled veteran of World War II and a resident of Chicago, overcame many obstacles, trusted Christ, and provided amply for his family and many charities. He would encourage those receiving scholarships from the endowment to learn, grow, and serve in the name of Christ. (EAA236)

**Thomas K. Anderson Memorial Scholarship**
Established in memory of Thomas Kirk Anderson (C’73) by his family, this scholarship is awarded to business majors, based upon financial need, with preference for one female and one male recipient annually. (EAA012)

**Arlander Memorial Scholarship**
This scholarship is for students who demonstrate financial need and who have demonstrated initiative in earning a portion of their college expenses. The students must also have high academic standing and a Christian purpose. (EAA014)

**Robert and Violet Atkins Memorial Scholarship Fund**
This scholarship is in memory of Robert and Violet Atkins and is given to students majoring in nursing who demonstrate need and Christian character. (EAA266)

**J. O. and Clara M. Backlund Memorial Scholarship**
This scholarship was established by Linnea M. Backlund in memory of her parents, J. O. and Clara M. Backlund. This scholarship is awarded to undergraduate students selected by the scholarship committee. (EAB015)

**Reverend William G. and Ruth J. Backlund Memorial Scholarship**
This scholarship is awarded to a deserving student making acceptable academic and career preparation progress while exhibiting a high level of Christian character and leadership. (EAB016)

**Jay and Barbara Barnes Science Research Scholarship Fund**
In recognition of their lives of service to young people, their servant-leadership in education, their recognition of the value of mentoring by faculty, their loyalty and devotion to the cause of Christ and Christ-centered higher education, this scholarship will be awarded to students in the College of Arts & Sciences with financial need who are rising juniors or students in their junior year who exhibit Christian character and who are doing research in partnership with a faculty member in physics, biology, or chemistry. (EAB308)

**Marilyn H. Batterman Memorial Nursing Scholarship**
The Marilyn H Batterman Memorial Nursing Scholarship is awarded to three students in the College of Arts and Sciences who are majoring in nursing and demonstrate need. Students must be accepted into the nursing department, maintain a GPA of at least 3.0. The award if renewable for up to two years providing the students provide evidence verifying satisfactory performance during the prior year as a fulltime student. (EAB309)

**Gordon Bear Memorial Social Work Scholarship**
This scholarship is awarded to a student majoring in social work. Preference is given for a student who demonstrates financial need. (EAB017)
August F. and Ella M. Becker Memorial Scholarship
This scholarship is given in memory of August and Ella Becker to undergraduate students who are actively growing and maturing in their walk and commitment to Jesus Christ. Preference is given to students (a) from small communities in the Dakotas and Nebraska, or (b) who are active members of a Baptist church (or churches with doctrines, ordinances, and practices similar to Baptist). (EAB018)

Lawrence and Audrey Berglund Scholarship
These scholarships are given annually to qualified students who demonstrate both academic achievement and financial need. (EAB019)

Violet Bergquist Spanish Scholarship
This scholarship is awarded to a Spanish major who will teach Spanish or will use it in missionary work in a Spanish-speaking country. (EAB020)

Margo Bergstrom Memorial Scholarship
This award is given through the Temple Baptist Church of Portland, Oregon. Usually it is given to a student in the College of Arts & Sciences who demonstrates financial need and is recommended from the Temple Baptist Church congregation. If none recommended, it may be given to a student that attends a Converge church. (EAB002)

Fred and Retha Berndt Scholarship
In honor of Fred and Retha Berndt, this scholarship is given to worthy College of Arts & Sciences students who are studying to become teachers. (EAB256)

Terence W. Berntson Scholarship
In memory of Bethel alumnus Terence W. Berntson (C’76), this scholarship is given to worthy Bethel students in the College of Arts & Sciences who demonstrate financial need and who are studying history. (EAB022)

Hazel and George Berquist Memorial Scholarship
This scholarship is provided in memory of this loving, generous couple to provide assistance to undergraduate and seminary students from the Midwestern states of the United States (excluding Minnesota). The students must be members of a Converge Worldwide (BGC) church and demonstrate financial need. (EAB021)

Kaitlin Beske Scholarship Fund
In memory of Kaitlin Beske and her lifelong interest in helping people and education, her loyalty and devotion to the cause of Christ, this scholarship shall be awarded to assist students with financial need who are majoring in Psychology. (EAB307)

Bethel Golf Scholarship
This scholarship was endowed through funds raised through the Bethel Golf Classic and is awarded to students who demonstrate financial need regardless of their major. (EAG069)

Bethel University Scholarship Endowment (CAS)
This scholarship is awarded to Bethel University students in the College of Arts & Sciences who demonstrate financial need. (EAB02)

Donald C. and Jo G. Bishop Scholarship Fund
This scholarship is awarded to business and economics majors who are at least in their sophomore year. (EAB024)

David M. and Sadie L. Blomberg Missionary Kid (MK) Scholarship Fund
In recognition of the important contribution students from missionary families make to Bethel University, the Blomberg Missionary Kid (MK) Scholarship Fund provides an award to children of missionaries who have lived in a country other than the United States. This award is made without regard to financial need. (EAB031)

Merilyn Blomgren Memorial Scholarship
An annual scholarship established in memory of Merilyn Blomgren by her family and friends is awarded to a student who demonstrates academic achievement. (EAB025)

Gust and Dagny Bohlin Memorial Education Scholarship
This scholarship is awarded in memory of Gust and Dagny Bohlin to Bethel University students who demonstrate financial need and who are preparing to become teachers. (EAB022)

