

BETHEL PACKING LIST

by Abbey Schmitz, Junior

Thinking about packing for college can seem daunting. But coming from a perfectionist, don't fret it! I've put together a list of what I found important to have. Remember that this list is not perfect for everyone. Chances are, if you don't use something at home, that won't change when you go to college.

Closet with hanging rod and shelf space

Desk with four drawers and a shelf

Dresser with typically 3 drawers and lots of top space

Bunk bed

Desk chair

Recycling bin