Mable Elsie and Ernest Eugene Bonar Voice Scholarship
This scholarship has been established by Alson Toavs in memory of his maternal grandfather and grandmother. It is awarded to a junior or senior vocal major to assist with the cost of lessons. (EAB026)
Dr. John D. Bower Social Work Leadership Scholarship
This endowed scholarship is established in honor of Dr. John D. Bower, chair of the Bethel social work department from 1978-2005. It is primarily funded by longtime friends Dr. J. Richard and Karen Burton, along with alumni and friends of Bethel's social work program. Recipients will be chosen based on their good standing in the social work program and their interest in developing leadership skills. Dr. Bower’s varied accomplishments and recognitions include initial CSWE Accreditation of the Social Work Program, president of the National Association of Social Work (NASW-MN Chapter), and Social Worker of the Year. (EAB242)

Rev. C. Walter and Jeanette Bunger Scholarship for Innovation
This award is given in honor of Rev. C. Walter and Jeanette Bunger. Walter, a BGC minister, taught his son to question life and be objective—creating in him a spirit of inquisitiveness and innovation. The recipients of this award will be those who are inquisitive and demonstrate a capacity for innovation to promote research-mindedness and objective thinking. It is not limited to any particular discipline; majors may be in the arts, sciences, theology, or other academic majors. (EAB221)

Barbara Burton Memorial Scholarship
This annual scholarship is given in loving memory of Barbara Burton’s life by her friends and family to the top senior chemistry major, regardless of financial need. (EAB028)

Edith and James Calhoun Memorial Scholarship
These scholarships are available to reduce loan debt for Bethel University students who are preparing for missionary service. (EAC033)

The Carlson Family Business Scholarship
This scholarship was established by Chris and Debbie Carlson as testimony to Bethel University’s impact on their family. It is to be awarded to a student with financial need in their junior or senior year who is majoring in business. Preference is given to students with entrepreneurial career aspirations who have demonstrated interest, passion, or experience in starting their own business. (EAC292)

C. Emanuel Carlson Memorial Scholarship
An annual scholarship has been established as a memorial to the life and work of Dr. Emanuel Carlson—dean of Bethel College from 1945 to 1954, professor of history and political science at Bethel Academy and College from 1928 to 1954, and executive secretary of the Baptist Joint Committee on Public Affairs from 1954 to 1971—and as an encouragement to worthy students...
to pursue academic excellence in service to God and mankind. (EAC036)

**G. William Carlson Memorial Scholarship**
This scholarship has been established in memory of the life and work of Dr. G. William Carlson – or G.W., to most. He was a 1965 graduate of Bethel, professor in the history and political science departments for 44 years (1968 to 2012), served on the St. Paul school board from 1986-1996 – and was an encouragement to students to accept Christ as Savior, cultivate a Christian spiritual journey, be lifelong learners and be deeply committed to service. Scholarships in the amount of $1,500 per student are given annually to qualified history or political science majors with financial need and whose cumulative GPA is 3.0 or higher. (EAC034)

**E. W. Ceder Memorial Fund for Music Scholarship**
This scholarship is awarded to worthy students studying music in the College of Arts & Sciences at Bethel University who demonstrate need. (EAC038)

**Central Baptist Scholarship**
This scholarship was established by Central Baptist Church of Sioux Falls, South Dakota, to provide incentive and assistance for qualified College of Arts & Sciences students from the church. (EAC005)

**Chemistry Student Award Endowment**
This scholarship is awarded to students who are majoring in chemistry. (EAC006)

**Dorothy Christison Memorial Nursing Scholarship**
This scholarship was established by the estate of Dorothy Christison for the purpose of funding a scholarship for qualified persons enrolled in the nursing program at Bethel University. (EAC041)

**Karen and Don Ciske Nursing Scholarship**
The fund was established in memory of Cleo - Atkinson, mother of retired Bethel nursing professor Karen Ciske. This scholarship is awarded to worthy students in the College of Arts & Sciences who demonstrate financial need and who are enrolled in the Department of Nursing. (EAC203)

**Class of ’58 Scholarship**
This award is presented on behalf of the Class of 1958 as an outward display of their loyalty, interest in educating young people, and continued devotion to the cause of Christ. An award is given to students in the College of Arts & Sciences who demonstrate financial need. (EAC215)

**Class of ’63 Scholarship**
This scholarship is given to a deserving Bethel - University College of Arts & Sciences student. (EAC044)

**Class of ’64 Scholarship**
This award is presented on behalf of the members of the Bethel University Class of ’64 to an upperclassman (sophomore to senior) who has demonstrated scholarship excellence, leadership excellence, Christian service involvement, and a financial need. The student selection is made by the Bethel Scholarship Committee. (EAC042)

**Class of 1967 Scholarship**
The Class of 1967 gives an award to a worthy Bethel University student in the College of Arts and Sciences that demonstrates financial need. (EAC0280)

**Class of 1970 Scholarship**
This scholarship is sponsored by the Class of 1970 and is awarded to Bethel University College of Arts & Sciences students who demonstrate need. (EAC233)

**Class of 1972 Scholarship**
The Class of 1972 gives an award to a worthy Bethel University student in the College of Arts and Sciences that demonstrates financial need. (EAC278)

**Class of ’76 Award**
The Class of ’76 presents this annual award to a chemistry student who models Christian commitment, integrity, academic excellence, perseverance, a positive spirit, and mutual support. (EAC040)

**Coca-Cola and Bethel Campus Store Scholarship**
This scholarship was established by The Coca-Cola Company and the Bethel Campus Store. It is awarded to a student with financial need who comes from a single-parent family. (EAC046)

**Communication Scholarship**
This scholarship was established to encourage communication studies majors. It is awarded to two seniors majoring in communication studies, regardless of their need. (EAC179)
Community Life Scholarship
An annual scholarship is awarded to students who have contributed significantly to the campus through planning and participating in activities to strengthen campus spiritual life. (EAC167)

Donald M. Constable Scholarship Fund
This scholarship is in memory of Donald M. Constable and is given to worthy junior or senior Bethel University students in the College of Arts & Sciences who major in business, with a preference for those with an emphasis first in finance, then in accounting. Students must have a GPA of 3.2 or higher on a scale of 4.0 to qualify. Students must demonstrate financial need. (EAC225)

Royden S. and Fern M. Dane Memorial Scholarship
This scholarship was given in memory of Royden S. and Fern M. Dane and financed by their estate. The Dane Fund is to supply one or more scholarships for eligible students. (EAD047)

Deubener Juenemann Students of Color Scholarship
This scholarship is given by the Deubener Juenemann Foundation to undergraduate students of color who demonstrate financial need. (EAD048)

Walter H. and Lydia Deubener Memorial Scholarships
This scholarship is awarded to undergraduate students selected by the scholarship committee. (EAD049)

Lillian Devine Memorial Biblical and Theological Studies Scholarship
This scholarship is to be given annually to deserving junior and senior students of good scholarship who demonstrate interest and proficiency in biblical and theological studies and who are preparing for full-time Christian work. (EAD050)

Dwyer Nursing Endowment
In recognition of William and Ruth Dwyer's interest in encouraging nursing as a professional career and through gifts from the Banner Health System, this fund awards worthy students who are pursuing a career in nursing. First preference is given to incoming students, then to continuing students. (EAD051)

Donald A. and Nadine F. Dye Scholarship
Awarded in honor of Donald and Nadine Dye to students with financial need who regularly attend a Converge Worldwide (BGC) church. (EAD219)

Esther V. Eastlund Memorial Scholarship
Each year a scholarship is given from the estate of Esther V. Eastlund to a worthy student studying for the ministry or for missionary work. (EAE051)

Sagrid E. Edman Undergraduate Nursing Scholarship
Established in honor of Dr. Edman, founding chair of the Bethel University nursing program in 1981 and chair of the Department of Nursing until her retirement in 1997, the fund assists worthy nursing students in the undergraduate nursing program. Selected by the nursing faculty, recipients are seniors who best exemplify excellence in clinical nursing practice, Christian care, and compassion; demonstrate leadership potential; and rank high academically. (EAE052)

Edwall Music Memorial Scholarship
A scholarship is awarded to a music major who is majoring in either voice or an instrument and who demonstrates financial need. (EAE053)

Elementary Education Encouragement Scholarship
This scholarship is given to an upperclassman who is majoring in elementary education without regard to financial need. The recipient must be in good scholastic standing and exhibit a strong Christian commitment. (EAE054)

Violet Englert Scholarship
This scholarship is awarded to Bethel University College of Arts and Sciences students majoring in education who demonstrate financial need. (EAE268)

Reuben and Ethel Englund Memorial Scholarship
A scholarship is given annually in memory of Mr. and Mrs. Englund by their children. The recipient is to be a musician, with preference given to a string performer. (EAE056)

Amy M. Erickson Memorial Scholarships
These scholarships are given in memory of Amy M. Erickson to undergraduate students selected by the scholarship committee. (EAE057)
Dorothy Erickson Memorial Scholarship
This scholarship is awarded to an undergraduate student selected by the scholarship committee who demonstrates financial need. (EAE058)

Fair Family Scholarship
The Fair Family Scholarship is awarded in recognition of Christian stewardship to a full-time college sophomore whose cumulative GPA is 3.0 or higher and who demonstrates active involvement in church activities. Preference is given to pre-seminarians pursuing a vocation in the pastorate, missions, or youth ministry. The scholarship is renewable for up to two years provided the student maintains a cumulative GPA of 3.0 or higher. (EAF060)

Colleen M. Feldman Psychology Scholarship
This scholarship is awarded to upperclass students in the College of Arts & Sciences who are majoring in psychology and maintaining a minimum GPA of 3.0. (EAF151)

The George Floyd Scholarship Fund
The George Floyd Scholarship reflects Bethel University’s theological and practical commitment to stand unequivocally against racism and every form of sin that destroys the image of God in humanity. The scholarship will be awarded to an incoming or returning student in any Bethel University school who demonstrates a commitment to increasing opportunities for members of underrepresented groups, breaking down stereotypes, enabling others to better understand persons of different races or ethnicities, excellence in leadership, dedication to community engagement, commitment to Biblical justice and advancement of the gospel. (EZF007)

Phil and Leta Frazier Communications Award
In recognition of the impact the Frazier’s have had on their students in the Communications Department during their years at Bethel University, and in recognition of students majoring in Communication Studies to encourage them to reach their full potential as Christian Scholars, this scholarship is given to a worthy Bethel University College of Arts and Sciences student. The recipient must be majoring in Communication Studies, who is junior at time of the award, has a strong academic achievement in the department (3.0 GPA or above), participates in departmental activities and demonstrated competence in Interpersonal Communication. (EAF279)

David Maynard Frost Scholarship
The fund makes awards to students from single-family homes who demonstrate financial need, with preference given to dependents of widows and widowers. Awards of $1,000 may be renewed for students maintaining a 3.0 GPA or higher. (EAF066)

Garven Family Fund Scholarships
This scholarship fund, established by David and Gayle Garven, provides three student scholarships. The Family Fund provides scholarships of $1,000 each to an incoming freshman, a provisional student, and an incoming minority student. The Jeffrey D. Garven Memorial Fund provides an award of $1,000 to a male sophomore or junior who has shown signs of spiritual maturity at Bethel and who places a high priority on Christian growth. First priority would go to a student from Minnetonka High School. (EAG063, EAG064, EAG065)

Jack & Clara Geiger Nursing Scholarship
In recognition of their lifelong interest in learning and young people, their love of Bethel University and its Christ-centered mission, this scholarship shall be used to assist worthy students with financial need who have maintained a GPA of 2.75 and have been accepted in the Nursing program in the College of Arts & Sciences. (EAG303)

The Donald R. Geis Family College of Arts & Sciences Scholarship
Two scholarships are awarded to full-time Bethel University students who show high promise of future leadership and service and exhibit evidence of a strong Christian faith. Each recipient must be at least a sophomore in the year the scholarship is received and must have at least a 3.0 cumulative GPA unless other outstanding attributes are considered worthy of making an exception to this criterion. The scholarship is renewable provided the recipient meets the scholarship criteria and is making satisfactory progress toward graduation. (EAG003)

To the Glory of God Nursing Scholarship
In recognition of their interest in nursing students and their desire to see each one be prepared to be salt and light in this world, this scholarship shall be used to assist annually one worthy junior or
senior Bethel University full-time student with financial need who has been accepted into the nursing undergraduate program of the College of Arts & Sciences. (EAG304)

**Bonnie E. Goodwin Memorial Scholarship**
This scholarship is given to honor the memory of Bonnie Goodwin and to assist undergraduate students in great financial need. (EAG070)

**Lester R. and Esther M. Granlund Encouragement Scholarship**
This scholarship is awarded to a junior or senior of good scholastic standing with strong Christian commitment, regardless of financial need. (EAG071)

**Gloria Grayum Nursing Scholarship**
This scholarship is awarded to a nursing student who is preparing for mental health service, is in need of financial assistance, and has a GPA of 2.5 or above. (EAG072)

**James B. and Christina Z. Green Scholarship Fund**
This scholarship is given to full-or part-time Bethel University students in the College of Arts & Sciences who demonstrate need, and maintain a 2.5 GPA. First preference is given to an employee, retiree, spouse, parent, sibling, direct descendant, or stepchild of an employee or retiree of Kemps LLC. One award per year will be given. (EAG261)

**Gruez Physics Scholarship**
Recipients of this scholarship are selected by the faculty of the Department of Physics and must be enrolled in a calculus-based physics or pre-engineering program at Bethel. Candidates must also be involved in at least one extracurricular activity that is NOT directly connected to physics, mathematics, or computers (e.g., performing arts, service projects, etc.). Up to three scholarships are awarded each year. (EAG073)

**Charles and Marilyn Gustafson Nursing Scholarship**
This scholarship is awarded to a deserving nursing student. (EAG075)

**J. Alfred Gustafson Memorial Scholarship**
An annual award is given from the estate of Mabel T. Danielson, J. Alfred Gustafson’s daughter, as an encouragement to a worthy student. (EAG074)

**Margaret-Rose Guthrie Memorial Scholarship**
This is an annual scholarship established in memory of Margaret-Rose Guthrie by family and friends. The recipient will be at least a junior who demonstrates scholastic ability, expresses an interest in service to others (not necessarily in a Christian field), and is a member of a Baptist affiliation. (EAG076)

**Sara Haile-Selassie Scholarship**
In recognition of a woman of color who overcame great difficulties in coming to America and then pursuing with excellence an education in the sciences at Bethel, this scholarship will be awarded to students of color and international students at Bethel University who are pursuing a degree in the sciences. (EH077)

**Truman and Verna Halvorsen Scholarship**
This scholarship is awarded to students who are preparing for careers in Christian ministry or education, have at least a 3.0 GPA, and demonstrate financial need. (EH078)

**Ralph E. and Mary J. Hammond Scholarship**
As an example of their commitment and generosity to serve both the College of Arts & Sciences and Bethel Seminary, professor Mary Hammond and her late husband professor Ralph Hammond give this scholarship to assist students in financial need at both schools. Previously two separate scholarships, this is awarded to College of Arts & Sciences students planning to teach in the public school system in even years and Bethel Seminary students planning to work in ministry in odd years. (EH001)

**Elderine Byrdie Nordquist Hansen Scholarship Fund**
In recognition of her lifelong interest in young people, her interests in education and nursing, her loyalty and devotion to the cause of Christ, this scholarship shall be used to assist worthy Bethel University students with financial need in the College of Arts & Sciences who major in nursing, exhibit Christian character, and have distinguished themselves academically. (EH0305)

**Thorvald Hansen III Memorial Scholarship**
In memory of Thorvald Hansen III and in recognition of his passion for teaching art to young people, his interests in education, his love for and devotion to the cause of Christ, this scholarship shall be awarded to worthy
Bethel University students in the College of Arts & Sciences with financial need. First preference shall be given to male students preparing to become elementary education teachers; second preference shall be given to prospective male art teachers. (EAH291)

**Thor and Nancy Hansen Scholarship**
This scholarship is given to worthy students who demonstrate financial need, with first preference to those students who are graduates of Hope Academy of Minneapolis, MN. (EAH285)

**Irene Hanwell Memorial Nursing Scholarships**
Two annual scholarships are given from the estate of Irene Hanwell to nursing students preparing for Christian mission service who demonstrate financial need. (EAH080)

**Irene Hanwell Memorial Scholarship**
This annual scholarship is given in memory of Irene Hanwell by Mrs. Millie Hanwell to a student whose life exemplifies a sincere Christian commitment and who demonstrates financial need. (EAH081)

**Leonard and Doris Hasselblad Memorial Scholarship**
This award is given by the family of Leonard O. Hasselblad of San Jose, California, to perpetuate his long-standing relationship with Bethel University and to further his desire to help young people secure an evangelical Christian education. (EAH082)

**William Randolph Hearst Endowed Scholarship Fund**
This scholarship has been funded by the Hearst Foundation with the intention of providing scholarship funds for students with financial need who intend to reside in the United States after completing their studies. (EAH085)

**Stacey Hunter Hecht Scholarship Fund**
In recognition of her lifelong interest in young people, her interests in education and political science, her loyalty and devotion to the cause of Christ, the Stacey Hunter Hecht Scholarship was established to assist worthy students with financial need who are majoring in political science or intend to major in political science and maintaining a minimum GPA of 3.0. (EAH275)

**Graydon Held Memorial Scholarship**
An annual scholarship is granted to a qualified student demonstrating an interest and proficiency in business education and meeting established criteria of need and achievement. This award is given in honor of Graydon Held, who served as comptroller at Bethel University from 1968 until his death in 1978. (EAH083)

**Sheloa Hanson Hillman Memorial Scholarship**
Two scholarships are given in memory of Sheloa Hanson Hillman '74 by her family and friends. These scholarships are awarded to two female students who exhibit godly character and a competitive spirit. (EAH084)

**Edith Holm and Lydia Holm Memorial Scholarship**
This scholarship from the estates of Edith Holm and Lydia Holm is for students who demonstrate financial need and who have demonstrated initiative in earning a portion of their college expenses. The students must also have high academic standing and a Christian purpose. (EAH087)

**Edna V. Holm Nursing Scholarship**
Two scholarships will be awarded each year to nursing students contemplating missionary service and showing financial need. These scholarships are given in memory of Edna V. Holm, who graduated in 1929 from Mounds Midway School of Nursing and served as a missionary with her husband in Assam, India, and Ethiopia. (EAH088)

**Lydia Holm Scholarship Fund**
An endowment established from the estate of Lydia Holm in appreciation of Bethel's mission of excellence and Christian ministry, the fund is available to worthy students attending the College of Arts & Sciences at Bethel University. (EAH089)

**Ralph T. and Karla Calais Holman Chemistry Endowment**
The Ralph T. and Karla Calais Holman Chemistry Endowment is given to worthy Bethel University students in the College of Arts & Sciences who demonstrate need. First preference will be given to incoming students with a minimum ACT score of 27 (or comparable SAT score) and an interest in majoring in chemistry. The scholarship is renewable if students maintain a 3.0 GPA and continue to major in chemistry. (EAH252)

**Dr. Gordon P. Howell Scholarship Fund**
In recognition of his lifelong interest in young people, his interest in music education, his loyalty and devotion to the cause of Christ as
manifested by his service as a member of the Bethel University music faculty (1959-1993), appointed Professor of Music Emeritus, this scholarship is awarded to a worthy Bethel student in the College of Arts & Sciences who is a music major with financial need. (EAH281)

**Humanities Achievement Award**
This scholarship is given to worthy Bethel University College of Arts & Sciences students majoring in one of several named departments within the Humanities program (Biblical & Theological Studies, English, History, Political Science, Anthropology, or Sociology) who is a sophomore or junior, is from a historically disadvantaged group (e.g. low-income, first-in-family college student, or minority), has strong academic achievement in the department, participates in departmental activities, and has the potential for achievement and Christian service after graduation. (EAA230)

**Lynn Cherie Hummel Memorial Nursing Scholarship**
This scholarship was established in memory of the life of Lynn Cherie Hummel, who died while she was a nursing student at Bethel. It is awarded annually to a promising and dedicated junior nursing student based on faculty recommendation. (EAH090)

**Fred and Ellen Jacobson Scholarship Fund**
Established by Betty Jacobson in honor of her parents, awards are made to worthy students in the College of Arts & Sciences who are enrolled in the department of nursing or are pursuing a pre-medicine degree. The students must also demonstrate financial need. (EAJ091)

**Jacol Computer Science Encouragement Award**
This scholarship is given to deserving computer science students selected by the department faculty. (EAJ092)

**John and Elaine Jahnke Scholarship for Children of Missionaries**
This scholarship is awarded to students who demonstrate financial need and who have acquired their basic education in schools of a foreign country and/or who have been homeschooled. Recipients’ parents must be duly appointed career missionaries. (Short-term service does not qualify.) This does not include staff members of local churches and parachurch organizations. (EAJ094)

**Thelma Jahnke Memorial Scholarship**
An annual scholarship is given in memory of Thelma Jahnke to a junior or senior nursing student who demonstrates financial need. (EAJ093)

**Janke Memorial Scholarship**
An annual scholarship of $500 is provided by friends of the Janke family for an upper-level student majoring in history or political science. The recipient is nominated by the faculty from the two departments. (EAJ095)

**Albert H. and Eddyte M. Jensen Memorial Scholarship**
This scholarship was established to perpetuate the influence of Mr. and Mrs. Albert H. Jensen and as a memorial also to Joanne Jensen Trettien, a former Bethel student. It is to provide financial aid and encouragement to Bethel University students who show proficiency in music and meet the established requirements of need and academic achievement. (EAJ096)

**Arthur B Johnson Scholarships**
In recognition of his lifelong interest in young people, his interests in education, his loyalty and devotion to the cause of Christ, this scholarship shall be used to assist worthy Bethel University students with financial need who are studying in the College of Arts & Sciences. (EAJ296)

**Doris Ruth Johnson Scholarship Fund**
This scholarship is awarded to worthy students in the College of Arts & Sciences with proven leadership skills who demonstrate financial need. Students must maintain a cumulative GPA of 3.0 or higher and exhibit Christian character and a well-rounded balance of scholarship, work, service, and worship. (EAJ206)

**Ed and Joanne Johnson Scholarship**
In recognition of their lifelong interest in young people, their shared love of music, their loyalty and devotion to the cause of Christ, and in consideration of gifts received, this scholarship shall be used to assist worthy Bethel University students with financial need in the College of Arts and Sciences who are studying music. (EAJ234)

**Elizabeth Tobey Johnson Scholarship for Nursing Education**
An annual scholarship is given in memory of Elizabeth Tobey Johnson by her children to a
junior or senior nursing student who shows a strong aptitude for patient care. (EAJ097)

James E. and Louella K. Johnson History Scholarship
This scholarship was established to perpetuate the influence of James E. Johnson and to provide financial aid and encouragement to a Bethel University history student who has indicated financial need and excellence in scholarship. (EAJ098)

Lawrence Robert Johnson Memorial Scholarship
This scholarship is established as a memorial to Lawrence Johnson, a husband, father, and successful businessman, by his family that dearly loved him and miss him. Students in the College of Arts & Sciences majoring in history are eligible, with preference to those planning to teach in secondary education or attend seminary. (EAJ224)

Linda Ostrom Johnson Memorial Scholarship
This scholarship is given to a Bethel University student who has been accepted into the elementary education major. Preference should be given to Minnesota residents from the east-central areas around Cambridge or Mora. (EAJ101)

Lisa Marie Ohlgren Johnson Scholarship: To God Be the Glory!
In recognition of her lifelong interest in young people, her dedication to excellence in nursing, her loyalty and devotion to the cause of Christ, this scholarship is to be awarded to a worthy Bethel student in the College of Arts & Sciences with financial need. Nursing faculty will select a senior nursing student who has demonstrated a firm commitment to his/her Christian faith and exhibits a true desire for excellence in nursing. (EAJ284)

Russell W. and Margaret Johnson Scholarship
An annual award given by alumnus William Slivka, Class of 1953, in recognition of Russell W. Johnson, biology professor at Bethel from 1951-1976, who excelled as a teacher and influenced the lives and careers of many students. It is to be awarded to the most promising junior who is a pre-medical student. (EAJ100)

Ardys Jordan Memorial Music Scholarship
This scholarship is awarded to any undergraduate upperclass student with a 2.5 GPA or higher, who has an intention and/or career goal of medical missions. (EAK108)

Gladys Kleinsasser Memorial Scholarship for Medical Mission
This scholarship is awarded to any undergraduate upperclass student with a 2.5 GPA or higher, who has an intention and/or career goal of medical missions. (EAK108)

Harland and Pauline Knight Family Scholarship
This scholarship is awarded to sophomores, juniors, or seniors majoring in the field of education with a cumulative GPA of at least 3.75. (EAK106)

Jeff Koenigsberg Memorial Scholarship
This scholarship is established in loving memory of Jeff, who died of cancer in 1996 at the age of 13. It is intended to be awarded to a promising art
student with financial need, who demonstrates exceptional and genuine talent, in recognition of Jeff’s unique personality, creative nature, and promising artistic ability. This scholarship is intended for returning students majoring in visual arts, upon the recommendation and confirmation of the art department faculty, as an encouragement to students to develop their God-given gifts within a Christian environment. (EAK109)

**Gunnar Kronholm Business Scholarship**
In honor of former banker, Bethel administrator, and adjunct faculty member Gunnar Kronholm, whose life exemplified faithful Christian service and ethical business practice, this scholarship is awarded to students majoring in business in the College of Arts & Sciences. (EAK110)

**Gunnar Kronholm Scholarship Fund in Wealth Management**
The Gunnar Kronholm Scholarship Fund in Wealth Management has been established in honor of the exceptional life of Gunnar Kronholm, his leadership in establishing the Department of Business/Economics at Bethel University, his godly example to and influence on numerous business/economics students. The fund is to assist a worthy Bethel student with financial need. The preferred candidate is a third- or fourth-year business/economics/finance student with a GPA of 3.0 or greater, seeking a career in wealth management. (EAK276)

This scholarship is given in memory of Kari Rasmussen, an alum who loved her time at Bethel and contributed much to the music department. It is given to students who show financial need and are juniors or seniors taking private music lessons at Bethel, with preference given to wind symphony members. (EAR232)

**Reader’s Digest Foundation Scholarship**
Four annual scholarships are awarded from a fund provided by Reader’s Digest to students with superior academic standing who demonstrate financial need. (EAR165)

**Dr. James A. Reynhout Scholarship in Biology**
This scholarship is named after James K. Reynhout, who served for 28 years as professor of biological sciences. In honor of his parents, who were lifelong missionaries, the award is given to College of Arts & Sciences junior and senior biology and pre-med students who plan to be involved in missions nationally or internationally. (EAR209)

**Edgar and Doris Ritchie Scholarship in Humanities**
This scholarship is established in honor of the parents of Daniel Ritchie, professor of English, who founded Bethel’s humanities program in 2002. It is awarded to a student who has finished the humanities program and has demonstrated a commitment to liberal arts education in the service of Christ. (EAR259)

**Harold and Velma Rixe Memorial Scholarship**
This scholarship is given in memory of Mr. and Mrs. Rixe to undergraduate students selected by the scholarship committee. (EAR164)

**Robertson Family Scholarship Fund**
This scholarship was established in recognition of Ervin H. Robertson to assist Bethel University College of Arts & Sciences students pursuing careers in health sciences, education, or ministry.
Students must demonstrate financial need. (EAR247)

**Rocky Mountain Scholarship**
An annual award is given to a student who represents the Rocky Mountain Baptist Conference area, possesses leadership potential in terms of Christian character, and demonstrates financial need. In the event no student from the Rocky Mountain area qualifies, it may be given to a student from another area. The award may be granted to one student or may be divided among two or more. (EAR168)

**Betty Royer Memorial Piano Scholarship**
This scholarship was established in appreciation of Betty Royer. It is awarded annually to an outstanding piano-emphasis music major upon the recommendation of the faculty of the Department of Music. (EAR172)

**Betty Royer Memorial Voice Scholarship**
This scholarship was established in appreciation of Betty Royer. It is awarded annually to an outstanding voice-emphasis music major upon the recommendation of the faculty of the Department of Music. (EAR169)

**Emily Grace Rudolph Scholarship Fund**
This scholarship honors the life of Emily Rudolph, a 2005 College of Arts & Sciences nursing graduate who passed away on December 31, 2007. Her life was remarkable and was characterized by her service in the inner-city, orphanages, homeless shelters, and public health clinics with which she volunteered. This award goes to College of Arts & Sciences nursing students who have financial need and are involved in a cross-cultural experience. (EAR218)

**Bernard A. and Winnie L. Rust Christian Ministry Scholarship**
This scholarship is awarded annually to an undergraduate student preparing for Christian ministry. (EAR170)

**Bernard A. and Winnie L. Rust Music Scholarship**
This scholarship is awarded annually to an undergraduate student majoring or minoring in music. (EAR171)

**Alice L. Ryan Memorial Scholarship Fund**
This scholarship is given in memory of Alice L. Ryan, her love for God, and commitment to students. It is given to students in the College of Arts & Sciences in the elementary education degree program who demonstrate financial need. (EAR208)

**Marie Salmonson Scholarship Fund**
Marie Salmonson was an honor student and graduate of Bethel Academy, Class of 1929. She faithfully supported Bethel University and her home church, Emmanuel Baptist (Mora, Minnesota), all her life. Her life ended in 2010 just two weeks short of her 99th birthday. A tireless, dedicated servant, she served as county auditor of Kanabec County for 37 years and in various capacities in her church for more than 51 years. She was a careful investor and left a legacy that will live on in the lives of the Bethel students who benefit from the scholarship that bears her name. It is awarded to worthy College of Arts & Sciences students who demonstrate financial need. (EAS238)

**Dr. Russell and Inez Sather Scholarship for Elementary Education**
This scholarship is awarded to students majoring in elementary education. Recipients must be recommended by the faculty and maintain a 3.0 or better GPA. Preference will be given first to students from Polk, Red Lake, Marshall, Pennington, Norman, Kittson, Lake of the Woods, Mahnomen, and Clearwater counties in Minnesota. Awarding will commence in the sophomore year and continue through the senior year. (EAS173)

**Dr. Russell and Inez Sather Scholarship for the Health Sciences**
This scholarship is awarded to students majoring in a healthcare professional program. Recipients must be recommended by the faculty and maintain a 3.0 or better GPA. Preference will be given first to students from Polk, Red Lake, Marshall, Pennington, Norman, Kittson, Lake of the Woods, Mahnomen, and Clearwater counties in Minnesota. Awarding will commence in the sophomore year and continue through the senior year. (EAS175)

**Lucille M. Saxon Scholarship in Missions**
This scholarship is awarded annually to an upper-classman who has indicated serious interest in a missions career and is exhibiting interest through success in appropriate course work and missions-related extracurricular activities. (EAS174)
Susan K. Saxon/Mounds Midway School of Nursing Scholarship Fund
This scholarship is in memory of Susan K. Saxon, a graduate of the Mounds Midway School of Nursing, in recognition of her interest in caring for coronary patients and her devotion to the cause of Christ. An annual scholarship is awarded to College of Arts & Sciences nursing students who are interested in pursuing a career in coronary nursing and demonstrate financial need. (EAS213)

Senior Class Royal Legacy Scholarship Endowment
This scholarship is given by students of the senior class—past, present, and future—to be a blessing to fellow Royals and welcome them into this community of believers. An award is given to full-time freshmen or incoming transfer students in the College of Arts & Sciences who have financial need. (EAR214)

Myrtle M. Shaver Memorial Nursing Scholarships
Several scholarships are awarded annually to Bethel University students working toward a Bachelor of Science in Nursing. (EAS176)

Eunice Singfeldt Scholarship Fund
This scholarship is given in memory of Eunice Singfeldt to Bethel University students in the College of Arts & Sciences who demonstrate need. (EAS263)

C. Howard Smith Music Scholarship Endowment
This scholarship is in honor of C. Howard Smith, professor of music at Bethel University, who was dedicated to music education and the integration of music and spiritual life. This scholarship is awarded to music majors with a preference to students who exhibit a balance of scholarship, musical ability, and service. This is renewable if recipient maintains an overall GPA of 3.3. (EAS177)

W. Robert Smith Memorial Scholarship
This scholarship is awarded to a student of any concentration or vocational goal who expresses serious interest in serving in a leadership capacity in an evangelical Christian church. This award is in honor of Dr. W. Robert Smith who was an interim pastor at Trinity Bible Church in Phoenix, Arizona. The recipient shall be at least a junior, attain and maintain at least a 3.0 GPA, demonstrate need, give evidence of future success, and be recommended by the major professor and department instructional personnel. (EAS178)

Wilbur and Pearl Sorley College Scholarship
This scholarship honors Wilbur and Pearl Sorley who both graduated from Bethel Seminary and served the Lord as missionaries to India. It was their desire to assist worthy and needy students who are committed to giving their lives to share the good news of Jesus Christ. (EAS227)

Spirit of Unity Scholarship
This scholarship is awarded to students of minority heritage who demonstrate financial need and are from the United States. Preference is given to Minnesota residents. The award is renewable if overall GPA of 2.5 or higher is maintained. (EAS202)

Bill and Becky Ann Stewart Scholarship
An annual scholarship is provided by Bill and Becky Ann Stewart for students who desire to enter a Christian field of endeavor or who wish to be effective in spreading the word of Christ as lay persons in a profession of their choice. (EAS180)

Mr. and Mrs. Sidney L. Stolte Scholarship
This scholarship is given annually in memory of Mr. and Mrs. Sidney L. Stolte to a senior who has shown leadership, character, and scholastic achievement and is preparing to serve God in world missions. (EAS181)

Student Senate Scholarship
Funded by the College of Arts & Sciences Student Senate, this annual award is given to a student who has rendered outstanding service to the Bethel Student Government. The recipient must have a 2.5 GPA or better and may not be a current Senate member. (EAS008)

Elvira M. Svard Scholarship
The fund awards worthy students who demonstrate financial need and who are pursuing a teaching career. (EAS182)

Grace Ann Larson Swanson Scholarship
This scholarship is given in memory of Grace Ann Larson Swanson to assist worthy Bethel University CAS students who demonstrate need and are pursuing a professional career in elementary education. Preference is given to students with a GPA of 3.0 or higher. (EAS258)
Theatre Arts and Visual Arts Scholarship
This award is given to worthy and needy College of Arts & Sciences students who are majoring in theatre arts and are planning to use these talents in Christian ministry. Leslie M. Funk established this scholarship to help assist college students and to help the cause of Christ though Bethel University. (EAT220)

Theatre Arts Endowed Scholarship Fund
This scholarship is awarded by the Department of Theatre Arts faculty to encourage outstanding drama students. (EAT009)

Larry Tilleskjor Scholarship Fund
This scholarship is given to worthy Bethel University College of Arts & Sciences students who are pursuing a degree in chemistry with a minimum GPA of 3.0 and demonstrate financial need. (EAT205)

Ron & Nancy Tschetter Scholarship Fund
Established in honor of Ron Tschetter by the Dain Rauscher Foundation for his years of service, the fund awards worthy junior and senior students who are pursuing a career in business. Qualified applicants will be required to demonstrate financial need. (EAT183)

Ralph E. Twite Memorial Scholarship
Two annual scholarships are awarded to third- or fourth-year students in music and business (one scholarship in each area). Recipients must be the top students in their major. (EAT184, EAT185)

Urban Youth Leadership Scholarship Fund
This scholarship is awarded to worthy Bethel University students with financial need who qualify as ACT-SIX participants or are among the underserved populations in the urban Twin Cities area. (EAU270)

Astrid and Ray Van Hoy College Scholarship
This scholarship is in honor of Astrid and Ray Van Hoy. Astrid held a long-standing appreciation for caring and capable ministers of the gospel. It was through her careful savings that this scholarship has been made possible to College of Arts & Sciences students who have financial need and are preparing for pastoral ministry. It was her hope that this scholarship would enable recipients to study at Bethel and pursue God’s call to the pastorate. (EAV228)

M. Eleanore Vogel Scholarship
In recognition of her lifelong interest in young people, her interests in education and nursing leadership, her loyalty and devotion to the cause of Christ, this scholarship is awarded to a worthy Bethel student in the College of Arts & Sciences with financial need who is majoring in nursing. (EAV283)

Frank J. and Eileen J. Voth Scholarship
This fund is established in honor of the ministry of Frank and Eileen Voth with deep gratitude to God for His provision throughout their life together. Awards are given to children of pastors or missionaries who show academic promise and who demonstrate financial need. (EAV186)

Wallendorf Scholarship Endowment
This scholarship has been established by Paul Wallendorf ’26 in loving memory of his wife, Helen, and his daughter, Barbara. It is awarded annually to students who demonstrate financial need with a cumulative GPA of at least 3.6. (EAW187)

Robert Weaver Scholarship
In honor of Dr. Weaver’s 26 years of service to the University, the intended spirit of this endowment is to award a deserving student who has, by process of scholarship and application, and in consultation with the business faculty, demonstrated a passion for the furtherance of the virtues of peace, justice, equality, and the ability to view the world from the perspective of those who are themselves most in need; this within the context of a small business education. The candidate for this award must be: an upper-classman; majoring in business with preference for those in the entrepreneur program; demonstrating a passion for use of their gifts to those in need. (EAW237)

Maurice and Germaine Wessman Memorial Scholarship
This scholarship is awarded in memory of Maurice (Duff) Wessman and Germaine (Gerry) Wessman who loved the Lord and His Bethel with all their hearts. This scholarship is awarded to College of Arts & Sciences international students. (EAW190)

Wheelock Parkway Baptist Church Memorial Scholarship
Upon the dissolution of the Wheelock Parkway Baptist Church, it was decided to establish a scholarship fund to assist Bethel University
students who demonstrate Christian commitment and character, maintain academic achievement, and demonstrate financial need.  
(EAW191)

**Bill and Ruth Widen Memorial Scholarship**
An annual scholarship is given to a female student with ultimate plans for missionary nursing or other missionary service.  
(EAW196)

**Helen E. Widen Memorial Scholarship**
This scholarship is awarded to an undergraduate student selected by the scholarship committee who demonstrates financial need.  
(EAW194)

**Margaret E. Widen Memorial Scholarship**
This scholarship is awarded in memory of Margaret E. Widen to a Bethel University student.  
(EAW195)

**Mildred M. Widen Memorial Scholarship**
This scholarship is awarded in memory of Mildred M. Widen to a Bethel University student.  
(EAW197)

**Wilmot Road Baptist Church Scholarship**
Upon the dissolution of the Wilmot Road Baptist Church, its members decided to establish a scholarship fund to assist Bethel University students.  
(EAW198)

**Alfred J. and Rosalie Wingblade Scholarship**
A scholarship is given as a memorial to Alfred and Rosalie Wingblade’s 42 years of service to Bethel. A.J. Wingblade served as principal of Bethel Academy beginning in 1907 and as professor of Greek and Christian education at Bethel College. The award is given to a promising student who has demonstrated aptitude for the use of the Greek language in New Testament studies.  
(EAW199)

**Florence Winquist Nursing Scholarship Fund**
This scholarship shall be used to assist worthy Bethel University students with financial need in the College of Arts & Sciences who major in nursing.  
(EAW295)

**Fern Worm, Lynne Petersen Nursing Scholarship**
This scholarship is given in memory of Fern A. Worm, who worked as chief nurse for Whirlpool in St. Paul, Minn., for 29 years. It is awarded to a Bethel University upperclassman majoring in nursing.  
(EAW192)

**David F. and Vicki D. Ylkanen Scholarship Fund**
This scholarship is given by the Ylkanens, recognizing their lifelong interest in young people and education. It is awarded to students majoring in business, communication, education, or nursing who demonstrate financial need and whose Christian faith and witness are evident.
